INTRODUCTION:
In this presentation, **Planting the Legaseeds at SMCCCD**, we will share a timeline of our efforts serving Filipino students and the community from the lens of our past, present, and the vision for our future.

Historically, Filipinos have had a well-established presence not only in San Mateo County, but specifically at our campuses. At CSM, for 2019-20, Filipino students comprised 591 (7%) of the student population of approximately 8,437 students. In 2020-21, Cañada College has a Filipino community of 363 (6%) students of 6,048 total students. At Skyline College, Filipino students make up approximately 1404 (16%) of the population of 8,779 students.

The existence of such strong Filipino student populations in our colleges over the years has led to the inception of some notable Filipino student organizations and programs, which would often start strong, but were unable to keep the momentum going. While these organizations have come and gone, programs such as the Kababayan Learning Community have demonstrated that with institutional support, we can have a long-standing transformative impact on Filipino student lives.

As a district, we have the commitment of faculty, classified professionals, and administrators to continue, enhance, and transform programs and services to create a holistic educational journey for our Filipino students. These efforts align with Skyline College President’s People’s College Initiative, the SMCCD Strategic Goals, and the State Chancellor’s Vision for Success. Using the framework of LOVE + HOPE = TRANSFORMATION, this document will provide historical context as well as current information on programs and services available for this population, and aspirations to expand this work across the district and state.
For the Love: Planting the Seeds in the Past
At Skyline College, the Kababayan Program was established in 1993 by Nina Floro, an English faculty member, and Jeffrey Acidera, a counselor. As it was not associated with any mandatory requirements, after several years, the program temporarily ceased to exist. In Fall 2003, Dr. Liza Erpelo was asked by Anita Martinez, Language Arts Division Dean, to resurrect the program and create a culturally relevant and responsive curriculum for the English courses. For many of the students who came into Kababayan, these courses were often the first times they had been exposed to Filipino American authors. The course offerings expanded to include sociology, Filipino and Filipino American history, indigenous music, cultural dance, Filipino language, cultural production, and photography.

In Fall 2004, the students created what is now the Filipinx Student Union, an organization of student activists whose goal is to uplift and create spaces to share their community and culture.

In Spring 2005, Kababayan held its first Filipino Cultural Night, now in its 16th year, which is unique for two reasons: it is the only PCN offered at a California community college, and to participate, students must enroll in ENGL 103 and ENGL 104, Applied English Skills for Cultural Production I and II. In the fall, students create, write, and edit the script for the production collaboratively. In the spring, they direct, choreograph, and produce the event, all while earning up to 6 units of CSU-transferable electives that meet the Associate in Arts/Associate in Science degree requirements for Area 5b: Ethnic and Cultural Diversity – Area Studies.

In Fall 2006, Dr. Nate Nevado joined the ranks of the Skyline College counseling adjunct faculty. In Spring 2007, he became the first of ten Kababayan counselors over the years.

In Spring 2007, Kababayan also began hosting Fulbright Foreign Language Teaching Assistants from the Philippines. For 10 months at a time, FLTAs would assist teaching in the Filipino classes as well as serve as consultants for Filipino language in the English classes, guest speakers throughout campus, advisors for the Filipinx Student Union, and participants in the annual PCNs. The Fulbright FLTA teaching program is sponsored by the U.S. Department of State’s Bureau of Educational and Cultural Affairs, so the FLTA is fully compensated for his or her teaching assistant duties by the U.S. government.

By Fall 2014, the Kababayan Program was rebranded as the Kababayan Learning Community. Counselor Kent Gomez, KLC English instructor Grace Burns, and Dr. Erpelo met with the principal at Westmoor High School to create dual enrollment courses where the students are introduced to Kababayan curriculum and Skyline College resources. Counseling 655: Kapatiran Seminar, Transition to College began in Spring 2015. Bo Aleonar took over the class in Fall 2015 and developed the same class at South San Francisco High School. Alvin Gubatina and Crystal Ayop have also taught the course, and Francesca Dolor is slated to teach it at Westmoor in Spring 2022.

At College of San Mateo, Professor and Dean Emeritus Al Acena, a historian for Filipinos in San Mateo County, indicated that the first Filipino club was in existence at CSM starting in 1929 and
in the yearbooks until 1937. The next documented student organization presence of Filipinos at CSM was in the 1970s in the College Readiness Program, created after the 1965 National Immigration Act lifted the quotas of Filipinos arriving to the United States. Prior to the creation of Katipunan, Lisa Suguitan Melnick and Chris Rico served as advisors to the Filipino Student Association from 2011 to 2015.

At Cañada College, the programming has not been established; however, there is expressed interest from students, faculty and classified professionals to implement a Filipino learning community and/or student club to support this population on campus.
Bringing Hope: Cultivating our Roots in the Present
Despite Kababayan moving their services to the virtual space in March 2020, they were able to remotely provide support for that cohort, and in the fall 2020, create new cohorts of 75+ students who continue to build upon its legacy and add to the already thriving community. From continuing to teach the linked courses remotely, to hosting annual outreach events, and writing, directing, and producing Filipino Cultural Night all entirely on Zoom, they successfully continue to adapt and transform the way they support students and build community. Currently, they are working on:

- Outreach for Kapatiran Seminar at Westmoor and South San Francisco H.S., and anticipating opportunities to expand to other campuses such as Jefferson H.S.
- Support for the Filipinx Student Union
- Campus Outreach via College Hour with the Associated Students of Skyline College (ASSC).
- Discover Kababayan, established in 2018 and supported by the President’s Innovation Fund (PIF), which provides opportunities for high school students to experience being Skyline College students while being immersed in the campus culture. The intended audience are students enrolled in the Kapatiran Seminars at the high schools and from the feeder high schools. During these events, participants engage with current Kababayan students through icebreakers, storytelling, interactive activities, and more. Now in its fifth year, it has served roughly 40 participants at each event.
- Anti-Asian Hate Resolution Task Group, established at Skyline College as a result of supporting students’ joint statement of #STOPAAPIHATE by FSU and Katipunan.

In Fall 2019, College of San Mateo’s student equity plan highlighted that Filipinx students were disproportionately impacted in degree goal completion and retention from semester to semester, but there were zero services available for the community. With the support of students and counseling faculty, Katipunan started as a student organization. Through the Innovation Grant, additional supports for Filipinx students were implemented including a College Success course in Fall 2020 that focused on culture/identity, as well as KAMP (Katipunan Academic Mentorship Program), a Filipinx peer mentorship program that supports students in career and transfer.

College of San Mateo counseling faculty Doris Garcia and Alex Guiriba submitted a program review and budget allocation in October 2021 in order to institutionalize Katipunan as an official learning community starting in the 2022-2023 school year. The proposal is for year-long linking of College Success and English courses as well as coordination and student retention support. There is an active request for Filipina faculty Lisa Suguitan Melnick to teach the ENGL 105 and 110 courses, as well as a Filipino-focused IDST course themed in career, transfer, and engagement being submitted to Curriculum. We hope to hear back from administration by December 2021 about the official approval of the Filipinx Katipunan Learning Community.
Creating Transformation: Branching Out Into the Future
Informed by the previous work, we envision a future that will continue the three pillars of Love, Hope, and Transformation. As we move forward, our transformation will take shape and impact three distinct bodies: collegewide, districtwide, and systemwide.

**Collegewide**
The collaborative goals for the colleges are that learning communities and student clubs for Filipinx students are developed and supported, have the ability to expand and pivot, and are able to grow and adapt with the changing needs of the campus and community in order to keep the resources viable for the learning and educational growth of our students.

**Districtwide**
With our local demography, SMCCCD is positioned to develop sister city and college relationships with regions of the Philippines as well as a partnership with the Philippines Department of Education’s *Balik Aral* Program. This will offer opportunities for our students to engage in discussions and cultural exchange about contemporary social conditions in the United States and Philippines that inform the Filipino and Filipino American identity. A partnership with Global Learning Programs & Services can create Study Abroad and student exchange programs and increase scholarship opportunities for our students to realize these learning experiences.

Additionally, another districtwide goal would be to expand the demonstrated success of the Kababayan Learning Community, not only to solidify that CSM is able to officially establish their Filipinx learning community, but also to further support Cañada College in assessing their need to create and implement a Filipinx student club and/or learning community on their campus.

**Systemwide**
Given the historical work and recognition statewide of the Kababayan Learning Community, in collaboration with University of California, Office of the President (UCOP) Puente Program, and the CCCCCO’s Umoja Statewide, the vision is to build a statewide coalition and develop a statewide Filipinx learning community. This would result in building more bridges to Bay Area California State Universities (CSUEB, SJSU, SFSU).

**CONCLUSION**
The SMCCCD commitment in fulfilling this work is predicated by the pillars of LOVE + HOPE = TRANSFORMATION. All must be present to impact our institutions, the lives of our students, and the well being of our community. That is the educational work that we are striving for.

We ask for the support and commitment of the Board of Trustees, SMCCCD Chancellor, and College Presidents to stand with us in this critical work.
SMCCCD Celebrates Undocu-week
CAÑADA CONNECTS WITH COMMUNITY

In preparation for a full campus return for the Spring semester, several members of the Cañada College team joined a series of special events throughout San Mateo County to cultivate new community-based relationships on behalf of the College.

College Recruiter Olivia Cortez-Figueroa, attended a community event called “La Mesa” in Half Moon Bay with partner, Ayudando Latinos a Soñar (ALAS). The event provided an opportunity to meet and break bread (or tamales and champurrado, in this case) with farmworkers from the Half Moon Bay community as well as with the ALAS Executive Director/Founder, Dr. Belinda Hernandez-Arriaga, Half-Moon Bay Council member, Joaquin Jimenez and ALAS staff and volunteers. The Outreach team has been working with ALAS to help connect students in the Half Moon Bay community who have expressed interest in continuing their educational journeys with Cañada College.

Cañadians from the Student Services Division joined the Friends of Redwood’s Food Forest Fundraiser which supported the development of Redwood High School’s (RHS) environmental center, focusing on education, sustainability and equitable access to food resources for our community. The team had the opportunity to meet members of the Foundation, teachers and students that support RHS and toured the phases of growth that help support RHS’ green initiative.

