It was moved by Trustee Mandelkern and seconded by Vice President Holober to reappoint President Mohr and Trustee Schwarz to serve as Board Representatives. There were no other nominations. The motion carried, all members voting Aye.

President Mohr said Trustee Mandelkern set a high bar for the position of President. He said Trustee Mandelkern makes everyone feel welcome and appreciated at Board meetings. He said Trustee Mandelkern is very well-organized and is an exemplary role model on how to conduct meetings. President Mohr said Trustee Mandelkern managed the initial discussion on race, class and privilege and facilitated the second discussion expertly. Vice President Holober said it has been a pleasure to serve on the Board with Trustee Mandelkern, including his terms as President. **APPROVAL OF “AFFIRMATION OF THE SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT’S COMMITMENT TO EDUCATIONAL SOCIAL JUSTICE THROUGH ACCESS, AFFORDABILITY, INDIVIDUALITY, DIVERSITY AND INCLUSION” (16-12-1B)**

It was moved by Trustee Schwarz and seconded by Student Trustee Zheng to approve the Affirmation statement as presented. District students Alfredo Olgúin Jr., Iridian Martinez, Celení Cano and Isabelle Valdes addressed the Board. Their comments included:
- Action and follow-through are more important than a statement. Students will hold the Board accountable for the Affirmation of the San Mateo County Community College District’s Commitment to Educational Social Justice through Access, Affordability, Individuality, Diversity and Inclusion (“Affirmation”).

- SMCCCD Rise Up (https://www.facebook.com/smcccdriseup) is a student-led organization and is for all students. It is also open to faculty and staff.

- The first demand in a list presented to the Board at a previous meeting calls for “positive and immediate action to ensure the safety of our undocumented students who are currently protected under DACA and those who aren’t (make all three SMCCCD colleges sanctuary campuses).” A resolution “Affirming College of San Mateo a Sanctuary Campus” was signed by more than 300 College of San Mateo administrators, faculty, staff and students and the signatures were presented to the Board. Although this is a College of San Mateo-directed resolution, it can be used as a template for Districtwide sanctuary campuses. Students are fearful and having sanctuary campuses is a concrete step that would provide a sense of safety as they pursue their educational goals. The resolution was read aloud and is attached to the official minutes of record.

- Students appreciate the support of administrators, faculty and staff and believe all groups can continue to work together.

- There is a feeling that the campuses do not belong to students. It is not right to call the police on students.

- Faculty and staff need to be paid properly. Housing assistance programs are important; faculty need to live close to where they work.

Kristen Parks, a Cañada College faculty member, acknowledged the exceptional students who attend the District Colleges. She said the thoughtful, articulate and nonviolent organizing directed by students gives her hope. She encouraged the Board to address the student demands at a meeting in early 2017, providing a specific response to each demand and acknowledging what will and will not be done in response.

President Mohr said he believes the students are articulate, intelligent and thoughtful. He thanked them for giving so much thought to important issues.

Trustee Mandelkern said Board members are accessible and their email addresses can be found on the District’s website. He said he is aware that students are afraid and he knows the situation is serious. He said he would like to learn more about sanctuary campuses and would like to bring this back for further Board discussion. Trustee Mandelkern said he believes that any action against one is an action against all. He said he wants to be informed of any action against students and he will be there to respond. He suggested looking into the possibility of charging AB 540 students in-state tuition and of getting F1 Student Visas for undocumented students.

Trustee Goodman said the Board, administrators, faculty, staff and students are in solidarity. He advised the students that it is important to know who their allies are and to know what the work is that needs to be done. He encouraged the students to work arm-in-arm with others and to not get distracted. Trustee Goodman said he believes the Affirmation is needed because it provides guidance.

Trustee Schwarz said the Board has been presented with two documents, the student demands and the resolution on sanctuary campuses. She said both are valuable but it is not clear who is submitting each document and who they represent. She said she believes there is a need to be more unified, to continue a dialogue, and to remain respectful. Trustee Schwarz said she hopes students have read the Board’s Affirmation which represents the commitment to social justice.

Vice President Holober said students are facing a great deal of uncertainty. He said he has been active in social justice causes for many years and would be happy to share what he has learned. He said he would like to have the opportunity to get together with students and learn from each other.

Student Trustee Zheng said the Board is doing a great job to try to reach out to students. He encouraged Board members to visit the campuses and interact with students.

