AGENDA
SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT
REGULAR MEETING OF THE BOARD OF TRUSTEES
June 17, 2013
District Office Board Room, 3401 CSM Drive, San Mateo, CA 94402

NOTICE ABOUT PUBLIC PARTICIPATION AT BOARD MEETINGS
The Board welcomes public discussion.

● The public’s comments on agenda items will be taken at the time the item is discussed by the Board.
● To comment on items not on the agenda, a member of the public may address the Board under “Statements from the Public on Non-Agenda Items;” at this time, there can be discussion on any matter related to the Colleges or the District, except for personnel items and potential or existing litigation. No more than 20 minutes will be allocated for this section of the agenda. No Board response will be made nor is Board action permitted on matters presented under this agenda topic.
● If a member of the public wishes to present a proposal to be included on a future Board agenda, arrangements should be made through the Chancellor’s Office at least seven days in advance of the meeting. These matters will be heard under the agenda item “Presentations to the Board by Persons or Delegations.” A member of the public may also write to the Board regarding District business; letters can be addressed to 3401 CSM Drive, San Mateo, CA 94402.
● Persons with disabilities who require auxiliary aids or services will be provided such aids with a three day notice. For further information, contact the Executive Assistant to the Board at (650) 358-6753.
● Regular Board meetings are tape recorded; tapes are kept for one month.

Government Code §54957.5 states that public records relating to any item on the open session agenda for a regular board meeting should be made available for public inspection. Those records that are distributed less than 72 hours prior to the meeting are available for public inspection at the same time they are distributed to the members of the Board. The Board has designated the Chancellor’s Office at 3401 CSM Drive for the purpose of making those public records available for later inspection; members of the public should call 650-358-6753 to arrange a time for such inspection.

CLOSED SESSION ACTIONS TAKEN

ADJOURNMENT
Minutes of the Regular Meeting of the Board of Trustees
San Mateo County Community College District
May 15, 2013, San Mateo, CA

The meeting was called to order at 6:31 p.m.

Board Members Present: President Karen Schwarz, Trustees Dave Mandelkern and Patricia Miljanich, Student Trustee Bailey Girard

Others Present: Chancellor Ron Galatolo, Executive Vice Chancellor Jim Keller, Skyline College President Regina Stanback Stroud, College of San Mateo President Michael Claire, Cañada College President Larry Buckley, District Academic Senate President Diana Bennett

Pledge of Allegiance

President Schwarz said that Trustee Holober’s wife, Nadia, passed away last week and funeral services were held yesterday. She said the Board will adjourn this meeting in memory of Nadia Holober.

Trustee Schwarz reminded the Board that California Education Code Section 72000(d)(3) specifically provides that "except as otherwise provided by law, the governing board [of a community college district] shall act by a majority vote of all the membership constituting the governing board." A majority of the current Board membership is three; therefore, at tonight’s meeting, a unanimous vote will be required to pass any action items.

DISCUSSION OF THE ORDER OF THE AGENDA
President Schwarz said that item 13-5-103B, Election of Board of Trustees Vice President-Clerk, is being removed from the agenda. It will be brought to a future meeting at which Trustee Holober is present.

President Schwarz asked that the report by José Luis Sanchez-Sosa, President of the Associated Students of Skyline College (ASSC), be presented first in order to accommodate his schedule for final exams. There were no objections.

Mr. Sanchez-Sosa said there are 36 active clubs with great diversity, including the new Myanmar American Student Association. Spring events included Heart to Heart, 1 Billion Rising, Cesar E. Chavez Volunteer Fair, hAPI Festival, and National Poetry Month. Donations and sponsorships by ASSC included the Cesar E. Chavez Commemorative Luncheon, President’s Breakfast, Student Recognition and Awards Ceremony, and the Skyline College Lecture Series: A Call to Consciousness. ASSC held a Leadership Retreat; student leaders also attended the National Grassroots Legislative Conference in Washington, D.C. and the General Assembly of the Student Senate for California Community Colleges. The speaker at the May 24 commencement ceremony will be Juan Sepúlveda, Senior Advisor for Hispanic Affairs at the Democratic National Committee (DNC).

President Schwarz said Mr. Sanchez-Sosa’s reports are always entertaining and informative and he will be missed after he graduates. Trustee Mandelkern wished Mr. Sanchez-Sosa good luck. He said he hopes Mr. Sanchez-Sosa will have opportunities to demonstrate the leadership skills he has exhibited so well at Skyline College. Trustee Miljanich said she looks forward to hearing about Mr. Sanchez-Sosa’s future activities.

MINUTES
It was moved by Trustee Miljanich and seconded by Student Trustee Girard to approve the minutes of the regular meeting of April 24, 2013. Trustee Mandelkern said the word “not” was omitted when citing a comment by Professor David Laderman regarding plus/minus grading. With this amendment, the motion carried, all members voting “Aye.”

It was moved by Trustee Miljanich and seconded by Student Trustee Girard to approve the minutes of the special meeting of May 3, 2013. President Schwarz announced that the date of this meeting is printed incorrectly on the minutes distributed in the board packet. The minutes of record will show the correct date of May 3. With this amendment, the motion carried, all members voting “Aye.”
STATEMENTS FROM EXECUTIVES AND STUDENT REPRESENTATIVES

Chancellor Galatolo said Robert’s Rules specifies that the vice president of an organization becomes president upon the retirement or resignation of the president; therefore, Trustee Schwarz is now the Board President. As noted above, the election of the Vice President will take place when all current Board members are present. Chancellor Galatolo said he received notice from Caltrain Executive Director Mike Scanlon that Saturday bus service to Cañada College will not be eliminated and will be reevaluated at a future time. President Schwarz suggested that this message be delivered to students. Chancellor Galatolo said he will provide Caltrain contact information to President Buckley.

Skyline College President Stanback Stroud congratulated Mr. Sanchez-Sosa and said his enthusiasm and charisma have engaged students at Skyline College. President Stanback Stroud said Vanessa Chosa is the recipient of the Karl S. Pister Scholarship and will attend the University of California, Santa Cruz. Another student, Mark Lipkin, has been very active in student government and has received a full scholarship to the University of California, Berkeley. President Stanback Stroud said the College is preparing for commencement. She said an increasing number of students are participating in the commencement ceremony.

College of San Mateo President Claire said the brother of the College’s Pister Scholarship recipient is an athlete at College of San Mateo and has received a full scholarship to Louisiana State University. President Claire recognized Kathy Chaika, one of six employees statewide to be honored as Classified Employee of the Year by the Board of Governors for California Community Colleges and the Foundation for California Community Colleges. The College of San Mateo women’s softball team has qualified for the final four and will play for the state championship. College of San Mateo hosted the MAKE Hardware Conference which is associated with the prestigious Maker Faire.

Cañada College President Buckley invited Board members to attend the Athletics Hall of Fame Banquet on June 1 at the Elks Lodge in San Mateo. Among the inductees will be MLB Network commentator Harold Reynolds and student athletes Annika Nousiainen and Pierce Precht. The Dreamers Task Force and Bridging Hispanic Minds to Success Club hosted a two-day “One Community, Many Dreams” conference on April 29. The conference addressed the issue of immigration and immigrant student opportunity. More than 300 students participated in Majors Day, during which faculty and counseling staff met with students to discuss majors and programs. President Buckley invited everyone to attend the Cañada College commencement on May 25 at 10:00 a.m. The speaker will be Judge Cruz Reynoso, who has had a long career in human rights and civil rights. He received the Presidential Medal of Freedom in 2000. He was the first Latino to graduate from the University of California, Berkeley School of Law; the first Latino to serve on a California Appellate Court; and the first Latino to serve on the California Supreme Court.

Executive Vice Chancellor Keller said the Governor’s May Revise was presented this week. It:

- Removed the proposal to cap the number of state subsidized units a student can accumulate at 90.
- Removed the proposal to base community college funding on the census of students at the end of the term.
- Removed the proposal to shift the responsibility for adult education from the K-12 system to community colleges.
- Maintained the proposal to improve online education.
- Included 1.5% COLA. This might affect the District to the extent that it is applied to categorical programs.
- Included 1.63% to restore access (growth). This will affect the District because the Board has directed that the District stay close to what it would have been had it not achieved basic aid status.
- Included buy-down of deferrals, which will make districts less dependent on issuing Tax and Revenue Anticipation Notes (TRANs). The District might still use TRANs because of the timing of the receipt of property taxes.

Executive Vice Chancellor Keller said that, while the statewide bond program is not included in the proposal, the District is interested in this as it still has projects to finish. Should bond funding become available from the state, it will be competitive and most funds will go to projects for classroom use and public safety.

Executive Vice Chancellor Keller said the District has been emphasizing its international education program. He said that housing and transportation are issues of difficulty for many students. As a result of Vice Chancellor Jing Luan’s outreach efforts and building relationships, it is possible that foreign investors will provide money to convert existing hotel spaces to residences for students and provide shuttle services to the campuses. Chancellor Galatolo applauded what Vice Chancellor Luan has done. He said this would be an outstanding solution and a model for other colleges to follow.
District Academic Senate President Bennett said faculty are busy with self studies, hiring committees, other participatory governance committees and several retirements. She said the Academic Senate hosted discussions with faculty last month regarding Massive Open Online Courses (MOOCs), at which issues, concerns and possibilities were addressed. She said an article in *The Advocate* addresses some of these issues. She said there have been open conversations about how to best serve students while providing resources for faculty to be creative and innovative with technology. The discussions will continue in the Fall. President Bennett said the Performance Evaluation Taskforce has visited each of the campuses; Taskforce members have received valuable information from the completed surveys which contain 15 detailed questions. The Taskforce has created draft instrument tools which they will share with faculty on a flex day in the fall. They will also do beta testing with some faculty.

President Schwarz said she would be interested in hearing more about housing for international students. Chancellor Galatolo said it is now in the development stage and Vice Chancellor Luan will present an information report at a later time. Chancellor Galatolo said two sites have been studied. One is near Coyote Point and the other, more desirable, location is the Best Western Hotel near the Marina Market complex at Hillsdale Blvd. and Norfolk Street. Student Trustee Girard asked how the shuttle service to the campuses would work. Chancellor Galatolo said the Best Western currently has five shuttle buses and their objective is to have them circulating continuously.

**CONSIDERATION OF SERVICE AWARD FOR 2012-13 STUDENT TRUSTEE (13-5-102B)**

It was moved by Trustee Miljanich and seconded by Trustee Mandelkern to approve the service award as detailed in the report. The motion carried, all members voting “Aye.” Trustee Miljanich said the award is well-deserved. She said she appreciates Student Trustee Girard bringing issues to the Board on behalf of students. She noted that he was always prepared for Board meetings. Trustee Mandelkern said Student Trustee Girard brought enthusiasm and interest to his position and did a good job representing students. He noted that Student Trustee Girard had perfect attendance at Board meetings. President Schwarz thanked Student Trustee Girard for his contributions and mentioned that he attended many social events at the Colleges and District. President Schwarz presented a plaque to Student Trustee Girard in appreciation for his service.

**APPROVAL OF ADDITIONS AND REVISIONS TO BOARD POLICIES: 1.05, STUDENT TRUSTEE; 1.40 MEETINGS OF THE BOARD; 2.29, SEXUAL ASSAULT EDUCATION, PREVENTION, AND REPORTING; 2.35, USE OF DISTRICT COMMUNICATIONS SYSTEMS; 6.21, GRADING AND ACADEMIC RECORD SYMBOLS; 7.21, SPEECH: TIME, PLACE AND MANNER; AND 8.13, PUBLIC SAFETY ON DISTRICT PROPERTY (13-5-104B)**

It was moved by Trustee Miljanich and seconded by Trustee Mandelkern to approve the additions and revisions as detailed in the report. Trustee Mandelkern asked if it would be possible to defer discussion and approval of Policy 7.21 until Trustee Holober is present and has a chance to contribute to the discussion. All Board members agreed to defer action on this policy. With this change, the motion carried, all members voting “Aye.”

**APPROVAL TO ENTER INTO COOPERATIVE AGREEMENT BETWEEN LOCUSPOINT NETWORKS AND KCSM-TV (13-5-105B)**

It was moved by Trustee Miljanich and seconded by Trustee Mandelkern to approve the agreement.

Tracy Rosenberg, Executive Director of Oakland-based Media Alliance and resident of Albany, said the Board seems to be indicating that they will choose to liquidate the non-commercial broadcast license entrusted to the District in 1964. She said the Board is doing so as if, to some degree, there is not a problem with media consolidation and intense commercialization of media with propaganda. She said the District is also choosing to provide censored information, as the documentation presented to her and to the Palo Alto Daily Post in response to a public records request was sent with large black cross-outs. Ms. Rosenberg said she is asking the Board to make better choices: release uncensored information to the public; have a robust public comment process at a center that is transit accessible on the Peninsula; announce on the television and radio stations owned by the District when and where such a forum will occur; and explain and justify what criteria are being used for turning down multiple bidders who have committed to carry out the non-commercial broadcast license charter. She said the District received a bid for $6.8 million and she has been told that the bidder was not given a chance to match the bid from the Blackstone Group. She said this does not convince her that the Board is making the best possible choices.

Henry Tenenbaum, a resident of San Mateo, asked to see the agreement upon which the Board will be voting. He said it is difficult for the public to comment on something they have not seen and said this shows a lack of transparency. President Schwarz said there have been many presentations on the topic of KCSM-TV over many months. She said negotiations are finally at a point at which information can be shared with the public without harming what staff has been
working on. She said the public is being given the courtesy to make comments at this time. Mr. Tenenbaum asked if there are stipulations in the Blackstone contract to address a delay or cancellation of the spectrum auction. President Schwarz said this and other questions will be answered during the staff presentation. Mr. Tenenbaum said he is worried that the Board has chosen to go for the cash instead of trying to find a middle way. He stated again that he believes the Board has shown a lack of transparency by taking public comments before the public has the information needed to comment intelligently.

Patrick Reilly, legal counsel for Media Stewards Project, said he looks to the Board for assurance that the actions of the Board in this matter are in full compliance with the California Public Records Act.

Ravi Kapur said he is a journalist. He is a lifelong resident of San Mateo County and he and family members have taken classes at the District’s colleges. Mr. Kapur said he owns television station KAXT in San Jose, runs a station in Chicago and has a national television network. He said he has been personally approached by LocusPoint/Blackstone Group. Mr. Kapur said he put in a bid during the first RFP process, suggesting that the KCSM-TV license be retained and that he run the channels out of his station for a nominal fee; he said this would have provided a cost savings of $900,000 per year. He said this was rejected because at that time the Board was looking for a cash payment. Mr. Kapur said the digital spectrum that the District possesses is worth much more than $6 million. He said he is concerned that staff does not understand the full context and he believes the real problem is mismanagement of the station. He said he believes there has been a lack of transparency. He urged the Board to reevaluate divesting itself of an asset that is worth tens of millions of dollars.

Teeka James said she has taught English at College of San Mateo for 16 years and is President of the local faculty union. On behalf of the San Mateo County Community College Federation of Teachers, AFT Local 1493, AFL-CIO, Professor James asked the Board to postpone its decision in order to provide a 30-day public comment period. She said independent public television stations are becoming an endangered species due to steep declines in public funding. Yet, it is only public television stations like KCSM-TV that can successfully represent the interests of the community at large. Professor James said Local 1493 urged the Board to reconsider its decision this evening. She said they are concerned about the consequences of this sale for the future of non-profit, non-commercial television throughout the Bay Area. She said this kind of public good needs to be preserved and defended.

Jan Roecks, Interim Dean of Business, Workforce, and Athletics at Cañada College, presented a staff report. She said KCSM-TV has been on the College of San Mateo campus for almost 50 years. In June 2011, after several years of discussions at public Board meetings, the Board decided that the station could no longer be funded by the general fund. The process to follow the Board’s direction has taken almost two years and extensive work by a team that includes Ms. Roecks, KCSM General Manager Marilyn Lawrence, County Counsel Eugene Whitlock, and FCC attorney Lawrence Miller.

Ms. Roecks said that in July 2011, the team crafted a Request for Proposal (RFP) with the objective of looking for qualified bidders who could meet the FCC’s requirements to hold a non-commercial license. The RFP was released in December 2011 and bids were received in February 2012. In April 2012, the Board was informed that there were two finalists and the team hoped that one would prove successful in completing a transaction. Negotiations with the two finalists took place over the summer. By fall 2012, it was clear that neither could meet the objectives of the bid and the team recommended that the Board reject all bids. The Board followed the recommendation.

Ms. Roecks said that in November 2012, the team informed the Board that they would like to issue a new RFP. The RFP would solicit bidders to hold a non-commercial license as defined in the initial RFP or to partner with the District in the upcoming spectrum auction. She said that between the first and second RFPs, it became obvious that a spectrum auction would be held some time in the near future, although there were no guarantees. The second RFP was released in December 2012 and bids were due in February 2013. The District received four bids:

1. Oriental Culture and Media Center of Southern California. This bidder offered to purchase the station for $1.00. Staff did not believe this was a reasonable price and had concerns that the bidder could not meet localism and ownership requirements.

2. Minority Television Project, Inc. This non-profit corporation proposed to purchase the station with funds from traditional public television sources. This traditional funding has not been successful for KCSM-TV for the last ten years. The corporation offered $400,000 at signing, $1 million after the first year, and the final payment
within two years to total $4 million. Because of the lack of identified funding for the Minority Television Project, the team determined it was not in the best interest of the District to pursue this bid.

3. Public TV Financing. This company submitted a bid in response to the first RFP; the bid was rejected because they could not meet local representation requirements. In its second bid, the company offered to subsidize existing operations for $800,000 per year until KCSM-TV entered into a spectrum sale with them. They also offered to tender an upfront payment of $800,000 to show good faith. However, this money would be paid back to them once a reverse auction bid was allocated; therefore, this essentially would be a loan. The proposal suggested that the District enter into a sharing arrangement with a neighboring broadcast licensee, which would allow KCSM-TV’s spectrum assets to be offered at an FCC spectrum auction. Finding a suitable partner would be the responsibility of the District, which the team knew could be problematic. Any auction proceeds would be split three ways – the District, the unidentified partner, and the payback to Public TV Financing. This offer presented a number of financial uncertainties and the team believed it would not be in the best interest of the District to pursue the offer.

4. LocusPoint Networks. This is a local company with local board members. The proposal offered to provide funding to subsidize operations of the station for up to four years until a spectrum auction occurs. In exchange, the District would provide a percentage of the proceeds of a spectrum auction, should an auction occur. The District would receive $900,000 per year for up to four years to continue to operate the station; this figure is based on the costs of operating the station and would ensure that no general fund monies would be needed. The money would not have to be paid back unless there was willful misconduct or gross negligence. LocusPoint would receive 36.5% of auction proceeds and the District would retain 63.5% of the proceeds. LocusPoint has significant experience and expertise in the management of spectrum assets and would assist the District in maximizing the value of the asset. The team believes the spectrum auction is likely to occur in 2015. However, the agreement addresses differing scenarios such as delays or cancellation of an auction and the District’s recourse if there is a delay in payments from LocusPoint.

Ms. Roecks said the team has spent many hours over several months consulting with attorneys to make sure the District’s interests are protected fully and they believe the proposed agreement with LocusPoint Networks is the best and most valuable option for the District.

Trustee Miljanich said this is a very difficult situation. She said the Board has been discussing KCSM-TV for a number of years. She said the Board has a responsibility to look at what is in the best interest of students as well as the community at large. She said she believes the District has done due diligence and has tried to come up with other solutions that were not successful. Trustee Miljanich said she is prepared to support the recommendation.

Trustee Mandelkern thanked the public for their comments, including Ms. Rosenberg and Mr. Tenenbaum who have addressed the Board at previous meetings. He said the Board has been discussing this issue at public meetings for more than three years. At some of those meetings, there have been no public comments and at some there has been extensive public input. Regarding the issue of transparency, Trustee Mandelkern said the Board has tried to provide as much disclosure as possible. He said that the Board has a fiduciary responsibility, part of which is to make sure the District gets the fair market value for this asset. Given this responsibility and the constraints the Board has been working under, Trustee Mandelkern said every detail of every contract and proposal cannot be made public before negotiations are completed because to do so would harm the District’s negotiating posture. He said the Board welcomes input from the public, but it is the Board’s responsibility as elected representatives of the citizens of San Mateo County to make decisions.

Trustee Mandelkern said this difficult process has been conducted in the context of budget cuts and pressures that affect the District’s primary mission of educating students in San Mateo County. He said the station was developed in the context of the mission to educate students and the Board must consider whether it is the best use of time and resources to continue to support the station as part of that educational mission. He said he shares many of the concerns that have been expressed eloquently regarding the commercialization of public media and the consolidation of media. He noted, however, that the Board does not make the rules but must live within them. Trustee Mandelkern said the District is dealing with a broadcast entity in the midst of a very tumultuous and complicated time for broadcast entities.

Trustee Mandelkern said that, while he appreciates the many comments received from residents of Berkeley, this is not his primary concern. He said the District’s primary mission is to serve the residents of San Mateo County. He said that, while the station may be viewed as a Bay Area asset, it is in fact the District’s asset and the Board must do what is best for its constituents. He said the District’s mission is to educate students, not to fund public media or to try to revamp the
broadcast of spectrum the way the Board may wish it were rather than the way it is. Trustee Mandelkern said that, as expressed at many meetings over many years, the District continues to have approximately $1 million in losses every year at KCSM-TV. He said this Board has been clear that the District cannot afford to continue this financial subsidization. He said the Board has looked at many different options brought by staff and station management for programming and partnerships. He said the Board has heard many requests to do something but few specific suggestions as to what the District might do, and who to do it with, that would present a viable option to ensure the financial and programming viability of the station.

Trustee Mandelkern said he disagrees that there has been a failure of management. He said management has worked creatively and broadly. He said staff have spent months working with bidders who either did not have the financial wherewithal to complete a transaction or could not meet FCC requirements. Trustee Mandelkern said the Board has concluded that District has done everything possible and has not found another, more viable option.

Trustee Mandelkern said the recommendation to enter into an agreement with LocusPoint keeps the station on the air until a spectrum auction might occur; continues the operations with KCSM-TV staff as a public broadcasting entity; and does not preclude the District’s ability to come up with a better plan or strategy if something else occurs, thus protecting the District from financial risk. He said it is important to make sure that the District does not undervalue the asset in any transaction and he believes that keeping a large percentage of the potential proceeds protects the District. Trustee Mandelkern said a critical question is whether one believes the value of the spectrum will be greater or less than $10 million. If it will be greater than $10 million, as many predict it will be, it will be a very favorable deal for the District compared with the alternatives and will protect the financial interests of the residents of San Mateo County who have generously funded the District since it was formed more than 90 years ago. By discontinuing subsidies for KCSM-TV from the general fund, it will also allow the District to focus on its principal mission of educating students. Trustee Mandelkern said he understands that the District has not aired classes on KCSM-TV for five years. There are currently fewer than 20 FTE students take the broadcasting class at a cost of $1 million per year in general fund subsidy, or approximately $75,000 per student per year. Community colleges are funded by the state at a level of less than $5,000 per student per year.

Trustee Mandelkern said the Board has the responsibility to do the best it can for the greatest number of students in San Mateo County. He said he believes the Board must look at the option that provides the greatest return for the District and the best outcome in terms of programming availability. Trustee Mandelkern said the Board could consider simply letting the station go dark and surrendering the license; however, he does not believe this is a viable alternative because it would be a failure of the Board’s responsibility to the residents of the County.

Regarding the Blackstone Group, Trustee Mandelkern said this is a publicly held company which is involved in many businesses, including Hilton Hotels, Michael’s Framing and Art Supplies, Moldavian Airlines and many other businesses. He said Blackstone is a capital provider and its business is to make money. He said broadcasting is a business that requires money and, when one needs money, one goes to the people who have money. He said that in the past, staff has spent months negotiating with bidders who in the end did not have the financial wherewithal. He said Blackstone is willing to finance a transaction that he believes brings great benefits to the District. For this reason, he believes that approving the recommendation is the right thing to do.

President Schwarz said it was very painful for the Board to decide that, because of ongoing deficits, it could no longer afford to financially subsidize KCSM-TV. She said KCSM’s general manager has presented different proposals and has tried everything she could think of, including employee cutbacks. Regarding transparency, President Schwarz said the Board has discussed this issue at many meetings and the public has had a chance to comment over a long period of time. She said the specifics of the contract were not publicized because negotiations were going on until the last minute. She said there now seems to be concern about who the District will agree to do business with. President Schwarz said staff has worked diligently over many months and has given the Board confidence that the recommendation will be best for the District.

Ms. Rosenberg said it is likely that the National Association of Broadcasters will take the FCC to court regarding the parameters of the spectrum auction. She said the District is accepting an offer for $3.6 million but rejected an offer for $5.8 million six months ago. She said the charges regarding lack of transparency and fundamental dishonesty are not out of line. She said she was told that Trustee Mandelkern told a Palo Alto Daily Post reporter 72 hours ago that he had not seen the amounts of the bids; she said it is insane to make a multimillion dollar decision without knowing the details.
Ms. Rosenberg said the characterization of public television financing in the board report is factually wrong. She said the assertion that it is impossible to find a partner is also untrue, as a partner is readily available in PenTV. She said this bidder would continue to operate the station beyond a spectrum auction. She said this is a local and fellow not-for-profit broadcasting partner. Ms. Rosenberg said the asset belongs to the public and there should be a 30 to 60 day public comment period.

Trustee Mandelkern said Ms. Rosenberg’s assertion regarding his statement to the Daily Post reporter is simply untrue. He said the reporter clearly stated in her article, published in Tuesday’s edition, that Trustee Mandelkern said he had received the contracts with the financial information and had reviewed them. Trustee Mandelkern said the fact that the reporter stated this in print indicates that this is what she heard. He said he is offended when members of the public accuse the Board of not doing their job. He said Board members have considered the issue of KCSM-TV very seriously over the past several years and all Board members would like to see KCSM-TV live on forever. However, they are faced with financial reality and are trying to make the best of a bad situation. Trustee Mandelkern said inflammatory comments that attack Board members do not help in the decision making process.

President Schwarz said she always appreciates hearing from the public, whether they agree or disagree with her and other Board members. She said that, as an elected trustee of the District, she is confident that administrative staff have worked with experts and have done due diligence and she is prepared to accept their recommendation.

After this discussion, the motion carried, all members voting “Aye.”

**INFORMATION REPORTS**

**DISTRICT FINANCIAL SUMMARY FOR THE QUARTER ENDING MARCH 31, 2013 (13-5-1C)**
President Schwarz said the attachments were not included in the board report. They have been provided to the Board and are available to others at the meeting. The Board accepted the report. There were no questions or comments.

**COMMUNICATIONS**
President Schwarz said that since the last regular meeting, the Board received 22 emails regarding KCSM-TV; each has been answered by staff on behalf of the Board. The Board also received email correspondence from two individuals regarding public records requests and several invitations to end-of-year events at the Colleges.

**STATEMENTS FROM BOARD MEMBERS**
Trustee Miljanich wished Student Trustee Girard good luck in his future endeavors.

Trustee Mandelkern said his thoughts are with Trustee Holober and his family with the sudden and shocking passing of Nadia Holober. He said the entire Holober family has been committed to public service and the passing of Mrs. Holober is a great loss to Millbrae, San Mateo County and the country.

Student Trustee Girard added his condolences to the Holober family. He said he will be active next year in the Associated Students and will continue to attend meetings. He attended the General Assembly of the Student Senate for California Community Colleges and other events at the campuses.