Several members from the Cañada's Outreach, STEM and Strong Workforce teams personally connected with community members and job seekers in Menlo Park at JobTrain's Holiday Job Fair. There, the Cañada College shuttle was on display to preview that the College will begin resuming free services to the community in January 2022. In addition, members from the Cañada Promise Scholars Program, Counseling and Outreach teams attended Woodside High School’s College Day where Cañadians hosted a series of 50-minute rotating presentations about Cañada to high school seniors. Cañada also collaborated with College Advising Prep and Redwood City Police Athletic League to host College Night. The Cañada Outreach team connected with families while presenting information on the benefits of community college and the programs available at Cañada College. Both parents and students shared their gratitude with the Cañada team upon learning of Cañada’s Transfer Agreement program and the community college pathway option in general.
The Cañada team is slated to attend a series of upcoming presentations and application workshops, including:

- Application Workshop at Redwood High School on Wednesday, 10/20
- Spanish Financial Aid Night at Menlo-Atherton High School on Wednesday, 10/20
- Cash for College Day at East Palo Alto High School on Saturday, 10/23
- Half Moon Bay High School Visits on Monday, 10/25
- SMUHSD Virtual College Fair on Wednesday, 10/27

The Cañada team continues to utilize existing, and cultivate new, community relationships to connect residents with academic and student support programs at Cañada College so they can actualize their goals and dreams.

The College kicked off Latinx Heritage Month with a Bienvenida! During the virtual session, students and community members were introduced to new Cañada College employees and they shared how the new staff “nos pueden ayudar” both in person and virtually this fall semester. Another session from Latinx Heritage Month included Martes Gigante! Martes Gigante was inspired by Sábado Gigante, the longest-running Spanish variety game-show in television history. Martes Gigante was filled with virtual competitions and scavenger hunts. Attendees played Kahoot, for example, where those who answered the most correct questions about Latinx culture trivia, won. In addition, with October being Transfer Month, a highlight of Latinx Heritage Month included a panel of Latinx alumni who shared testimonios of resources and connections at Cañada College that supported their success.

Recordings from past events and additional details on Latinx Heritage Month can be found on the Latinx Heritage Month website. Thank you to the students, faculty, staff, administrators and broader campus community who joined in the months’ events to amplify Latinx voices and identities.

CAÑADA COLLEGE CELEBRATES LATINX HERITAGE MONTH

Cañada College celebrated Latinx Heritage month (Sept. 15-Oct. 15) with a series of events and conversations relevant to the Latinx community. All programs, workshops, and events were strategically planned to amplify Latinx voices and various identities, which included events that were built to share space with one another as a campus community of students, faculty, staff, administrators and the broader San Mateo County.

OCTOBER 13 FLEX DAY HIGHLIGHTS STUDENT VOICES DURING RECOVERY

CSM’s mid-semester Flex Day brought back a session that is always a campus community favorite: the student panel.

Titled “Implementing a Student-Focused Recovery,” the session began with a welcome by President Jennifer Taylor-Mendoza. She provided an overview of the recovery process, a reminder
that we will be living with COVID-19, and the priorities that will guide CSM’s recovery process. These include:

- Reestablishing our sense of community
- Making time to connect with one another
- Allowing time for community building in class
- Redoubling outreach efforts in our local communities
- And listening to our students to meet their needs

President Taylor-Mendoza summed these priorities up by highlighting the need for a “student-focused recovery in a loving culture” before turning the virtual stage over to Director of Equity Jeremiah Sims. Dr. Sims shared analogies and stories that framed the need for a radical reimagining of what CSM can be post-recovery and how it’s only possible by committing to “Love as Praxis.”

Dean of PRIE Hilary Goodkind was up next as the student panel moderator and asked the students to introduce themselves. Dawit Bairu, Nicole Hong, Seini (Jane) Petelo, Guillermo Garcia, Stelios Kyriacou, Cristian Alvarez-Flores, and Vou Aumavae shared their majors and what programs they are connected to at CSM. Next came the questions and responses.

Dr. Goodkind asked “What are the top two challenges you’ve face with your education at this point?” Student responses echoed common themes: balancing school and work, staying motivated in a virtual academic format, maintaining community and connections to other students, feeling Zoomed out, managing virtual content in various places, communicating with peers and faculty, and staying informed. One student highlighted the overall challenge of being a first-generation student of color trying to navigate the higher education system.

The second question was “Can you think of ways that CSM can help you address your challenges?” Answers included suggestions to better organize and simplify class Canvas pages, faculty being more understanding with class assignment deadlines, requirements for students to turn their cameras on in class, more robust feedback from faculty in asynchronous classes, and more faculty face-to-face virtual office hours and study groups that help foster interaction.

The next question was “Where do you feel the greatest sense of support at CSM and what contributes to that feeling?” The Promise Scholars Program was cited multiple times as a supportive “family” that helped provide belonging during lonely times. Other students shared how motivating the Promise Scholars Program support team is and how that helped them contribute to the campus community by getting involved in campus clubs. Many students thanked CSM faculty and shared how supportive they’ve have been: being present, checking in on students, asking how they are doing, and giving their all. Transfer Services, Associated Students, EOPS, Financial Aid, Multicultural & Dream Center, and the Disability Resource Center were also mentioned as supportive services.

With some extra time remaining, a bonus question was posed: “How do you feel about a return to campus this spring?” The student panel was excited about getting back to campus. They mentioned looking forward to having a place to hang out, participating in on-campus activities, interacting with live staff and faculty, and reconnecting with peers. While this group of students has been active in college programs and services, CSM recognizes that some students may prefer virtual learning, so the Spring 2022 schedule was built to accommodate students of all needs. The session concluded with the students asking questions regarding safety precautions during their return to campus.

Following this informative session, CSM’s Flex Day continued in Zoom breakout sessions facilitated by faculty and staff, covering various topics on pedagogy, antiracism, technology, equity, and student support. While participants were primarily online
through the day, breakfast and lunch brought employees together on a beautiful day on the Bayview Terrace.

FAMILY SCIENCE DAY RETURNS WITH KEYNOTE FROM MEMBER OF NASA’S PERSEVERANCE MARS ROVER SCIENCE TEAM

CSM’s annual Family Science Day returned in late September for its second year in a virtual format, drawing hundreds of science fans of all ages. Spearheaded by Physics Professor Mohsen Janatpour, the event was made possible by the dedicated efforts of many CSM faculty, staff, students, administrators, and community members. Additional support also came from a long-time partnership with the San Mateo County Astronomical Society (SMCAS).

The day featured various live sessions, and attendees were also encouraged to browse the video library, a selection of pre-recorded videos created by the event organizers and presenters.

The day’s highlight was the keynote given by Dr. Pablo Sobron, founder & CEO of Impossible Sensing and research scientist at the SETI Institute. Dr. Sobron shared his experience as a member of NASA’s Mars 2020/Perseverance Rover Science Team and their mission to seek signs of ancient life on Mars and collect samples for return to Earth.

Dr. Sobron began the keynote by providing basic background facts about Mars’ size, mass, temperature, and year length (687 days!). Then he explained the process of launching and landing spacecraft on the Red Planet before sharing footage of the Perseverance Mars Rover landing and the excited reactions of many on Earth at that moment.

He proceeded to explain elements of the Rover and the tools it uses to scan, drill, measure, and gather samples in desired “hot spots.” Next, he played brief audio recordings from Mars, including the sound of the blades from Ingenuity, a helicopter nestled in the belly of the Perseverance Rover. Finally, Dr. Sobron concluded the presentation by discussing upcoming missions before taking questions from attendees.

It was a fascinating day full of inquiry, exploration, and engaging discussions. A huge thank you goes out to the entire team that made this year’s virtual event a success. And we look forward to next year’s event returning to an in-person format in September 2022.

Panel of Student Researchers Hosted by Honors Transfer Program and Library

On Thursday, October 7, 2021, six student-researchers shared their experiences doing research in a first-time, hyflex program with five student-researchers—Amanda Sayaseng, Brendan Murtagh, Faith Valencia, Jiries Kaileh, Madeleine McSwain available in person, on campus—and student-researcher Shannon Hoang available online through Zoom.

Honors Transfer Program Faculty Coordinator Janice Sapigao welcomed everyone to the event, with close to 20 people attending in person and 20 people attending online. The event started with all students, professional staff, and faculty at the event engaging in a getting-to-know-you icebreaker led by fellow event co-organizers, Chemistry Professor Susanne Schubert and Professor Librarian Pia Walawalkar. After familiarizing ourselves with the space, as most of us were on-campus together either for the first time ever or after a long time away, we transitioned to the student panel.

The panelists primarily consisted of students in various stages of the research process, with some in their first or second years of the Honors Transfer Program. Five out of the six students are in the Next Enriched Xenon Observatory (nEXO) Program, of which Skyline College is the only community college participant.

The student-researchers answered questions about how they first got started in research, how they found faculty-mentors, how they overcame initial self-doubt, how feasible it was to start research projects while taking on regular coursework, and how to find resources for support. Student Jiries Kaileh said he didn’t know he could ask for help with his research, but once he did, his research got easier. Madeleine McSwain said that finding the right resources has helped her figure out how to keep going. Shannon Hoang shared, “Most of the challenges I have faced was a lack of monetary resources. I strongly believe that the technology needed to fix climate issues already exists but the money made from bigger corporations is of higher value in this country. In order to make strides in the STEM industry, we must place the health of the people to a much higher level than it is now.” All of the students mentioned and expressed gratitude to their faculty-mentors who supported them throughout the duration of various research projects.

Student Faith Valencia said that she got started in research after her Professor, Erinn Struss, reached out to her about the Honors Transfer Program. From there, she joined the program and enrolled in Interdisciplinary Studies 105 (IDST 105), the Honors Research Seminar, and she realized that she wanted to learn more about something she’s really interested in: fashion. She ended up doing a creative research project on how Japanese fashion evolved from the 1800s to the twenty-first century.