Chancellor Galatolo said he understands that students’ fears are real and palpable. He said the drafting of the Affirmation began immediately after the presidential election. He said he attended an Immigration Summit with his colleagues within the Bay 10, at which some districts shared resolutions that have been provided to the Board for their review.
Chancellor Galatolo said that within the District, there is currently one DACA student, 639 AB540 students and 77 undocumented students. He said the District must protect the interests, safety and security of all 45,000 students who attend the Colleges. He said he has supported AB540; however, it does not provide federal support and he has been discussing this with local Congressional representatives. Chancellor Galatolo said a “sanctuary campus” designation does not offer legal protection. He said the Department of Homeland Security provides some protection in “sensitive locations” which include colleges and universities and he is looking into this further. Chancellor Galatolo encouraged students to read the Affirmation carefully and note that it captures elements in the student demands and is woven into common interests. He said the Board, administrators, faculty and staff are part of the solution and it is important to work as a unified front.

Lorena Gonzáles, College of San Mateo Puente Project Counselor, Instructor and Co-Coordinator, thanked everyone for what they are doing behind the scenes in support of students. She said everyone is learning from each other in terms of finding the best solutions. She said an area that has not been addressed is that of students who are in mixed-status families. Ms. Gonzáles said she recognizes that some things are legally out of the District’s control; however, she believes that items such as the Board’s Affirmation and the students’ resolution on sanctuary campuses are symbolically important.

Trustee Goodman said students feel a tremendous sense of urgency. He said he would like the Board to address the students’ list of concerns and explore next steps with the entire District community, followed by an action item.

Vice President Holober said he has examined the ways in which many other institutions are addressing these issues. He said he would not support the resolution affirming College of San Mateo as a sanctuary campus that was presented tonight because it would prohibit access to the District’s open campuses. He said the more common, and he believes more appropriate, language would state that the District does not agree to voluntarily release any personally identifiable student information, including any data related to immigration status, without a judicial warrant, subpoena or court order, unless authorized by the student or required by law. Chancellor Galatolo agreed, recommending that the Board not consider any action that would be unlawful. Executive Vice Chancellor Blackwood said unlawful action would put at risk $27 million in federal funding, $20 million of which goes directly to students.

After this discussion, the motion to approve the “Affirmation of the San Mateo County Community College District’s Commitment to Educational Social Justice through Access, Affordability, Individuality, Diversity and Inclusion” carried, all members voting Aye. The Board agreed to dedicate the January 11, 2017 study session to continue the discussion on social justice and address issues raised at this meeting. In preparation for the meeting, President Mohr and Trustee Schwarz said they will reach out to student leaders.

He said he also looks forward to working with Vice President Holober and will seek his guidance and sage advice. Chancellor Galatolo said the District was informed by the County Elections Office that the Board of Supervisors approved the request to move Board of Trustees elections to even years.

District Academic Senate President Shaw said she has completed her first semester as president. She said she has found the Board meetings to be proactive and meaningful.

Trustee Mandelkern said he attended a College of San Mateo Academic Senate meeting and was gratified to witness the amount of time spent addressing the student demands which were presented to each College as well as to the Board. He said some of the demands are out of the Board’s purview but there are others that the Board can begin to address.

Student Assistant Employment Rules

**Enrollment Requirements:** All persons who are employed in the Student Assistant pay category must be students of the San Mateo County Community College District. While employed in this category, students must be enrolled, at the District, and maintain a minimum of six (6) units during the fall and spring semesters, and a minimum of three (3) units during summer session. For students receiving Federal Work Study, the six (6) unit enrollment requirements do not apply. Federal Work Study students may be enrolled less than half time in accordance with the U. S. Department of Education Financial Aid regulations.

If an individual is not enrolled in classes at one of the campuses of the District, the individual cannot be classified as a Student Assistant – even if the person took classes during the previous semester and is enrolled to take classes in the District in a subsequent semester. These individuals, however, can be employed as “Bridge Student Assistants” between Spring and Fall semesters, so long as they were enrolled in the Spring and will be enrolled in the Fall. **Supervisors must verify Fall enrollment.** In addition, recent graduates from the District can be employed as Bridge Student Assistants at any time throughout the year to serve as tutors for upper division courses.

**Classification of Positions:** The classification of specific positions into one of four levels is the responsibility of hiring managers. The levels are defined in the Student Assistant Salary Schedule.