President Schwarz wished Student Trustee Girard well. She said she is saddened that any member of the public feels that the Board is not transparent. She said she prides herself on being open to the public, listening to their concerns and following through as appropriate. She said the Board is committed to transparency and it is upsetting that people from outside the District area have attacked the Board in this regard.

President Schwarz said words cannot express the deep sadness she feels for Trustee Holober and his sons.

President Schwarz said she attended the retirement reception for Helen Hausman. She also attended a retirement party for Susan Estes, Vice President of Instruction at College of San Mateo, and commented that Vice President Estes was gracious in her acknowledgements. President Schwarz attended an education meeting with Senator Jerry Hill which focused primarily on K-12 issues. She enjoyed a lunch with the U.S. Ambassador to Fiji at Skyline College.
RECESS TO CLOSED SESSION
President Schwarz announced that during Closed Session, the Board will consider the personnel items listed as 1A, 1B and 1C on the printed agenda. The Board will also hold a conference with agency labor negotiator Harry Joel; the employee organizations are AFSCME, AFT and CSEA.
President Schwarz said the next scheduled meeting of the Board will be a Special Meeting on June 5 at 6:00 p.m. in the District Board Room at a time to be determined; interviews of candidates to fill the Board vacancy will be held at this meeting, which is open to the public. The June Study Session will be held on June 12.

The Board recessed to Closed Session at 8:45 p.m. and reconvened to Open Session at 9:50 p.m.

CLOSED SESSION ACTIONS TAKEN
President Schwarz reported that at the Closed Session just concluded, the Board considered the personnel items listed on the printed agenda and voted 3-0 to approve the items listed as 1A, 1B and 1C.

ADJOURNMENT
It was moved by Trustee Miljanich and seconded by Trustee Mandelkern to adjourn the meeting in memory of Nadia Holober. The motion carried, all members voting “Aye.” The meeting was adjourned at 9:55 p.m.

June 3, 2013, San Mateo, CA

The meeting was called to order at 3:10 p.m.

Board Members Present: President Karen Schwarz, Trustees Richard Holober, Dave Mandelkern and Patricia Miljanich, Student Trustee David Zay Latt

Pledge of Allegiance

President Schwarz welcomed Student Trustee Latt who assumed office on June 1; the ceremonial swearing in will take place at the June 17th Board meeting.

President Schwarz welcomed Trustee Holober and informed him that the Board adjourned the May 15th meeting in memory of Nadia Holober.

NEW BUSINESS

BOARD VACANCY: APPLICATION REVIEW (13-6-1B)
Trustee Schwarz said the Board received twelve applications to fill the vacancy on the Board. She called for discussion about whether to screen the applications or interview all applicants.

Trustee Miljanich said that, because of the need for continuity beyond the interim period leading up to the November election and the substantial investment made in the training and orientation process for a new trustee, she would prefer not to grant interviews to the applicants who indicated either that they would not run or they were undecided about running for the full term in November. After discussion, all Board members agreed and directed staff to inform the five candidates who indicated that they would not run or were undecided about running that they will not be interviewed for the position.

The Board discussed whether to further screen applicants and decided to interview all of the seven remaining candidates.

The Board discussed the process for the interviews. They decided to schedule interviews with the seven candidates over a two night period, with four candidate interviews on June 5 and three on June 12; the Board asked staff to set the interview schedule. The interviews will be conducted in open meetings and both meetings will begin at 6:00 p.m. A maximum of one hour will be allowed for each interview. Each candidate will be allowed to make a five minute opening statement. Board members will then ask five random questions from a list formulated by the Board at the May 3rd Special Meeting, followed by questions that individual Board members may wish to ask. The candidate will then be allowed to make a three minute closing statement.

The Board reviewed and made some changes to the list of random questions that will be asked of candidates.

The Board discussed the timing of selecting a candidate to fill the position. A majority vote for one candidate is required (three votes). The Board agreed that they might be able to make a decision at the end of the second night of interviews or they might need time to reflect and wait until the meeting of June 17 to try to reach a decision. President Schwarz said the candidate who is selected would take the seat immediately.

Trustee Holober suggested, and the Board agreed, to conduct background checks on the seven candidates to verify education and employment histories. Staff will ask the candidates to complete a form agreeing to the background checks and will ensure that the background checks are conducted. Trustee Mandelkern suggested, and the Board agreed, to verify that the candidates are registered voters at the addresses listed on their applications; staff will check voter registration files, which are public information, to make the verification.
The Board discussed whether candidates can be asked to absent themselves from the room while other candidates are being interviewed, even though the meetings are open to the public. President Schwarz, along with staff, will check with County Counsel to determine whether the Board can suggest to candidates that, out of respect to other candidates, they not be present for the other interviews.

Audience member Bill Nack asked for the names of the seven candidates who will be interviewed. President Schwarz said they are: Ravi Kapur, Tom Mohr, Genevieve Jopanda, Barbara Noriko (Nori) Jabba, Bill Lock, Stan Watkins and Alvin Zachariah.

**ADJOINTMENT**
It was moved by Trustee Miljanich and seconded by Trustee Holober to adjourn the meeting. The motion carried, all members voting “Aye.” The meeting was adjourned at 4:10 p.m.

Minutes of the Special Meeting of the Board of Trustees
San Mateo County Community College District
June 5, 2013, San Mateo, CA

The meeting was called to order at 6:05 p.m.

Board Members Present: President Karen Schwarz, Trustees Richard Holober, Dave Mandelkern and Patricia Miljanich, Student Trustee David Zay Latt

Pledge of Allegiance

President Schwarz announced that four candidates who applied to fill the vacancy on the Board of Trustees will be interviewed at this meeting. She said that each candidate will be allowed to make an opening statement of five minutes or less, followed by questions from Board members and a closing statement of three minutes or less.

The candidates interviewed were:

1. Barbara Noriko (Nori) Jabba
2. Thomas C. Mohr
3. Genevieve V. Jopanda
4. Alvin Zachariah

Following Ms. Jopanda’s interview, Josh Becker addressed the Board. Mr. Becker submitted an application and answered “no” to the question, “Please indicate if you are planning to run for the community college Board in November 2013.” At the Board’s special meeting on June 3, the Board unanimously decided that, because of the need for continuity beyond the interim period leading up to the November election and the substantial investment made in the training and orientation process for a new trustee, they would not grant interviews to the applicants who indicated either that they would not run or they were undecided about running for the full term in November.

Mr. Becker said that, because of the way the question was worded, he interpreted a “yes” answer to mean that the candidate would definitely run for the office in November whether appointed or not appointed to fill the vacancy until that time. He said he hoped to clarify during an interview that he had planned to run for the office in November if he was appointed, but would not challenge another appointee. He said he was excited about the opportunity to serve on the Board and requested that the Board grant him an interview.

President Schwarz said the Board would discuss this matter after the final interview and Mr. Becker was welcome to be present for that discussion.

After Mr. Zachariah’s interview, the Board discussed Mr. Becker’s request. The Board unanimously decided not to reverse its decision to not interview candidates who indicated they would not run for the office in November. During discussion, Board members said that none of the other candidates interpreted the question the same way as Mr. Becker did. In fact, three of the candidates who indicated they would not run or were undecided added some explanatory remarks about their answer. Board members also agreed that, if the Board reversed the decision regarding Mr. Becker’s application they believed that, in fairness to all, they would have to give others who indicated they would not run for office the opportunity for an interview.

President’s Report to the Board of Trustees

Dr. Regina Stanback Stroud
Vanessa Chosa, Skyline College EOPS/CARE/CalWORKS student is the first Skyline College single parent student to win the prestigious UC Santa Cruz Pister Scholarship.

The Karl S. Pister Leadership Opportunity Award was established in 1993 by Chancellor Pister to increase opportunities for outstanding, talented California community college students who have overcome adverse circumstances and have a demonstrated commitment to assisting and improving the lives of others. The Leadership Program offers a $20,000 scholarship, plus summer work opportunities. Vanessa Chosa, a first generation college student, joins a prestigious circle of EOPS students who are former Pister Scholars.

Ms. Chosa will study Latin American Studies. Before coming to Skyline College, Vanessa attended Peninsula High School. During her first semester at Skyline College, Vanessa was awarded the Friends of Skyline College scholarship. “I realized how much I enjoyed learning and that my past experiences do not predict my future.” “At Skyline, I have received the most support from teachers and counselors in my life.” Vanessa is an exceptionally dedicated student. She has also been working on campus as a CalWORKs work-study student assistant.

Vanessa Chosa’s EOPS family is delighted and honored to laud her accomplishments. We are certain that Vanessa will continue to use her life experiences and future achievements to significantly enrich the campus community and the world around her.

The 8th Annual Pilipino Cultural Night at Skyline College: Layunin

This year’s production, on May 2nd and 4th, 2013, drew on pre-colonial Filipino history, bringing us back to the Philippine island of Palawan during ancient times as a possessed datu (or chieftan) attempted to rule the entire island while his banished son and daughter fought to keep the peace amongst the tribes. The story was written by the English 104 AK class under the supervision of head writer Danika Gutierrez, who was also in charge of last year’s production, Kapre & Me. The students were able to successfully sell tickets for two shows, a preview night and gala night, attended not only by friends and family members, but also past PCN alumni who wanted to support the next generation of PCN students. On gala night, after the show, the Kababayan Community also celebrated graduates and transfer students, awarding stoles and program patches not only to the students, but to our departing Fulbright Foreign Language Teaching Assistant for 2012-2013, Joyce Benedicto.

A limited number of the Layunin hooded sweatshirts ($25) are still available, and the DVDs of the Gala Night show ($15) will be on sale in a few weeks. Please contact Liza Erpelo at erpelo1@smccd.edu or x 4119 if you are interested in purchasing either of these items. All proceeds from the show go toward future productions and activities for the Kababayan Program and its very active and dynamic student-initiated and student-run programs: Filipino Student Union, Kapatiran Mentorship Program, and Kababayan Dance Troupe.
This show would not be possible without the help and support of several important people: Kababayan advisors Liza Erpelo, Melanie Espinueva, and Nate Nevado; guest choreographer and PCN alumnus Jonathan Tioseco; Theater Events Manager Alan Ceccarelli and the members of his Drama 680SA: Technical Production/Stagecraft class; Katie Beverly in Graphic Arts/Production; and our deans and their assistants: Mary Gutierrez and Kennya Ruiz, Donna Bestock and Kathy Fitzpatrick, and Joe Morello and Sandra Hatzistratis.

Skyline College Sophomore, Anna Nguyen, Finishes Second in Badminton State Championships

Skyline College sophomore, Anna Nguyen, finished second in the California Community College Athletic Association (CCCAA) Badminton Championship contested at Pasadena City College on May 10-11. Nguyen was seeded third in Northern California and overcame several highly ranked players in reaching the final. Nguyen defeated Kim Jonatan of Fullerton College in straight sets by scores of 21-12 and 21-12. Anna then upset the number one seeded Southern California player, Darby Duprat of San Diego City College, in dominating fashion winning in two quick games by scores of 21-10 and 21-11.

Her two victories advanced Nguyen to the semi-finals against defending state champion Angie Ortiz of Pasadena City College. It was Ortiz a year earlier that knocked Nguyen out of the championships. The rematch had a different outcome. Ortiz won the first game as Nguyen faulted on several serves by a margin of 21-18. In the second game Ortiz built an early lead and was ahead 18-12 when Nguyen began playing her best badminton of the weekend. Using a deft touch and aggressive approach, Anna ran off nine consecutive points winning the second game by a margin of 21-18. With the momentum clearly on her side, Nguyen dispatched Ortiz in the third game 21-17 to advance to the finals.

In the final awaiting Anna was the top ranked and undefeated player of the year Sheung Wi “Pinky” Li. Li, a freshman at DeAnza College, was riding the wave of an undefeated season having a perfect 26-0 singles record and having not dropped a set all year. In the final, the feisty Nguyen of Skyline College gave Li all she could handle. In the opening set Li fell behind 9-8, went ahead 13-9, but Nguyen cut the margin to 16-15. Li’s talent really showed toward the end of the set as she used a pair of overhead smashes and a crosscourt cutter to win the set at 21-17. Nguyen in the second set was only down 7-6 when Li went on an 8-1 run effectively ending the match and cruising to a 21-11 victory.

“Anna played with a lot more confidence than when I faced her before,” Li said. “She had just beaten Angie. She doesn’t give up.” Anna’s second place finish was the highest by a Skyline College player since 2008 when Maggie Ho won the state championship.

Students Win with Youth Entrepreneurship Program Business Plan Competition!

On May 15, 2013, the Youth Entrepreneurship Program at Skyline College (YEP) hosted the Spring 2013 Business Plan Competition Finals Round & Awards Ceremony. This will mark YEP’s third competition since May of 2012 and its first to launch district-wide. This competition was made possible in part, due to collaborative efforts between Cañada College and College of San Mateo. For the first time, students enrolled in any one of the district’s colleges were able participate in the same competition.

Cash prizes, totaling $3,500 were awarded to three winning business plans.

And the winners are…

- **1st place award of $2,000** went to Student Speak Station, a unique business that focuses on media-based learning tools. **Campus: CSM**
- **2nd place award of $1,000** went to Hotdog Creators, a gourmet restaurant featuring exquisite hotdog creations from around the world. **Campus: Skyline College**
- **3rd place award of $500** went to Guzzlers Custom Auto Body, an auto body repair shop designed especially for the high-end, car enthusiast. **Campus: Skyline College**

Congratulations to the three winners!!

We would like to thank all faculty, students and staff for their support of YEP and the competition!

All students who took part in the YEP competition were also eligible to compete in the BEC Boost State-wide Business Plan Competition for a chance to win a grand prize of $5,000.

State-wide Update: Out of over 600 entries, two YEP participants Jerry Reynolds and Kevin Garrett, advanced onto the semi-final round of the BEC Boost State-wide competition. Congrats to the students!

For more information on the Business Plan Competition or on how to be involved in YEP, please contact Pcyeta Jackson: jacksonp@smccd.edu.

SIXTH ANNUAL HONORS RESEARCH SYMPOSIUM
MAY 4, 2013 – SKYLINE COLLEGE ROCKS STANFORD!

For the sixth year in a row, the Skyline College Honors Transfer Program members at the Symposium did an outstanding job of presenting their original research projects to over 300 honors students and faculty from community colleges throughout the state.

The following students were presenters this year: Deanna Badong (English/ENVS), Jordan Chan (Physics), Gabriel Denham (Computer Science/Physics), Phylo Htut (Physics), Sarah Kay (English/Political Science), Maryam Khan (Physics), Noemi Lassat (Biology), Rashin Parsa (Anthro), Jenny Phamhi (Biology/Adaptive PE), Aruna Singh (Biology) Tulsi Solani (Biology), Aaron Tun (Physics) & Zhiteng Yan (Physics). The competition to be selected was stiff: 44% of the proposals submitted were selected this year.

A number of faculty mentors and discipline professors provided inspiration and support: Shari Bookstaff, Chip Chandler, Jeff Diamond, Katharine Harer, Nick Kapp, Iikka Koskelo, Melissa Michelsitsch & Lori Slickton. Add to the list Skyline College faculty members who volunteered to serve as moderators of student sessions: Jim Bowsher, Luciana Castro, Stephen Fredricks, Gregg Grist & Katharine Harer. Katharine has also served as the Chair of the Proposal Committee and a member of the Symposium Planning Committee since the inception of the event. Honors Transfer Program Counselor, Joyce Lee, is also an original Planning Committee member. Joyce is in charge of Registration, a herculean task which she performs gracefully and efficiently.

The Honors Research Symposium is a stimulating day of celebrating student scholarship. Next year it will be held at UC Berkeley, and Skyline College students are already working on projects to present.

NEW ENERGY SYSTEMS TECHNOLOGY MANAGEMENT (ESTM) DEPARTMENT PILOTS SOLAR AND ENERGY EFFICIENCY COURSES WITH PG&E

The new Energy Systems Technology Management (ESTM) department at Skyline College piloted two solar courses and a commercial energy efficiency course with PG&E’s Pacific Energy Center (PEC) in April. The PEC is a customer-funded education and training program that offers dozens of courses annually to the public on topics related to renewable energy and energy efficiency.

The facility, located in the South of Market area of San Francisco, serves a similar audience to the college: new entrants to the field and experienced professionals looking for the next step in their career.

PEC courses are mostly one-day workshops on special energy topics, taught by experts in the field, designed with input from industry advisement. The courses usually do not require prior training, and historically do not offer credentials or formal pathways to employment.

That’s where Skyline College ESTM faculty and PEC leaders and instructors see an opportunity for partnership. The pilot courses, a solar credentialing course, a solar thermal course, and a 3-day commercial building energy auditing course, created models for PEC students to earn college credit toward degrees and certificates in the ESTM programs at the college. The college also enables the PEC to offer a solar industry credential from the North American Board of Certified Energy Practitioners (NABCEP).

ESTM department faculty Bruce Greenstein, Doug Faust, Peter Waring, and Aaron Wilcher worked with Pete Shoemaker, the PEC Renewables Coordinator, and Ryan Stroupe, the PEC Energy Efficiency Coordinator on a partnership they feel makes practical sense, using existing resources. The special topics solar courses at the PEC met a need in ESTM curriculum, and Shoemaker and Stroupe were able to fill the need with curriculum they have in hand.

In one model for the partnership, current college students signed up for the PEC courses through the regular Skyline College schedule of classes. In another model, students who showed up through PG&E’s registration can fill out a petition for “Credit by Exam” at no cost through a program called CTE Transitions. The programs allowed the college to serve existing and new students.

The course with Ryan Stroupe, a 3-day course called, Energy Auditing Techniques for Small and Medium Sized Commercial Facilities, also enabled the college to train several college interns who gained work experience on energy efficiency projects in the county during Spring semester.

The ESTM programs are offering an extensive summer solar course, ENVS 411, Solar Design, Estimation, and Sales and a high school program, ESTM 680SA, Summer Energy Camp. Starting in Fall, 2013, solar and energy efficiency courses and labs the college move from the Environmental Science and Technology (ENVS) program to the ESTM department. For more information about the classes and programs, please visit the department’s website: www.SkylineCollege.edu/estm

In 2008, the Kababayan Program and Filipino Student Union at Skyline College published their first book, *Aming Kuwento: Our Stories*, a collection of artwork, photography, poetry, short stories, and essays about the Filipino and Filipino American experience. Students, faculty, staff, and community members all contributed to the project, which was funded by a Trustees’ Fund for Program Improvement awarded in Fall 2004. The book was inspired by the words of Evangeline “Vangie” Buell, co-founder of the East Bay chapter of the Filipino American National Historical Society:

“If we do not tell our own history, then others will tell it for us—as they interpret it—and we will risk losing the essence and truth about the Filipino American experience. That history could fade from memory, and one day, our children's children could be asking, ‘Who were our ancestors? What were they like? What did they do?’ and there could be no one to answer and nowhere to look.”

Five years later, thanks to a second Trustees’ Grant, the Kababayan Program has produced a second volume, *Aming Kuwento II: The Next Chapter*. This time, the book was created by the students in Liza Erpelo’s class, Literature 267 AK: Filipino American Literature. The students in the class created the call for submissions, served as the editorial board for the project, and came up with the concepts for the cover art. The books were published by 360 Digital Books.

*Aming Kuwento II: The Next Chapter* was officially released on Monday, May 20, 2013 at a book launching party at Skyline College in the Hosting Gallery of the Multicultural
Center in Building 4. The contributors were invited to share their selections from the book and refreshments were served. Books are available for sale in the Kababayan Community office (4-246) at $15 each. All proceeds from the book will go to the “Friends of Kababayan” fund, a community-supported fund to provide resources such as educational materials, supplies, equipment, and scholarships for the Kababayan Program students, faculty and staff.

CONGRATULATIONS TO THE GRADUATES!

The 43rd Annual Commencement Ceremony took place on the evening of Friday, May 24th at 5:00 p.m. at the Skyline College Gymnasium. This year more than 250 students participated in the ceremonies. Seating accommodated the family members of the record number of participants on a first-come, first-serve basis. Overflow seating (and refreshments) were provided in Building 4. The public could also watch the live video stream of the ceremony by going to www.SkylineCollege.edu.

The student speaker was Andrea Gabriel, daughter of Poe and Sila’ila’I Gabriel, a native of San Diego, California. In 2009 Andrea found herself in the Bay Area and began her Skyline College career in the fall of 2011. While at Skyline College she has been a two-time recipient of the Grove Scholarship Award, a member of the Phi Theta Kappa International Honors Society, and a Dean’s List student.

Andrea’s future plans include continuing her studies and pursuing a double major in Early Childhood Education and Psychology in order to become a Marriage and Family Therapist. Andrea has been blessed with support from her family and programs at Skyline College such as TRiO, EOPS and the SparkPoint Center. This love and support has given her a renewed aspiration for learning and a genuine willingness to give back to her community.

The keynote speaker was Juan Sepúlveda, the Senior Advisor for Hispanic Affairs at the Democratic National Committee (DNC), having been named to this new position in November 2011. He led the DNC portion of the Latino Obama 2012 team that helped re-elect President Obama with a record-level of Hispanic support (75%).

Prior to joining the DNC, Juan led the White House Initiative on Educational Excellence for Hispanics for the Obama Administration for two-and-a-half years, having been appointed on May 19, 2009 to the position of Executive Director. In this position, he built a national Latino education network of Latino leaders and key community stakeholders by convening half-day Community Conversations in more than 100 communities in 35 states, Puerto Rico and Washington, D.C., with more than 10,000 people participating. Juan designed and facilitated the first-ever White House Hispanic Policy Conference. Co-sponsored with the White House Office of Public Engagement, 160 Hispanic leaders from 25 states, D.C. and Puerto Rico joined over 100 Administration officials over two days to discuss the President’s agenda and its impact on the Hispanic community and more importantly, to strategize on how to best move forward together to improve outcomes and access for the Hispanic community.

Before joining the Obama Administration, Juan had been a senior executive, strategist, and advocate in the nonprofit and philanthropic communities, with a focus in community development, capacity building, and transformational management for more than 20 years. He was president of The Common Enterprise (TCE), which he founded in 1995 as an outgrowth of a national Rockefeller Foundation initiative to help build stronger communities across America by making nonprofits, philanthropic organizations, governments, businesses, and communities more effective as they tackled significant critical social issues in more than 35 states and nationally.

Mr. Sepulveda received a bachelor’s degree in government from Harvard University. The third Latino ever to be awarded a Rhodes Scholarship, he graduated with a combined degree in politics, philosophy, and economics from the Queens College of Oxford University. He received a J.D. from Stanford Law School and has been admitted to the Texas Bar.
Spring Formal Dance Showcase

The Skyline College Dance Program performed their first formal show this spring semester on May 10, 2013 in the theater! There were two show times: a matinee at 2 p.m. and an evening show at 7 p.m. Even though the backstage and tech crew member numbers were low, with Alan Ceccarelli (Theater Events Manager) managing light and tech, Jude Navari (Music/Voice professor) running back stage, Amber Steele (Dance Instructor) managing music, Brandi Rhodes (student/stage manager), and Zack Bruno (concert band conductor/Music Instructor) kindly manning the lobby for us, the amazing show ran smoothly in under two hours.

Through the Dance Exchange Project, which began this year, we were able to recruit dancers from other colleges and high schools in the area to be a part of the show. The Dance Exchange Project is an outreach program led by the Dance Production Class (DANC 400) and the Skyline College Dance Honor Society (a Chapter of the National Honor Society for Dance Arts). Students and Professor Steele visit nearby high schools and lead a dance and choreography workshop for the high school dance students. The workshops conclude with an open forum about attending Skyline College and joining the dance program on campus. Each high school that we visit then sends dancers to perform a number in our formal dance showcase at the end of the semester.

A grand total of 28 pieces were performed in the show, including: over 20 dancers from Jefferson High School, nearly 20 dancers from College of San Mateo, including Performance Dance Ensemble and the Professor Joan Walton’s Social Dance classes, five tap dancers from Mercy High School in Burlingame, dancers/cheerleaders from Terra Nova High School, plus thirty of the Skyline College dancers from the Dance Production Class (DANC 400), Modern Dance class (DANC 110) and the Skyline College Chapter of the National Honor Society for Dance Arts, plus another dozen or more from The Skyline College Kababayan Dance Troupe. The high school performers had a great time and are excited to perform again next year. Mercy Burlingame’s dance director, Gary Ferguson, wrote to Professor Steele, “I can't thank you enough for inviting us to perform with you. My girls had a blast…”

Following the show Professor Steele received:
• an invitation from Nate Nevado, asking our dancers to perform at Rock the School Bells next year
• great thanks and promises to participate next year from CSM, Mercy Burlingame & Jefferson High Schools
• an amazing email from the dance director, Gary Ferguson, at Mercy High School, who suggested that Skyline College hold an annual competition for his dancers to earn a place in our formal showcase. He also offered to collaborate on promotions and costuming in the future.

We look forward to next year's show!
Marketing Communications & Public Relations Wins Awards for 2011-2012 Annual Report

The first ever Skyline College Annual Report was entered into the San Francisco Gallery Impression Awards and won the Silver Award for Superb Craftsmanship. The Report was also entered in the state-wide competition and won a Silver Award there as well. The piece served as a branded means of communication for the community, supporters, funders and the Board of Trustees.

The newly assembled Marketing, Communications & Public Relations team produced the Report in August 2012. The team included Keisha Ford - Support/Photo Research, Helen Hueg - Design/Layout/Graphics, Cherie Napier - Project Manager/Editing and Dr. Gina Rosabal - Writing/Editing/Research.

Administrative Leadership Team Trained for Emergency Response

On May 16, 2013 the Skyline College Administrative Leadership Team engaged in a full day Table-Top workshop on the effective activation of the Emergency Operations Plan. Participants were assigned specific roles and received emergency briefings from the facilitators. The exercise was facilitated by Maloney and Associates.

The mock scenario involved a report that six inmates from San Bruno Jail escaped and were last seen on the campus of Skyline College. Workshop participants activated a Level III Emergency Operations Command Center and effectively responded to the situation as it escalated and subsided to result in the full apprehension of all inmates.

The participants debriefed after the exercise, identifying the most effective responses and areas that can be strengthened in order to ensure an effective activation in the future. President Stanback Stroud indicated that the team will re-visit the Skyline College Emergency Operations Plan in order to incorporate lessons learned.

Under the leadership of Vice Chancellor José Nuñez, the district support was immeasurable. The event certainly made the team much more equipped to handle emergencies and provide safe effective leadership and guidance for the college in the event of an emergency or disaster. The training team was superb as was the organization of the exercise itself. The team certainly learned a lot and it also became much more aware of areas that need to be strengthened.

Thanks go out to all on the team a job well done and for their dedication in serving this great college. The team will be re-visiting our plan, updating it, addressing the areas that we learned are in need of our attention and practicing even more to be the Alpha Team when it comes to guarding the safety of our college and community.

**Accreditation Update**

The accreditation self-evaluation is in the final stages. The document is being edited for grammatical errors, adherence to style guides, and that the document should speak with one voice. The team is also finalizing the front pages of the document, reviewing evidence cited, checking links for accuracy, and working on defining acronyms used in the document.

The Co-Chairs received approval for Accreditation Self-Evaluation Draft 3 from the Classified Council, Academic Senate, Associated Students (ASSC) and Management Council.

---

The feedback from all constituency groups is that the document accurately reflects our college and we are extremely proud of the results. We thank the college community for their support and feedback and to everyone involved in the writing of the self-evaluation.