The People’s College Initiative at Skyline College

This year, Skyline College plans to receive important grant funding through the Institutional Effectiveness Partnership Initiative (IEPI) at the State Chancellor’s office to launch the People’s College Initiative (PCI) which will further the college’s
participatory governance, climate review work, and anti-racist initiatives. Through the PCI, we plan to lay the foundation for a strong, sustainable and healthy college climate – work that intersects with our active antiracism efforts – to transform us as a community of the people, and to move us toward setting the best example of strong civic engagement and democracy for our students in the classroom.

We believe the key ingredients to transforming our climate into a healthy college and workplace experience is three-fold:

(1) Having a robust participatory governance process that people trust and believe in, rendering open and transparent decision-making a way of life at Skyline College. We will work to provide the structure and practices needed to ensure all voices are heard, and that the people and students of Skyline College actively work together to shape its future; (2) Creating an antiracist culture that embraces campus wide training, practice, and action toward becoming an antiracist college; and (3) Engaging in regular climate review in order to measure our transformation in becoming a true institution of the people with an emphasis on the student experience.

We will measure success by the existence of a broad-based understanding of how our college functions as a democratic institution, how our shared governance model works, how we can come together and learn to be antiracist practitioners in an educational environment. And, the piece de resistance is a healthy climate. We intend to norm participatory governance, antiracism training and action, and regular climate review.

A positive climate and culture, alongside active antiracism work undergirds a healthy 21st century community college campus – and when our campus community is healthy, students feel a greater sense of belonging and thrive in a true democratic environment.

BOARD REPORT NO. 21-10-03CA

FROM: Michael Claire, Chancellor

PREPARED BY: Dr. Aaron McVean, Vice Chancellor, Educational Services and Planning

CURRICULAR ADDITIONS, DELETIONS AND MODIFICATIONS
CAÑADA COLLEGE, COLLEGE OF SAN MATEO, AND SKYLINE COLLEGE

The addition of five courses and two programs to and the deletion of one program from the College catalogs are proposed by Cañada College, College of San Mateo, and Skyline College at this time. Additionally, six courses are proposed to be offered in the distance education mode.

Forty-nine courses and 12 programs were modified.

Each of the proposed courses and programs has been reviewed by the appropriate Division Dean and approved by the College Curriculum or Instruction Committee, acting on behalf of the local Academic Senate. In addition, the Academic Senate Presidents provide oversight with respect to the necessary role of the local Senates in the review and approval process. The rigor of the approval process assures that each new course has substance and integrity in relation to its discipline and that it fills a clear student need not being served by existing course offerings.

RECOMMENDATION

It is recommended that the Board of Trustees approve the attached curricular changes for the Cañada College, College of San Mateo, and Skyline College catalogs.

TO: Members of the Board of Trustees
FROM: Michael Claire, Chancellor
PREPARED BY: Mitchell Bailey, Vice Chancellor/Chief of Staff
Dr. Karrie Mitchell, Vice President of Planning, Research & Institutional Effectiveness

During the June 23, 2021 Board of Trustees meeting, the Board approved Board Report No. 21-06-108B to Modify the Academic Calendar to include the Juneteenth National Independence Day Holiday. The Board also approved the observance of the Juneteenth Holiday for the 2020/2021 Academic Calendar to take place on Monday, June 28, 2021. As such, the previously approved Academic Calendars needed to be amended and reapproved by the Board of Trustees.

The District Academic Calendar addresses days of work for San Mateo County Community College District employees represented by AFT, CSEA, and AFSCME and is crafted in consultation with the Academic Calendar Committee. The amendments to the 2020-2021, 2021-2022, and 2022-2023 were discussed during the September 22, 2021 Academic Calendar Committee Meeting and recommended to move forward to the Board of Trustees at this time.

These proposed calendar changes of adding the Observance of the Juneteenth Holiday have been negotiated with AFT and provided to CSEA and AFSCME. No other changes have been made to the Academic Calendars that have been previously negotiated and approved.

RECOMMENDATION

It is recommended that the Board of Trustees adopt the amended 2020-2021, 2021-2022, and 2022-2023 District Academic Calendars to include the Observance of the Juneteenth Holidays as detailed in this report.

It is recommended that the Board of Trustees authorize acceptance of the grant funds in the amount of $40,000 from the Silicon Valley Community Foundation to support the planning for an Early Childhood Education (ECE) apprenticeship program.

ACCEPTANCE OF THE TITLE V DEVELOPING HISPANIC SERVING INSTITUTIONS PROGRAM FROM THE DEPARTMENT OF EDUCATION

College of San Mateo has been awarded a $3 million Title V grant from the U.S. Department of Education to support the STEM@CSM project to increase the College’s capacity to create an equity-minded, student-centered experience that empowers Hispanic, low-income, and other students to reach their educational goals.

The major activities and services include:

1. Develop a physical STEM Center to parallel the STEM@CSM online information center. Regular contact with students throughout the semester positively impacts persistence, retention, and success.

2. Increase undergraduate research and internship opportunities. Students will be introduced to research in newly developed STEM courses. In addition, STEM departments will increase partnerships with universities to offer students more opportunities in paid internships at CSM and at four-year universities.

3. Purchase of laboratory equipment. At the pace science moves, it is critical that the equipment students learn on in a laboratory setting be current with what they will experience in the workplace. New and updated equipment is a constant need.

4. Establish a Science Faculty Institute for Teaching and Learning. During the planning process for the STEM@CSM project, division faculty reached consensus that beginning in spring 2022, a block of time will be created in the schedule of classes for all science departments to allow for a weekly “Faculty Institute Hour” to hold workshops and encourage faculty communication. Establishing a designated time and process for sharing information on best practices learned at conferences improves teaching and learning. CSM will create a transformative environment to promote equity, completion, and STEM success. The Science Faculty Institute for Teaching and Learning (SFIT) will facilitate among faculty and related staff change strategies commonly used in STEM education reform efforts.

Expected outcomes include increased enrollment of Hispanic and low-income STEM students; increased semester-to-semester persistence; increased retention and graduation; increased percentage of STEM degree students transferring into STEM fields at four-year institutions; increased percentage of Hispanic and low-income participants who successfully completed gateway courses; and decreased percentage of Hispanic and low-income students on academic probation.

The full award is $3,000,000.00 for a five-year period beginning October 1, 2021 and ending September 30, 2026.
RECOMMENDATION

It is recommended that the Board of Trustees accept the Title V $3 million award to College of San Mateo from the Department of Education as specified above.

APPROVAL OF CONTRACT AWARD FOR DISTRICTWIDE AGENCY OF RECORD FOR MARKETING SERVICES TO VISIONPOINT MARKETING, LLC

The purpose of this Request for Proposal (RFP) was to solicit proposals from qualified marketing agencies to serve as the marketing agency of record to provide the District and its three colleges ongoing support in strategizing, planning, coordinating, producing, and distributing integrated advertising through a variety of digital and physical distribution channels. The goal of engaging an agency of record is to assist the District in driving requests for information, applications, and enrollments of potential and current students to the colleges, and to broaden and build community awareness that the colleges are here to support community members to achieve their academic, career and personal goals.

On September 21, 2021, the District issued RFP #86863 for a multi-year agency of record for marketing services contract. An announcement for this business opportunity was released through the District’s online bid portal and a formal Advertisement to Bid was published in a local newspaper for two consecutive weeks on September 21, and 28, 2021. On October 4, 2021 the District received three (3) proposals from the following firms which were reviewed and evaluated using the following criteria: cover letter/description of services, project approach, qualifications, experience, and cost:

DISCUSSION OF BACHELOR’S DEGREE COMPLETION PATHWAY PARTNERSHIP WITH NOTRE DAME DE NAMUR UNIVERSITY

The San Mateo County Community College District (SMCCCD), as part of its District Strategic Plan, has committed to increasing degree attainment, transfer rates, and bachelor’s degree completion for the students and communities served by the District and its three colleges. Notre Dame de Namur University (NDNU) and SMCCCD have been working to develop a dedicated Bachelor’s Degree Completion Pathway (BDCP) for graduates of the District. The BDCP will be specifically designed for students who have completed an Associates Degree for Transfer (ADT) to complete a baccalaureate degree in two years. The inaugural pathway will lead from the Associates of Science for Transfer (AS-T) in Business Administration to NDNU’s BA in Business Administration, with additional pathways from the Associates of Arts for Transfer (AA-T) in Psychology, and others, to follow if the initial pathway proves successful. The BDCP is designed specifically to provide an affordable option for baccalaureate degree completion in San Mateo County, through a combination of institutional aid from NDNU and financial aid for students who qualify.

Staff from the District and NDNU provided a report to the Board at its September 9, 2021 meeting and outlined the proposed BDCP for the AS-T in Business Administration, including the financial aid and affordability model and the services provided through a proposed NDNU micro-site. The Board advised during its September 9 meeting to move forward with pursuing the partnership agreement and to bring a final agreement for Board ratification to a future meeting.

RECOMMENDATION

It is recommended that the Board of Trustees ratify the attached Bachelor’s Degree Completion Pathway agreement with Notre Dame de Namur University.

BOARD REPORT NO. 21-10-104B

TO: Members of the Board of Trustees
FROM: Michael Claire, Chancellor
PREPARED BY: Mitchell Bailey, Vice Chancellor/Chief of Staff

CONSIDERATION OF QUOTES FOR DEMOGRAHER SERVICES FOR BOARD TRUSTEE AREAS MAP REVIEW

The Board of Trustees directed staff to solicit quotes from demographers to conduct a review of Census data relating to its trustee area map. Staff asked for quotes from four demographer firms and received one quote (with draft contract), which is attached to this report.

As a reminder, the Board must complete its review and make any desired trustee area boundary adjustments and report those changes to the County’s Chief Election Officer by March 1, 2022.