**Salary Step Placement and Advancement:** Initially students will be placed at Step 1 of the designated level and then advanced to Step 2 after two semesters of satisfactory service. **The Vice President of Student Services may approve exceptions to a student’s step placement.**

**Maximum Work Hours:** Student assistants may work up to a maximum of twenty (20) hours per week while classes or finals are in session. **The Vice President of Student Services may approve exceptions to the maximum work hours assigned to student assistants. Once approved, the exception must be noted on the student’s timesheet.**

During breaks between instructional periods when no classes or finals are scheduled, and during declared recess periods within a semester, student assistants may work up to thirty-seven and one-half (37.5) hours a week.

Bridge Student Assistants may work up to thirty-seven and one-half hours.

**Unemployment Insurance**
Student Assistants are not eligible for unemployment insurance benefits through the California Employment Development Department. **Bridge student assistants are required to contribute to social security, Medicare, and unemployment insurance through the California Employment Development Department.**

**Retirement Benefits**
Student Assistants are not eligible for retirement benefits through the Public Employees or State Teacher’s retirement systems.

**Equal Employment Opportunity:** The SMCCCD implements the spirit, principles, and laws related to Equal Employment Opportunity, the Americans with Disabilities Act, and related laws and regulations governing the employment of persons without regard to race, gender, disability, marital status, age, religion, or national origin.
APPROVAL OF CONTRACT AWARD FOR CAÑADA COLLEGE BUILDING 23N, NEW MATH, SCIENCE AND TECHNOLOGY DESIGN-BUILD PROJECT

The Cañada College Math, Science and Technology (Building 23N) project will construct a new ~50,000 SF math and science instructional facility. The new building will include state-of-the-art computer labs, earth science, astronomy, biology, microbiology labs, lecture classrooms, anatomy and cadaver labs, radiology technology, and program administrator and faculty offices. The project is covered under the approved Program Stabilization Agreement amended by the SMCCCD Board of Trustees on March 16, 2016 (Board Report 16-3-103B) which includes a provision for the Design-Build Entity (DBE) and Building Trades Council to participate in the Trades Introduction Program (TIP) and JobTrain Program.

On February 17, 2016, the Board of Trustees approved staff recommendations for various project delivery methods for the first phase of Capital Improvement Program Phase 3 (CIP3) (Board Report 16-2-102B) which included the Design-Build delivery method for the Cañada College Math, Science and Technology Building project. Subsequent to the February Board authorization, staff conducted a two-step qualifications/best value based selection process consisting of a Request for Statements of Qualifications (RFSOQ #86734) and a Request for Proposals (RFP #86734). San Mateo County Community College District advertised the RFSOQ on August 22, 2016 and received 11 Statements of Qualifications (SOQs) from interested DBEs. The SOQs were reviewed using the published scoring criteria and shortlisted to three DBE teams which were sent the RFP on September 22, 2016. The three shortlisted DBE teams were Blach/Ratcliff, Level 10/LPA and McCarthy/HGA.

All three shortlisted DBEs attended a pre-proposal mandatory conference on October 20, 2016 and two separate confidential meetings in October and November 2016 with Cañada College President Jamillah Moore, Vice President of Administration Michelle Marquez, Vice Chancellor José Nuñez, District Facilities Planning and Operations staff, General Services staff, and a representative of Swinerton Management & Consulting. The confidential meetings provided an opportunity for the DBEs to learn more about the design vision and academic programs envisioned for the new building. The three DBE firms submitted their respective proposals on November 18, 2016.

The District’s RFP Selection Committee was comprised of representatives from Cañada College, Facilities Planning and Operations, General Services and Swinerton Management & Consulting. The three DBE teams were formally interviewed on November 29, 2016. The selection committee scored the DBEs’ proposals using the following criteria and matrix:
Evaluation Criteria | Maximum Possible Points | Blach RATCLIFF | LEVEL 10 LPA | MCCARTHY HGA
--- | --- | --- | --- | ---
**Technical Proposal:**

a. Project Specific Requirements | 5 | 4.2 | 4.3 | 4.8
b. Project Organization | 5 | 4.1 | 4.2 | 4.6
c. Project Approach | 10 | 7.6 | 8.9 | 8.9
d. Project Schedule and Plan | 5 | 3.6 | 4.3 | 4.3
e. Life Cycle Costs Analysis | 10 | 8.3 | 8.8 | 8.1
f. Skilled Labor Force Availability | 10 | 8.0 | 7.9 | 8.9
g. Safety Record | 10 | 9.9 | 9.1 | 9.3
h. Sketches | 5 | 4.4 | 4.6 | 4.1
i. Interview | 10 | 6.4 | 9.5 | 9.3