The Return of Jazz on the Hill Attracts Thousands

Thousands of jazz lovers from all over the Bay Area turned out on June 1 to celebrate the return of CSM’s signature event, Jazz on the Hill. The festival showcased a diverse lineup of genres to appeal to any jazz fan from straight-ahead to salsa/mambo, from blues to hip hop and from gypsy to big band jazz. Headliners on the main stage featured Charlie Musselwhite; Taylor Eigsti, Julian Lage and Dayna Stephens; Pacific Mambo Orchestra; Hot Club of San Francisco; Adam Theis and Jazz Mafia; Terrence Brewer and Citizen Rhythm as well as CSM’s Family Band and Northgate High School Jazz Band. A second stage, in College Center, was the setting for performances by CSM’s Jazz Ensemble, Big Band and Oscar Pangilinan and the Bad Five. Local food vendors including popular food trucks and community organizations provided a variety of great food and beverages.

In conjunction with Jazz on the Hill, the college also hosted an open house to celebrate CSM’s 50th anniversary of the College Heights campus. More than
40 college programs, services and organizations were on display. The SMCCCD Retirees sponsored a historical exhibit of college photos and the SMCCC Foundation hosted an alumni table. CSM’s mascot, the Bulldog, roamed the campus posing for photos with visitors. In addition, President Mike Claire and Vice President Jennifer Hughes led guided tours of the campus. More than 100 college volunteers participated in making Jazz on the Hill and the open house a major success. “After nine years, it’s wonderful to welcome the community to the campus to celebrate our 50th year on the hill along with Jazz on the Hill,” commented Mike Claire. Marilyn Lawrence and Bev Madden were the primary “architects” of the dual event.
Commencement 2013

CSM’s 91st Commencement was a memorable event for graduates, the college community, families and friends. CSM conferred a record number of associate degrees (614) and career and technical certificates (743) which combined for a total of 1,357 awards, representing an increase of 51 percent over last year. Also, 175 graduates (many of whom received multiple degrees) participated in the ceremony, the largest number in many years. San Mateo Mayor David Lim delivered an inspiring keynote speech to a standing room only audience. A celebratory reception in College Center, catered by Pacific Dining, followed the ceremony.
To honor transfer students, CSM established a new tradition, “Stepping Up: A Tribute to Transfer,” an event which was a tremendous success. Held the day before commencement, this celebratory event brought together transfer students, faculty, alumni, university representatives and family members. The festivities included remarks by transfer students, faculty and transfer alumni; an “open mic” opportunity for students to reflect and share their memorable experiences at CSM; jazz selections performed by CSM student musicians; a special performance by faculty members Rudy Ramirez and David Laderman of the popular Chilean folk song, “Gracias a la Vida,” and a buffet of hot and cold refreshments.

Leadership for the event was provided by Professor and Academic Senate Vice President David Laderman (pictured at left) and several faculty members of the Academic Senate Governing Council. Others that collaborated on the event included Beverley Madden, Valerie Anderson, Mike Mitchell and student Grace Noland. Laderman provides the following observation, “Considering this was our first time out, the event seemed to be a smashing success. The turnout was strong, and the enthusiasm across our campus community was most impressive and inspiring. We all came together to create a warm salute of respect to our transferring students. The goal of the event was to honor and proclaim transferring as a special achievement, not business as usual. Everyone seemed truly moved. The feeling from all quarters is, a new tradition has been born.”
Middle College capped another successful school year on May 28 when 26 students participated in the 15th Commencement Exercises in the CSM Theater. **Kristan Houlet, Demetra Risner, Kylie Knight-Magpusao, and Natalie Steffen** delivered graduation speeches to the audience of 250 family and friends.

Teachers **Greg Lance** and **Michael Clardy** praised the students for their hard work throughout their years in the Middle College program. The teachers acknowledged five students with scholarships: **Ani Chechopoulos** for Excellence in Overall Academic Achievement; **Demetra Risner** as the “Spirit of Middle College;” **Shayna Lee** was the “Outstanding Student in Social Studies;” **Jordan Cisneros**, recognized for the “Growth and Perseverance Award;” and, **Olga Terets** for the Lorraine McLean Memorial Award for Achievement in English. Graduate **Chloe Studebaker** sang and played a personally-written song on the guitar. SMUHSD Superintendent **Scott Laurence**, CSM President **Michael Claire** and SMUHSD Trustee **Robert Griffin** addressed the graduates.

Many students will continue at College of San Mateo, Cañada College and other community colleges. Others will attend Azusa Pacific, Penn State, San Francisco State University, Clark University in Massachusetts, Hamilton College in New York, UC Santa Cruz, Notre Dame de Namur University and Cal Poly San Luis Obispo.

Middle College Students Learn from Pros to Develop Urban Plans

Seniors in CSM’s Middle College program participated in an “Urban Plan” presentation on May 8, which culminated a three-week program. The students in Mike Clardy’s economics class were coached and evaluated by four professionals: Steve Delva, Standard Pacific Homes; Michael Johnston, Menlo Equities; Mark Sawicki, City of San Carlos: Economic Development and Housing Manager; Brian Heafy, PCCP, LLC. The winning team of students included Demetra Risner, Hannah Morris, Kylie Knight-Magpusao, Kelly Willard, and Ani Chechopoulos.

“Urban Plan” is a realistic, engaging, and academically demanding, classroom-based curriculum in which students learn about the fundamental forces that affect development in the United States. Students experienced the challenging issues, private and public sector roles, complex trade-offs, and fundamental economics in play when proposing realistic land use solutions to vexing growth challenges.

Student development teams responded to a “request for proposals” for the redevelopment of a blighted site in a hypothetical community. Each team member assumed one of five roles: finance director, marketing director, city liaison, neighborhood liaison, or site planner. The teams addressed challenging financial, market, social, political, and design issues; developed a pro forma and three-dimensional model of their plan; and presented their proposal to a “city council” of Urban Land Institute members that awards the development contract to the winning team. Alcohol and Other Drug Studies Certificate Completion Celebration

Congratulations to the faculty and students of the Alcohol and Other Drug Studies (AOD) program on a wonderful completion celebration! CSM’s AOD faculty gathered in the Bayview Dining Room to dine and celebrate with students who had completed the AOD and/or the Co-Occurring Disorders certificate. Also in attendance were the friends and family of the students as well as many community clinic staff and San Mateo County officials. The ceremony, organized by Professor Angela Stocker, included a keynote address from faculty member, Peggy Chavez.

Our graduates earning certificates work in in-patient and out-patient treatment clinics, transitional housing centers, mental health clinics, homeless shelters, detoxification units, crisis intervention centers, incarceration facilities, and prevention programs throughout San Mateo County and the State of California. Legendary track and field coach Carl “Berny” Wagner recently passed away at the age of 88. Wagner had been CSM’s track and field and cross country coach in the 1960s, during which time, his teams dominated the competition. Under Coach Wagner, the Bulldog track team won 29 out of 31 meets, the Golden Gate Conference championship in 1964 and 1965 as well as the West Coast Relays Championship in 1964. His cross country team posted similar success with 25 wins against only one loss and Conference championships in 1963 and 1964. He left CSM to become head track and field coach at Oregon State University (OSU) where his tenure was equally spectacular. He developed 25 All-Americans in 12 different events and his teams included 10 national collegiate champions including four in the high jump. He coached Dick Fosbury, 1968 Olympic high jump gold medalist. Wagner was named one of the top ten coaches in the state of Oregon in the 20th century.

In 2012, Wagner was inducted in CSM’s Athletic Hall of Fame; he was also a member of the OSU Sports Hall of Fame, San Mateo County Sports Hall of Fame, Lodi Sports Hall of Fame and U.S. Track Association’s National Track Coaches Hall of Fame.

CSM Presents at the San Mateo County Fair
On Wednesday, June 12 and Saturday, June 15, CSM will once again participate in the San Mateo County Fair. The college will present a variety of music, dance and demonstrations on the “Brews & Blues” stage. Performance times are 12–5 pm on Wednesday and 2–7 pm on Saturday. Plan to stop by our informational table and take a photo with the Bulldog!

Kudos

– CSM alum Emmeline Wong, currently attending UC Berkeley’s Haas School of Business, has been recruited to join Wallit, a start-up company that allows users to create virtual walls that work like bulletin boards. Wallit’s CEO hired Emmeline as director of marketing after she explained her experience at CSM in developing the Commit to Completion board for a PTK event in 2012. According to Emmeline, “The Wallit iPhone app was able to collect $1.2 of seed funding from investors in two weeks, and yesterday we launched our second version. I was so happy that I could bring the Commit to Completion” event to the next level.” She adds, “I just really want to thank you for the support and resources CSM provided to me because all the experiences at CSM are keys for my achievements.”

– CSM film student Rachel Maslow (pictured at left) has been hired as a paid summer intern for the KQED blog, the Lowdown. The Lowdown is a subsection of KQED’s News topic and posts articles based on current events happening in real time, with mostly national covered topics as well as local topics. She is writing one of the blog posts with an 8-10 minute video. She says, “It’s going to be a great learning experience and I will get to see first-hand if I like film production enough to make it my major and possibly my future career!” Rachel secured the internship with help from Professor of Film David Laderman.
– CSM student **Evan McDaniel** captured the championship title in the shot put at the California Community College State Finals, held at CSM in May. McDaniel, who is also the national JC/CC leader this year (58-4), threw a winning distance of 56 ¾. He also placed third in the discus throw (158-11). CSM javelin thrower **Anthony Capitulo** took fourth place in the men’s javelin (188) while teammate **Scott Chisea** finished seventh (182-11).

– Bulldog shortstop, **Brandon DeFazio** was recently named Northern California Most Valuable Player. DeFazio, a two-time California Community College All-American hit .371 this past season for the Bulldogs. He compiled 140 at bats, 52 hits, scored 36 runs, hit an amazing 20 doubles, 1 triple and 5 home runs, drove in 38 RBIs, and struck out only 10 times. He was also 14 for 14 in steals. DeFazio has accepted a scholarship to play at University of San Diego next year.

– Former bulldog outfielder **Justin Maffei**, now playing for USF baseball, helped the Dons to a berth in the NCAA Tournament; USF was the only Bay Area team to be included this year. Maffei had an outstanding season; he batted .293 with 41 runs scored and 15 stolen bases as the team’s centerfielder and leadoff hitter.

**Student Success Story: Kendrick Bernas**
San Francisco State University, Major: Biology

I took my first class at CSM via the concurrent enrollment program back as a high school student and I was instantly hooked! The collaborative and dynamic learning environment along with CSM’s supportive and dedicated faculty is why I chose to attend CSM. And fundamentally, that has been the cornerstone of a truly fulfilling experience that came with the opportunity to learn and succeed. As CSM students, we’re fortunate to have so many articulation agreements set up with the University of California, California State University, and private universities to ensure we have a guaranteed pathway to excellent colleges and universities. Transfer Coordinator **Mike Mitchell** and Counselor **Martin Bednarek** are indispensable to CSM’s students. They provide counseling services, host transfer workshops, and hold transfer events (such as Transfer Day, personalized meetings with college representatives, and university tours) for students to become familiar with the transfer process. The faculty are also very qualified, many with PhDs in their respective fields, yet their attention is always focused toward student success rather than on research. My advice to becoming a successful transfer student is to take charge of your education, stay aggressive, and be knowledgeable about your transfer goals. Use helpful websites like assist.org and attend events held by Transfer Services. Never be afraid to seek help or ask questions. Try your best to develop a relationship with your counselor and university representatives. And most importantly, make the most of your education and experience at CSM.
The National Hispanic University Partners with Cañada to Offer Child Development Program

The National Hispanic University and Cañada College announced today a partnership to offer NHU’s Bachelor of Arts in Child Development program at Cañada in beginning this fall. The partnership expands access to an advanced degree for early childhood professionals who are looking to strengthen their knowledge base and skills while continuing their important work in the field.

“As early childhood programs and schools become more diverse, there is a growing demand for culturally and linguistically responsive professionals who can inspire and engage young learners,” said Dr. David López, president of NHU. “We are proud to partner with Cañada College to extend the educational opportunities offered to their students and help them advance in their careers while making a difference in their communities.”

Cañada College President Larry Buckley said many of Cañada’s early childhood education students are juggling academics with families and jobs, so offering the convenience of earning a bachelor’s degree without leaving the Cañada campus is important. “We are proud to welcome the National Hispanic University as our newest partner in the University Center,” he said. “Early childhood education is the largest academic program on our campus. Approximately 500 students were registered for ECE classes at Cañada this past spring.”

Students enrolling in NHU’s program will benefit from a minimized time-to-degree completion via Cañada’s A2B program.
Sarah Harmon Receives Faculty Award

Sarah Harmon, a Spanish and linguistics professor at Cañada College, has received the Bay Honors Consortium Faculty Award at the group’s annual Honors Research Symposium held in May.

The Bay Honors Consortium is made up of honors program directors and counselors from 16 Northern California community college honors programs. The group’s mission is to promote and support honors programs and host its annual Honors Research Symposium.

“I am very grateful to receive this recognition by my colleagues and peers,” Harmon said. “It is truly an honor to work with the Bay Honors Consortium on our various agendas.”

Patty Hall, professor of early childhood development and director of the Honors Transfer Program at Cañada, said Harmon has shown consistent support for the school’s honors program. “She has mentored student research in her classes, participated on the Honors Transfer Program Advisory Committee, and assisted the program coordinator in preparing the program for UCLA Transfer Alliance Program certification,” she said.

Harmon worked with Lillian Marujo-Duck from City College of San Francisco and Jennifer Saito of Los Medanos College and president of the Bay Honors Consortium, to design and launch the “Think You?” digital honors research journal for California Community college students.

As an adjunct who works on multiple campuses, I know how much of a struggle it can be to promote honors on any campus,” Harmon said. “I engage in my role both at Cañada and in the Bay Honors Consortium with enthusiasm and energy, with the hopes of mentoring students in how honors courses can create pathways to achieve their goals, and mentoring faculty so that they may become further engaged in these pathways on their campuses.”

Harmon expressed thanks to Hall for serving as her mentor on honors issues. “Her leadership and friendship have helped me in many elements both on our campus and in the Bay Honors Consortium.”

Student Accepted Into Accounting Program

Cañada student Esmeralda Gutiérrez will travel to Denver, Colorado, July 7-11 to participate in the Accounting Scholars Development Program. At the event, she will join other aspiring accountants honing her skills and learning about career opportunities.

The workshop is sponsored by the American Institute of Certified Public Accountants Foundation. Through speakers, panel discussions and interactive programs, participants gain confidence and an enhanced understanding of the various career paths in the accounting profession. An all-expenses paid event, the AICPA Foundation covers the cost of student attendees’ transportation, hotel accommodations, and meals.

Gutiérrez enrolled at Cañada in the fall of 2012 intent on earning a certificate in medical billing but was soon motivated by Leonor Cabrera, professor of accounting, to apply for scholarships and pursue a career in accounting. Cabrera also encouraged Gutiérrez to apply for the Accounting Scholars Development Program.

“I felt good that I applied, but I didn’t want to get my hopes up because I didn’t feel my personal statement was good enough,” Gutiérrez said. Soon after, she received an email notifying her that she had received the Cañada College Accounting Scholarship and later found out she was accepted into the Accounting Scholars Development Program.

Gutiérrez participated in the May 25 Commencement Ceremony at Cañada to receive her Entry Level Bookkeeper Certificate but now she is considering transferring to a university. “I still need to get advice on where to transfer but I know I want to become a CPA,” she said.

The 2003 Sequoia High School graduate said she is looking forward to applying the skills gained in the development program towards her education. She will participate in numerous sessions and panel discussions covering a wide array of topics such as developing leadership skills and passing the CPA exam.

Cañada Alum is Researching Solar Cells

Cañada College alum Esther Chan has received a grant from the California Institute for Telecommunications and Information Technology (Calit2) Summer Undergraduate Research Program and will be conducting research on sustainable energy this summer at UC San Diego.

Chan is researching the fabrication of copper electrodes on a rigid substrate that can be transferred to a stretchable substrate. “The goal of the project is to make a stretchable transparent conducting electrode that can be used in a stretchable solar cell,” she said.

The research is being conducted at the UC San Diego Laboratory for Energy Storage and Conversion. The goal of the lab is to design and develop new functional nanomaterials and nanostructures for advanced energy storage and conversion applications. Discoveries in the lab could lead to smaller, more powerful batteries and provide ways to harness more sustainable energy sources.

The UCSD Calit2 Summer Undergraduate Research Program provides students with the opportunity to perform hands-on research under the guidance of a UCSD faculty advisor over a 10-week period. It is a nonacademic university research unit where researchers from different disciplines come together to study and develop new technology to address issues in the economy and society.

When she graduated from Woodside High School four years ago, she hadn’t settled on a college major. “I came to Cañada because I didn’t feel right going to a four-year school without a real sense of what I wanted to do.”

It’s safe to say she found her direction at Cañada. She met Amelito Enriquez, professor of engineering and mathematics, who set her on a course to study mechanical engineering. She also received the support of Cathy Lipe, the director of the Mathematics, Engineering, Science, Achievement Program.

“I can’t imagine where I would be without them,” Chan said. “I am so appreciative of everything they have done for me. They are the best team any engineering student can have. You can tell that they really care about the students.”
A Five Year Journey Ends at Commencement for Yesenia Haro

The Cañada employee earns her degree in Human Services while balancing work, family.

After five years of studying, one class a semester, Cañada College employee Yesenia Haro was able to walk across the stage at this year’s commencement ceremony and accept her Associate’s Degree in Human Services. Not only did she fulfill a lifelong goal, but she graduated Magna Cum Laude.

Haro’s story is similar to that of many Cañada and California community college students. She came to California when she was 13-years-old and graduated from Half Moon Bay High School. English was her second language, so school was difficult. After high school, she joined the workforce to help her parents financially. In 2007, Haro began working for the college at the Coastside Center in Half Moon Bay, where she was in charge of admissions, financial aid, placement testing, and outreach.

It was there that she set her mind to earning her college degree. In 2008, Haro returned to school, taking the Career 401 College Success course at Cañada. “That class motivated me and my family,” she said. “After that class, I set a goal to finish my degree in human services.”

Haro joined the Welcome Center at Cañada in 2010 following the closure of the Coastside Center. She would work at the college during the day, and go to school at night. “I remember getting out of class at 9:30 or 10 at night and getting back to Half Moon Bay to pick up my four children from my mother’s or sister’s house and not getting the kids to bed before 10:30. Some nights I would study until 1 in the morning to finish my homework. Getting the kids up for school the next morning was a challenge.”

Haro’s spouse worked the night shift but always supported her decision to pursue her degree, even if he wasn’t available in the evenings to help take care of the children. “It was a big sacrifice for me and my family, but I had a goal in my mind and I knew that education was the key to my success so I pursued my goal,” she said.

While she enjoyed all of her classes at Cañada, Haro said she really enjoyed her English 100 class, because, for the first time in her life, she was able to finish reading two books from beginning to end. “I mean two grown up novels, because I only read kid books to my children. Because of this class, I am reading more now.”

Haro said her reading and writing skills have dramatically improved because of the skills learned in her classes at Cañada. “My reading and writing skills are better and my communication with students in the Welcome Center is more professional. Looking back at when I started as a student, it was very challenging to navigate the educational system. Life is about taking on challenges. I see students every day that remind me of myself. My advice to them is that education is the key to success. Stay positive and remember that fulfilling your dreams is possible when you have a goal in mind.”

While completing a two-year degree may not seem like a big deal to some people, Haro said it’s a really big deal in her family. Her husband and four kids joined the huge crowd at this year’s ceremony, anxiously awaiting her trip across the stage. “My five-year-old daughter, Camilla, asked ‘mom, you pass your ABC’s?’ I started laughing. My oldest son, Alberto, who is 15, was my personal photographer at commencement and my daughters Samantha and Juliana were cheering for me.”

While she has achieved her goal of earning her associate’s degree, Haro has more to accomplish. “I want to earn my Bachelor’s Degree in Human Services,” she said. “I will take a break because my kids are growing too fast and I want to spend more time with them, but I will keep my goal in mind and I will complete my second degree.”

This year’s commencement ceremony was one of the largest in school history, with more than 200 students receiving degrees or professional certificates.

The highlight of the ceremony was the keynote address by Cruz Reynoso, one of California’s preeminent civil rights lawyers and a former Associate Justice on the state’s Supreme Court.

Reynoso challenged the graduates, and the audience, to consider the importance of access to higher education for California’s young people.

“Education is no longer affordable in California,” he said. “When I was in school at Fullerton College it was free! Now students are paying thousands of dollars to attend California’s community colleges. Critics argue that the price of community college in our state is one of the lowest in the nation but I say, if you can’t afford to pay the tuition and buy the books, is it really affordable?”

Judge Reynoso’s keynote address was fiery and motivating and drew enthusiastic response from the large crowd in attendance. As he closed his remarks, the college faculty gave him a standing ovation.

Judge Reynoso grew up in rural California in the 1930s and 1940s. The son of farm workers and one of 11 children, his personal story reflects the experience of many Mexican-American families from that era and it heavily influenced his professional decisions.

In 2000, Judge Reynoso was awarded America’s highest civilian honor, the Presidential Medal of Freedom, by then President Bill Clinton.

Today, Judge Reynoso continues his advocacy for improving California’s communities by taking up the cause of promoting increased access to higher education for the state’s young people. As an alum of a California Community College, he is an enthusiastic supporter of the mission and goals of the colleges, saying, “...at community colleges, there is always hope.”

Judge Reynoso was invited to speak at this year’s commencement ceremony by Cañada College President Larry Buckley. “We were truly honored to have Judge Reynoso as our commencement speaker,” he said. “He is a man who has travelled a truly inspiring path, and whose personal values include a dedication to education and a commitment to serving others. Our students, staff, faculty and guests at commencement truly related to his story and keynote address.”
Arts & Olive Festival Poster Contest is Underway to Determine Which Poster Will Promote the Event

The poster contest for the annual Arts & Olive Festival is underway. Each year, the college holds a contest for design students to choose a promotional poster for the upcoming festival. This year, 21 students from Cañada’s multimedia classes have submitted designs.

Now it’s up to the community to pick a winner. The posters are on display on the first floor of Building 9 next to the Public Safety office on campus. The posters can also be viewed online at http://youkai.us/Olivefest2013/. From there, you can email your vote for up to four options.

The competition will run through Friday, June 24.

This year’s Arts & Olive Festival will be held on Sunday, October 6 from 10 a.m to 5 p.m. The festival features live music, dancing, and more than 80 vendors featuring some of the region’s top olive and olive oil experts.

The college has had a special relationship with olives since its inception. The college is home to a group of trees transplanted from the Panama Pacific Exposition held in San Francisco in the early 1900s. The festival began in 1998 as part of Cañada’s 30th anniversary celebration and has grown into the school’s largest scholarship fundraising event.

STEM Student Elizabeth Carranza Receives Silicon Valley Community Foundation Scholarship

Elizabeth Carranza, a 2011 graduate of Carlmont High School, has been awarded the Marie A. Calderilla Scholarship from the Silicon Valley Community Foundation.

The scholarship is worth $5,000 annually and can be renewed up to four years. It is designed to support students who are enrolled or plan to enroll in a community college, including adults who are pursuing a college education later in life, are seeking new jobs skills and training or are juggling work and family responsibilities. Up to 15 scholarships are given annually to female students from San Mateo or San Mateo County who are pursuing their first undergraduate degree or certificate and are planning to attend a college in the San Mateo County Community College District.

Carranza will continue to study at Cañada next year and then hopes to transfer to UC Berkeley where she will study chemical engineering.

“My professional aspiration is to become a chemist,” she said. “My goal is to reduce the water pollution in other countries and create awareness on this issue.”

Carranza said Cañada’s STEM Center played a major role in her obtaining the scholarship. “Without the STEM Center, I would have never known the scholarship was available.”

New Summer Online Courses Prove Popular With Students Returning From Four-year Universities

New online courses in Anthropology, Astronomy, Computer Information Science, English, History, Philosophy and Math are proving popular this summer.

They were among the first classes to fill during summer registration.

“There is a growing demand for online courses, especially in the summer,” said Janet Stringer, Dean of Science and Technology and coordinator for distance learning. “We anticipated these classes would fill quickly and they have.”

A new online course in US History that transfers to both UC and CSU was so popular that it filled days after registration began.

Cañada is offering Introduction to Computer Science online for the first time this summer. This is an introduction to computer hardware and the programming commands to control them. The course will provide students basic computer science concepts and skills and transfers to both UC and CSU schools.

Students can also take English 100 and 110 and Math 200 online for the first time this summer.

“We’ll continue to target transfer students with new online offerings as a way to boost our enrollment,” Stringer said.

BOARD REPORT No. 13-6-2A

TO: Members of the Board of Trustees
FROM: Ron Galatolo, Chancellor
PREPARED BY: Harry W. Joel, Vice Chancellor – Human Resources & Employee Relations

ADPTION OF RESOLUTION NO. 13-7 AUTHORIZING REPORTING OF DEFINED BENEFIT CONTRIBUTIONS AND REMITTANCE DIRECTLY TO THE CALIFORNIA STATE TEACHERS RETIREMENT SYSTEM

The San Mateo County Community College District changed its method of issuing paychecks from the County Office of Education to its own internal payroll system in 2006. Prior to the time of the payroll conversion all State Teachers Retirement System (STRS) contributions and remittances were issued to the County Office of Education for remittance to the STRS. After the conversion the District began issuing contributions and remittances directly to STRS. Recently the District was advised that in order to codify this change, it requires the Board of Trustees to adopt the attached resolution stating that STRS has authorized the District to submit contributions and remittances directly to STRS in accordance with Education Code 23000-23010 and Title 5, Division 3, Chapter 1, Article 15.5 of the California Code of Regulations.

RECOMMENDATION

It is recommended that the Board of Trustees sign the attached resolution authorizing direct remittances and contributions to the State Teachers Retirement System as described in this report effective July 1, 2013.
RESOLUTION NO. 13-7

BOARD RESOLUTION OF THE
SAN MATEO COMMUNITY COLLEGE DISTRICT
AGREEMENT TO REPORT DIRECTLY TO THE
CALIFORNIA STATE TEACHERS’ RETIREMENT SYSTEM

Employers who report contribution data and remittance directly to the California State Teachers’ Retirement System (CalSTRS) are required to comply with California Education Code sections 23000 - 23010 and are subject to penalties as outlined in Title 5, Division 3, Chapter 1, Article 15.5 of the California Code of Regulations.

WHEREAS, the San Mateo Community College District (hereinafter “District”) desires to become a direct report source that reports Defined Benefit Plan contributions and remittance directly to CalSTRS; and

WHEREAS, the CalSTRS Deputy Chief Executive Officer of Benefits and Services, has authorized the District to report directly to CalSTRS; and

WHEREAS, if at any time, CalSTRS terminates the District as a direct reporter, the San Mateo County Office of Education (hereinafter “County Office of Education”) will immediately resume reporting contribution data and remittance for the District to CalSTRS.

