“Assembly Bill 928 (Berman, 2021) amended Education Code by adding Section 66749.8, the Student Transfer Achievement Reform Act of 2021, that directs the California Community Colleges “or or before August 1, 2024, where ADTs for major pathways exist, the California Community Colleges shall place students on the ADT pathway if students declare a goal of transfer on their mandatory education plans.” This new procedure is intended to “maximize the probability that students will transfer into a four-year postsecondary educational institution and earn a degree in their chosen field of study in a timely manner, and to minimize the accrual of excess units” (page 1).

“Colleges are expected to update websites, facilitate professional development activities for relevant faculty and staff, and all process all relevant programming and procedures to be compliant by August 1, 2024. Please share this information with all college departments and pertinent staff that advise and support students on matters of transfer” (page 5).