**Fee Proposal** | 30 | 29.70 | 29.97 | 30.00

**Total** | 100 | 86 | 91 | 92

The MCCARTHY/HGA DBE team was the highest scoring team with 92 points. They also had the lowest fee proposal which awarded them the maximum possible (30) points for the fee portion of the evaluation. At the December 14, 2016 Board of Trustees meeting, an information report (Board Report 16-12-3C) was presented describing the RFSOQ and RFP processes, scoring criteria/matrices, and scoring results. Renderings of building conceptual designs submitted by each shortlisted firm were also shown.

The project will be funded with Measure H general obligation bonds. Leland Saylor Associates, the District’s capital cost consultant, performed cost estimates during the programming and conceptual design phases. The budget for the design and construction of the project is $42,150,000.00.

**RECOMMENDATION**

It is recommended that the Board of Trustees authorize the Executive Vice Chancellor to execute a contract with the DBE team of MCCARTHY/HGA for the Cañada College Building 23N Math, Science and Technology Building project, RFP #86734, in an amount of $40,581,127.00 which includes an Owner’s Allowance of 10% of the contract award.
REJECTION OF BIDS FOR COLLEGE OF SAN MATEO BUILDING 6 AQUATICS CENTER POOL SYSTEM UPGRADE PROJECT

The existing boilers serving the Olympic and Instructional swimming pools are undersized and running at temperatures above their designed capability. Consequently, the pools have suffered heating fluctuations and failure of the boiler heat exchangers requiring replacement every 10-18 months. To alleviate these issues, a design solution was engineered tying the pool heating system to the central boiler loop, providing a constant and reliable source for heating the swimming pools.

The District sought competitive bids for this Aquatics Center Pool System Upgrade Project through a public works bid advertisement inviting pre-qualified B contractors via a local newspaper on February 29, 2016 and March 7, 2016, and a published notice on the District website. Staff also conducted outreach to contractors included in the District’s 2016 pre-qualified contractor list via telephone and email. Two contractors attended one of three mandatory pre-bid conferences held on October 6, October 13 and November 3, 2016. The District received two bids for this project as follows:

<table>
<thead>
<tr>
<th>Contractor</th>
<th>Total Bid</th>
</tr>
</thead>
<tbody>
<tr>
<td>Rodan Builders Inc.</td>
<td>$437,800.00</td>
</tr>
<tr>
<td>Western Allied Mechanical, Inc</td>
<td>$576,950.00</td>
</tr>
</tbody>
</table>

The bids received significantly exceed the project budget. Staff determined that it is in the District’s best interest to reject these bids in order to implement alternate strategies to secure a bid better aligned with the project budget. Staff proposes to re-bid the project after value engineering and repackaging this work so that it may be more appealing to the market.

The project is funded with general obligation bonds from Measure A and H.

RECOMMENDATION

It is recommended that the Board of Trustees authorize the Executive Vice Chancellor to reject the bids submitted by Rodan Builders Inc. and Western Allied Mechanical, Inc. for the Aquatics Center Pool System Upgrade Project at College of San Mateo.
CONTINUED DISCUSSION OF THE DISTRICT’S COMMITMENT TO EDUCATIONAL SOCIAL JUSTICE

On December 14, 2016, the Board adopted an “Affirmation of the San Mateo County Community College District’s Commitment to Educational Social Justice through Access, Affordability, Individuality, Diversity and Inclusion.” This affirmation is core to the Board’s approach to the manner in which all students and employees of the District are to be treated, protected, respected and valued.

Having heard from students and employees about their concerns relating to the recent proposed national policy positions and proposals, the Board will continue to discuss areas related to social justice and how the District might further refine and implement policies and strategies to ensure that the District’s colleges remain safe and welcoming environments where students can learn and thrive. Topics that are likely to be included in the conversation include, but may not be limited to: federal immigration policies and practices, Deferred Action for Childhood Arrivals (DACA) and AB 540, FERPA regulations and other student privacy and security information.

Staff will prepare and present a draft resolution pertaining to these issues for the Board’s review at the meeting.