THEREFORE, BE IT RESOLVED that the District does hereby:

I. Elect to be a CalSTRS Direct Report Source.

II. Agree to:
   a. Comply with California Education Code Sections 23000 – 23010;
   b. Pay penalties pursuant to Title 5, Division 3, Chapter 1, Article 15.5 of the California Code of Regulations

III. Affirm that it meets all of CalSTRS eligibility requirements, including:
   a. It has a payroll system independent of the County Office of Education and access to historical data to 1980;
   b. Is in full compliance with the F496 File Specifications;
   c. Has been issued an unqualified opinion on its annual financial audit and the management letter does not contain any material weaknesses/misstatements and significant deficiencies with its internal controls within the last five years;
   d. Has not been issued a warning, placed on probation, or ordered to show cause by the Accrediting Commission for Community and Junior Colleges, in the last five years;
   e. It is responsible for submitting contribution data and remittance for all periods prior to and subsequent to the effective date of direct reporting;
f. It is responsible for all penalty assessments for data reported as a direct report source;

h. Has achieved fiscally accountable status per California Education Code section 42650 or is fiscally independent per California Education Code section 42647;

i. Should the District’s fiscally accountable status or fiscal independence be revoked the District will notify CalSTRS within three business days of the revocation, immediately cease reporting contribution data and remittance to CalSTRS directly and resume reporting contribution data and remittance through the County Office of Education

The San Mateo Community College District elects to be a CalSTRS direct report source as of:

Effective Date: _______July 1, 2013_____________

THEREFORE, BE IT RESOLVED THAT the County Office of Education does hereby:

I. Affirm that on ___________________________ (Date District School Board Approved Resolution) the District elected to report directly to CalSTRS effective on July 1, 2013.

II. Affirm the District met CalSTRS eligibility requirements, including:
   a. Has achieved fiscally accountable status per California Education Code section 42650; or is fiscally independent per California Education Code section 42647;
   b. Has a payroll system independent of the County Office of Education and access to historical data to 1980;
   c. Is in full compliance with the F496 File Specifications;
   d. Has been issued an unqualified opinion on its annual financial audit and the management letter does not contain any material weaknesses/misstatements and significant deficiencies with its internal controls within the last five years;
e. Has not been issued warning, placed on probation, or ordered to show cause by the Accrediting Commission for Community and Junior Colleges, in the last five years;

f. Has taken District Board action to agree to submit contributions to CalSTRS on a pre-tax basis;

g. Has taken District Board action to be a CalSTRS direct report source effective July 1, 2013.

III. The County Office of Education is not responsible for submitting contribution data and remittance including adjustments and reporting made prior to the effective date of direct reporting.

IV. The County Office of Education is not responsible for any penalty assessments for data reported by the District as a direct reporter subsequent to the effective date of direct reporting.

V. Agrees to notify CalSTRS within three business days of revocation should the District’s fiscally accountable status or fiscal independence be revoked; and immediately resume reporting contribution data and remittance on behalf of the District.

THEREFORE, BE IT RESOLVED that the San Mateo County Office of Education Board authorizes the San Mateo Community College District to report directly to CalSTRS and is absolved of all reporting requirements for San Mateo Community College District, until such time as CalSTRS terminates direct reporting by the District.

AND the San Mateo Community College District elected to be a CalSTRS direct report source as of:

BOARD REPORT NO. 13-6-1CA

TO: Members of the Board of Trustees
FROM: Ron Galatolo, Chancellor
PREPARED BY: Jing Luan, Ph.D., Vice Chancellor, Educational Services and Planning, 358-6880

APPROVAL OF CURRICULAR ADDITIONS AND DELETIONS
CAÑADA COLLEGE, COLLEGE OF SAN MATEO, AND SKYLINE COLLEGE

The addition of 308 courses to, and the deletion of 23 courses from, the College catalogs are proposed by Cañada College, College of San Mateo, and Skyline College at this time. Additionally, 48 courses are proposed to be offered in the distance education mode. The addition of three Certificates of Achievement and one program department, as well as eight degree/certificate deletions are also proposed. In addition to the degree/certificate deletions, five degrees/certificates were assigned inactive status.

In addition to the courses deleted, 306 courses were assigned inactive status, which removes them from the catalog and schedule. Since they have not been deleted, they can be more easily reinstated at a later time. If reinstatement is unlikely, these courses will be deleted in the coming years.

Furthermore, 353 courses were modified and 11 courses were reactivated. Sixty programs were modified and one program was reactivated.

Each of the proposed courses has been reviewed by the appropriate Division Dean and approved by the College Curriculum or Instruction Committee, acting on behalf of the local Academic Senate. In addition, the Academic Senate Presidents provide oversight with respect to the necessary role of the local Senates in the review and approval process. The rigor of the approval process assures that each new course has substance and integrity in relation to its discipline and that it fills a clear student need not being served by existing course offerings.

RECOMMENDATION

It is recommended that the Board approve the attached curricular changes for the Cañada College, College of San Mateo and Skyline College catalogs.

COURSE DESCRIPTIONS AND JUSTIFICATIONS

ART

250 THE ART HISTORY OF ROME (3.0) (day or evening)

Justification: Art History Survey courses cover a broad range of art in a concise but superficial way. In order to prepare art majors for transfer, a more focused attention to important topics in art history better prepares students for transfer level work. The art forms of Roman art from ancient times through the Renaissance provide a solid foundation in the academic fundamentals of art history.

Prerequisite: None.

Recommended Preparation: Eligibility for READ 836 and ENGL 836; or ENGL 847 or ESL 400.

Description: A cultural and historic survey of the art and architecture of Rome: the Etruscans, Republican and Imperial Rome, Early Christian and Medieval periods, Renaissance and Baroque Rome. This course includes a discussion of the historic figures, and the political and religious ideologies which shaped the art history of the city. Emphasis is on architecture, sculpture, painting, and mosaics.

Classification: AA/AS Degree; CSU transferable.

306 THREE DIMENSIONAL DESIGN (3.0) (day or evening)

Justification: This course will fulfill a core requirement for the TMC in Studio Arts.

Prerequisite: None.
**Recommended Preparation:** Eligibility for READ 836 and ENGL 836; or ENGL 847 or ESL 400.

**Description:** An introduction to the theories and applications of three-dimensional art and design. Students create studio projects using a variety of tools, techniques, and mediums which may include wire, paper, cardboard, clay, wood, and other materials at the instructor's discretion. Concepts are introduced and clarified through instructor lectures and demonstrations. Three-dimensional design is a core foundational course required in many art majors. Field trips may be included.

**Classification:** AA/AS Degree; AA-T/AS-T Degree for Transfer; CSU transferable.

**BUSINESS**

**393 STARTING AND GROWING A SUSTAINABLE BUSINESS** (3.0) (day or evening)

**Justification:** This three unit course integrates 3 existing one unit courses: BUS. 395 (Starting a Green Business), BUS. 396 (Writing a Business Plan), and BUS. 397 (Marketing Strategy and Execution). The course will be required for the AS degree and/or certificate in Small Business Management and Entrepreneurship.

**Prerequisite:** None.

**Recommended Preparation:** Eligibility for READ 836 and ENGL 836; or ENGL 847 or ESL 400. Eligibility for MATH 110 or 111.

**Description:** Learn how to start and/or grow a business that thrives by reaching the triple bottom line: profits, environmental stewardship and social responsibility. This is a practical course created for the entrepreneur wishing to learn: 1) a self-assessment on whether they have the right stuff to start/grow a business, 2) the legal, financial and marketing basics of starting and growing a small business, 3) leadership skills, 4) how to write a fund-able business plan, 5) how to manage a small business using triple bottom line metrics (people, planet, profit).

**Classification:** AA/AS Degree; Certificate; CSU transferable.

**COMMUNICATION STUDIES**

**127 ARGUMENTATION AND DEBATE** (3.0) (day or evening)

**Justification:** COMM 127 will be a selective requirement for both the AA-T and AA degrees in Communication Studies. Adding this course will allow students a sixth course option instead of five.

**Prerequisite:** None.

**Recommended Preparation:** Eligibility for ENGL 100.

**Description:** Methods of critical inquiry and advocacy. Identifying fallacies in reasoning and language, testing evidence and evidence sources, advancing a reasoned position, and defending and refuting arguments. Includes researching and analyzing significant social issues, propositions, political issues, presentations, evaluations of oral and written arguments, and evidence through written and oral discourse.

**Classification:** AA/AS Degree; AA-T/AS-T Degree for Transfer; CSU, UC transferable.
EARLY CHILDHOOD EDUCATION/CHILD DEVELOPMENT

249 LEADERSHIP IN EARLY CHILDHOOD EDUCATION (2.0) (day or evening)

Justification: This course was created with external funding received by the ECE./CD department from First 5 San Mateo County. This EQuIP (Early childhood Quality Improvement Project) grant is designed to create new curriculum focusing on leadership in Early Childhood Education. This 2 unit course will be part of one of our "specializations" in the ECE./CD program. In order for students to be eligible for the "Master Teacher" child development permit issued by the Commission on Teacher credentialing, they must complete a 6 unit specialization. This new course will become part of the "Teaching Experience" specialization.

Prerequisite: None.

Recommended Preparation: Eligibility for READ 836 and ENGL 836; or ENGL 847 or ESL 400.

Description: Leadership is examined from both theoretical and practical perspectives. An overview of leadership roles, responsibilities and skills necessary for excellence in early childhood education programs, including the importance of inclusion, diversity and reflective practice are included. While learning about leadership theories, students explore the National Association for the Education of Young Children, (NAEYC), Advanced Program Standards as a framework for developing the necessary skills and strategies.

Classification: AA/AS Degree; CSU transferable.

INTERDISCIPLINARY STUDIES

100 SUSTAINABILITY: PEOPLE, PLANET, PROFITS (3.0) (day or evening)

Justification: This course is replacing an experimental course (IDST 685CA) which was offered in Fall of 2012. The content integrates the areas of English, science, economics, sociology, political science, workforce development, and environmental studies to address the issue of sustainability. This course broadens and deepens the offerings in all disciplines. The course prepares workforce and transfer students with a greater opportunity for high level critical thinking needed in preparation for courses at the UCs and CSUs, and for the workforce.

Prerequisite: None.

Recommended Preparation: Eligibility for READ 836 and ENGL 836; or ENGL 847 or ESL 400.

Description: This multidimensional course explores the social, cultural, economic, and ecological issues related to sustainability. Examines the earth's systems, sustainability in practice, and the shared responsibility for the future. Students engage in collaborative interdisciplinary groups to research and evaluate the systems in our region and present their analyses in both written and oral forms.

Classification: AA/AS Degree; CSU transferable.

KINESIOLOGY, ATHLETICS AND DANCE – DANCE

121.1 MODERN DANCE I (1.0) (day or evening)
Justification: This change of leveled courses is needed in order to comply with new Title 5 repetition guidelines that are effective in Fall of 2013.

Prerequisite: None.

Recommended Preparation: Open Curriculum.

Description: Beginning level instruction in the Contemporary Modern Dance style, including warm-up and floor movement with an emphasis on proper techniques, creativity, style and self expression. Students learn short dance phrases and will be expected to choreograph and perform a modern dance by the end of the semester.

Classification: AA/AS Degree; Certificate; CSU transferable.

121.2 MODERN DANCE II (1.0) (day or evening)

Justification: This change of leveled courses is needed in order to comply with new Title 5 repetition guidelines that are effective in Fall of 2013.

Prerequisite: DANC 121 or 121.1.

Recommended Preparation: Open Curriculum.

Description: Intermediate level instruction in the Contemporary Modern Dance style, including warm-up and floor movement with an emphasis on proper techniques, creativity, style and self expression. Students learn short dance phrases and are expected to choreograph and perform a modern dance by the end of the semester.

Classification: AA/AS Degree; Certificate; CSU transferable.

121.3 MODERN DANCE III (1.0) (day or evening)

Justification: This change of leveled courses is needed in order to comply with new Title 5 repetition guidelines that are effective in Fall of 2013.

Prerequisite: DANC 121.2.

Recommended Preparation: Open Curriculum.

Description: Advanced intermediate level instruction in the Contemporary Modern Dance style, including warm-up and floor movement with an emphasis on proper techniques, creativity, style and self-expression. Students learn short dance phrases and are expected to choreograph and perform a modern dance by the end of the semester.

Classification: AA/AS Degree; Certificate; CSU transferable.

121.4 MODERN DANCE IV (1.0) (day or evening)
Justification: This change of leveled courses is needed in order to comply with new Title 5 repetition guidelines that are effective in Fall of 2013.

Prerequisite: DANC 121.3.

Recommended Preparation: Open Curriculum.

Description: Advanced level instruction in the Contemporary Modern Dance style, including warm-up and floor movement with an emphasis on proper techniques, creativity, style and self expression. Students learn short dance phrases and are expected to choreograph and perform a modern dance by the end of the semester.

Classification: AA/AS Degree; Certificate; CSU transferable.

125.1 SALSA I (1.0) (day or evening)

Justification: This course is equivalent to, and replacing DANC 125, Beginning Salsa. This change is needed in order to comply with new Title 5 repetition guidelines that are effective in Fall of 2013. DANC 125.1 is part of one of the Dance activity families which also includes DANC 125.2, 125.3 and 125.4 (Salsa II, Salsa III and Salsa IV). DANC 125.1 will be a core requirement for the following degrees and/or certificates of achievement: AA and AA-T in Kinesiology degrees, and University Transfer Option 1: CSU General Education Certificate of Achievement.

Prerequisite: None.

Recommended Preparation: Open Curriculum.

Description: Beginning techniques of partner salsa dancing. Proper body placement, lead and follow techniques, and stylization applied to dance patterns. Shine steps are covered. Dance etiquette and rhythm of salsa music covered.

Classification: AA/AS Degree; Certificate; CSU transferable.

125.2 SALSA II (1.0) (day or evening)

Justification: This course is equivalent to, and replacing DANC 126, Intermediate Salsa. This change is needed in order to comply with new Title 5 repetition guidelines that are effective in Fall of 2013. DANC 125.2 is part of one of the Dance activity families which also includes DANC 125.1, 125.3 and 125.4 (Salsa I, Salsa III and Salsa IV). DANC 125.2 will be a core requirement for the following degrees and/or certificates of achievement: AA and AA-T in Kinesiology degrees, and University Transfer Option 1: CSU General Education Certificate of Achievement.

Prerequisite: DANC 125 or 125.1.

Recommended Preparation: Open Curriculum.

Description: Continuation of DANC 125.1. A thorough review of Salsa I is provided. Intermediate salsa patterns including more complex turns, patterns, and shines are introduced. Greater emphasis on the development of dance stylization, timing, and safety. Student choreography and presentation is encouraged.
Classification: AA/AS Degree; Certificate; CSU transferable.

125.3 SALSA III (1.0) (day or evening)

Justification: DANC 125.3, Salsa II was created to comply with the new Title 5 guidelines for repeatability. This course is also part of the core and selective requirements for the AA in Kinesiology, the AA-T in Kinesiology and the AA in Dance.

Prerequisite: DANC 125.2 or 126.

Recommended Preparation: Open Curriculum.

Description: Continuation of DANC 125.2. Includes a quick review of DANC 125.1 and a thorough review of DANC 125.2. More complex patterns are demonstrated and practiced, with emphasis on dance pattern design at the Intermediate/Advanced level. Student choreography and "learning by teaching" is required. Includes emphasis on partner dancing safety and core body awareness, and improving balance, strength, and flexibility in preparation for advanced patterns and stage performance.

Classification: AA/AS Degree; Certificate; CSU transferable.

125.4 SALSA IV (1.0) (day or evening)

Justification: This change is needed in order to comply with new Title 5 repetition guidelines that are effective in Fall of 2013. DANC 125.4 is part of one of the Dance activity families which also includes DANC 125.1, 125.2 and 125.3 (Salsa I, Salsa II and Salsa III). DANC 125.4 will be a core requirement for the following degrees and/or certificates of achievement: AA and AA-T in Kinesiology degrees, and University Transfer Option 1: CSU General Education Certificate of Achievement.

Prerequisite: DANC 125.3.

Recommended Preparation: Open Curriculum.

Description: Continuation of DANC 125.3. Designed for the advanced student who has already demonstrated Intermediate/Advanced ability in lead/follow technique, dance pattern complexity, and proper timing. Longer and more difficult dance combinations are covered without introduction or emphasis of the basics. Choreography of intermediate/advanced shines and partner patterns required. Student learning by teaching required. Performance required.

Classification: AA/AS Degree; Certificate; CSU transferable.

130.1 JAZZ DANCE I (1.0) (day or evening)

Justification: This change of leveled courses is needed in order to comply with new Title 5 repetition guidelines that are effective in Fall of 2013. DANC 130.1 is replacing and is also equivalent to DANC 205, Beginning Jazz.

Prerequisite: None.

Recommended Preparation: Open Curriculum.
Description: Covers various movement forms with an emphasis on rhythm, style and proper techniques. Students learn a variety of jazz phrases and are expected to choreograph and perform a jazz dance at the introductory level by the end of the semester.

Classification: AA/AS Degree; Certificate; CSU transferable.

130.2 JAZZ DANCE II (1.0) (day or evening)

Justification: This change of leveled courses is needed in order to comply with new Title 5 repetition guidelines that are effective in Fall of 2013. DANC 130.2 is replacing and is also equivalent to DANC 210, Beginning/Intermediate Jazz.

Prerequisite: DANC 130.1 or 205.

Recommended Preparation: Open Curriculum.

Description: Continuation of DANC 130.1. This course covers various movement forms with an emphasis on rhythm, style and proper techniques. Students learn a variety of jazz phrases and are expected to choreograph and perform a jazz dance at the intermediate level by the end of the semester.

Classification: AA/AS Degree; Certificate; CSU transferable.

COURSE DESCRIPTIONS AND JUSTIFICATIONS

ACCOUNTING

665MQ ESTATE TAXATION UPDATE (0.5) (day or evening)

Justification: Tax professionals must complete continuing education to maintain their professional license and keep up-to-date on changes in tax law. This course is part of the continuing education curriculum.

Prerequisite: None.

Recommended Preparation: None.

Description: On January 2, 2013, the most recent changes to estate taxation became law. Now that Congress has settled tax rates, unified credit, and other major issues for the long term, this course will survey the changes and include a full review of federal Form 706.

Classification: AA/AS Degree; CSU transferable.

COMPUTER AND INFORMATION SCIENCE

680MG ANDROID PROGRAMMING (4.0) (day or evening, distance education)

Justification: An Android programming course is the most requested course by CIS students. Android is currently the platform of choice for mobile devices, with 72.9% of the world-wide smartphone market. The CIS Advisory Committee recommended that we offer a course in Android programming. This course will become part of the Web and Mobile Application degree/certificate curriculum in 2014.

Prerequisite: None.

Recommended Preparation: Eligibility for ENGL 838 or 848 and CIS 254.
Description: Introduction to the architecture, API and techniques used to create robust, high-performance applications for Android mobile devices. An overview of the most common tools and techniques for writing Android applications. Other topics include user interfaces, local storage, maps, GPS, multimedia, content providers, sensors, and user events. Storage strategies for persistent information are introduced, including the use of SQLite database features. Intended for students with previous Java programming experience.

Classification: AA/AS Degree; CSU transferable.

DIGITAL MEDIA

251 GRAPHIC DESIGN PRACTICUM (3.0) (day or evening)

Justification: Digital Media Graphic Design students need practical experience planning, designing and producing graphic digital media within a "real world" environment in order to successfully pursue professional business careers within these fields. This course includes comprehensive information about applying professional business practices to client projects.

Prerequisite: DGME 211, 212; 230 and/or 240.

Recommended Preparation: DGME 103, 220 and 235.

Description: This is the capstone course to the Graphic Design AA Degree and Certificate programs. Students create digital media projects with actual clients using comprehensive production, design and business techniques.

Classification: AA/AS Degree; CSU transferable.

256 PORTFOLIO FOR GRAPHIC DESIGN (2.0) (day or evening)

Justification: Students need to create a marketable portfolio of their graphic design pieces in order to attain work in this field.

Prerequisite: DGME 211, 212 and 235.

Recommended Preparation: DGME 103, 220 and 230.

Description: Students plan realistic career goals while initiating, developing, and completing substantial individual projects in consultation with and under the direction of the instructor. Emphasizes development of a marketable eportfolio for the Graphic Design career path as well as a resume. A materials fee as shown in the Schedule of Classes is payable upon registration.

Classification: AA/AS Degree; CSU transferable.

FILM

680MA WATCHING CABLE TELEVISION (3.0) (day or evening)

Justification: This course expands the film curriculum to include and address cinematic expression in the context of broadcast television. As is the industry and scholarly trend, the course studies film in relation to other media and platforms. It is being offered as a "pilot" course for the development of a similar permanent course.
**Prerequisite:** None.

**Recommended Preparation:** Eligibility for ENGL 838 or 848.

**Description:** Explores a variety of popular cable television programs from a cinematic perspective. Topics to include the history of cable television; filmmakers and film genres on cable TV; and the cable broadcast venue for film style experimentation and social commentary.

**Classification:** AA/AS Degree; CSU transferable.

**NURSING**

680MC *PERIOPERATIVE NURSING* (4.0) (day or evening, distance education)

**Justification:** This course provides nurses with the necessary knowledge to work in the perioperative setting. It is being offered at the request of neighboring hospitals.

**Prerequisite:** Current RN license or acceptance into the course by the Nursing Department.

**Recommended Preparation:** One year of recent experience in nursing.

**Description:** This semester course provides entry-level knowledge required to work as a novice practitioner in perioperative nursing. Course focuses on the theoretical framework of perioperative nursing and is intended to be taken in conjunction with the clinical preceptorship course. Extra supplies may be needed. (Spring only).

**Classification:** AA/AS Degree; CSU transferable.

680MD *PERIOPERATIVE NURSING PRECEPTORSHIP* (6.5) (day or evening)

**Justification:** The course provides the RN student with an opportunity to practice and refine the clinical skills required for the perioperative nursing specialty.

**Prerequisite:** Current RN license or acceptance into the course by the Nursing Department.

**Recommended Preparation:** One year of recent clinical experience in nursing.

**Description:** This course provides entry level knowledge and skills required to work as an entry-level practitioner in perioperative nursing. Focuses on learning in the perioperative clinical setting. Student applies learned concepts in an operating room under the supervision of assigned preceptors. The course is intended to be taken with NURS 680MC, the theory component. Extra supplies may be required. (Spring only)

**Classification:** AA/AS Degree; CSU transferable.

**DEVELOPMENTAL SKILLS**

**825.1 ASSISTIVE COMPUTER TECHNOLOGY - KURZWEIL 3000 I (1.0) (day or evening)**

**Justification:** When students with disabilities are given access to various computer-based assistive technology applications as an accommodation in their educational setting, the “playing field” is leveled. In order for students to benefit from using assistive technology as an accommodation, they require instruction in how to use the various applications and how to apply these tools to their coursework in their degree applicable courses. Kurzweil 3000 is a program that assists students who experience difficulties in accessing printed text for various reasons (i.e., a learning difference, physical disability, or low vision) in keeping up with their assigned readings through electronic versions of their textbooks. In this course, students learn how to use the study tools embedded in Kurzweil 3000, as well as various strategies for applying these study tools to their textbook material. Given students also use Kurzweil 3000 as a test
accommodation, they need to learn how to independently configure various functions within the program that are suited to their reading style, such as reading mode, speed, reading voice, text size/magnification, all of which are addressed in DSKL 825.1 – Assistive Computer Technology – Kurzweil 3000 1.

**Prerequisite:** None.

**Recommended Preparation:** None.

**Description:** Designed primarily for students with disabilities; provides training in the use of the text-to-speech program, Kurzweil 3000, which supports students’ learning styles and/or physical needs in the area of reading and studying their textbooks. Students will learn how to use this assistive technology tool as an accommodation for reading and studying electronic versions of their textbooks and completing tests/exams from concurrent subject area classes. No previous computer experience is required. (Units do not count toward the Associate Degree).

**Classification:** Not degree applicable; not transferable.

826.1 ASSISTIVE COMPUTER TECHNOLOGY - DRAGON NATURALLYSPEAKING I (1.0) (day or evening)

**Justification:** When students with disabilities are given access to various computer-based assistive technology applications in an educational setting, the “playing field” is leveled. In order for students to benefit from using assistive technology, they require instruction in how to use the various applications and how to apply these tools to their coursework from degree applicable courses. When students with disabilities are given access to various computer-based assistive technology applications as an accommodation in their educational setting, the “playing field” is leveled. In order for students to benefit from using assistive technology as an accommodation, they require instruction in how to use the various applications and how to apply these tools to their coursework in their degree applicable courses. Dragon NaturallySpeaking is an adaptive software application that represents a tool for writing that is used by students who have physical disabilities that restrict their use of their hands for keyboard and mouse access to the computer. In addition, students with learning differences use voice recognition software as a means for getting their thoughts recorded quickly without getting slowed down by spelling difficulties, slow keyboarding speed, or illegible handwriting. In this course, students will learn how to use Dragon NaturallySpeaking as an accommodation for completing written assignments and essay-based tests/exams from concurrent subject area classes.

**Prerequisite:** None.

**Recommended Preparation:** None.

**Description:** Designed primarily for students with disabilities; provides training in the use of the speech recognition program, Dragon NaturallySpeaking, which supports students’ learning styles and/or physical needs in the area of written expression. Students will learn how to use this assistive technology tool as an accommodation for completing written assignments and essay-based tests/exams from concurrent subject area classes. No previous computer experience is required. (Units do not count toward the Associate Degree).

**Classification:** Not degree applicable; not transferable.
DRAMA

200 THEORY AND PRACTICE OF ACTING I (3.0) (day or evening)

LEARNING SKILLS

880SB ENGLISH COMPOSITION SUPPLEMENT (0.5-3.0) (day or evening)

Justification: This course is designed to provide supplemental instruction for composition courses. The impact of repeatability law requires greater differentiation of learning skills curriculum.
Prerequisite: None.
Recommended Preparation: None.

Description: Designed for students who need introductory supplementary instruction in English composition courses to reinforce course content and bolster academic skills. Faculty, instructional aides, or peer tutors working under the supervision of qualified faculty members in the Learning Center will provide individual and/or group instruction to improve learning in areas of assessed need. Students will develop the skills needed to write essays appropriate to the transfer level. Students will develop thesis statements and use a variety of organizational strategies, academic discourse, and standard English grammar and usage. (Units do not count toward the Associate Degree.)

Classification: Not degree applicable; not transferable.

880SC COLLEGE-LEVEL INTERMEDIATE ALGEBRA SUPPLEMENT (0.5-3.0) (day or evening)

Justification: This course will specifically pair supplemental instruction with Intermediate Algebra students. The repeatability law requires greater differentiation of learning skills curriculum.

Prerequisite: None.
Recommended Preparation: None.

Description: Designed for students who need introductory supplementary instruction in Intermediate Algebra to reinforce course content and bolster academic skills. Faculty, instructional aides, or peer tutors working under the supervision of qualified faculty members in the Learning Center will provide individual and/or group instruction to improve students’ ability to create, manipulate, and interpret mathematical models of relationships involving exponential, polynomial, radical, and rational functions. (Units do not count toward the Associate Degree.)

Classification: Not degree applicable; not transferable.

880SD ESOL COMPOSITION SUPPLEMENT (0.5-3.0) (day or evening)

Justification: This course is intended to provide supplemental instruction for students enrolled in pre-transfer ESOL courses. The impact of the repeatability law requires that we provide greater differentiation in the Learning skills curriculum.

Prerequisite: None.
Recommended Preparation: None.

Description: Faculty, instructional aides, or peer tutors working under the supervision of qualified faculty members in the Learning Center will work with tutors to apply the writing process to generate, develop and present essays at a college level of English and critically evaluate and modify their own written language to enhance personal and academic communication. Open entry. (Units do not count toward the Associate Degree.)

Classification: Not degree applicable; not transferable.
MATHEMATICS

190 PATH TO STATISTICS (6.0) (day or evening)

**Justification:** By offering “Path to Statistics” the math departments aim to shorten the algebra sequence into one semester. Contextualizing the algebra curriculum and focusing the instruction on skills, methodologies and ways of thinking needed for understanding statistical applications is expected to ignite student interest, increase retention and success, and prepare students better to be successful in their transfer-level statistics course the following semester. This course is NOT intended for students who plan to study science, technology, engineering, math, as well as business and other non-STEM majors.