RECOMMENDATION

It is recommended that the Board of Trustees evaluate the attached quote for demographer services and determine if it wishes to engage the firm or solicit other quotes.
PROPOSAL FOR

TRUSTEE BOUNDARY REVIEW

ANALYSIS & POTENTIAL MAPPING SCENARIOS

USING 2020 CENSUS DATA

Submitted by
Mr. Mitchell A. Bailey  
Vice Chancellor and Chief of Staff  
San Mateo County Community College District  

Dear Mr. Bailey:

We appreciate SMCCCD reaching out to Davis Demographics regarding a Trustee Boundary Review. We are pleased to submit a proposal for these tasks, which follow the release of new census data every ten years. Our tasks would be heavy on data analysis through the use of GIS mapping/analysis software tools. On the following pages we have included brief information about our experienced staff members and their expertise with GIS mapping/analysis software tools.

Two references are included.....Fremont USD and Sonoma Valley USD. Davis Demographics undertook CVRA work for both of these northern California school districts in Fall 2019. Samples of our work are included, as well as contact information for the Associate Superintendent of Business Services at each district. Each of these projects was more than a review, each was a much broader project that involved transitioning from At-Large to By-District election of board members. So we're very familiar with the whole process.  

Both Districts have enlisted Davis Demographics to undertake their Trustee Area Review.

Please do keep in mind that Davis Demographics knows CVRA procedures and CA Ed Code 5019.5 guidelines, yet we are by no means a legal firm. In the trustee review process, your Attorney (Dannis Woliver Kelley) will guide you in legal matters, and your selected Demographer will advise in areas of mapping and data analytics. We would be pleased to be of service to San Mateo County Community College District.

Sincerely,

Ken Ward  
Davis Demographics
Demographer's Role

Analysis and Mapping. In the simplest terms, those are the Demographer's tasks in a CVRA or Trustee area review project. And there is no better way to accomplish both tasks than through the use of GIS software (geographic information system).

Davis Demographics has been using GIS software from Esri (the world leader in GIS) for decades, and twice was awarded Esri's Partner of the Year from among Esri's thousands of business partners. Davis Demographics is Esri's premier business partner in K-12 Education.

Specialized GIS software: One of Davis Demographics' greatest resources

For those unfamiliar with Esri, their ArcGIS mapping software is the standard GIS (geographic information systems) software used throughout the U.S. and the world. Virtually every city, county, state, and federal government agency uses GIS specifically made by Esri, and not some other brand of GIS. This is important to a school district because when a need arises for specific data, that data is generally available quickly and inexpensively in Esri GIS format from your local county or city.

Davis Demographics has been an Esri business partner since 1989. We don't just use GIS software, we pioneered it’s use in the school planning industry, including the development of our unrivaled SchoolSite planning software. With ArcGIS and SchoolSite, we are able to see more, understand more, leverage more data, and provide the school district client with the greatest experience from a demographic study. Davis Demographics is the premier business partner with Esri in the K12 Education field.

"As an early adopter of GIS technology, Davis Demographics has worked with Esri since the mid 1980s, delivering many of the first school administrative demographic and planning applications. SchoolSite for ArcGIS illustrates the continuing commitment that Davis Demographics has given to providing K–12 school administrators with the most up-to-date planning solutions based on Esri technology."

— Jack Dangermond, Esri Founder and President
Davis Demographics employs a staff of 20, with offices in Riverside CA, Dallas TX, and Phoenix AZ. In 28 years, we have grown to be the nation's premier K12 Demographer, having served hundreds of school districts in 40 states. We've partnered with Esri (GIS mapping) for over 30 years, longer than any other demographer. Esri tools and our own specialized school planning add-ons give us unrivaled geospatial analytic capabilities, with the unique "where" perspective so important to planning.

The personnel of Davis Demographics are highly-skilled Demographers, Analysts, and Statisticians, holding degrees in Geography, Urban Planning, Land Management, and other fields. They are empowered with the most advanced analytic tools in the industry, including Esri ArcGIS and Davis' exclusive SchoolSite software. With these tools and expertise, our team is able to dig deeper, leverage more data, discover more, process more, and accurately model and simulate the future of your school district...

...in ways that no other Demographer can.
On the next two pages are samples of Trustee Districting work recently completed by Davis Demographics. In both cases, these school districts had already made a legal declaration of intent to transition from an At-Large Trustee election system, to electing their Trustees by District, prior to involvement from Davis Demographics.

The CVRA work for Fremont USD involved a very engaged community that came out to the school board meetings. Even after the meetings, member of the community would gather around the demographer with many questions. The information shared by the Attorney and the Demographer went a long way towards providing a greater understanding of the process for the Board and the community.

**PROJECT DELIVERABLES**

**Part 1**

*Per Guidelines in California Education Code 5019.5*

1. **Following the release of the 2020 Census data:**
   a. Input the new data onto the District’s current trustee area map;
   b. Review for total population equality amongst the five trustee areas to confirm whether or not the current map meets the population equality requirements within the permissible deviation of ten percent (five percent up or down) among areas.
   c. Review CVAP data to determine whether population shifts and concentrations amongst protected classes warrant potential adjustments to the current map.
   d. Present in open session to the Board* on the new census data and related impacts on the current trustee area map, including providing detailed demographic information on a District-wide and per trustee area basis, including Total Population and Voting Age Population / Citizen Voting Age Population numbers for all protected classifications within each trustee area.

*An open session presentation is recommended, but is not required under CA guidelines. So whether or not to have an open session would be at the discretion of District leadership. We recommend verifying this with legal counsel.

*Any meetings outlined shall have virtual participation from the Demographer (via Zoom or similar). Because of the overwhelming demand for Demographers in Fall 2021 due to the release of census data, we are unable to offer onsite meetings for this project.

There is a potential Part 2 to this process. Please see the following page.
Item C on the previous page mentions "whether", or it could have read "if". If adjustments to the current Trustee map are necessary due to the analysis that would occur under Part 1 on preceding page, then Phase 2 becomes necessary.

**PROJECT DELIVERABLES**

1. Items 1a–1d on the previous page...these tasks will be mandated for Contra Costa COE. CA Education Code 5019.5 guidelines mandate the review.

The following steps in Item 2 below may (or may not) be necessary. We won't know until the tasks outlined in Item 1 are completed. Please continue reading below.

For any meetings, we have set pricing as though all meetings will be virtual meetings (Zoom or similar). Due to the overwhelming demand for Demographers in Fall 2021, we are unable to offer onsite meetings for this project.

2. If population or demographic shifts necessitate, or if the Board of Education desires, adjustments to the current trustee area map:
   
a. Create 1–3 additional options for potential trustee voting area maps to be considered by the Governing Board that (i) comply with state and federal law and (ii) which take into account relevant community interest factors. In addition to preparing the draft trustee voting area maps, also provide the District with detailed demographic information for each proposed plan, including Voting Age Population and Citizen Voting Age Population numbers for all protected classifications within each proposed trustee area.

b. Present at one or more additional Governing Board meetings* regarding the newly proposed trustee area plan maps and make revisions to the draft revised trustee area plans based on comments received, as determined to be necessary, and

c. Assist with the filing of the revised voting area map with the local Registrar of Voters.

*Any meetings outlined shall have virtual participation (Zoom or similar) from the Demographer. No onsite meetings are available/offered from Davis Demographics for this project.

**Investment $12,500**
This Agreement is made by and between Davis Demographics & Planning, Inc., a California Corporation, (hereinafter referred to as "DDP") and the San Mateo County Community College District (hereinafter referred to as "DISTRICT") with reference to the following:

The DISTRICT has requested professional services in demographic/census data analysis and potential trustee area redistricting related to the CA state mandated review following each official decennial census.

Therefore, it is agreed between the parties hereto, as follows:

DDP shall perform consulting services and/or provide licenses to software products as outlined in Appendix A of this Agreement. Any additional work not specifically listed under Appendix A and requested by the DISTRICT will be performed at an agreed upon fee through an additional project authorization and shall be governed by the terms of this Agreement.

This Agreement will not take effect and DDP will have no obligation to provide services, until the DISTRICT returns a signed copy of this Agreement and furnishes payment of the initial Retainer Fee set forth in Section Six below.

SECTION TWO - PERIOD OF PERFORMANCE

Performance of consulting services outlined in Appendix A shall be on a one-time basis commencing upon the later date this Agreement is signed by both parties and extending through June 30, 2022. It is anticipated that the project work would begin in October or November following the recent release of the 2020 U.S. Census data.

SECTION THREE - OBLIGATIONS OF THE DISTRICT

A) DISTRICT agrees that its employees will cooperate with DDP in the performance of services under this Agreement and will be available for consultation with DDP at reasonable times.

C) DISTRICT shall aid DDP in obtaining data from other public offices or agencies, local business firms, and private citizens whenever such data is necessary for the completion of the work outlined in this Agreement.
SECTION FOUR - LIMITATIONS

A) DDP understands that time is of the essence in completing the work outlined in this Agreement. However, DISTRICT understands that DDP may be dependent upon the timely delivery of data from the DISTRICT as well as third parties and that all tasks may not be completed in the allotted time as may be specified in this Agreement, but will make all reasonable efforts to complete all tasks.

B) DISTRICT understands that the work performed by DDP is based upon the best information available to DDP at the time of rendering services. DISTRICT also understands that DDP makes no guarantees for these services and DISTRICT hereby agrees.

C) DISTRICT understands that the mapping databases and associated information licensed from third parties in the performance of this Agreement are detailed and complex products. DDP will make all reasonable efforts to bring these databases and products into compliance for accuracy standards within the industry, however DDP makes no warranties for these third-party data products and DISTRICT hereby agrees.

SECTION FIVE - GENERAL PROVISIONS

This Agreement is a contract for services including the licensing of any optional software. Software licensed as part of this Agreement is/are subject to the software license terms outlined in the Appendices of this Agreement.

All report formats and software application programs remain the property of DDP. The DISTRICT may make as many duplicates of any hardcopy maps and reports as may be deemed necessary for its business use. Unless clearly stated in this Agreement, due to various data licensing and copyright agreements, the DISTRICT does not receive automatic access or use of any internal data or GIS map data, other than the DISTRICT’s own student record data provided to DDP. If data is made available and transferred to the DISTRICT, it is expressly understood that such data developed by DDP, and/or licensed from, an outside data provider is for DISTRICT internal use only, and may not be reproduced, distributed or released by the DISTRICT to any third parties without the written consent of DDP and the data provider.