**Prerequisite:** MATH 811 or appropriate score on the District math placement test and other measures as appropriate, or equivalent.

**Recommended Preparation:** None.

**Description:** An accelerated course to prepare students for transfer-level Statistics (MATH 200), Quantitative Reasoning (MATH 201), and Quantitative Reasoning in Psychology (PSYC 171). It covers core concepts from elementary algebra, intermediate algebra, and descriptive statistics. Topics include ratios, rates, and proportional reasoning; arithmetic reasoning using fractions, decimals and percents; evaluating expressions, solving equations, analyzing algebraic forms to understand statistical measures; use of linear, quadratic, absolute value, exponential, and logarithmic functions to model bivariate data; graphical and numerical descriptive statistics for quantitative and categorical data. This course is designed for students who do not want to major in fields such as math, science, computer science, and business. Note: This course is NOT intended for students who plan to study science, technology, engineering, math, as well as business and other non-STEM majors. Students are advised to meet with a counselor to discuss whether placement in this class is appropriate for their intended major.

**Classification:** AA/AS Degree; not transferable.

MUSIC

286 BUSINESS OF INDEPENDENT MUSIC (3.0) (day or evening)

**Justification:** Music conservatories and departments in colleges are preparing fabulously talented musicians to perform at high levels of proficiency on their instruments, but are not addressing the need for the musician to understand the workings of the business side of music. Musicians graduating with degree's in music also need to know how to conduct themselves in business negotiations for work, marketing themselves, booking and contract negotiations on an independent level, publishing rights, copyright applications, and establishing small business benefits. This course will begin to help music students who wish to have a career in music create a viable path for themselves. This class will be a part of the Urban Music Academy Program currently in development in the Music department.

**Prerequisite:** None.

**Recommended Preparation:** Eligibility for ENGL 846 or ESOL 400, or equivalent.

**Description:** Exploration of the business side of music industry. Appropriate for students looking to start careers in the music business such as musician, recording artist, artist manager and booking agent. Topics include booking gigs, promotions, publishing, copyright, social media and branding.
Classification: AA/AS Degree; CSU transferable.

287.1 URBAN MUSIC ENSEMBLE I (1.0) (day or evening)

Justification: The Urban Music Ensemble is the ensemble performance class that is being developed for a future Urban Music Academy certificate program. Currently, the Music department does not have a music ensemble preparing and performing Urban Music.

Prerequisite: None.

Recommended Preparation: None.

Description: This course is for the study, rehearsal, and public performance and recording of Urban Music, in particular Hip Hop Themed, original works of composition, as well as literature appropriate to the ensemble. Special emphasis is on the development of skills needed to perform within a musical performance ensemble. Different literature will be studied each semester. Choice of instrument will be based either on student’s identified major instrument or voice.

Classification: AA/AS Degree; CSU transferable.

287.2 URBAN MUSIC ENSEMBLE II (1.0) (day or evening)

Justification: The Urban Music Ensemble is the ensemble performance class that is being developed for a future Urban Music Academy certificate program. Currently, the Music department does not have a music ensemble preparing and performing Urban Music.

**PHYSICS**

106 **CONCEPTUAL PHYSICS LABORATORY** (1.0) (day or evening)

**Justification:** This lab course is a standard offering at our transfer institutions. It allows students another pathway to fulfill a laboratory credit in the GE Natural Sciences category. Certain majors are required to take physics with lab, but not necessarily the higher level PHYS 210. That we do not currently offer a lab at the conceptual level forces them to take PHYS 210 needlessly. We have also polled students in PHYS 105 and found strong interest for this lab.
Prerequisite: Completion of, or concurrent enrollment in, PHYS 105.

Recommended Preparation: Completion of MATH 110, or MATH 111 and MATH 112, or equivalent; and eligibility for ENGL 846 or ESOL 400, or equivalent.

Description: A laboratory exploration of physical phenomena covered in Conceptual Physics lecture (PHYS 105). Intended to reinforce those topics through hands-on investigation and develop an understanding of the scientific method.

Classification: AA/AS Degree; CSU transferable.

SURGICAL TECHNOLOGY

880SA CLINICAL LAB PRACTICUM FOR CENTRAL SERVICE TECHNOLOGY (4.0) (day or evening)

Justification: Clinical Lab practice allows the student to gain confidence in the application of skills taught in SURG 445. This added hands-on experience will better prepare the student for an externship at a hospital-based sterile processing department and contributes to hour requirements for the international certification exam.

Prerequisite: None.

Recommended Preparation: None.

Description: This course provides the student with hands-on experience in the processing of surgical instruments and medical supplies for disinfection and/or sterilization in a simulated lab. The student will practice decontamination, disinfection, inspection, packaging, and sterilization of selected items. This course prepares the student for the clinical phase of the program and meets requirements for national and international certifications.

Classification: AA/AS Degree; Certificate; not transferable.

WELLNESS

680SB SELF-HELP STRESS REDUCTION TECHNIQUES (3.0) (day or evening, distance education)

Justification: This course is designed for students who are interested in greater self-care, for those who are in the field of massage therapy, as well as other healthcare careers, who are interested in learning about the therapeutic use of stress reduction techniques.

Prerequisite: None.

Recommended Preparation: None.

Description: This course will explore self-help stress reduction techniques that will provide support needed when dealing with challenging situations and everyday stress. Simple practices will be learned that help to center and ground ourselves. The course will present information and experience working with meditation, breathing, and guided visualization techniques, amongst other stress reduction modalities.
Classification: AA/AS Degree; CSU transferable.

880SC AROMATHERAPY FOR WELLNESS (3.0) (day or evening, distance education)

Justification: This course is designed for students who are interested in greater self-care, for those who are in the field of massage therapy, as well as other health care careers, who are interested in learning about the therapeutic use of energetic modalities.

Prerequisite: None.

Recommended Preparation: None.

Description: This course will explore energy modalities such as Polarity Therapy, Reiki, Homeopathy, Flower Essences, and Gem Elixirs. The course material will provide theory and practical application for these energy modalities. Historical information will be provided to enhance understanding of the modalities covered along with practical use information for personal use and enhancement of professional skills.

Classification: AA/AS Degree; not transferable.

880SD INTRODUCTION TO DEEP TISSUE MASSAGE I (1.0) (day or evening)

Justification: This course is designed for massage therapy students and professionals who already have an understanding of general wellness massage and who are interested in learning basic deep tissue skills. The course covers fundamental knowledge and techniques necessary to begin providing deep tissue massage for clients. Training in Deep Tissue Massage is often required by area employers, and deep tissue techniques are among those most requested by clients. We are looking to meet demand for high-quality, affordable continuing education for graduates of Skyline's Massage Therapy Certificate Program and for graduates of other community programs.

Prerequisite: None.

Recommended Preparation: Eligibility for ENGL 846 or ESOL 400, or equivalent; and passing performance in a basic massage therapy education program or at least a year of experience as a working massage therapist.

Description: Introduction to deep tissue massage for the upper body. Theory, basic technique, and body mechanics applicable to deep tissue massage will be presented, demonstrated, and practiced as applied to the upper body. Students are advised to review the anatomy of the upper body prior to the first day of class. NOTE: Students must bring 2 flat or 1 fitted and 1 flat sheet; 1 large towel; 1 small towel; 2 pillowcases; and lubricant of choice to class.

Classification: AA/AS Degree; not transferable.

BOARD REPORT NO. 13-6-2CA

TO: Members of the Board of Trustees
FROM: Ron Galatolo, Chancellor
PREPARED BY: Jing Luan, Ph.D., Vice Chancellor, Educational Services & Planning, 358-6880

ANNUAL REVIEW AND APPROVAL OF INSTRUCTIONAL MATERIAL FEES

San Mateo County Community College District has developed an approval and annual reviewing process for Instructional Material Fees to ensure that the District is in compliance with the California Code of Regulations (§59402) and the Board Policy 8.70. Our Board Policy states that students may only be required to provide materials that are of continuing value to them outside of the classroom setting.

The Instructional Offices of Cañada College, College of San Mateo and Skyline College have reviewed the proposed instructional material fees for 2013-2014 to ensure compliance with the regulations and Board Policy 8.70. Further, the fees are listed in the accompanying report for the Board of Trustees to review and approve.

RECOMMENDATION

It is recommended that the Board of Trustees approve the Annual Review of Instructional Material Fees.

RECOMMENDATION

It is recommended that the Board of Trustees approve the Community Services classes to be offered for fall/winter 2013 at Cañada College, College of San Mateo and Skyline College as well as off-campus locations.
BOARD REPORT NO. 13-6-4CA

TO: Members of the Board of Trustees

FROM: Ron Galatolo, Chancellor

PREPARED BY: Kathy Blackwood, Executive Vice Chancellor, 358-6790

APPROVAL OF OFF-CAMPUS FACILITIES, 2013-14

In order to bring programs and services to various sectors of the community that the District serves, it is frequently necessary to use facilities other than those provided at the Colleges. The additional off-campus facilities are used to provide programs that either require specialized facilities or are of such a nature that they need to be conducted at off-campus sites. Most of the sites are utilized at no cost to the District. Also, contract classes conducted by the Colleges and Community Education are often offered at off-campus facilities, as noted in the attachment.

The attachment indicates the planned off-campus sites for 2013-14, as submitted by Colleges.

RECOMMENDATION

It is recommended that the Board approve use of off-campus facilities for the 2013-14 academic year as detailed in the attached.

RATIFICATION OF MARCH AND APRIL 2013 DISTRICT WARRANTS

Attached as Exhibits A and B are the warrants in excess of $10,000 that were issued in the months of March and April 2013 respectively. The schedules include total warrants issued for the subject period in addition to the warrant sequences. The District now seeks Board approval of the warrants listed in the attached Exhibits.

RECOMMENDATION

It is recommended that the Board of Trustees approve the warrants issued during the period March 1, 2013 through April 30, 2013 and ratify the contracts entered into leading to such payments.

FROM: Ron Galatolo, Chancellor
PREPARED BY: Kathy Blackwood, Executive Vice Chancellor, 358-6790

ADOPTION OF RESOLUTION NO. 13-8 ESTABLISHING 2013-14 BUDGET LIMITS

Government Code Section 7910 (SB 1352, Chapter 1205, Statutes of 1980) requires that the Board establish, by resolution, its appropriations limit for each fiscal year. The Gann Limit worksheet must be available to the public 15 days prior to the Board meeting for adoption. The 2012-13 worksheet has been available in the Chancellor’s Office since June 5, 2013, and provides the basis for approval of Resolution No. 13-8.

The appropriations limit for 2012-13 totaled $142,712,561. The limit increased to $150,844,551 for 2013-14 with application of the inflation factor of 1.0512 and the population FTES change factor of 1.0055, as provided by the California State Department of Finance. The increase in the FTES factor is due to an increase in enrollment, which resulted in an increase in our CCFS 320 2nd period reported FTES. The calculated appropriations limit for 2013-14 is $42.6 million higher than the appropriations subject to that limit.

RECOMMENDATION

It is recommended that the Board of Trustees adopt Resolution No. 13-8 in compliance with California Government Code Section 7910 (SB1352, Chapter 1205, Statutes of 1980) for establishment of the 2013-14 appropriations limit at $150,844,551 as described in the attached Exhibit A.
RESOLUTION NO. 13-8

BY THE GOVERNING BOARD
OF THE
SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT
STATE OF CALIFORNIA

COMPLIANCE OF THE SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT BUDGET
WITH THE EXPENDITURE LIMITATION FOR LOCAL PROCEEDS OF TAXES IN
ACCORDANCE WITH ARTICLE XIIIB OF THE CONSTITUTION

WHEREAS, Senate Bill 1352, Chapter 1205 of the Statutes of 1980, implements the provisions of Article XIIIB of the Constitution; and

WHEREAS, Article XIIIB of the Constitution establishes an expenditure limitation for local proceeds of taxes for the 2013-14 fiscal year; and

WHEREAS, it is necessary for the San Mateo County Community College District to adopt a budget within said expenditure limitation;

NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees of the San Mateo County Community College District that, pursuant to the provisions of Article XIIIB of the Constitution and pursuant to the provisions of Senate Bill 1352, Chapter 1205, Statutes of 1980, an expenditure limitation for local proceeds of taxes for the 2013-14 fiscal year has been duly calculated; and

BE IT FURTHER RESOLVED that the level of expenditure of local taxes required to fund the 2013-14 fiscal year budget adopted for the San Mateo County Community College District does not exceed the limitation upon expenditures of local proceeds of taxes so calculated and established by this Governing Board.

REGULARLY PASSED AND ADOPTED this 17th day of June 2013.

APPROVAL OF DOMESTIC/INTERNATIONAL STUDENT INSURANCE PROGRAM, 2013-14

Each year, the Colleges make available a health insurance program to domestic and international students who need or wish to purchase such coverage. International students are required to have accident and sickness insurance when they enroll at any of the Colleges unless they provide proof that their parents’ insurance covers them in the United States. If international students do not have insurance coverage, they must obtain the insurance described herein on an individual basis.

The District seeks Board approval to offer the domestic/international student insurance program from Student Insurance Agency. Student Insurance Agency is underwritten by United Healthcare Insurance Company and offers many comparable features found in previous programs for students, including availability of emergency care and dental care, but also includes the new changes in mandated coverage under the Affordable Care Act (ACA). The domestic plan premium has increased considerably, primarily due to the increase in maximum benefit from $100,000 to $500,000 anticipating next year’s unlimited maximum benefit as required by the ACA.

Included in the coverage are hospital room stays, physician expenses, dental care, X-ray, and laboratory work. The $25 co-pay is waived if the student is referred by the Student Health Center. The reimbursement rate for services provided is 100% with no deductible for the students if services are rendered at the Student Health Center, and $250 per year deductible per person. The policy meets all of the mandates of federal regulations by providing medical evacuation and repatriation of remains benefits for international students. The 2013-14 premium for international students will be $1,434 per year, less than a 7% increase from 2012-13. The premium for domestic students will be $2,702 per year, more than a 70% increase from 2012-13 due to the anticipation of utilization of the increased maximum benefit as noted above.

RECOMMENDATION

It is recommended that the Board approve the 2013-14 voluntary insurance programs for domestic and international students underwritten by United Healthcare Insurance Company and administered through Student Insurance Agency, as detailed above.

APPROVAL OF STUDENT ACCIDENTAL INJURY INSURANCE PROGRAM, 2013-14

The District has maintained a student accidental injury insurance program since 1961, providing coverage for all enrolled students of the District. In an attempt to minimize premium increases, the District conducts an annual search for an insurance plan that would provide features equitable with previous years’ plans at a reasonable cost.

Student Insurance Agency submitted a proposal which is comparable coverage for the major features of prior plans. The plan offers combined student/athlete accidental injury coverage and catastrophic coverage.

The basic student/athlete accidental injury plan covers 100% reimbursement level for reasonable and customary charges, and a heart/circulatory benefit with no deductible. Additionally, the plan provides medical expenses for an accidental injury up to a limit of $50,000 for expenses incurred during the 52 weeks following an injury, with a limit of $25,000 for athletic injuries. An injured student’s medical expenses are covered when in excess of benefits from any personal medical insurance carried by that student. The benefits of the plan are primary, however, for students with no other medical insurance. The premium for the basic accidental injury plan for 2013-14 is $207,490.

The combined plan offered by Student Insurance Agency includes catastrophic coverage that the District has carried since 1989-90. The plan covers catastrophic injuries extending the benefit limits and period of coverage for athletic injuries for a premium of $26,856. The plan provides catastrophic coverage to students other than athletes for a premium of $19,916. The maximum lifetime benefit is $1,000,000.

The total cost for combined programs is $254,262 which is a 1% decrease from 2012-13 premiums. The annual cost for the basic and catastrophic coverage is offset somewhat by health fee income and is paid from the College budgets.

RECOMMENDATION

It is recommended that the Board of Trustees approve student accidental injury insurance and catastrophic injury programs through Student Insurance Agency, as described above, for a total premium amount of $254,262.

APPOINTMENT OF CANDIDATE TO FILL BOARD OF TRUSTEES VACANCY

At the Board of Trustees meeting of April 10, 2013, Trustee Helen Hausman announced that she would retire from the Board effective May 1. On April 24, the Board made the decision to fill the vacancy by appointment should the vacancy occur.

The Board subsequently interviewed seven of the twelve candidates who submitted applications. The interviews were conducted at open public meetings on June 5 and June 12. Following the interviews on June 12, the Board discussed the candidates and their qualifications. The Board agreed to continue the discussion and consider the appointment again at this meeting.
ELECTION OF BOARD OF TRUSTEE VICE PRESIDENT-CLERK

Upon the retirement of Trustee Helen Hausman and in accordance with Robert’s Rules of Order, Trustee Karen Schwarz assumed the office of President of the Board of Trustees, leaving the office of Vice President-Clerk vacant. The Board will elect a Vice President-Clerk to serve until the Board’s annual reorganization in December 2013.

ACCEPTANCE OF GRANT FUNDS FROM THE CAREER LADDERS PROJECT  
AND AUTHORIZATION TO EXECUTE GRANT AGREEMENT

The Career Ladders Project (CLP), in partnership with the California Community College Foundation, with support from the Walter S. Johnson and Stuart Foundations, prepared a Grant Agreement with Skyline College to begin the Youth Empowerment Scholars (YES) Community College Pathways (CCP) for Former Foster Youth program for the project term of April 1, 2013 – February 28, 2014, in the amount of $25,000.

It is currently estimated that 50 to 80 Skyline College students are foster youth or former foster youth. A priority of the proposed Youth Empowerment Scholars (YES) program is to standardize the identification process of foster youths in order to more efficiently serve this special population with systematic guidance and support. The YES program will begin with a plan to enroll 80 former foster youth, provide them with comprehensive wrap-around services, support and guidance, assist in their progress through their individually selected program and celebrate each successful completion/graduation.

RECOMMENDATION

It is recommended that the Board of Trustees authorize acceptance of grant funds as described and authorize the Chancellor and the Executive Vice Chancellor, or their designees, to execute an agreement with Career Ladders Project for the Youth Empowerment Scholars project at Skyline College.

APPROVAL OF CONTRACT AWARD FOR
MEAL SERVICES FOR THE CHILD DEVELOPMENT CENTERS AT
COLLEGE OF SAN MATEO AND SKYLINE COLLEGE

In May, 2013, the District solicited bids (RFB #86661) from qualified vendors to provide breakfast, lunch and afternoon snack meal services for the District’s Child Development Centers at College of San Mateo and Skyline College. The meals are partially subsidized by state and federal funding and, as such, qualified vendors must agree to provide meals, facilities and menus that meet or exceed stringent U.S. Department of Agriculture requirements. The bid was advertised in the newspaper and sent directly to other potential providers.

Chefables has been providing meal services to the District’s Child Development Centers since 2010. The District and the Center Directors have been pleased with Chefables’ level of service and meal quality. The firm supplies meals in compliance with the USDA Child and Adult Food Care Program standards and Chefables’ facilities have received highest ratings from both USDA and CDE inspections.

The proposed maximum price per child for the 2013-14 year is $4.87 per day which includes breakfast, lunch and an afternoon snack. This pricing is level with last year. The price per child varies slightly between the Centers depending upon the type of breakfast provided and whether or not the meal pattern at the Center includes an afternoon snack.

It is estimated that the annual cost for meals for 2013-2014 will not exceed $34,065 for the Mary Meta Lazarus Child Development Center at College of San Mateo and $72,546 for the Skyline College Children's Center. The Child Development Centers serve meals to a maximum of forty three (43) children per day at College of San Mateo and sixty eight (68) children at Skyline College. More than one-half the cost for meals is reimbursed by the State of California. Additional funding comes from the State Child Development Division and parent fees.

RECOMMENDATION

It is recommended that the Board of Trustees award a contract to Big Break, LLC dba Chefables, with the option to be renewed for one-year periods up to four times upon agreement of the District and Chefables. Any increase or decrease of the unit price(s) will be negotiated during the renewal process. The annual cost for the first year based on anticipated enrollments for 2013-2014 will not exceed $106,611.
BOARD REPORT NO. 13-6-102B

TO: Members of the Board of Trustees
FROM: Ron Galatolo, Chancellor
PREPARED BY: Barbara Christensen, Director of Community/Government Relations, 574-6510

APPROVAL OF BOARD POLICY 7.21, SPEECH: TIME, PLACE AND MANNER

Policy 7.21 is a new, legally required policy. The language was agreed upon as a result of discussions between AFT representatives and District staff.

The policy was brought to the Board at its meeting of May 15; the Board requested that the item be tabled until all current Board members could be present to discuss and take action on the policy.

RECOMMENDATION

It is recommended that the Board approve Board Policy 7.21 as shown on the attached.
1. Public expression in the form of freedom of speech and advocacy is a fundamental American right and an essential element in the marketplace of ideas of higher education. The Board of Trustees recognizes that fostering free speech and encouraging the broad expression of diverse views are essential to the District's goal of offering a rich educational environment. At the same time, in order to carry out its mission of teaching and public service, the District must maintain conditions under which the work of its faculty, students, and staff can be carried out freely, effectively and safely. The District interprets and applies State and Federal Constitutional provisions concerning freedom of expression in a broad and flexible manner so as to allow all views to be expressed while continuing to carry on the colleges’ mission of learning, research, and service. This protection of freedom of expression is within the District’s mission of learning. This policy is intended to ensure that free speech activities on District campuses are fostered while at the same time preventing unreasonable interference or conflict with the educational, research, outreach, and other functions of the District and its campuses.

2. No restrictions shall be placed on the subject matter, topics or viewpoints expressed by students, employees or members of the public, as long as it does not include expression which is obscene, libelous, slanderous or illegal according to current legal standards; or where such speech advocates for the use of force or law violation and where such advocacy is directed to inciting or producing lawless action on District property and is likely to incite or produce such action or the unreasonable disruption of classroom or college or district activities or operations. The District shall have no content-based nor viewpoint-based restrictions on speech.

3. Employment by the District does not in any way restrict or limit the Federal First Amendment and California Constitutional right to freedom of expression and political activity that employees enjoy as members of their communities during non-work time. Employees are free to speak and write publicly on any issue, as long as they do not indicate they are speaking on behalf of the District. During work hours, District employees have the right to express their opinions which relate, directly or indirectly, to their professional activities or education, in the classroom, in participatory governance meetings, at college sponsored functions and in other settings.

4. In the spirit of open discussion and freedom of expression, any individual or group may use campus and District exterior spaces, including lawns, plazas, quadrangles, patios, and similar or related open spaces on the College campuses and District grounds for the free exercise of academic freedom and free expression, subject to the regulations and the restrictions of this policy.

5. As a publicly financed California community college district, the District recognizes that students, employees and members of the public are free to exercise their rights of free expression and academic freedom on its premises, subject to the requirements and the restrictions of this policy, which are and
must be applied in a content-neutral, narrowly tailored manner, designed to serve a significant public interest.

a. Areas of the District which are enclosed, such as meeting rooms, auditoriums, classrooms and similar areas periodically may be designated by the District as designated public forums, where freedom of expression is protected, as determined by the circumstances.

b. While classrooms are intended for educational purposes, the District may designate a classroom as a designated public forum for a particular event or debate. Generally, a classroom environment is one in which academic freedom protects expression, although subject to the reasonable regulations of the instructor in charge, and other reasonable time, place and manner rules.

c. Even when used for educational purposes, classrooms are protected by principles of academic freedom, and comments made in classrooms by those expected to be there are protected by principles of free speech.

6. In order to protect the safety of all individuals on campus and to prevent the unreasonable interference with the educational, research, outreach, and other functions of the District and its campuses, the following content-neutral and narrowly tailored time, place and manner restrictions, designed to serve a significant public interest will apply to all public forums on campus. Speakers and organizers must:

- Allow the District’s regularly scheduled classes, research, events, ceremonies and normal and essential operations to proceed without unreasonable interference.
- Allow parking and the flow of vehicular and pedestrian traffic.
- Allow the ingress and egress to and from all buildings.
- Allow a group that has reserved the space to use it. An individual or group with a reservation will have priority in the use of the location.
- Allow a speaker or performer to be seen and heard by the audience.
- Maintain a noise level that allows classes, campus events and operations to occur without unreasonable interference. The use of sound amplification shall normally be allowed, except where such sound amplification creates noise or diversion that unreasonably disrupts classroom, College or District activities or operations.
- Assure that actions do not create an imminent health or safety hazard.
- Assure that actions do not destroy District property.

7. Because it is the District’s intention to assure maximum use of its grounds for free expression and in compliance with the California Civic Center Act, reservations normally shall be made to the District to ensure that a location is available for use at a specific date and time. An individual or group with a reservation will have priority in the use of the location. The District shall not deny a reservation application based on the speech content of the proposed activity or on the viewpoint of the individual(s) or group.

The District shall not prohibit speech or expressive activity on its campuses and grounds solely because the individuals(s) or group did not make or does not have a reservation. Any District denial of a reservation application shall be in writing and may be appealed to the Chancellor, who shall respond promptly in writing to the appeal.

The District shall deny a reservation or restrict speech or an event only when there is clear and convincing evidence that:
7.21 Speech: Time, Place and Manner (continued)

a. The event is likely to lead to an unreasonable disruption of previously scheduled campus activities or the conduct of education;

b. The location is unsuitable based on demonstrable health, safety or fire code restrictions;

c. The use or activity would present danger to the health, safety of people; or

d. The activity is prohibited by law.

8. Peaceful marches and picketing are permitted in the designated public forums of the District.

9. There shall not be restrictions on the right of students, employees and members of the public to exercise free expression, including but not limited to the use of bulletin boards, the distribution of printed materials or petitions, and the wearing of buttons, badges and other insignia, except as is limited by the reasonable time, place and manner restrictions of this policy, which are and must be applied in a content-neutral, narrowly tailored manner, designed to serve a significant public interest.

10. Nothing in this policy shall prohibit the regulation of hate violence (as defined by subsection (a) of Section 4 of Chapter 1363 of the Statutes of 1992) directed at members of the District community in a manner that denies their full participation in the educational process, so long as the regulation conforms to the requirements of the First Amendment of the United States Constitution, and of Section 2 of Article 1 of the California Constitution.
The District began using Moodle as its learning management system to support online coursework during the Fall semester of 2007. Since then there has been substantial growth in its use by faculty and students.

For example:

Our implementation of Moodle, also locally called WebAccess, is hosted by Moodlerooms. Due to the significant growth in our usage of Moodle to support online instruction, our costs for hosting are increasing for the next contract period. The hosting and support costs for the current year are $84,040.

At present, the version of Moodle that the District is using is outdated and no longer supported by the Moodle open source community. With this new agreement, the faculty will be trained in how to use the new features and interface of Moodle version 2.3+. In addition, we will receive assistance in migrating courses from version 1.9.19 to version 2.3+.

A task force was formed in the Spring to evaluate Remote-Learner as a hosting alternative for Moodle. The task force rejected Remote-Learner from further consideration when feedback from several client references reported significant reliability and performance concerns.

**RECOMMENDATION**

It is recommended that the Board of Trustees approve an agreement with Moodlerooms, Incorporated to host and support Moodle for the District for a three year period beginning September 28, 2013 at an initial cost of $91,000 for the first year, increasing to $113,000 for the second year and $135,000 for the third year.