DDP is acting as, and shall be considered, an independent contractor, and will be responsible for determining the sequence, method, details and manner in which it performs those services required under the terms of this Agreement. Nothing herein contained shall be construed as creating a relationship of employer and employee, or principal and agent, between DISTRICT and DDP or any of DDP’s agents or employees. DDP assumes exclusively the responsibility for the acts of its employees or agents as they relate to the services to be provided during the course and scope of their employment. DDP, its agents and employees, shall not be entitled to any rights and/or privileges of DISTRICT’s employees and shall not be considered in any manner to be DISTRICT’s employees.

SECTION SIX - COMPENSATION

Twenty-five percent (25%) of the consulting contract amount is due as a Retainer Fee upon execution of this Agreement and will be invoiced by DDP and is payable before substantial work will commence. This fee is non-refundable indicating a commitment by DDP staff to be available to complete any work outlined or requested as part of the Agreement. Initial hours and expenses incurred will be applied to this Retainer Fee amount. Once the Retainer Fee has been reached, compensation to DDP shall be made at an hourly rate of $170.00 with a maximum fee for tasks to be completed as outlined in Appendix A.

DDP shall invoice DISTRICT on a monthly basis at which time such invoices shall be due and payable. DDP reserves the right to charge interest at the rate of 10 percent per annum, on the unpaid balance, compounded annually (to the extent permitted by the law) on any sums not paid within 90 days of the initial billing date.
Professional services tasks outlined in Appendix A and their associated fees are for estimate purposes only within the total scope of the Agreement—task fees are not individual maximum fees—DDP retains the right to shift fees between the tasks in order to complete the overall scope of work outlined in the Agreement.

If this Agreement is for multiple years, each additional year will be handled in the same manner as the first year, with the Retainer Fee of 25% of each year’s contract amount invoiced and due on July 1st.

Any additional services not specifically outlined in this Agreement shall be invoiced at the hourly fee noted above. Any meetings not specifically outlined in this Agreement shall be invoiced at the hourly fee (inclusive of travel time to and from any meeting) plus any airfare and $275 per diem travel expenses (for overnight trips or any trips requiring air travel).

SECTION SEVEN - TERMINATION

It is understood and agreed that the DISTRICT may terminate this Agreement for the DISTRICT’s convenience and without cause by giving DDP written notice at least thirty (30) days before the effective date of such termination. Upon termination, DDP shall:

1) Stop work under the Agreement on the date and to the extent specified in the Notice of Termination.

2) Transfer to the DISTRICT (to the extent allowed under Section Five of this Agreement) and deliver, in the manner, at the times and to the extent directed by the DISTRICT, the work in process on the effective date of the Notice of Termination.

b) payment at the hourly rate specified in this Agreement for all time spent over the Retainer Fee towards the performance of this Agreement up until the receipt of notice of termination;

c) payment for all expenses incurred by DDP in the performance of this Agreement, including, but not limited to, mapping and other purchased or licensed data;

d) in the case of a multiple year Agreement, additional Retainer Fees of 25% of the annual consulting contract amount for each year of the Agreement not completed shall be due, as an early termination convenience to compensate for commitment of staff, multiple year discount offered, and lost profit opportunity.
SECTION EIGHT – NONHIRE OF DDP PERSONNEL

It is hereby mutually agreed that the DISTRICT will not solicit for hire any current or former employee(s) of DDP’s staff without the written permission of the President of Davis Demographics for a period of two years after completion of the services outlined in this Agreement, or any ongoing Agreements for services for additional work, whichever is later. In the event the foregoing provision is breached, liquidated damages equal to twenty-four (24) months of the employee’s compensation plus any legal expenses associated with the enforcement of this provision shall be paid by the DISTRICT to DDP.

SECTION NINE - CONFIDENTIALITY

In recognition of the foregoing, DDP agrees and covenants that it shall: (a) keep and maintain all personal information in strict confidence using such degree of care as is appropriate to avoid unauthorized access use or disclosure, including but limited to security or data breach, malware intrusion or any other unauthorized access to such personal information; (b) shall not use, sell, rent, transfer or otherwise disclose or make available personal information for the benefit of anyone other than the DISTRICT; (c) at a minimum, DDP shall have in place safeguards for the protection of personal information which shall include limiting access to the DISTRICT information, securing business facilities, data centers, servers, back-up systems and computing equipment with information storage capability, as well as implementing network, database and platform security on computing equipment that are either owned by, used by or in the care or control of DDP.

SECTION TEN - INDEMNIFICATION

Indemnification for Professional Liability Claims:

For liability arising out of professional services, DDP shall indemnify the DISTRICT, its officers and employees against liability for damages for which they may be liable to the extent such damages are actually caused by the negligent acts, errors or omissions of DDP, or any of its employees or subconsultant’s (if applicable) negligent acts or omissions under this Agreement.

As used herein, DDP’s obligation to defend any indemnified party shall mean the obligation to reimburse the party pursuant to this provision for any costs and fees determined by the court to have been reasonably, necessarily and actually incurred by the DISTRICT in the defense of those claims specifically founded upon DDP’s, its employees, or its consultants’ negligence, but only after a final determination of liability.
SECTION ELEVEN - DISPUTE

In the event of dispute, the parties agree to first attempt all reasonable efforts to resolve any disputes through good faith negotiation and/or mediation. If a reasonable settlement cannot be made, dispute determination shall be made in a court of competent jurisdiction in the United States county location where the project is located.

SECTION TWELVE – ENTIRE AGREEMENT

This Agreement contains the entire Agreement of the parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements, either oral or written prior to the execution of this Agreement.

Consulting Services: Trustee Area Boundary Review - CVRA

MANDATORY FIRST PHASE
Following the release of the 2020 Census data:
1) Input the new data onto the District’s current trustee election areas map; (5 Trustees and 5 Trustee Areas)
2) Review for total population equality amongst the five trustee areas to confirm whether the map meets the population equality requirements within the permissible deviation.
3) Review CVAP data to determine whether population shifts and concentrations amongst protected classes warrant potential adjustments to the current map.
4) Present in open session* to the Board on the new census data and related impacts on the current trustee area map, including providing detailed demographic information on a District-wide and per trustee area basis, including Total Population and Voting Age Population / Citizen Voting Age Population numbers for all protected classifications within each trustee area. *An open-session presentation is recommended, but is not required under CVRA guidelines, so whether or not to do this will be at the discretion of District leadership. We recommend verifying this with legal counsel.
Timeline: roughly October 2021 to February 2022. Needs to be completed by 03/01/22 CVRA milestone.

POTENTIAL SECOND PHASE
If population or demographic shifts necessitate, or if the Board desires, adjustments to the current trustee area map:
5) Create 1-3 additional options for potential trustee voting area maps to be considered by the public and the Governing Board that (i) comply with state and federal law and (ii) which take into account relevant community interest factors. In addition to preparing the draft trustee voting area maps, also provide the District with detailed demographic information for each proposed plan, including Voting Age Population and Citizen Voting Age Population numbers for all protected classifications within each proposed trustee area.
6) Present at up to three additional public hearings regarding the newly proposed trustee area plan maps and make revisions to the draft revised trustee area plans based on comments received, as determined to be necessary, and
7) Assist with the filing of the revised voting area map with the local Registrar of Voters.

First Phase FEES (1-4): $8,000.00
Second Phase FEES (5-7): $12,500.00

Initial here for all Tasks 1-7* outlined above ($20,500). Please SIGN Page 5.

*It cannot be known at the outset of the project whether or not the second phase (items 5-7) will be necessary. Upon completion of the first phase, if the current Trustee Boundaries are determined to still meet current CVRA guidelines, then the second phase would be unnecessary and therefore no fees for the Second Phase would be required.

Any meetings outlined shall have only virtual participation (Zoom or similar) from the Demographer. No onsite meetings by Demographer are offered.
BOARD REPORT NO. 21-10-03C

TO: Members of the Board of Trustees
FROM: Michael Claire, Chancellor
PREPARED BY: Dr. Richard Storti, Executive Vice Chancellor for Administrative Services
Mitchell Bailey, Vice Chancellor/Chief of Staff

REVIEW OF DISTRICT APPLICATION FRAMEWORK FOR STATE STUDENT HOUSING FUNDS

At the Board of Trustees’ meeting on October 13, 2021, staff presented various scenarios and funding options for the Board’s consideration relating to the development of student housing in the District. The Board directed staff to pursue newly-available state funding to construct student housing. Since that meeting, staff have worked to create an application submission that is due to the California Department of Finance by October 31, 2021.

Due to the short turn-around time for the application submittal, the District’s application is not yet finalized, but staff offers the following framework for the Board’s information and feedback:

Request Amount: $98.5 million
Proposed District Match: $10 million
Total Proposed Budget: $108.5 million
Purpose: Construct a four-story, wood-framed student housing complex
Site Location: College of San Mateo (exact location to be determined)
Project Size: 144,000 square feet
Total Students Served: Approx. 500
Program Mix: Traditional (dormitory) for single students – 224 students/beds
Apartment style for single students – 224 students in 112 units
Apartment style for students with families – 45 students/units
Populations to be Served: Per the state funding restrictions, units funded with the state grant must serve students who are enrolled full-time (at least 12 credit units) and low-income must receive first priority for units. With the District’s matching funds, other students, including part-time students, could be served.

Staff will be working over the coming days, weeks and months to further develop and refine the District’s plans; this will include regular Board engagement and stakeholder feedback processes.

UPDATE ON SPRING SEMESTER 2022 RETURN TO WORK AND OPERATIONS

Introduction
The COVID-19 coronavirus has triggered worldwide disruption at a scale not seen since the 1918 pandemic and the San Mateo County Community College District has not escaped the disruption caused by the pandemic. Fortunately, San Mateo County and the surrounding Bay Area counties have mounted a full and coordinated response to combat COVID-19. Also, COVID-19 vaccinations have proven highly effective at preventing serious illness, hospitalizations and death. San Mateo County, and the Bay Area generally, is experiencing low hospitalization rates, low transmission rates, and low per-capita case rates. Moreover, San Mateo County K-12 schools returned to full instruction this fall and reported that on-campus transmissions have been minimal.