APPROVAL OF 2015-2019 FIVE-YEAR CAPITAL CONSTRUCTION PLAN

On June 27 13, 2012 (Board Report No. 12-6-101B), the Board authorized submittal of the District’s 2014-2018 Five-Year Capital Construction Plan (5YCP) and the related Initial Project Proposals (IPP’s) and Final Project Proposals (FPP’s) to the California Community Colleges Chancellor’s Office (CCCCO). The authorization was in accordance with the Community College Construction Act and both the Education Code Section 81800, et seq., and State Administrative Manual 6610. The plan constitutes the first part of the capital outlay proposal process and was prepared according to current guidelines.

The CCCCO reviews and evaluates submitted plans for conformance to existing guidelines and potential for funding. Competition is increasingly fierce in light of the Legislature’s decisions not to put statewide bonds on the 2008, 2010 or 2012 ballots. Because of the lack of a statewide bond, in 2008 the CCCCO un-approved two years’ worth of projects (including six District projects) previously approved for the 2009-2010 and 2010-2011 funding cycles. With these projects, along with those submitted in 2011 and 2012, a significant and growing backlog of projects is now competing for limited funding. With the majority of this funding guaranteed for life-safety projects, the San Mateo County Community College District was fortunate that in 2011 the CCCCO approved FPP’s submitted for the modernization of Cañada College’s Multiple Program Instructional Center (Building 13), College of San Mateo Emerging Technologies Center Project (Building 19) and the Skyline College Workforce and Economic Development Prosperity Center (Building 2). The CCCCO has elected to move these three approved projects from fiscal year 2013/2014 to fiscal year 2014/2015. These three projects are currently carried on the CCCCO list of “approved” projects, based on the assumption that a statewide bond will be included on the November 2014 ballot and will be approved by California voters. Because the CCCCO has approved these three fiscal year 2014-2015 FPP’s, the District will not submit new FPP’s for fiscal year 2014-2015 in this planning cycle, as only one project per campus will be approved per planning cycle.

In preparing and submitting the 2015-2019 plan, the District maintains its priorities with regard to funding improvements for (1) buildings and facilities, (2) improvements and modifications to meet the needs of the physically limited, and (3) response to safety concerns.

This report is broken down into three categories:

I. Past Fiscal Year State Capital Outlay Projects (Approved, State funding available)
II. Fiscal Year 2014-2018 State Capital Outlay Projects (Approved, but State funding not available)
III. Fiscal Year 2014-2018 State Capital Outlay Projects (Submitted for future funding consideration)
IV. Locally funded current and future projects

Each project is described under these sections and this report is meant to give the Board and community a detailed understanding of the projects anticipated to be implemented in the 2015-2019 timeframe.
I. Past Fiscal Year State Capital Outlay Projects (Approved, State funding available)

CAÑADA COLLEGE- BUILDINGS 5 & 6 REACTIVATION OF ACADEMIC FACILITIES AND CODE COMPLIANCE UPGRADES

Project Description: This project converted approximately 17,124 Assignable Square Feet (ASF) in Buildings 5 and 6, vacated as a result of the new Library/Learning Resource Center/Student Services Facility. Accessibility upgrades were required as a condition of extensive modernization, and were accomplished via this project along with the creation of new classrooms, assembly spaces and major building systems upgrades. Also included in the project is the addition of 1,400 Gross Square Feet (GSF) of new construction associated with a new elevator to improve access to the buildings. Renovations to the Cañada cafeteria are expected to transform this space into a vibrant location for student interaction.

Total Project Cost: The total cost of this project was $14.378 million. State Capital Outlay funds of $4.917 million were approved by the CCCCO, which was supplemented by $9.461 million in Measure A general obligation bond funds.

Status: The project is complete and in the process of being closed out with the CCCCO; occupancy was phased over Summer and Fall 2011.

CAÑADA COLLEGE - ELECTRICAL INFRASTRUCTURE REPLACEMENT

Project Description: This project corrected the safety and serviceability deficiencies of the aged electrical infrastructure at Canada College which was constructed in the 1960’s. The aging power infrastructure had deteriorated to the point where failures were increasingly common. This posed potential disruptions to College operations, including class cancellations, property damage, loss of data, compromised ongoing science experiments, diminished employee productivity, recovery costs, and mental anguish and stress among students, faculty and staff. The code compliance and safety violations presented significant liability risk of losses to life and property. This FPP received State funding to replace the critical components of the electrical power infrastructure as part of a priority A-4 Immediate Infrastructure Failure project.

Total Project Cost: The total cost of this project was $3.978 million. State Capital Outlay funds of $2.778 million were approved by the CCCCO, which was supplemented by $1.200 million in Measure A general obligation bond funds.

Status: Construction is complete and the project went on-line January 2012. The project is in the process of being closed out with the CCCCO.

COLLEGE OF SAN MATEO - NORTH GATEWAY PROJECT (Demolition of Seismic Hazardous Buildings 21-29)

Project Description: This project has removed seismic hazards from the College of San Mateo. Four buildings on the CSM campus, Buildings 21, 23, 25, and 27, were rated F in a seismic survey and by additional structural analysis. Some of the buildings contained hazardous materials, which could have been widely dispersed in the event of a structural collapse. The project removed these dangers through demolition of Buildings 21-29 and will repair and reconfigure the site with accessible pathways, recreating the Galileo Parking Lot (Lot 6), refreshed landscaping, installation of energy efficient LED lighting and a student gathering space. Additionally, load center #4 of the
site’s main electrical distribution system was decommissioned due to safety concerns stemming from water infiltration into the vault. The creation of new load center #8 as part of the first phase of this project allowed the contractors to safely disable the electrical system prior to the demolition of the buildings. In order to expedite resolution of the safety issues associated with the required replacement load center #4 with the new load center #8, the work included in this project was separated into three phases.

**Total Project Cost:** This project has an estimated cost of $18.552 million. State Capital Outlay funds of $10.907 million have been approved by the CCCCO, supplemented by $7.645 million in Measure A general obligation bond funds.

**Status:** Phase I, Load Center #8, commenced in December 2010 and is now complete. The new load center #8 has been constructed, installation of electrical equipment has been completed and the electrical cutover from load center #4 to load center #8 occurred in June of 2011. All Phase I work is complete.

The second phase of the project abated all hazardous building materials from Buildings #21-29, in preparation for demolition. All asbestos and lead containing building materials, and all above-ground transite pipe have been removed and properly disposed of by a licensed hazardous materials abatement contractor and the buildings are now ready for demolition.

The third phase of the project, including demolition of Buildings 21-29 and the balance of the work described above, was bid last year and a construction contract was awarded. The structures were demolished and the concrete building materials recycled on site. These recycled building materials will be incorporated into the project as aggregate base for the reconstructed parking lots. Due to legal challenges, the reconstruction work was delayed following building demolition. The ruling precluding the continuation of work has now been lifted and reconstruction work is underway. The project is scheduled to be complete May 2014, and the parking lots available for use for the summer 2014 session.

**SKYLINE COLLEGE - ELECTRICAL INFRASTRUCTURE REPLACEMENT**

**Project Description:** This project replaced underground Load Center #2 with a new above-grade pad-mounted load center as a priority A-4 Immediate Infrastructure Failure Project. The electrical infrastructure at Skyline College was constructed in the 1960’s. Critical components had deteriorated and were no longer code compliant.

The aging power infrastructure had deteriorated to the point where failures were increasingly common, occurring several times a year. This created significant disruptions to college operations, including class cancellations, property damage, loss of data, compromised ongoing science experiments, diminished employee productivity, recovery costs, and mental anguish and stress among students, faculty and staff. The code compliance and safety violations presented liability and risks of losses to life and property. This FPP received State funding to replace the critical components of the electrical power infrastructure as part of a priority A-4 Immediate Infrastructure Failure project.

**Total Project Cost:** The total cost of this project was $1.530 million. State Capital Outlay funds of $0.580 million were approved by the CCCCO, which was supplemented by $0.950 million in Measure A general obligation bond funds.

**Status:** Construction is complete and the project went on-line January 2012. The project is in the process of being closed out with the CCCCO.
II. Fiscal Year 2015-2019 State Capital Outlay Projects (Approved, but State funding not available)

CAÑADA COLLEGE - BUILDING 13 MULTIPLE PROGRAM INSTRUCTIONAL CENTER

**Project Description:** This project involves the modernization of the academic classroom Building 13. The building was one of the original instructional buildings built on the Cañada campus in 1968. The project proposes code upgrades to 12,110 gross square feet of restroom facilities, corridors and vertical circulation systems. The modernization will serve several purposes. This modernization will improve facility accessibility for ADA compliance and replace building finishes and components that have exceeded their service life expectancy. The project will replace the mechanical and electrical systems. Modernization of faculty offices is a part of this proposed project.

**Total Project Cost:** The reconstruction of this facility has an estimated total project cost of $18.880 million, with $9.631 million requested from State Capital Outlay funding, supplemented by $9.249 million in local funds.

**Status:** Based on the assumption that a statewide bond passes in November 2014, design would commence in late 2014 with construction starting in early 2016. Assuming State Capital Outlay funding is secured, the facility would be ready for use in 2016-2017.

COLLEGE OF SAN MATEO BUILDING 19 – EMERGING TECHNOLOGIES CENTER

**Project Description:** This FPP includes modernization of Building 19 to allow for the consolidation and centralization of highly active technology programs in Computer Information Science (CIS), Electronics, Engineering, Architecture, Building Technology, and Computer Aided Drafting. The building will support the mission of integrative learning wherein departments actively blend curricula and faculty to bring different disciplines together to work on projects. The Technology Building will be home to Engineering, Architecture, Drafting, Electronics, Computer Information Sciences, and Building Inspection. The proximity of these disciplines will provide a unique opportunity to simulate industry’s “Architecture, Engineering, and Construction” (A/E/C) process model for both large and small projects.

Students enrolled in programs in this facility will be trained to transfer to more advanced programs in architecture, engineering and building technology at the university level or will be able to join the local Bay Area job market in advanced computer technology, electronics, engineering and building technology fields. The College and the District will form partnerships with local industry to develop more directed areas of study that fit the needs of local employers and better develop the students’ capability toward skilled and professional advancement.

**Total Project Cost:** The total project cost is $20.420 million, with $12.528 million requested State Capital Outlay funding, supplemented by $7.892 million in local funds.

**Status:** Based on the assumption that the CCCCO again authorizes the project to proceed, and funding is secured via a new statewide bond in 2014, design would commence in late 2016 with construction starting in late 2017. Assuming funding is available from the State, the facility would be ready for use in 2018-2020.
SKYLINE COLLEGE - BUILDING 2 WORKFORCE DEVELOPMENT AND ECONOMIC PROSPERITY CENTER

**Project Description:** This project provides a readily accessible integrated service center that responds to the need to link services, benefits, opportunities, and instruction to build on the State's investment in workforce and economic development and to strengthen the connections of the public to benefits and opportunities that help build personal and community economic sustainability. In particular, it addresses the specific needs of students by linking their educational experience with the job market and long term careers. The services consist of three strands: employment/career services, income/work supports, and financial services/asset building.

This 14,520 ASF facility includes a job placement center, resource libraries, international trade and development center, center for workforce development, and an English language institute. To be located in Building 2, part of the project includes activating 7,897 ASF of unassigned space.

**Total Project Cost:** The total project budget is estimated to be $25.909 million, with $18.269 million in requested State Capital Outlay funding, supplemented by $7.640 million in local funds.

**Status:** Based on the assumption that a statewide bond passes in November 2014, design would commence in late 2014 with construction starting in early 2016. Assuming State Capital Outlay funding is secured, the facility would be ready for use in 2018-2019.

III. Fiscal Year 2015-2019 State Capital Outlay Projects (Submitted for future funding consideration)

CAÑADA COLLEGE - BUILDING 3 PERFORMING ARTS CENTER TECHNOLOGY AND ENVIRONMENTAL MODERNIZATION

**Project Description:** This project addresses academic issues brought about by changes in pedagogy over the past 20 years. Significant changes have occurred in the technologies that support the teaching of the fine arts, especially photography, as well as the theater and the theater support areas. Lighting, sound systems and backstage support rooms require renovation in order to properly train students in the use of these new technologies.

The photography program spaces need to be reconfigured to provide a safer and cleaner working environment. Existing utility infrastructure systems (e.g. electrical, mechanical, data, elevator, security, etc.) all require upgrades to comply with current codes and improve the learning environment.

**Total Project Cost:** The total project cost is $3.207 million, with $2.245 million requested State Capital Outlay funding, supplemented by $962 thousand in local funds.

**Status:** If the CCCCO approves this IPP, an FPP will be developed and submitted as part of the 2016-2020 planning process. Funding sources for Fiscal Year 2015-2016 FPP’s have not yet been confirmed.

COLLEGE OF SAN MATEO – BUILDING 9 MODERNIZATION LEARNING RESOURCE CENTER

**Project Description:** The library at College of San Mateo was constructed in 1963 and houses the learning resource functions and a television studio. The building has seen minor remodeling and a
seismic upgrade over the past 40 years and is need of a major modernization to catch up with the media and library technologies relevant to today and conform to current codes, particularly ADA.

This project modernizes 49,402 GSF in the heart of the campus. It upgrades internal spaces of the library to address the infusion of the digital elements so prevalent in library systems of today. It reconditions the distance learning TV studio and support spaces to provide for the audio and video elements essential to broadcasting in a digital environment.

The project also addresses the inadequacy of the utility systems, acoustics, and environmental controls of the building.

**Total Project Cost:** The total project cost is $14.291 million, with $10.004 million requested State Capital Outlay funding, supplemented by $4.287 million in local funds.

**Status:** If the CCCCO approves this IPP, an FPP will be developed and submitted as part of the 2016-2020 planning process. Funding sources for Fiscal Year 2015-2016 FPP’s have not yet been confirmed.

**SKYLINE COLLEGE – BUILDING 5 LEARNING RESOURCE CENTER TECHNOLOGY AND ENVIRONMENTAL UPGRADE**

**Project description:** This Initial Project Proposal (IPP) project proposes to address program issues related to the library/LRC. Substantial changes in the technologies supporting library and LRC programs have occurred rapidly during the last 10 years. This project addresses these changes by reconfiguring spaces to incorporate techno-media-internet elements into the program. In addition, the project incorporates energy saving technologies, sustainability and, in general, reduction of operating costs of this high cost building. The project also results in reestablishment of points of access/egress to respond to the beaten path used by students to get to the parking lots; use of the single door at the loading dock has resulted in a potential danger to students who are looking for the shortest distance to the lot.

**Total Project Cost:** The total project cost is $15.764 million, with $11.035 million requested State Capital Outlay funding, supplemented by $4.729 million in local funds.

**Status:** If the CCCCO approves this IPP, an FPP will be developed and submitted as part of the 2016-2020 planning process. Funding sources for Fiscal Year 2015-2016 FPP’s have not yet been confirmed.

**SKYLINE COLLEGE - SOCIAL SCIENCE/CREATIVE ARTS COMPLEX**

**Project Description:** This project replaces the 77,587 gross square feet Fine Arts Building (Building 1). Built in 1969, the building is in need of extensive modernization to the extent that replacement becomes the more practical solution. The building provides teaching and learning spaces for the arts and social sciences including theatre, photography, painting, ceramics, music, digital arts, dance, paralegal, administration of justice, philosophy, psychology, history, and sociology.

**Total Project Cost:** The total project cost is $32.117 million, with $22.482 million requested State Capital Outlay funding, supplemented by $9.635 million in local funds.
**Status:** If the CCCCO approves this IPP, an FPP will be developed and submitted as part of the 2016-2020 planning process. Funding sources for Fiscal Year 2015-2016 FPP’s have not yet been confirmed.

IV. **Locally funded current and future projects**

**CAÑADA COLLEGE – BUILDING 1 CENTER FOR KINESIOLOGY AND DANCE**

**Project Description:** The CCCCO previously approved this FPP under the project name “Building 1 Physical Education Conversion & Code Compliance Upgrade.” At the request of the College, the FPP was revisited prior to resubmittal in 2011 to ensure that it reflected the current needs and priorities of the College, and was renamed as part of this process. Upon further study, staff has determined that the facility requirements associated with the College’s planned instructional programs will exceed the limitations of the State Capital Outlay Process, particularly the inclusion of an Aquatics Complex in the project. In view of the desired scope for this project, the growing backlog of projects in the queue for Capital Outlay funding, and continuing indications from the CCCCO that physical education projects will not be prioritized for funding, the administration has elected to remove this project from the Capital Outlay funding queue, and to utilize future local general obligation bond funds to insure the project meets the needs of the institution. Consideration is being given to demolition and replacement of Building 1, in lieu of renovation of the existing 43 year old Building. Programs housed in this facility will allow completion of certificate degrees and transfers in Kinesiology, Fitness Professional, and Dance. The project will include appropriate locker rooms to meet accessibility codes and to comply with Title IX requirements. In addition, this project will add a classroom dedicated to the advancement of the Kinesiology and Fitness Professional programs.

**Total Project Cost:** A conceptual cost estimate for this project is $32.500 million, to be funded by a future general obligation bond.

**Status:** Design will commence upon voter approval of a future general obligation bond.

**CAÑADA COLLEGE – SOLAR ARRAY**

**Project Description:** As part of a Districtwide study to explore opportunities to improve sustainability of operations, reduce utility expenditures, and model environmental stewardship to its students and to the community, the District commissioned a report to identify possible locations for a solar array on Cañada’s campus. The location was selected to provide maximum return on investment to the District. Consideration of campus functionality and the possibility of additional future expansion of campus facilities outside the range of time anticipated in this plan were also taken into account.

**Total Project Cost:** The cost estimate for this project is $5.000 million. This project is to be funded via a future general obligation bond. Alternate funding sources, including PG&E incentives and Proposition 39 funding will also be pursued.

**Status:** Design will commence upon identification of funding.

---

1 Title IX is a 1972 federal civil rights law prohibiting discrimination in education programs and activities receiving federal funds. It was the first comprehensive federal law to prohibit sex discrimination in these institutions.
CAÑADA COLLEGE - SCIENCE/ALLIED HEALTH/WORKFORCE DEVELOPMENT BUILDING

**Project Description:** The Facilities Master Plan identifies two possible locations for a new Science, Allied Health, and Workforce Development Building. Either location would help to anchor and define the North Quad area of the campus. The new building should also house large lecture halls to improve the utilization of campus facilities.

**Total Project Cost:** A conceptual cost estimate for this project is $40.000 million. This project is to be funded via a future general obligation bond.

**Status:** Design will commence upon voter approval of a future general obligation bond.

COLLEGE OF SAN MATEO - EDISON PARKING LOT PROJECT

**Project Description:** Building 20 and the associated greenhouses are nearly 50 years old, in great disrepair, non-ADA compliant and grossly underutilized (most programs that had been located there have moved to the new College Center). The Board of Trustees approved the discontinuance of the Horticulture program. In addition, the one classroom located in Building 20 is not needed due to the fact that the College has added approximately 41,750 sq. ft. of new classroom, lab and office space over the past eight years. The District's facilities condition database indicates that all building systems in Building 20 are beyond their service life, except for the floor slab, exterior walls and roof. The FCI Facilities Condition Index for Building 20 is 68.36%, which indicates it is in very poor condition.

As a result, the Administration determined that it would be best to demolish Building 20 and the associated greenhouses; construct approximately 125-200 parking spaces (replacing 30-40 spaces now there); and retain a garden area to be used by science classes. Due to the opening of the new Building 10, new parking spaces on the east side of campus are definitely needed. The garden area (which currently is in great disrepair due to years of neglect) can be used for the plant species that are most critical to the College’s biological sciences programs.

**Total Project Cost:** This project has an estimated cost of $3.300 million and is funded by Measure A general obligation bond funds.

**Status:** The District plans to deliver this project via the Design-Build delivery method. The project is currently on hold pending resolution of legal challenges.

COLLEGE OF SAN MATEO - BUILDING 8 DEMOLITION AND NEW KINESIOLOGY BUILDING

**Project Description:** The CCCCO has previously approved this project for Capital Outlay funding; however, the project remains unfunded. Upon further study, staff has determined that the facility requirements associated with the College’s planned instructional programs will exceed the limitations of the State Capital Outlay Process. In view of the desired scope for this project, the growing back log of projects in the queue for Capital Outlay funding, and continuing indications from the CCCCO that physical education projects will not be prioritized for funding, the administration has elected to remove this project from the Capital Outlay funding queue, and to utilize future local general obligation bond funds to insure the project meets the needs of the institution. Consideration is being given to demolition and replacement of Building 8, in lieu of renovation of the existing 43-year-old building. Programs housed in this facility will allow
completion of certificate degrees and transfers in Kinesiology, Fitness Professional, and Dance. The project will include appropriate locker rooms to meet accessibility codes and to comply with Title IX requirements.

**Total Project Budget:** A conceptual cost estimate for this project is $20,000 million. This project is to be funded via a future general obligation bond.

**Status:** Design will commence upon voter approval of a future general obligation bond.

**COLLEGE OF SAN MATEO – BUILDING 1 DEMOLITION**

**Project Description:** This Project will demolish Building 1 (24,930 GSF). Primary building occupants have moved into the locally funded, newly constructed, Building 10N. The 43-year-old Building 1 was constructed along with the core of the campus in 1963 and was among the first buildings built on the site. It has never undergone any substantive renovations or remodeling for the past 40 years. There are significant code compliance and infrastructure issues in the building. The building is tremendously inefficient with 24,930 gross square feet rendering only 15,954 square feet of assignable space. The cast-in-place concrete construction renders reconfiguration to meet code and infrastructure issues within an efficiently utilized space nearly impossible, and more costly than demolition and re-construction. If funds can be identified, the District would propose construction of a new code compliant and efficient District Computer Center on this site.

**Total Project Cost:** A conceptual cost estimate for this project is $4,250 million. This project is to be funded via a future general obligation bond.

**Status:** Design will commence upon voter approval of a future general obligation bond.

**COLLEGE OF SAN MATEO – BUILDING 3 THEATER MODERNIZATION**

**Project Description:** This project proposes to complete the renovation of Building 3 Theater (27,027 GSF) to support the educational mission and performing arts at College of San Mateo. The theater has undergone partial renovations over the past 40 years; however, a substantive remodel and reconfiguration of spaces will address program needs and bring the facility into the 21st century. In addition to the programming changes, there are infrastructure issues that need to be corrected to meet the needs of the modern theater and associated support and office space. Included as part of this project will be classroom renovations including the introduction of smart classroom technologies, safety and security enhancements, installation of the District’s electronic security system, improving the indoor air quality with substantive changes to the building’s failing ventilations system, as well as modernizing zone controls, renovating restrooms, addressing ADA accessibility issues, installing a much-needed elevator and activating the Theater lobby.

**Total Project Cost:** A conceptual cost estimate for this project is $5,000 million. This project is to be funded via a future general obligation bond.

**Status:** Design will commence upon voter approval of a future general obligation bond.

**COLLEGE OF SAN MATEO - BUILDING 12 MODERNIZATION**

**Project Description:** Building 12 is more than 45 years old and is the last building standing of the four that once housed science programs at College of San Mateo. In 2004, the College undertook construction of a new science facility using local bond funds to accommodate changing
programmatic needs and provide safer science facilities. After completion of the new facility, the space in Building 12 was classified as ‘Unassigned’ Room Type 050. As part of the Master Plan for reinvigoration of this campus, it is the intent of the College to renovate this inactive space to serve the growing requirement for multi-discipline lab and lab serve facilities. The existing electrical, plumbing, HVAC, data and security systems have exceeded their life cycle and serviceability. This project seeks to renovate and remodel approximately 8,990 assignable square feet of ‘inactive’ space for instructional and support facilities. In addition, the project provides elevator upgrades to address accessibility issues.

**Total Project Cost:** A conceptual cost estimate for this project is $4.200 million, to be funded by a future general obligation bond.

**Status:** Design will commence upon voter approval of a future general obligation bond.

**COLLEGE OF SAN MATEO - BUILDING 7 FACILITY MAINTENANCE CENTER DEMOLITION & RECONSTRUCTION**

**Project Description:** The Master Plan proposes to improve the College’s ability to maintain its building assets by constructing a new Facilities Maintenance Center. The new center will replace the outdated and inadequate facility and provide appropriate administrative, operational, office, engineering, shop spaces and vehicle storage for the facilities and maintenance. The project scope also includes stabilization and upgrades for the corporation yard.

**Total Project Cost:** A conceptual cost estimate for this project is $15 million. This project is to be funded via a future general obligation bond.

**Status:** Design will commence upon voter approval of a future general obligation bond.

**DISTRICT OFFICE / COLLEGE OF SAN MATEO – DATA CENTER AND PUBLIC SAFETY BUILDING**

**Project Description:** This new building at the College of San Mateo site will provide for the consolidation of the rapidly increasing information technology functions that service this multi-college district and are a necessary component to the advancement of college programs into the digital age. The District Computer Center provides technical support for the computer needs of both the academic programs and the administrative units throughout the District. The District Computer Center will be responsible for the operation and maintenance of all computer equipment and software, telephone system, website support and management, programming, repair of computers, receipt and preloading of computers, instructional support for faculty, training, Q&A support, and even e-Waste disposition and recycling. Some of the functions are currently performed in 4,452 ASF of the District Office building. Because of the inability to provide additional space in the building, the remaining functions are performed by using 9,000 ASF of swing space on the College of San Mateo campus which is scheduled to be demolished. Location of this new facility on the footprint of Building 1 on the College of San Mateo Campus is under consideration. The estimated cost noted below assumes this location, and includes the cost of demolition of Building 1, relocation of utilities as necessary, and accommodation of Districtwide and College of San Mateo Public Safety staff.

**Total Project Cost:** A conceptual cost estimate for this project is $20.000 million. This project is to be funded via a future general obligation bond.
**Status:** Design will commence upon voter approval of a future general obligation bond.

**SKYLINE COLLEGE – BUILDINGS 19 & 20, PACIFIC HEIGHTS DEMOLITION AND NORTH CAMPUS IMPROVEMENTS**

**Project Description:** This project proposes to demolish two obsolete buildings, Buildings 19 and 20, located in the Pacific Heights section of the Skyline College campus. The project removes 26,832 ASF from the campus space inventory including 14,806 ASF of classroom, 7,870 ASF of class laboratory, 3,442 ASF of office, and 714 of other space. The project will terminate all utilities, remove all debris from the site, and landscape the area vacated by the buildings in a manner consistent with the existing campus.

**Total Project Cost:** A conceptual cost estimate for this project is $10.000 million. This project is to be funded via a future general obligation bond.

**Status:** Design will commence upon voter approval of a future general obligation bond.

**SKYLINE COLLEGE – ENVIRONMENTAL STUDIES**

**Project Description:** With the increased sensitivity to and the growth in the green technologies, the College has experienced a growth in the in the environmental sciences program. The program is currently housed in scattered locations around the campus. This new building is to serve as a model for sustainability and a home to the programs that support these new technologies.

**Total Project Cost:** A conceptual cost estimate for this project is $14.700 million.

**Status:** Design will commence upon identification of funding.

**SKYLINE COLLEGE - CENTER FOR KINESIOLOGY AND HUMAN PERFORMANCE**

**Project Description:** The project proposes construction of 118,600 ASF/154,190 GSF of new facilities to respond to the growing demand for programs in fitness and wellness. These physical fitness programs at the College represent more than a third of the physical education program enrollment with 157 FTEs in 2006-2007; in the past, it has been as high as 271 FTEs. The demand is becoming difficult to keep pace with due to the competition in the use of existing PE spaces, many of which are not constructed to adequately support the fitness programs and are required for use in the other physical education programs which are growing as well. The Wellness Center facilities will include Fitness Training, Spinning classes, Sports Medicine Training, and an area for Yoga, Dance & Pilates. These spaces are significantly different than the main gym floor and the weight rooms that currently make up the main gym. In addition, the planned location of this building near the new Cosmetology/Multicultural Building, constructed using local funds, brings the Cosmetology & Wellness programs together and will allow the programs to appeal to a broader audience of students and public patrons who might not be aware of the diverse offerings that Skyline College can provide. In preparation for construction of this facility, temporary Buildings 31, 32, 33, 34 and 35 will be demolished.

**Total Project Cost:** A conceptual cost estimate for this project is $77.500 million. This project is to be funded via a future general obligation bond.

**Status:** Design will commence upon voter approval of a future general obligation bond.
SKYLINE COLLEGE AND COLLEGE OF SAN MATEO – RENEWABLE AND ALTERNATIVE ENERGY PROJECTS

**Project Description:** As part of a Districtwide study to explore opportunities to improve sustainability of operations, reduce utility expenditures, and model environmental stewardship to its students and to the community, the District is working to identify possible types and locations for renewable and alternative energy installations. Technologies being considered include micro-wind turbines, fuel cells and / or micro-turbine co-generation units. Potential installations will be evaluated based upon proven performance track records, integration with campus aesthetics and operations, and financial performance. Consideration of campus functionality and the possibility of additional future expansion of campus facilities outside the range of time anticipated in this plan will also be taken into account.

**Total Project Cost:** Project costs cannot be estimated at this time, pending identification of appropriate technologies and locations for installations. This project is to be funded via a future general obligation bond. Alternate funding sources, including PG&E incentives and Proposition 39 funding will also be pursued.

**Status:** Design will commence upon identification of funding.

**RECOMMENDATION**

It is recommended that the Board of Trustees authorize submission of the District’s 2015-2019 Five-Year Capital Construction Plan to the California Community Colleges Chancellor’s Office, along with related Initial and Final Project Proposals seeking State Capital Outlay Funding.
BOARD REPORT NO. 13-6-105B

TO: Members of the Board of Trustees
FROM: Ron Galatolo, Chancellor
PREPARED BY: Kathy Blackwood, Executive Vice Chancellor, 358-6869

ADOPTION OF THE 2013-14 TENTATIVE BUDGET

In accordance with State law, the Tentative Budget must be adopted by the Board of Trustees on or before July 1, 2013. The budget will be revised during the summer to reflect needed changes resulting from passage of the State Budget and from 2012-13 year-end close activities. The Tentative Budget also will be revised to reflect other revisions that occur up to the time that the Final Budget is presented to the Board of Trustees for approval on September 25, 2013.

The Tentative Budget is derived from revenue projections based upon the latest information available from the State Chancellor’s Office and estimates for local revenue. Expenditure projections are based upon data currently available relating to District obligations, set-asides, and site allocations. The Tentative Budget is a compilation of information presented to the Board subsequent to adoption of the 2013-14 Budget and Planning Calendar on January 23, 2013.

RECOMMENDATION

To meet the California Code of Regulations, Section §58305 requirements for Tentative Budget approval, to proceed with the orderly closing of the 2012-13 accounting records, and to begin 2013-14 disbursements in July 2013, it is recommended that the Board of Trustees adopt the following Tentative Budget:

THE TENTATIVE BUDGET REPORT provides a summary of 2013-14 the State budget and District budget planning information. It focuses primarily on the Unrestricted General Fund; however, preliminary information is also included about other District funds shown in detail on Exhibits B through L.

Governor Brown presented his customary annual May Revise on May 14th. He remarked that it is “prudent, not exuberant.” After several years of State deficits, the budget proposes to be balanced with a surplus. The Governor expressed his plan to create a different fiscal environment from the past and is committed to fiscal restraint. Note that the proposed budget does not account for long term pension and medical benefit liabilities.

According to the Department of Finance, the surge in revenue of $4.5 billion was unexpected and they acknowledged that the bulk of this is one time, not ongoing which will not address recent cuts. The surplus is attributed to the passage of ballot initiatives by voters in November 2012. A recent poll by the Public Policy Institute of California (PPIC) shows that Californians are more optimistic about the economy in the coming year. In addition to an improving housing market nationally and locally, numbers released by the U.S. Bureau of Labor Statistics reinforces this sentiment as the State’s unemployment rate dropped from 9.4% to 9% in April. Additionally, the UCLA Anderson forecast anticipates the national unemployment rate to average 7.1% in 2014.

May Revision

State Vice Chancellor Dan Troy summarized the highlights of the May Revision as it relates to California Community Colleges (CCCs) below:

Policy Proposals

1) 90-unit cap proposal withdrawn  
2) Census proposal withdrawn  
3) Online proposal does not change  
4) FAFSA: require BOG to develop process for determining student independence (e.g., prior year tax return). Allow one term grace period for completion of FAFSA.

Adult Education

- Initial proposal withdrawn
- $30M, to be spent over two years, is proposed for planning of regional adult education programs (consortium that could include CCDs, K-12, CBOs, jails, etc.)
- Plan is for $500M to be appropriated in 2015-16
- Entities participating in consortia must maintain 2012-13 effort to be eligible for any new funds
- All programs funded at CDCP rate
- Instructor qualifications subject to consortium plans

Budget Year

- About $227M in programmatic funds ($30M more than was proposed in January)
- The Governor would allocate the funds as follows:
  1. $87.5M for COLA (1.57%),
  2. $89.4M to restore access (1.63%)
  3. $50M for the Student Success and Support Program (the old Matriculation program) with an allowance that up to $7M could be shifted from that amount to develop e-transcript and e-planning tools.

1 Sacramento Bee, “Poll: Californians back governor’s budget, school plan”, May 29, 2013
2 Sacramento Bee “California unemployment rate drops to 9% in April”, May 17, 2013
Deferral Buy Down

- The Governor proposes to use the current year increase in Proposition 98 obligations to pay down an additional $179.9M in deferrals. This would reduce the total system-wide deferral to $621.2M.
- The Governor would further pay down an additional $64.5M in deferrals in the budget year, reducing the system-wide deferral to $557.5M.

Redevelopment Agencies (RDAs)

Statute passed concurrent with the 2012-13 budget requires the State to backfill any shortage in property taxes related to the dissolution of RDAs that were assumed as part of the community college budget. This truing up process is required to be done on or before June 30.

Overview of the May Revision

Notable changes in the May Revision include:

- K-14 Proposition 98:
  - Proposition 98 increase of $2.9 billion attributed to higher revenues
  - Refinements to both the K-12 local control funding formula and the adult education proposal
  - Faster deferral buy-down schedule than identified in January
  - $1B of one-time revenue to address K-12 professional development surrounding common core
- Medi-Cal expansion in response to the federal affordable care act
- Changes to the Enterprise Zone Program
- Select backfill of federal sequestration reductions
- No restoration of funding for health and human services program.

Both houses of the legislature have taken formal actions on the May Revision based on the Legislative Analyst’s higher revenue estimates projected at $3.2 billion more than the Governor’s. The Conference committee comprised of 2 Republicans and 6 Democrats had been meeting for weeks to review the Governor’s proposal, the Senate plan and the Assembly budget package. The Assembly and Senate disagreed on a number of specific spending issues and jointly disagree with Governor Brown on State spending and proposed to commit about $2 billion more than he wants. Interestingly, unlike in previous years, the Republicans support the Governor.

At this writing, the differences have been resolved as preparations are underway for final voting by the legislature before the June 15th constitutional deadline. The Governor, Senate and Assembly have reached a deal on major elements of the budget. Many of the details will not be known for some time as the budget package undergoes more analyses during the summer months.

District Budget Planning

The District finds itself in an enviable position since becoming an “excess tax school entity,” more commonly referred to as “basic aid” or “self-supporting.” Predictability is the biggest advantage of being basic aid as funding is derived primarily from local property taxes rather than State apportionment. As such, many of the increases to higher education in the State budget do not necessarily apply to us.

In his year-end message, Chancellor Galatolo stated that we are in the best financial shape than we have been in years. This allows us to invest in our existing faculty and staff as well as grow and rebuild our Colleges to address the current and future needs of our community.
While the news is favorable for our District, we must remain vigilant to protect our basic aid status because any legislative change to the existing funding formula could be detrimental to the stable and predictable inflow of local taxes from our County. We are keeping a watchful eye on actions by Sacramento. To further ensure that we remain well informed on legislative and system-wide issues, Chancellor Galatolo recently became an executive board member of the Community College League of California and will be vice president next year.

Redevelopment Review

The dissolution of Redevelopment Agencies (RDAs) has greatly contributed to the District’s becoming basic aid. We are anticipating more than $5 million in RDA proceeds by the end of fiscal year 2013-14.

While controversy and litigation surrounds the elimination of RDAs throughout the State, our financial experts have taken a leadership role – at both the local and State level – to ensure that we receive all of the resources we are entitled to by law. The four District representatives have been actively participating at all thirteen oversight committees throughout the County to verify and oversee the transfer of funds. Recent discussions have included issues regarding asset disposition and auditing.

The District will continue to receive redevelopment funds in the future, and some agreements with RDAs require that funds be spent to benefit the community such as athletic fields. We have also used RDA money to subsidize the Childcare Centers at Skyline and College of San Mateo as well as to purchase equipment for the College instructional laboratories.

The California Redevelopment Association provides the following informative description of how RDAs were created.³ Note that with the elimination of RDAs, these activities will have to be underwritten by the cities and counties as well as through private investment.

What is redevelopment?
Redevelopment is a process authorized under California law that enables local government entities to revitalize deteriorated and blighted areas in their jurisdictions. Redevelopment agencies develop a plan and provide the initial funding to launch revitalization of identified areas. In doing so, redevelopment encourages and attracts private sector investment that otherwise wouldn’t occur. Redevelopment activities create jobs and expand business opportunities, provide housing for families most in need, help reduce crime, improve infrastructure and public works, and cleanup of environmentally-threatened and rundown areas.

Redevelopment agencies support jobs, replace and upgrade infrastructure such as streets, water lines, and sewers, fund affordable housing, provide community facilities, clean-up contaminated properties, and encourage sustainable communities.

How does redevelopment affect other local jurisdictions (counties, cities, school districts, special districts)?
Redevelopment activities increase property values – and thus property tax revenues – for all local jurisdictions within a project area. When a redevelopment project area is established, other taxing jurisdictions continue to receive property taxes levied on the assessed value of property in the project area at the time the redevelopment plan was adopted. This is called the “base.” Additionally, jurisdictions share in a percentage of the increase in property tax revenues resulting from redevelopment activities. Redevelopment agencies keep a greater portion of these increases in order to pay back the debt that was incurred to jump-start revitalization of an area. Once the debt is paid off and the project area dissolved all taxing jurisdictions receive their proportional shares of the full amount of property tax from the increased property values.

District Cash Flow

As the District is currently receiving property tax dollars in December and April, the Board of Trustees approved a resolution authorizing the issuance of Tax and Revenue Anticipation Notes (TRANs) not to exceed $30 million

³ [http://www.calredevelop.org/tools/what_is_redevelopment.aspx](http://www.calredevelop.org/tools/what_is_redevelopment.aspx)
to provide the necessary cash flow to fund District operations from July to December prior to the receipt of property tax revenues.

**Measure G**

The District is fortunate to have this funding source to help continue its mission of serving the educational needs of students in our community. The parcel tax has allowed for stability and maintenance of high demand courses and programs.

For 2013-14, the Colleges’ allocations are relatively close to those approved by the Board for 2012-13 and adjusted based on what has been received as of May 2013:

<table>

<td>$2,300,000</td>
</tr>
</tbody>
</table>

**2013-14 Revenue Projection**

The revenue estimates are based primarily upon local property taxes, redevelopment funds, and student fees. The District has prepared an estimate of its base revenue taking into consideration a set of factors that include enrollment and higher property tax assessed valuation. The District’s total revenue projection is $126,351,224 which is $11,103,238 more than last fiscal year’s final budget. A portion of the revenue increase from Proposition 30’s Educational Protection Account (EPA) funding is expected to total $3.8 million in 2013-14.

For 2013-14, the assumptions include:

1. Basic Aid status continues in 2013-14.
2. 2013-14 FTES based on estimated funded growth over 2012-13 FTES goals.
4. 1.65% State revenue COLA.
5. 1.4% State funded growth.
6. Deficit factor on State revenue projected does not apply to basic aid districts.
7. 3% inflation on certain expenses.
8. Utilities and benefits are based on 2012-13 increase over 2011-12.
9. No increase for full time faculty outside of what Colleges fund from their site allocations.
10. Fixed costs are based on best guesses for now.
11. No salary compensation settlement.
12. No student fee increase (currently at $46 per unit).

Revenue estimates are based on the assumptions listed above and expenditures include costs to continue ongoing operations. The following tables summarize projected revenues and expenditures. In addition to annual inflationary cost increases, costs include those associated with providing health and medical benefits to active and retired employees, increases in insurance premiums, technology upgrades and maintenance as well as utilities.

The Tentative Budget is balanced with the estimated expenditures equal to projected revenues. The Tentative Budget will be revised to include any changes resulting from the enacted State budget and the 2012-13 fiscal year-end numbers along with existing fund balances.

2012-13 Ending Balance Estimates

In anticipation of budget shortfalls, the Colleges and District Office have diligently saved throughout the fiscal year to augment their ending balances. The sites rely on the ending balances to partially cover unanticipated expenses during the year. These savings will be used to mitigate the impact of past reductions as a temporary solution as the sites begin to seek permanent solutions and develop plans to sustain a balanced budget.

The current projections of 2012-13 ending balances submitted by the Budget Offices at each site for the Tentative Budget are as follows:

- Cañada College: $630,520
- College of San Mateo: $1,224,960
- Skyline College: $1,275,048
- District Office: $550,500
- Facilities: $979,500

2013-14 Estimated Beginning Balance

The beginning balance is estimated at $19,741,667 and includes reserves of 5% according to Board policy. Details of the Unrestricted General Fund are detailed in Exhibit A. The remaining balance originates from specific projects and activities in 2012-13 and will be carried over into the new fiscal year as committed to these...
purposes. The current estimate is subject to change when final amounts become available following year-end close of the District’s financial records.

2013-14 Site Allocations

The site allocations for the Tentative Budget have been adjusted for step, column, and longevity increases according to the resource allocation model. Benefits are managed at each of the sites. The allocations will be adjusted for the adopted budget as necessary.

Sound Fiscal Management

2013-14 Self-Assessment Checklist

1. **Deficit Spending** - Is this area acceptable? **Yes / No**
   - Is the district spending within their revenue budget in the current year?
     - Yes, the district will have a surplus in 12/13 and a balanced budget for 13/14.
   - Has the district controlled deficit spending over multiple years?
     - Yes, the District’s unrestricted GF Net Change in Fund Balance for 2008/09 was $4,217,848, for 2009/10 was $1,447,475, for 2010/11 was $4,647,752 and for 2011/12 was ($1,024,052). The unrestricted GF Net Change in Fund Balance for 2012/13 is projected to be a surplus, and the ending fund balance continues to be significantly above the 5% level.
   - Is deficit spending addressed by fund balance, ongoing revenue increases, or expenditure reductions?
     - Yes, by fund balance, revenue increases (growth) and expenditure reductions.
   - Are district revenue estimates based upon past history?
     - District revenue estimates are based upon a combination of past history as well as projections for local property tax growth in assessed valuation and changes to redevelopment agency funding.
   - Does the district automatically build in growth revenue estimates?
     - The District is now building in changes in assessed valuation and consequent changes in property taxes received. State growth funding no longer affects the District.

2. **Fund Balance** – Is this area acceptable? **Yes / No**
   - Is the district’s fund balance stable or consistently increasing?
     - The District’s fund balance is fairly stable, increasing over the last 3 years to partially account for increases in spending and a conservative approach to budgeting revenue. The fund balances were $14,530,400 in 2008/09, $15,977,878 in 2009/10, $20,625,632 in 2010/11 and $19,601,578 in 2011/12.
   - Is the fund balance increasing due to on-going revenue increases and/or expenditure reductions?
     - The fund balance is increasing due to both expenditure reductions and revenue increases.

3. **Enrollment** - Is this area acceptable? **Yes / No**
   - Has the district’s enrollment been increasing or stable for multiple years?
     - Yes. The District’s enrollment had increased every year since 2005/06, but in 2009/10, due to state workload reductions, the District was over the funded enrollment cap, so enrollment was reduced in 2010/11, 2011/12 and 2012/13.
   - Are the district’s enrollment projections updated at least semiannually?
     - The District’s enrollment projections are updated at P-1 and P-2.
   - Are staffing adjustments consistent with the enrollment trends?
     - The colleges adjust their adjunct faculty budgets to match their enrollment projections.
   - Does the district analyze enrollment and full time equivalent students (FTES) data?
     - Yes. The CBO works with the VPIs to review the enrollment estimates and compare the trends to historical data.
   - Does the district track historical data to establish future trends between P-1 and annual for projection purposes?
     - Yes. The historical data includes P-1, P-2 and P-Annual and includes a review of the estimates after P-A.
   - Has the district avoided stabilization funding?
San Mateo County Community College District

- Yes. The District has achieved its funded enrollment cap every year from 2005/06 through 2010/11. With the advent of Basic Aid status, the District is no longer eligible for stabilization funding.

4. Unrestricted General Fund Balance – Is this area acceptable? Yes / No
   - Is the district’s unrestricted general fund balance consistently maintained at or above the recommended minimum prudent level (5% of the total unrestricted general fund expenditures)?
     - The District’s unrestricted GF balance has consistently been 9%-18% for the last several years, however, the District’s policy is to budget for a 5% reserve.
   - Is the district’s unrestricted fund balance maintained throughout the year?
     - Mostly, although the District does not do mid-year accruals of revenue and some sources of revenue lag, such as lottery. If the accruals were done, the balance would be fairly consistent.

5. Cash Flow Borrowing - Is this area acceptable? Yes / No
   - Can the district manage its cash flow without interfund borrowing?
     - Yes, although the state deferrals of payments to the District necessitate a large TRANS and some interfund borrowing has been necessary. With the advent of Basic Aid status, the District will be relying even more on the TRANS.
   - Is the district repaying TRANS and/or borrowed funds within the required statutory period?
     - Yes.

6. Bargaining Agreements - Is this area acceptable? Yes / No
   - Has the district settled bargaining agreements within new revenue sources during the past three years?
     - The District reached agreement with all 3 unions for an increase of salary and benefits for 2012/13. The District is currently in negotiations with all 3 unions for a 3 year agreement.
   - Did the district conduct a pre-settlement analysis identifying an ongoing revenue source to support the agreement?
     - The analyses have been ongoing.
   - Did the district correctly identify the related costs?
     - Yes, increases in statutory as well as health and welfare benefits are included in the total cost when any analysis is done.
   - Did the district address budget reductions necessary to sustain the total compensation increase?
     - Budget reductions have not been necessary in the past and are not necessary for these settlements.

7. Unrestricted General Fund Staffing - Is this area acceptable? Yes / No
   - Is the district ensuring it is not using one-time funds to pay for permanent staff or other ongoing expenses?
     - Permanent staff are controlled through position control and are budgeted out of each entity’s site allocation, which is derived in the budgeting process from ongoing revenues.
   - Is the percentage of district general fund budget allocated to salaries and benefits at or less than the statewide average (i.e. the statewide average for 2003-04 is 85%)?
     - According to the Chancellor’s Office Trend Analysis, in 2008/09 the District was at 85.6%, in 2009/10 the District was at 83.9%, in 2010/11 the District was at 79.1% and in 2011/12 the District was at 81.8%.

8. Internal Controls - Is this area acceptable? Yes / No
   - Does the district have adequate internal controls to insure the integrity of the general ledger?
     - Yes. The District has had no audit findings for internal controls.
   - Does the district have adequate internal controls to safeguard the district’s assets?
     - Yes. The District has had no audit findings for internal controls.
9. **Management Information Systems** - Is this area acceptable? **Yes / No**
   - Is the district data accurate and timely?
     - Yes. Banner is real time and information is updated automatically in a variety of instances.
   - Are the county and state reports filed in a timely manner?
     - Yes. All reports are filed on time.
   - Are key fiscal reports readily available and understandable?
     - Yes. Banner reports are readily available and managers are trained in Banner.

10. **Position Control** – Is this area acceptable? **Yes / No**
   - Is position control integrated with payroll?
     - Yes. Position control was integrated with payroll when Banner payroll was implemented in January, 2007.
   - Does the district control unauthorized hiring?
     - Yes. With the implementation of Banner payroll, all positions are approved in advance and no person can receive a paycheck without having their paperwork entered into Banner by HR staff and being assigned to an approved position.
   - Does the district have controls over part-time academic staff hiring?
     - Yes. Part-time academic staff hiring is done by the Instruction Offices and reviewed by Human Resources.

11. **Budget Monitoring** - Is this area acceptable? **Yes / No**
   - Is there sufficient consideration to the budget, related to long-term bargaining agreements?
     - Yes. All District proposals are costed out for at least 3 years prior to finalizing the proposals.
   - Are budget revisions completed in a timely manner?
     - Yes. Budget revisions are taken to the Board twice a year.
   - Does the district openly discuss the impact of budget revisions at the board level?
     - Yes. The Board has to approve the revisions. Any use of contingency funds must be approved by a 2/3 majority of the Board.
   - Are budget revisions made or confirmed by the board in a timely manner after the collective bargaining agreements are ratified?
     - Yes. Since the District has a history of multi-year agreements, the budget has not had to be revised, but can be planned in advance.
   - Has the district’s long-term debt decreased from the prior fiscal year?
     - Yes. The District has issued all of its General Obligation Bonds approved by the voters and is starting to repay them.
   - Has the district identified the repayment sources for the long-term debt?
     - General obligation bonds are paid through property taxes.
   - Does the district compile annualized revenue and expenditure projections throughout the year?
     - Yes. The District Committee on Budget and Finance reviews revenue projections for the current and future years.

12. **Retiree Health Benefits** - Is this area acceptable? **Yes / No**
   - Has the district completed an actuarial calculation to determine the unfunded liability?
     - Yes. The District completes an actuarial study every two years and last completed a study in April 2013.
   - Does the district have a plan for addressing the retiree benefits liabilities?
     - Yes. The District is on a pay as you go plan for current retirees, but had also been setting aside $1.5M annually and reached a peak of over $33M set aside. The District established an OPEB trust and is in the process of funding the District’s long term liabilities for post-employment health benefits. The District has established a self-assessment for future...
San Mateo County Community College District

OPEB benefits in line with the actuarial study. In addition, the District capped lifetime benefits in the 1990’s.

13. Leadership/Stability - Is this area acceptable? Yes / No
   - Has the district experienced recent turnover in its management team (including the Chief Executive Officer, Chief Business Officer and Board of Trustees)?
     o The District hired a new president for Cañada College in January 2013. The position was vacated due to retirement. One Board member retired on May 1. There has been no turnover in the CEO or CBO.

14. District Liability – Is this area acceptable? Yes / No
   - Has the district performed the proper legal analysis regarding potential lawsuits that may require the district to maintain increased reserve levels?
     o Yes, this is done as part of the year-end close every year.
   - Has the district set up contingent liabilities for anticipated settlements, legal fees, etc?
     o None are currently needed.

15. Reporting – Is this area acceptable? Yes / No
   - Has the district filed the annual audit report with the System Office on a timely basis?
     o The audit was filed in December 2012 for 2011/12. The current contract with the auditors specifies that the audit must be complete and filed by December 31.
   - Has the district taken appropriate actions to address material findings cited in their annual audit report?
     o There have been no material findings. The District has addressed the State compliance findings.
   - Has the district met the requirements of the 50 percent law?
     o Yes.
   - Have the Quarterly Financial Status Reports (CCFS-311Q), Annual Financial and Budget Reports (CCFS-311), and Apportionment Attendance Reports (CCFS-320) been submitted to the System Office on or before the stated deadlines?
     o Yes, all have been timely.

BOARD REPORT NO. 13-6-1C

TO: Members of the Board of Trustees
FROM: Ron Galatolo, Chancellor
PREPARED BY: Jim Keller, Executive Vice Chancellor
(District Accreditation Coordinating Council co-chair), 358-6790
Jing Luan, Vice Chancellor, Educational Services and Planning
(District Accreditation Coordinating Council co-chair), 358-6880

UPDATE ON 2013 ACCREDITATION

On June 26, 2013, hard copies of the colleges’ self-evaluation reports will be delivered to the Board of Trustees for their review in preparation for the July 10, 2013 Study Session. At the study session, College and District Accreditation Liaison Officers will update the board on the 2013 Institutional self-evaluation process and the Board will have the opportunity to ask questions and give feedback on the documents.

The Board will take action on the recommendation for approval of the self-evaluations at the July 24, 2013 regular meeting of the Board.

A printed copy and electronic links of the self-evaluations will also be available for public view on or after June 26. Members of public may arrange for a time to view the reports or receive the links to the electronic versions by calling 650-358-6753 or emailing brooksv@smccd.edu.

The Accreditation Liaison Officers are:

Robin Richards, Vice President, Student Services, Cañada College
Susan Estes, Vice, President, Instruction, College of San Mateo
Sarah Perkins, Vice President, Instruction, Skyline College
Jing Luan, Vice Chancellor, Educational Services and Planning, District Office
INFORMATION REPORT ON INTERNATIONAL EDUCATION PROGRAM

The three colleges operate international education programs and are growing those programs in accordance with the District’s Strategic Plan, Board Goals and the strategic plans at each of the colleges. In June, 2012, the Board had a study session on the District’s International Education Program. This report is an update to that study session. In 2012-13, the colleges enrolled 67 more international students than in 2011-12. The total number of international students enrolled in 2012-2013 was 246, so that was a 37% increase in the number of students enrolled. The colleges anticipate enrolling 100 additional students in 2013-14. This represents a dramatic growth and shows that our outreach efforts are successful.

The students come from 62 different countries; a majority are from Asia. The group is incredibly diverse.
In addition to geographic diversity, our international students show a great diversity in their majors. The two most popular majors are business (including related majors, such as accounting, finance and marketing) and engineering, but our students have a wide variety of interests.

The total non-resident tuition budget for 12/13 was $2,171,023. As of June 5, we have received $2,333,165, or over $160,000 above budget. The anticipated break-even point for the international student program is around 750 students, and we are well on our way to that point.

The District has entered into a new partnership that is dedicated to serving the housing needs of international students attending all three colleges. The service is called International Collegiate Residence of San Mateo (ICR). The website is still under construction: www.icrsanmateo.com.

ICR is located by 101 and Hillsdale Blvd in Foster City next to shopping centers and restaurants in a safe, upscale neighborhood. All international student residents will enjoy shuttle service several times a day to reach all three San Mateo Colleges. Breakfast is provided 7 days a week. Lunches and dinners are provided through meal vouchers (Dining Bucks) at restaurants next to the residence. The rate is comparable to university dorms with added transportation and private bathrooms. Incoming and current international students are eligible to reside at ICR.
for 2012-2013

The increase in international student enrollments is attributed to enhanced marketing efforts and the successful development of partnership agreements with overseas marketing partners. Our innovative approaches include partnering with overseas high schools in China, Japan, Vietnam and South Korea to facilitate additional support for our admissions process, partnering with EducationUSA and the U.S. Commercial Service offices to participate in webinars broadcast to major cities in different countries, and Teacher Training Programs offered to high school English teachers. Other activities include online outreach, domestic visits to partner language schools, agent conferences, international webinars, and social media, among others.