These indicators bode well for our District for the remainder of the academic year. It was always the stated intent of the administration to recommend a full return to in-person operations by Spring 2022. This means that our campuses and other District facilities will be fully open and that courses and direct services to students will be scheduled according to student preferences and needs.

The intent of this report is to brief the Board on the planned return to onsite operations and to highlight certain aspects of the District’s written COVID-19 Prevention Plan. The District’s COVID-19 Plan is widely available through the District’s Return to Campus website. This plan is continuously updated in response to changing conditions and health orders. A copy of the plan can be found at: COVID-19 Prevention Plan.

A Proven Record of Successful Prevention
The District employs strict contract tracing protocols in cooperation with the San Mateo County Health Department. The District maintains a full report of all known COVID exposures, and the report is available to all and can be found at: SMCCCD COVID Exposure Report.

It should be noted that since the start of the pandemic there has not been an on-site outbreak of COVID-19 at any campus or District facility, nor has there been a single reported known on-site transmission of COVID-19. This is a testament to the students and employees of our District, our emergency operations and facilities teams, and the safety measures taken to protect our students, employees, and the public.

History and Timeline
The District suspended normal, on-campus operations on March 12, 2020, five days before San Mateo County issued a shelter-in-place order.
The following provides a brief chronological summary of the actions taken in response to the pandemic since March 2020:

2020/21 Academic Year:

- District activates its full EOC on March 12, 2020.
- Suspension of on-site activities for the duration of the Spring 2020 semester; campus access limited to authorized personnel only.
- Declaration of Summer 2020 and Fall 2020 courses and support services to be offered primarily online. Resumption of onsite delivery of hard-to-convert courses in Summer 2020; vehicular campus access limited to essential personnel and students enrolled in hard-to-convert courses.
- Campus access open to pedestrians and essential community and student services (i.e. Food Bank Distribution, supply and textbook distribution)
- Declaration Spring 2021 primarily online made in early Fall 2020; hard-to-convert courses continue onsite.

2021/22 Academic Year:

- Staff's makes a recommendation to offer courses and services primarily online for Fall 2021 and schedules accordingly (note the fall semester schedule process generally begins in early February).
- Given the success of the vaccination distribution and falling case rates in San Mateo County in late spring 2021, the Board directs staff to increase Fall 2021 course offerings and provide additional on-site services for Fall 2022-with a goal of offering at least 30% of courses onsite.
- Vehicular campus access restrictions lifted on June 15 in accordance with the Governor’s declaration. Campus are open to the general public and the District’s EOC is deactivated.
- Board approves mandatory vaccine requirement for students and employees. Mandate becomes effective at the later of the start date of Fall 2021 semester or FDA approval of a vaccine.
- The Colleges offer additional onsite sections in accordance with Board direction. Ability to find staff willing to teach on-campus courses and student demand for onsite offerings is muted due to the rise the Delta variant over the summer and early fall

- Substantially all administrators and classified personnel return to campus (hybrid-remote workweek piloted) in early August.
• Selected onsite student services are offered with a planned ramp-up as the semester progresses.
• FDA approves Pfizer vaccine after the start of the fall semester;
• District continues with mandatory mask mandate because: 1) the San Mateo County health order for indoor face coverings is still in effect and 2) non-vaccinated enrolled students cannot be dropped from their courses after semester start and face coverings are required for all non-vaccinated individuals.
• District implements accommodation processes for the vaccine exemption.
• District implements accommodation processes for onsite work requirements.

Fall 2021: An On-Ramp for a Full Return in Spring 2022

The District employs over 2,000 individuals and serves more than 16,000 students at any one time. Thus, the recovery process to onsite operations is complex and requires careful planning. The District has used the Fall 2021 semester as means to prepare for a full return to onsite operations for Spring 2022. The following is a high-level summary of key actions:

Work completed or in progress:

• Returned all administrators and classified personnel during the month of August 2021.
• Offered additional onsite sections of high-demand courses; approximately 5,000 students are currently enrolled in onsite courses across the District.
• Piloted the use of a flexible remote worksite schedule to allow employees the time to adjust to a return to site work requirement and to keep occupancy loads to reasonable levels during the height of the Delta variant surge.
• Opened access to the campus to all employees, including faculty who are currently teaching 100% online.
• Opened access to the campus to all students and members of the public.
• Issued multiple surveys to students to assist in scheduling onsite and online courses for the Spring 2022 semester. Spring schedules have been built to reflect student preferences at each individual campus; onsite student support services will return to their pre-pandemic hours for Spring 2022.
• Held numerous briefings and townhalls at all three campuses to provide information to employees. Recordings of townhall meetings and briefings can be found on each campus and the District website.
• Held specialized briefings with individual departments to answer specific concerns (i.e. site safety/ventilation/ etc.)
• All three college presidents hold weekly open office hours and relay employee and student concerns to Chancellor’s Cabinet.
• Provided information through all-employee emails and built a return-to-campus website for students and employees: Return to Campus Resources
• Provided numerous pop-up vaccination events at each of the campuses.
• Reconstituted the Health and Safety Committees at each campus.
• Completed mapping for all HVAC systems; upgraded filters where possible, verified the operational status of all HVAC systems, and assessed spaces where employees have expressed concerns.
• Installed plexiglass barriers in high-traffic areas.
• Maintained sanitation protocols including extra cleaning in high traffic areas.
• Developed HR processes for vaccination exemptions and other accommodations.
• Provided N95 masks and fit test training to any employee who requested a mask; provided other PPE when requested.
• Provided safety training through various townhall meetings, emails, web resources, and the Keenan Safe Colleges training platform.
• Gathered information on the vaccination status for all employees; the District is working with employees who refuse the vaccination or decline to state their vaccination status. As of October 22, approximately 94% of employees who have responded indicate that they are vaccinated.

Activities to be completed during the remainder of the Fall 2021 semester:
• Fully build capacity to enforce the student vaccination mandate by developing a software platform and also increasing campus-based staffing to ensure that all students returning to campuses for classes or scheduled in-person services in Spring 2022 are either fully vaccinated or qualify for a vaccination exemption.
• Implement the student proof of vaccine requirement by November 1 (prior to registration for Spring 2022 classes).
• Establish free and unlimited COVID testing at all three campus sites for employees and students (to commence mid-November)
• Work collaboratively with the Academic Senate to assist faculty in their return to in-person teaching.
• Work collaboratively with all constituent groups to encourage vaccinations for employees and students, and to help with messaging to students regarding Spring 2022.
• Provide students and employees with a return to campus “check list”

Spring 2022: The District COVID Safety Plan
The District COVID-19 Safety Plan was developed to ensure the safety of students, employees, and the general public. The plan is based on proven best practices and complies with Cal/OSHA standards. Finally, the District will continue to follow State of California and County of San Mateo health directives at all times. A copy of the COVID-19 Safety Plan is included with this report. The plan is organized around the following Standard Operating Procedures (SOPs):

• Communications
• COVID-19 Vaccinations
• Identification and Evaluation of COVID-19 Hazards
• Investigating and Responding to COVID-19 Cases in the Workplace
• COVID-19 Workplace Safety Assessment
• Training and Instruction
• Face Coverings and Personal Protective Equipment
• Sanitization and Hygiene
• Reporting, Recordkeeping, and Access
• Return to Work
• Multiple COVID-19 Infections and COVID-19 Outbreaks
• Major COVID-19 Outbreaks
• Prevention in SMCCCD- Provided Housing
• COVID-19 Prevention in Employer-Provided Transportation.

This remainder of this report highlights selected standard operating procedures and their plan implementation for Spring 2022.

COVID-19 Vaccination Mandate
A COVID-19 vaccination provides the very best protection against serious illness, hospitalization and death. For Spring 2022 no student will be allowed to register for onsite classes or schedule onsite services without uploading a proof of vaccination or securing an approved exemption. Students (and employees) who are exempt from vaccination will be required to wear a face covering indoors and will also submit weekly COVID test results. A full description of the process can be found at: COVID 19 Vaccination Implementation (the student vaccination process starts at the 21:00 mark in the video). Finally, the district and the colleges will develop messaging to support all who choose to wear a face covering.

Face Coverings and Personal Protective Equipment
The District will require face coverings for all students, employees, and visitors for the remainder of the Fall semester. For Spring 2022 the District intends to follow San Mateo County health orders regarding face coverings. The District will continue to issue N95 masks and face guards to all employees upon request and at no charge.

Identification and Evaluation of COVID Hazards/COVID Workplace Safety Assessment
District Facilities will continue to work proactively with stakeholders to identify and evaluate potential COVID hazards with particular attention on building ventilation systems. As noted above, HVAC systems are monitored continuously and all are currently operating as designed. District Facilities has also established an aggressive schedule for HVAC filter replacement. A general briefing on District HVAC systems can be found at: HVAC Briefing.

Finally, District Facilities has established a process for individuals to report concerns about building safety: Workplace Safety Assessment
Sanitation and Hygiene
District Facilities will continue to disinfect high-traffic areas. Also, the District has provided personal sanitation stations in high-traffic areas. Areas where there is a known COVID exposure will be disinfected.

Reporting, Record Keeping and Access
The District will continue employ contact tracing protocols will report information about COVID cases to the San Mateo County Health Department. The District will continue to maintain related records in a manner that ensures HIPPA compliance. Finally, the District will continue to report all COVID known COVID exposures and will provide frequent updates its publicly accessible website.

All other elements of the COVID-19 Prevention Plan will continue to be implemented for Spring 2022.

Conclusion
The District intends to return to full onsite operations by Spring 2022. Courses have been scheduled in response to student needs and onsite student support services will return to pre-pandemic onsite operating levels. Based on student survey feedback Skyline College and College of San Mateo intend to offer approximately two-thirds of their courses onsite or in hybrid mode, while Cañada College intends to offer 55% of their courses onsite or in hybrid mode for Spring 2022.