Outreach trips are part of the overall marketing and outreach activities at the district. We have been using these trips as part of our overall foreign outreach visits through augmenting them with other meetings, including EducationUSA fairs, visits to Fulbright/EducationUSA offices and government officials, as well as visits to our current and future high school partners. We have been able to save costs by staying longer on a given trip so to avoid unnecessary return trips.

Outreach trips are one of the most effective means to broaden our reach in targeted regions or countries through face to face meetings with potential students, current and prospective partners. These trips are also highly desirable in the eyes of our agents and school partners as they are viewed as training opportunities. Counselors in our agents’ offices tend to have a 25% annual turnover rate, which necessitates frequent visits to these offices by our designated outreach personnel. Relationship building has been a key factor in our outreach strategy. Through our trips and the contacts that we have established, we now have a consistent presence in our respective regions. Follow up emails, return trips, newsletters and webinars are essential to maintaining these relationships.

Another effective approach to marketing and outreach is to partner with local Intensive English Language Schools to promote our colleges by conducting presentations and publishing our college profiles in their print and online publications. In addition, we schedule presentations at our partner language schools in the fall and spring and all frontline staff of the three colleges join the district office to meet with prospective students.

One of our strengths is our university partnerships. Through these partnerships, prospective students are informed that they can achieve their goal of graduating from a top university by starting their educational career with us. Due to our success with increasing our university partnerships, we now have the largest network of university transfer admission guarantees in the country!

**International Outreach Strategies and the Rationale**

According to the most recent data on international enrollments from foreign countries compiled by the Institute of International Education (IIE), 25 countries dominated 77% of all students coming to U.S. community colleges. Among them, the majority (75%) are from Asia. Therefore, a majority of our
outreach trips are focused on Asia, while we add more online and print promotion in other regions of the world. In addition, we attend agent workshop and other virtual outreach events to attract students from other countries.

Based on the IIE data from the previous years along with our own expertise, we are targeting countries and regions that generate the highest number of students and have developed the following matrix that summarizes our overall marketing and outreach strategies. The matrix below lays out the most frequently used strategies for marketing and outreach by our district and key countries identified using the IIE data. It illustrates the intensity of our activities by using the size of the dots inside the cells. (Diamond shapes denote planned activities.)

In 2011-2012, the San Mateo Community College District established an initiative to increase the international student population at all 3 colleges (Cañada College, College of San Mateo, Skyline College). This initiative has led to more targeted marketing and outreach strategies, which is handled at the District Office. As a result, College of San Mateo has seen a substantial increase in applications received as well as students enrolled. From Spring 2012 to Spring 2013, applications received increased by 128% and students enrolled increased 16%. With the increase in enrollment, three additional sections of ESL have been added to serve domestic students. In addition, CSM hired a full-time Project Director to add to the existing ISC staff, which was a full-time Program Services Coordinator. Both individuals are dedicated solely to the International Student Center to ensure high quality services for international students.

To address the needs and support the growth of the International Student Center, CSM established an International Education Committee comprised of faculty, administrators, staff and students. The committee meets on a monthly basis to share information, discuss issues, and consider optimal changes to the program.

The International Student Center staff has also participated in a number of professional development activities by attending NAFSA international education conferences and webinars, the California Association of Community College Registrars and Admissions Officers’ annual conference, and the University of California Ensuring Transfer Success workshop. In the 2013-2014 academic year, the International Student Center staff plans to promote understanding of ISC programs and services by conducting presentations to faculty, staff and administrators.
As international students enroll at CSM to earn an Associate’s degree and/or complete requirements to transfer to a 4-year institution, the ISC is focused on supporting student academic success. One initiative that has been implemented entails identifying and meeting with students who are on probation, ensuring they attend a probation workshop, and maintaining ongoing communication with the student and/or instructors as needed. In addition, we have been collaborating with counseling, ESL and English faculty to ensure that students are registered in appropriate courses. Further, commencing in Fall 2013, all new international students will be required to enroll in a half unit College Planning course. The course will include topics such as educational goals, academic success, transfer, and understanding the academic and social culture in the U.S.

In addition to focusing on student academic success, the ISC also provides a variety of student services to enhance the international student experience. During 2012-2013, the International Student Club was established by current international students. The club has been instrumental in bringing together international students and has actively engaged the CSM community with a variety of global-themed educational activities and events. Activities have included film screenings, showcasing a country of the month, and working with the cafeteria manager to provide menu options that offer traditional foods from the featured country of the month. As well, during the month of November, the club sponsored a very successful International Education Week. Further, the ISC website is also being updated and expected to launch at the end of May 2013. The most prominent update on the website is the “Bulldog Barks” blog, which will provide another forum to communicate with students and share international student news. Lastly, to assess student satisfaction, a survey was developed and administered in Fall 2012. The ISC will continue to administer the survey on an annual basis as the information will be used to assess existing program services and ensure the program is aligned with meeting student needs.
In Spring 2012, 29 international F-1 visa students were enrolled at Cañada College. This number increased to 46 students in Spring 2013, a 58% increase. To serve the growing number of international students, Cañada College hired full-time support services staff for its International Student Program (ISP). The ISP is part of the Center for International and University Studies, which also includes University Center programs, and is housed in the recently renovated Building 5. The new ISP space includes the staff office where international students come for services and support and the international student lounge with a computer, comfortable furniture, and a kitchen.
The mission of the International Student Program is to support the college’s mission by:

- Providing individualized services for international students, so they can achieve their personal, educational, and professional goals, and
- Promoting understanding and respect for diverse perspectives by providing college-wide opportunities for community engagement and cultural exchange.

Services for international students include a three-day orientation for newly arrived students that covers classroom expectations, the US education system, study skills, and transfer; workshops on stress management, employment, and tax obligations; and a bi-weekly newsletter that features articles by international students. ISP also works closely with faculty, counselors, and other college staff to respond to students’ requests for assistance on a range of topics including academic supports, course changes, housing, immigration documentation, university applications, and healthcare issues. An academic counselor has designated weekly hours (2 per week) set aside to meet specifically with international students. ISP staff closely monitors academic progress of international students through mid-term progress reports and weekly Banner reports; when these reports indicate academic challenges, the ISP project director meets one-on-one with the student to develop a plan for additional support services.

The ISP also offers cultural events to international students and to the broader college campus. Students participated in field trips to a Japanese festival in San Francisco, a Lunar New Year celebration in Redwood City, and a Cañada Colts versus CSM Bulldogs baseball game. The staff-supported but student-led International Communication Club hosted six international film nights on campus featuring films and food from France, India, Iran, Ireland, Mexico, and Thailand. International Communication Club meetings included a language exchange in which students taught each other phrases in their native tongue. ISP staff members also support campus cultural activities hosted by the college’s taskforce on undocumented students.
The college’s international education advisory group meets at least once a semester and offers guidance and support to the ISP. In its most recent meeting, the group reviewed a draft of a survey that will be administered to all international students in Fall 2013, and annually thereafter, to assess international student needs and satisfaction with services. This spring four international students served as ambassadors to the ISP, developing their leadership skills by responding to prospective student inquiries, planning workshops, and participating in visits to the college by overseas guests.

Professional development funds supported staff completion of NAFSA e-Learning courses and participation in regional and national NAFSA conferences and International Education Training Services webinars. Instructional funds supported two new ESL sections, one new Psychology 100 section, and one new Math 200 section.

International Student Program Developments, Academic Year 2012-13

The International Students Program is set up to conduct outreach and recruitment efforts globally, to attract International Students to Skyline College. The Department provides assistance to students in understanding the procedures and processes from the application through graduation. In addition, staff develops programs and services to meet the needs of International Students to ensure both their academic and personal success during their stay, not only at the College, but in the United States.

Such services include: information/resources on lodging/accommodation, transportation and cultural integration, including information on necessary “laws of the land”, required Government ID, Opening a bank account, choosing suitable cell phone carriers, etc.
Application process includes but not limited to:

- Reviews and processes all International students’ applications for admission to the College.
- Processes and issues the required US government I-20 for issuance of Student’s visa.
- Schedule counseling appointments for all International Students.

Programs developed, created and implemented for the 2012-13 academic year included:

- Developed and created comprehensive package for International Student Orientation.
- Developed and created “Welcome packet” with pertinent information for incoming students.
- Created standardized template communication to prospective, incoming and in-house students.
- Developed and created Power point on the college, for marketing/information presentations.
- Developed and created recruitment/marketing packets, sent to EducationUSA officers and High School Counselors in over 40 Countries.
- Initiated discussions on developing Internship program opportunity and Business development programs for International Students with CITD and Business Division.

Events:

- Participated in “A Call to Consciousness – Educating Our Global Community” Speaking Event (speaker Frankie A. Reed, US Ambassador to Fiji, Kiribati, Nauru, Tonga and Tuvalu).
- Tour visit to Stanford University to learn about application process and procedure for international students transfer.
- Hosted Delegates from Hebei high school in China; Delegates on Rotarian Visit from Brazil; Federal University of Agriculture Abeokuta Nigeria.
- Participated in recruitment exercise to various ESL in the area.
- Participated in various webinars on outreach and recruitment on Africa, Middle East and India with Education USA and the Commercial service section of the State Department.
- Attended NAFSA local conference in Pleasanton Hill.
- Hosted FAM tour – Group of Agents from Hong Kong.
- Hosted International Students first huddle and discussion group, to gain understanding of areas of needs and service to students.
- Hosted International Students first Celebratory event for students transferring and graduating from Skyline College.
Hosted first International Education week on campus:

- Creation of IASC (International Affairs Student Club)
- Participated in World Affairs Council Events
- Participated in several classroom presentations to Domestic students highlighting the benefits of International students and the role of ISP in globalizing the Campus.

Approximate number of Students Served:

- International Program will be expecting a total number of 90-94 students for Fall ’13 semester.
- Received approximately 50 applications
- Un-documented number of walk-in and telephone inquiries on International Students application.

Events & Programs:

**Fall 2012**

- October - Breast Cancer Awareness - A Middle Eastern Woman's Story of Survival
- November - International Education Week:
  - Open to a new world - China
  - One Step closer to us - Indonesia/Malaysia
  - Learn about the different cultures - Countries in Latin America
  - What you don't know about us - Saudi- Arabia
  - International Thanksgiving Celebration

**Spring 2013**

- February: Valentine Day Special - International love song
  - Black History Month - Africa at a glance
- May:
  - ISP 2013 Celebration:
  - IASC Electoral Night
- Student Recognition
- International Banquet

The staff at the ISP office is actively working with Students, the District, faculty and staff as well as members of the International community to develop and implement programs and strategies that will enhance and support our objective of increasing the numbers of International Students on our campus for a truly diversified global student body that will enrich not only our entire student population, but our surrounding communities.

Activity card sales and vending commission are the major sources of income for the Associated Students. Expenditures of the ASBs include normal operating expenses (office supplies, activity card, student assistant salaries and other miscellaneous expenses) as well as student programs, scholarships and club assistance supporting campus life. There have been increased student activities for Canada and Skyline College. CSM has increased conference expenses but there have been reductions of programs and club expenses.

Below is a comparison of the Net Income from ASB Operations for this reporting period:

BOOKSTORES (Exhibit D)

The following data reflects Bookstore operations for the first nine months of the fiscal year beginning July 1, 2012 through March 31, 2013. It includes a small portion of summer 2012, fall 2012 and spring 2013 semester sales. The District Bookstores and Cafeterias are a self-sustaining enterprise. All income generated covers the total salaries and expenses generated by these operations. General fund dollars are not used in any way to subsidize District enterprises.

</table>

Cost of goods sold increased slightly by 1.6% as expected with the increase in computer sales which achieve very low margins. The Bookstore management team has worked hard to control expenses commensurate with the decline in textbook sales. Interest and Other Income increased by 4.1% due to slightly better interest rates on our investments. Overall, due to a significant drop in other expenses unrelated to direct operations, the bookstore has an increase in net revenue of $26,303 or 6.9% over the same period last year.
Although textbook sales have declined significantly, we continue to see increases in textbook rentals at all three campuses. Through March 2013, the textbooks rented to students in this academic year alone represent a savings to students of $969,627 if the students had to purchase the same textbooks new. The textbook rental program has clearly benefitted students by providing access to course materials in an affordable manner. Since the fall semester, 2005, the textbook rental program has saved students in the District more than $6.6 million dollars in course materials costs. This is an incredible achievement and has no rival in the California Community College system. The program began with 35 individual titles and has grown to more than 1,600 titles students can choose to rent. Many of these textbooks have been purchased through a series of grants and donated funds as well as from the bookstores’ capital reserve. The generous financial and operational commitments from the colleges certainly made a major impact on the program this academic year, with thousands more volumes and hundreds more titles added to the textbook rental program.

Districtwide, textbook sales continue to decline this year compared to last year. The addition of the third coffee concession, World Cup Coffee & Tea at Skyline College which joined Pony Espresso at Cañada College and PAWS for Coffee at College of San Mateo in January 2012, has given the bookstores a badly needed revenue stream to offset the sales losses taken in the textbook department. Through the end of March, sales of coffee, snack and convenience items at the three bookstores stand are $1,135,937 compared with $888,003 last year reflecting a 22% increase over the same period last year with all three coffee concessions operating year over year. To illustrate how remarkable the growth in this category has been, in June 2007, the District bookstores’ total sales in this category for the year were $210,000! We expect sales in this category to exceed $1.4 million with continued, steady growth in the coming years.

Our computer products sales have seen a solid increase in sales in several years. Since Apple ended its relationship with most college bookstores nationally in 2009-10, our sales have struggled. Due to aggressively marketing Hewlett Packard products in all three stores, we are beginning to rebuild this category. In addition, we are working closely with the District and with ITS as we begin integrating the three bookstores into the purchasing process for the colleges through the ITS Department. Margins on computer sales are very slim so the financial benefit is minor. However, running these sales through the bookstores significantly improves the level of inventory control over these high dollar value purchases and will hopefully begin to result in volume purchase rebates.

It will continue to be a very challenging time for bookstores in California in general as enrollments are trending lower and competition in course materials delivery is prevalent from on-line operators to alternative delivery methods. These challenges will put added pressure on the bookstores’ overall financial performance. All District Auxiliary and Commercial Operations are dependent on a strong, stable enrollment for continued success. The addition of the coffee concessions as well as the addition of the copy center at CSM and the merging of the copy center at Skyline College into the bookstore there are examples of the proactive measures we have taken to insure the financial stability of the bookstore operations in these turbulent economic times. We will continue our commitment to focus on all efforts to improve service, offer more used textbooks, continue to grow the rental program, further integrate digital textbooks at all three colleges, increase the amount of custom and institutionally adopted textbooks Districtwide and further maximize the interest and other income potential of all the campus bookstores. In so doing, we will remain well positioned for future growth as we serve the students of the San Mateo Community College District.

Compared to the second quarter 2011-12, food service income has increased substantially by 13.6%. Vending income has increased significantly by 15.5% compared to last year due to a repositioning and deployment of vending machines throughout the three colleges and district office. Vending income is returned to each college’s Associated Students for use in supporting student activities on each campus. Overall expenditures have declined this year over last year. All other expenses related to the repair and maintenance of equipment at the three college dining locations are in line with where they were last year. Event rental income has increased by 38.4% as we continue to host outside events. Event rental fees are poured back into the facility for continued upgrade, upkeep and enhanced maintenance allowing us to maintain the facility at a superior level.

Income from food service and vending contracts enables the District to provide food and beverage services to the students. These combined resources, along with interest income, also provide a stable Cafeteria fund not requiring support from the general fund. As part of the Enterprise Fund, the cafeteria and vending operations are fully self-supporting. No General Fund dollars go to support any Enterprise operation. The fund is also responsible for the long-term maintenance and upgrading of aging facilities and equipment, as well as all expenses relating to the ongoing operational requirements under the food service and vending contracts.

**SAN MATEO ATHLETIC CLUB** (Exhibit F)

On April 1, 2010, the District opened a state-of-the-art fitness and aquatic center on the campus of College of San Mateo in the newly constructed Health and Wellness Building. This incredible new building provides classrooms and labs for career and technical programs including nursing, dental assisting, cosmetology, health fitness, and dental hygiene (when state funding permits).

The San Mateo Athletic Club is a professionally managed enterprise program sharing the fitness facility with the College of San Mateo. The San Mateo Athletic Club shares the instructional and training space on two levels of the Health and Wellness building that includes a large main floor along with four exercise studios on the second level and an aquatics complex with a 50 meter Olympic size competition pool, along with a 25 meter instructional pool for Adaptive Fitness and other group exercise classes. The San Mateo Athletic Club
and its members enjoy this multi-use College of San Mateo facility that provides credit classes, non-credit classes, community education and adaptive fitness.

Operating as an enterprise through Auxiliary Services, the San Mateo Athletic Club is a self-sustaining community-centered, fee-based operation offering numerous service options to the San Mateo campus community and the community-at-large. The concept of a multi-use space enables the District to maximize the use of facility resources and consequently create a revenue stream that will supplement the College budgetary needs including equipment maintenance and replacement. The San Mateo Athletic Club provides our community broader access to the College of San Mateo and demonstrates in a very real way that the District is a community-based organization serving a wide spectrum of educational and training opportunities. The concept of multi-use facilities has gained much attention from other community colleges up and down the State.

Through March 31, 2013, key accomplishments include:

• **3,327 memberships**
• **4,481 members**
• Average dues per membership is $60.43
• 21,578 member visits per month with a peak of nearly 1,350 visits per day
• 6,586 average course enrolled student visits per month
• 46% of SMAC staff are College students, staff or faculty
• 83 group exercise classes per week
• Average 6,437 group exercise attendees per month, average 19.8 per class (industry avg=12)
• Over 250 Master Swim program enrollees; 175 on our Bulldog Youth Swim Team
• Successful pool rental program for local schools and community-based swim programs
• 100% of SMAC staff are AED and CPR certified
• 100% of SMAC staff meet or exceed MediFit/District employment standards and criteria
• More than half of our current members were referral based.

The financial performance of SMAC continues to be outstanding this year. Total operating revenue continues to exceed both budget and the initial proforma expectations and is \(28.7\%\) or \$566,647 ahead of last year. Our net operating income is \(106.4\%\) ahead of last year at this time. A year ago, the operation was showing a strong surplus which has grown stronger this year. After the allocation of income and expenses, the total operational surplus is \$670,807\) representing an \(86.6\%\) increase over last year. We are expecting to double our profitability this year over last. This unparalleled success is due to the outstanding, highly motivated staff and a simply remarkable facility. Our success in successfully integrating fee based community members with our students has been a win-win for both populations. Our success has been noticed and we have toured several community college districts staff through the facility as they hope to emulate what we have created here.

SMAC was actually not projected to begin making money until its third year of operation and not break even until the end of the fourth year. Due to the first class facility and the professionally managed operation, we continue to experience membership growth. As we enter our third full year of operation, we expect membership to remain strong. We do not anticipate that we will be able to continue growing at the same rate due to the size of our facility but we will continue to maximize our membership. Additionally, we will continue to explore new partnerships and offer more continuing education programs and certification classes to add to the workforce development part of our mission.

The mission of SMAC is more than providing a revenue stream to the District. The mission of SMAC is to create a healthy environment that engages students, staff and community members in the pursuit of health and physical fitness. With a facility such as this, the emphasis is on enjoying exercise for its own sake and learning fitness habits for life. This means that students have a place where they can focus on lifetime fitness goals and individual achievement, and community members can find opportunities to improve their health and well-being.

SMAC also engages the community in a way that we as a District have never done before the opening of this enterprise. The interaction between community members and students sharing the same space in pursuit of similar goals has been an invaluable asset for both groups. The engagement of members of the community in life at the College has been equally important. SMAC has attracted many of our neighboring schools to partner with us in the use of the facility.

With much excitement and as a result of significant collaboration, the College academic team and the SMAC team branded the club as a “teaching health club” with our new tag line “Where Education Meets Fitness”. This is certainly an innovative concept for a college and a health club. This partnership offers students at College of San Mateo who are pursuing a career in the still growing fitness industry (despite the current economic conditions) to work as interns in SMAC, perform field work and team teach with certified instructors to earn certificates that will qualify them to work in the community as fitness professionals. The synergy between the academic program and our program represents fully the vision of what a professionally managed health club in our District could do, not only for revenue generation but also for workforce development. CSM and SMAC are successfully addressing the District’s strategy to make the entire Health and Wellness building a premier Career-Technical Education facility in the County of San Mateo and in the State. SMAC provides a vital ingredient to this endeavor.

In January 2013, we introduced an additional membership plan available to faculty and staff of the District. This new plan called the “Non-Prime Time Plan”, affords faculty and staff a significant reduction in monthly membership investment by providing club access during non-prime time hours. Faculty and staff opting for this plan would enjoy a 50% reduction in monthly membership investment and have access to the club at the following times:
Monday through Friday - 5:30 AM to 8:00 AM and then again from 2:00 PM to closing
Saturday and Sunday – 2:00 PM to closing

For the average faculty and staff member, the plan hours coincide with the hours that many use the facility currently. We expect that this attractive new plan will be widely used by new and existing members. The hours of availability are designed to provide access during our slower period during the day. This new plan, approved by the Board of Trustees in December 2012, was warmly received by staff with more than 30 utilizing this new plan.

We are very proud of the accomplishments made at SMAC in such a short period of time. We strive to be the best facility in the Bay Area which offers not only a place to work out, but also a place to teach, learn and develop habits, knowledge, skills and abilities that will benefit all those we serve for a lifetime.

Re: Center for Student Life and Leadership Development and Associated Students of Cañada College, Budget Report for the Quarter January 2013-March 2013

The following is a summary highlighting staff, Goals, ASCC, and Clubs, events, activities and current projects, from January 2013-March 2013.

The Associated Students of College of San Mateo (ASCSM) has had a productive first half of the spring 2013 semester. ASCSM has continued to participate in college governance and has been able to create a lively and entertaining campus atmosphere for CSM student, faculty, staff, and administrators. Some of the highlights for the first half of the spring 2013 semester are:

**Ongoing Activities**

In addition to participating in their weekly Student Senate meetings, the members of the ASCSM have also been actively involved with each of their standing committees, including the Academic Enhancement Committee, the Finance & Administration Committee, the Programs & Services Committee, the Public Relations Committee, the Inter Club Council, and the Legislative & Governmental Affairs Committee.

Members of the ASCSM Student Senate continued to participate in College and District governance committees. At the College level, student leaders are attending numerous committee meetings, including the College Council, Faculty Academic Senate, Committee on Instruction, Enrollment Management Committee, Diversity in Action Group, College Auxiliary Services Advisory Committee and the College Assessment Committee. At the District level, students are also involved in the District Shared Governance Council, the District Committee on Budget & Finance, the District Auxiliary Services Advisory Committee and the District Student Council. Additionally, representatives of the Student Senate have been involved with the college’s planning process for new construction.

The ASCSM, in cooperation with the Student Activities Office, continued to issue credit card style Student and Staff ID Cards to the College community. To date, the AS has issued thousands of ID Cards to students, faculty, staff and administrators.

To further increase the value of the CSM ID Card, the ASCSM has continued to expand and sponsor the Merchant Discount Program. This program provides a list of discount opportunities available to students, faculty, staff and administrators at on-campus AS-sponsored events, club events, local merchants, national chains and on the Internet, and includes movie theaters, restaurants, museums, art galleries, travel agencies and cultural centers.

The AS has continued to support the CSM Ambassadors Program, which coordinates and provides tours of the campus for individuals and groups interested in attending College of San Mateo.
Events and Activities:

January 2013: The weekend of Wednesday, January 09 – Friday, January 11, the Student Senate participated in their mid-year winter retreat. Over the course of the weekend the students had the opportunity to participate in various activities that helped to develop their leadership, communication, and cognitive skills. The weekend gave them the chance to bond with one another, as well as develop individual and group goals for the semester. Over the following week, January 14 – January 18, both the Student Senate and Center for Student Life and Leadership staff participated in “Welcome Mat” providing information to students about college services, building and class locations, class schedules, and transportation services. This gave both our staff and students the opportunity to collaborate with other departments and services. Lastly, individual student government executive officers and senators began to meet with the Coordinator of Student Life and Leadership individually to assess individual needs. The week of January 28 – 30, the Senate held their annual “Reboot Week”, welcoming back students with food, activities, and music.

February 2013: During this month the student government engaged in planning activities for the remainder of the semester. From the 12th to the 14th Alpha Gamma Sigma sold flowers and chocolates as part of a fundraiser for their club. On February 14, ASCSM sponsored a Valentine’s Day event, handing out chocolates and flowers. On February 19 and 20, the International Club hosted a Chinese New Year event with traditional music and dancers. The Inter Club Council held Club Day on February 20 and 21. Lastly, February 26, the Open Heart Yoga Club sponsored a yoga workshop with Jason Crandell.

March 2013: On March 3, six ASCSM members attended the FACCC legislative conference in Sacramento. The following day, March 4, they met with four of our area’s state leaders to discuss issues facing CSM students. On March 13 and 27, International Club hosted their “Country of the Month” event highlighting Germany. They had traditional foods and showed German movies. On March 14 – 18, six ASCSM members attended the USSA Grassroots Student Advocacy Conference in Washington, D.C. Additionally, they met with staff from our two federal Senate and House members to discuss issues facing CSM students. On March 20, Alpha Gamma Sigma presented the film “Bully” in the Theatre. Lastly, Alpha Gamma Sigma sold T-Pumps on campus to raise funds for their club.

**Student Handbook and Academic Planners**

Due to budget cuts, the Student Handbook is only available online in a downloadable format: [http://www.skylinecollege.edu/centerforstudentlife/studenthandbook.php](http://www.skylinecollege.edu/centerforstudentlife/studenthandbook.php).

**Recruitment of Students**

The ASSC continues to encourage student engagement in activities, events, and student government with the help of handouts, flyers, social media, and giveaways to increase participation and attendance. All of the elected positions in the Associated Student of Skyline College Governing Council are currently filled.
**Student Identification Cards**

The Center for Student Life and Leadership Development continues to produce Student ID Cards for the student body with assistance from the ASSC. The ASSC purchased a new ID machine and updated the Student ID card.

**Skyline Organizations and Clubs (SOCC)**

The ASSC members always encourage other students to become active on campus by their work through SOCC. They also encourage students who do not find a club that interests them to start their own. This spring, SOCC has one new club: Myanmar American Student Association.

**Programs and Events**

**ASSC Meetings**

8/13/12-Present:

ASSC weekly meetings on Tuesdays from 4-6pm

**Heart to Heart**

2/14/13:

ASSC and Programming board members gathered students in the Quad for a game of jeopardy to educate students in safe sex in light of Valentine’s Day. Goodie bags were handed out as prizes with candy, condoms, and informational pamphlets regarding safe sex.

**1 Billion Rising**

2/14/13:

In light of so many women around the world who suffer from physical abuse, ASSC members participated in activities to call awareness to the global 1 Billion Rising project.

**President’s Breakfast**

3/21/13:

A fund raising event for Skyline College Presidents innovation Fund held at South San Francisco’s Conference Center. ASSC President Jose Luis Sanchez-Sosa was a speaker at the event along with faculty, staff, and administrative members.

**Cesar Chavez Commemorative luncheon**

3/28/13

The luncheon was to celebrate the leadership and achievements of Cesar Chavez. ASSC Commissioner of Publicity Jackeline Monrroy was a speaker at the Commemorative luncheon greeting faculty, students, and community members.
Cesar Chavez Volunteer Fair

3/28/13

The ASSC supported the Volunteer Fair in light of Cesar Chavez Day, the event had 23 non-profit organizations to encourage students to take part in their communities.