The District has used the Fall 2021 semester as an “on-ramp” in preparation for Spring 2022. Substantially all administrators and classified personnel have returned to onsite work and many faculty have returned in response to increased onsite course offerings.

The District has established a comprehensive COVID-19 Prevention Plan and has successfully implemented the plan. To date there have been no reported outbreaks of COVID-19 transmission on college or district sites, nor has there been a single reported case of an individual COVID-19 transmission. The District has prepared thoroughly for a successful transition to full operations for Spring 2022.
BOARD REPORT NO. 21-10-05C

TO: Members of the Board of Trustees
FROM: Michael Claire, Chancellor
PREPARED BY: Mitchell Bailey, Vice Chancellor/Chief of Staff

REVIEW OF PROPOSED AMENDMENTS TO BOARD POLICY NO. 2.90 RELATING TO EMPLOYEE AND STUDENT VACCINATION REQUIREMENTS

At its July 28, 2021 meeting, the Board of Trustees approved Board Policy No. 2.90 requiring vaccination against COVID-19 for employees and students. The policy went into effect when the U.S. Food and Drug Administration provided full approval of one of the available vaccines.

The District has phased implementation and enforcement of the policy, with employee requirements effective during the fall 2021 semester and student requirements effective beginning late fall 2020 and into spring 2022 semesters. Over the course of the last several months, the District has better developed its understanding of the implementation requirements and finds that revisions to the policy are needed. As such, staff provides the attached draft of revisions for Board feedback.

The draft suggested revisions to the policy are not agendized for approval and are presented for discussion purposes only.
The San Mateo County Community College District (District) is committed to protecting the health and well-being of students, faculty, staff, administrators, and the communities we serve, as well as maintaining higher education access and attainment for our students. As we work toward the safe resumption of increased on-campus learning, working and other activities, we embrace a comprehensive strategy designed to reduce the likelihood of transmission of the COVID-19 virus.

In light of the evidence established to date regarding the safety and effectiveness of available COVID-19 vaccines, the District hereby requires that:

1. All full-time District employees who access campuses, the District office, District facilities, and/or participate in off-site work in-person for the District, must be fully vaccinated against COVID-19, unless approved as exempt due to verified medical or religious reasons (as defined in federal or state policy);

2. Any less than full-time employees who access campuses, the District office, District facilities, and/or participate in off-site work in-person for the District, must be fully vaccinated against COVID-19, unless approved as exempt due to verified medical or religious reasons (as defined in federal or state policy);

3. All students attending classes, programs, utilizing services or participating in any activity on any campus must be fully vaccinated against COVID-19, unless approved as exempt due to verified medical or religious reasons (as defined in federal or state policy).

Employees and students who qualify as exempt, or who decline to state their vaccination status, may be subject to other safety measures as prescribed by the District in accordance with Cal/OSHA regulations.

This vaccine requirement is effective the later of (1) the first day of the fall semester (August 18, 2021); or (2) when a COVID-19 vaccine receives full U.S. Food & Drug Administration (FDA) approval and is readily available.

Visitors to campuses, the District office or other District facilities (e.g. those individuals not considered students or employees of the District) must comply with Cal/OSHA safety guidelines and other policies in place by the District and outlined in an administrative procedure associated with this policy.

The Chancellor shall establish administrative procedures to implement this policy.
BOARD REPORT NO. 20-10-06C

TO: Members of the Board of Trustees
FROM: Michael Claire, Chancellor
PREPARED BY: Dr. Aaron McVean, Vice Chancellor of Educational Services and Planning

REVIEW OF PROPOSED NEW BOARD POLICY RELATING TO NON-RESIDENT TUTION WAIVER ELIGIBILITY

The District has adopted a Strategic Plan 2021-2026 that is explicit in its focus on social justice, equity, and completion. Based on the work of the Undocumented Student Coalition and District Anti-Racism Council there has been a high-level of discussion about enacting policy changes that support this strategic focus. As part of that work, a new Board policy has been drafted that would create eligibility criteria to allow for a waiver of non-resident tuition for undocumented students who do not otherwise qualify for current waivers under AB 540. This policy has been presented for a first reading at District Participatory Governance Council (DPGC), and is being discussed across all constituent groups. As part of the development of this Policy, the potential fiscal impact has been examined and that analysis supports establishing criteria that will narrow the impact of the policy to benefiting specifically the undocumented student population served by the District. That analysis is also included in this Board packet for review and discussion.
NON-RESIDENT TUITION WAIVER FOR UNDOCUMENTED STUDENTS

BACKGROUND
The Board of Governors of the California Community College (CCC) system provides the ability to waive non-resident tuition through regulation (California Education Code, Title 3, Division 7, Part 47, Chapter 1, Article 9, Sections 76140-76143):

76140. A community college district may admit and shall charge a tuition fee to nonresident students. The district may exempt from all or parts of the fee any person described in paragraph (1), (2), or (3):

(1) All nonresidents who enroll for six or fewer units. Exemptions made pursuant to this paragraph shall not be made on an individual basis.”

POTENTIAL PROGRAM IMPACT
The primary program areas that include students who would potentially benefit from this policy change include:

- ACCEL Adult School Transition Program – Adult Education Block Grant AB 86
- Strong Workforce Initiative – Degree and Certificate programs
- ESL/ESOL Access and Progression
- SB 68 – Can use Community College for AB540 Eligibility

STUDENT IMPACT
The table below shows the numbers of students who would have been impacted by this policy implementation across the Colleges of the SMCCCD in 2017-18, 2018-19, 2019-20, and 2020-21. Students are included if they met the following criteria:

1. Enrolled in six (6) or fewer units.
2. Paid non-resident tuition.
3. Had a California address.
4. Were not international students.

Table 1 – *NOTE: Unduplicated headcount for the District each term. College counts include students who may have been enrolled at more than one campus.

POTENTIAL FISCAL IMPACT
The table below shows the breakdown of non-resident Tuition Revenue for students enrolled in six or fewer units in any of the terms from summer 2017 to spring 2021. Based on 2021-22 rates, nonresident students pay $307/unit tuition, plus a $2/unit Capital Outlay fee and the $46/unit enrollment fee. Nonresident students enrolled in six or fewer units would continue to pay the $46/unit enrollment fee.
Table 2 – *NOTE: Calculations based on 2021-22 fees of $309/unit. From 2017-18 to 2020-21 academic years, non-resident tuition fees were $228, $233, $265, and $288/unit, respectively. For those academic years, capital outlay was $8 per student.

Based on a review of students who meet the criteria specified above over the past three academic years and their demographics, courses taken, and other secondary indicators, it is believed that the majority have not been from the undocumented student population. Therefore, there will potentially be a loss of future revenue from the adoption of this policy, but the exact amount is undetermined.

PROPOSED POLICY

Based on the analysis presented above the proposed Board policy would explicitly narrow the impact and benefit of the tuition waiver as follows:

1. Nonresident students enrolling for 6 or fewer units will have their non-resident tuition fee waived if they meet the following criteria:
   
   1. Have a permanent address in California AND
   
   a. California residency shall be established following standards set forth in CA Ed Code Sections 68000-70902 Uniform Student Residency Requirements.

2. Students working toward eligibility for AB540 status as defined by CA ED Code 68130.5.

SUMMARY

The adoption of the proposed Board policy is aligned with the values of the SMCCCD and the focus of the District Strategic Plan. A non-resident tuition waiver that meets the proposed criteria will result in a potential loss of future revenue, but will also remove a substantial barrier to accessing higher education for the undocumented communities served by the District.
As set out in California Education Code CA Ed Code 76140: “(a) A community college district may admit, and shall charge a tuition fee to, nonresident students, except that a community college district may exempt from all or parts of the fee any person described in paragraph (1), (2), (3), or (6), and shall exempt from all of the fee any person described in paragraph (4) or (5):

(1) All nonresidents who enroll for six or fewer units. Exemptions made pursuant to this paragraph shall not be made on an individual basis.”

Per the permissive exemptions allowed by Education Code Sections 76140 and 76140.5, the Board of Trustees of the San Mateo County Community College District establishes the following criteria for the waiver of non-resident tuition:

1. Nonresident students enrolling for 6 or fewer units will have their non-resident tuition fee waived if they meet the following criteria:

   1. Have a permanent address in San Mateo County California AND

      a. Permanence in the county California residency shall be established following standards set forth in CA Ed Code Sections 68000-70902 Uniform Student Residency Requirements, applied to residency in San Mateo County specifically.

   2. Students working toward eligibility for AB540 status as defined by CA ED Code 68130.5:

      “(a) A student, other than a nonimmigrant alien within the meaning of paragraph (15) of subsection (a) of Section 1101 of Title 8 of the United States Code, shall be exempt from paying nonresident tuition at the California State University and the California Community Colleges if the student meets all of the following requirements:

      (1) Satisfaction of the requirements of either subparagraph (A) or subparagraph (B):

      (A) A total attendance of, or attainment of credits earned while in California equivalent to, three or more years of full-time attendance or attainment of credits at any of the following:

         (i) California high schools.
         (ii) California high schools established by the State Board of Education.
         (iii) California adult schools established by any of the following entities:

            (I) A county office of education.
            (II) A unified school district or high school district.
(III) The Department of Corrections and Rehabilitation.
(iv) Campuses of the California Community Colleges.
(v) A combination of those schools set forth in clauses (i) to (iv), inclusive.”

2. All students who qualify for the non-resident tuition fee waiver will also qualify for the waiver of the Capital Outlay Fee.
PROPOSED BP 2.27 – POLICY ON SMOKING AND TOBACCO USE

The District Participatory Governance Council (DPGC) has recommended a revision to Board Policy No. 2.27 – Policy on Smoking. The DPGC recommends expanding the scope of the policy to include all tobacco products and any other substance that is smoked or vaped, and to eliminate any designated smoking areas from District property. A brief report from faculty and students from Skyline College involved in the “Only the Fog” project is included in this Board packet and a brief presentation will be given.
It is the policy of San Mateo County Community College District to provide a safe and healthy learning and working environment for both students, employees, and visitors. It is recognized that smoke from cigarettes, pipes, and/or cigars is hazardous to health. There is also evidence that vapor from e-cigarettes may be harmful. Therefore, it is the intent of the District to provide a smoke-free environment to the greatest extent possible.

In light of evidence that the use of tobacco and nicotine as well as exposure to secondhand smoke and aerosol (commonly referred to as “vapor”) from electronic smoking devices pose significant health and environmental hazards, the District has established a smoke, vapor, and tobacco-free environment. To achieve this goal, the District will limit smoking on District property to outdoor areas only, at a minimum of twenty (20) feet away from any doorway, entrance to an indoor facility, or fresh air intake vent.

Smoking of any kind, including use of electronic devices, and all uses of tobacco are prohibited on all property and in all indoor and outdoor spaces owned, leased, licensed, or otherwise controlled by the District, and in all District-owned vehicles. Smoking of any plant, oils, or chemical product(s) is also prohibited.

Definitions
1. “Smoking” means inhaling, exhaling, burning, or carrying any lighted, heated, or ignited cigar, cigarette, cigarillo, pipe, hookah, electronic device, or any other device that delivers nicotine or other substances to a person.

2. “Tobacco Product” means any product containing, made, or derived from tobacco or nicotine that is intended for human consumption, whether smoked, heated, chewed, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means, including, but not limited to cigarettes, cigars, little cigars, chewing tobacco, pipe tobacco, snuff; and any electronic device that delivers nicotine or other substances to the person inhaling from the device, including, but not limited to, an electronic cigarette, electronic cigar, electronic pipe, or electronic hookah.

1. “Smoking” means engaging in an act that generates smoke or vapor, such as possessing a lit pipe, a lit hookah pipe, electronic cigarettes or other imitation cigarette devices, a lit cigar, or a lit cigarette of any kind.

2. This policy shall apply to all owned or leased District facilities and all owned or leased District vehicles.

3. Smoking is prohibited in all indoor locations within the District.

4. Smoking is prohibited within a distance of twenty (20) feet from any District or College doorway, entrance to an interior area or fresh air intake vent. The College President, in conjunction with the College Council, has the discretion to set campus smoking regulations as long as smoking is prohibited within a distance of at least 20 feet from any District or College doorway, entrance to an interior area or fresh air intake vent.
5. District managers are responsible for publicizing the policy to students, employees and visitors, and are responsible for the posting of signs. International no smoking signs will be posted as appropriate. Notification about the policy on smoking will be included in employee and student publications, newsletters and in other written materials as appropriate. In addition, materials that are used to publicize District public events will include policy notification to the public.

6. To assist in the implementation of this policy, the District will provide education and training in the areas of smoking dangers and smoking cessation.

7. It is the responsibility of all students and employees to observe the policy and guidelines on smoking. Failure to comply with the policy on smoking will be treated in the same manner as other violations of District Rules and Regulations and may result in disciplinary action. Enforcement of this policy is outlined in Administrative Procedure 2.27.1.

8. It is the responsibility of College and District Office managers to enforce the policy on smoking. Disputes over the interpretation of the policy or complaints about individuals violating the policy should be brought to the attention of the person’s supervisor, the Vice President of Student Services at the College level, or the Vice Chancellor of Human Resources and Employee Relations in the District Office. When the evidence is non-persuasive on either side, such disputes will be settled in favor of the nonsmoker(s) in recognition of the policy of the District to provide a smoke-free environment. Such disputes shall be settled at the lowest management level.

9. This policy does not supersede more restrictive policies which may be in force in compliance with State or Federal regulations or which are imposed by one of the Colleges.

10. The District’s employee housing program is not subject to this policy. However, the San Mateo College Educational Housing Corporation may adopt similar policies as it sees fit.

Only Fog @Skyline: Supporting smoke- and tobacco-free campuses

Only Fog @Skyline is a group of faculty, students, and community partners from San Francisco Community Health Center that aims to reduce tobacco-related health disparities for communities targeted by commercial tobacco industries. In 2020 July, Only Fog @Skyline was selected by Truth Initiative to be one of the 13 grantees of the Tobacco/vape-free College program grant to support this effort.

According to the annual report published by the California Youth Advocacy Network in June 2020, Skyline College received a D grade because of the existing nine designated smoking areas on campus, and CSM and Canada received a C grade for allowing smoking in parking lot areas. In comparison, the average grade of community colleges in the same region was an A-, and SMCCD colleges ranked in the bottom third of California Community Colleges overall (see Figure 1.0 and Appendix A)

Figure 1.0 With grades ranging from C to D, SMCCD Colleges ranked in the lowest third of California Community Colleges on campus tobacco policies in 2020.

San Mateo Community College District is also falling behind other higher education systems to revise our tobacco policies. As of 2021, 100% of the UC and CSU systems have gone completely tobacco-free, while only 60% out of California Community College Districts have followed the same path. Given that California’s 115 two-year community colleges are the nation’s largest system of higher education that serves students from communities heavily impacted by commercial tobacco (such as lower income and communities of color), the SMCCD tobacco/smoking policies need an urgent revision to address the health equity gap that our campuses are facing.

Tobacco Use is a Social Justice Issue

The San Francisco Community Health Center (SFCHC) is a grant recipient from the California Tobacco Control Program (CTCP) whose primary focus is to serve the Lesbian, Gay, Bisexual, Transgender, Queer+ (LGBTQ+) communities of color to address public health disparities and advocate for the communities who have been historically and continue to be disproportionally targeted by big tobacco industries.

San Mateo Community College District launched a District Anti-Racism Council led by the Chancellor. Given that Big Tobacco targets communities of color, low-income communities, and LGBTQ+ youths through targeted marketing and kills those from marginalized groups, the district should revisit the current policies that would allow addiction and health problems perpetrated by Big Tobacco on our campuses.

Community Engagement

To adjust from the impacts of COVID-19, SFCHC and Only Fog @Skyline continued our community engagement through virtual events to inform students and employees of the dangers of tobacco and second and third hand smoke. SFCHC and Only Fog held a two-part virtual campus event called Not On Our Campus, Not In Our Lung on February 22nd 2021 and February 24th, 2021, In the first part of the event, we discussed how tobacco affects Black, Ingenious and People of Color and the LGBTQ+ community. During the second part of the event, we had 4 community activists who have spear-headed their anti-Big Tobacco organizing. Our panelists included Tasha, Sixfootah, the poet, Carol McGruder
(African American Tobacco Control Leadership Council), Bob Gordon (California LGBT Tobacco Education Partnership), and Lou Moerner (Northern California Indian Development Council).

We also organized multiple in-person tabling and collected public opinion data from a convenience sample of more than 165 campus stakeholders, including students, staff, and faculty, at Skyline College in 2019 and 2021. As shown in Figure 2.0, early results demonstrate that more than three-quarters (78%) of our sample was in support of a 100% smoke- and tobacco-free campus policy.

In addition, three in four survey respondents preferred an educational, rather than punitive, enforcement approach should a 100% smoke- and tobacco-free campus policy be adopted by the district.

**Figure 2.0.** In a convenience sample of 165 Skyline students, faculty, staff, and administrators, 78% expressed support a 100% smoke- and tobacco-free campus policy.

We will collect additional public opinion data in 2021.

The Skyline College Academic Senate Executive Committee Letter of Support (2021).

February 23, 2021

Dear Board of Trustees of the San Mateo County Community College District,

As faculty of the San Mateo County Community College District (SMCCCD), we care about campus health and cleanliness throughout the District. It is for this reason that we issue our wholehearted support for a 100% smoke, tobacco, vape-free policy for all three SMCCCD campuses.

Smoking has deep roots in the inequity prevalent in our society, causing a gap in health equity which predominantly affects marginalized groups. The tobacco industry is notorious for targeting Black, Indigenous, and People of Color (BIPOC), those from low socio-economic backgrounds, and LGBTQIA2S+ youth; its targeted marketing aims to profit off of minoritized people. Indeed, tobacco use is more than a public health issue; it is a social justice issue that merits attention from our District wide Social Justice Council. We join the students of the SMCCCD in urging the Board of Trustees to revisit the current smoking policies across all three campuses in order to close these equity health gaps.

We applaud the vision and activism exhibited by the students, staff, faculty, and community members comprising the Skyline College group Only Fog@Skyline. Only Fog is clear that the focus is not on community members who smoke, but rather on the tobacco industries that promote smoking to the detriment of community health and social disparity. Only Fog acknowledges the addiction caused by tobacco and nicotine and is currently working alongside the San Francisco Community Health Center to provide resources for cessation of tobacco use and to promote community health education rather than focusing on disciplinary action. Skyline faculty could not be prouder of collaboration among students and community members than at this time.

Please support the proposed revisions to policy 2.27 Policy on Smoking as presented by Only Fog@Skyline. Supporting this policy revision means taking a stand against systemic inequity promoted by the tobacco industry by committing to a healthy, just society. If you have any questions or request additional information about the proposal for a 100% smoke, tobacco, and vape-free policy, you are invited to contact Rika Yonemura-Fabian, Professor of Sociology, at fabianr@smccd.edu.

Sincerely,

The Skyline College Academic Senate Executive Committee
on behalf of Skyline College faculty
UPDATE ON SAN MATEO ATHLETIC CLUB OPERATIONAL TRANSITION

The San Mateo Athletic Club (SMAC) is a popular fitness club offering quality fitness equipment, swimming, and programs to students, staff and community members. During its peak, membership grew to over 6,000. As a result of COVID-19, membership declined to a low of approximately 3,000. SMAC has been managed by an external operator since 2010. In an effort to create a more student-centered focus, while maintaining opportunities for community usage, the Board directed staff on May 12, 2021 to transition operations of SMAC to a District-operated model beginning January 1, 2022. The goal of the transition is to provide greater alignment with instructional programs, affordable membership options for students, student employment opportunities, and to maintain comparable levels of programs for external members. As a District-operated enterprise, SMAC is required to be a self-funded enterprise.

Progress continues toward a success transition. Below is an update on some of the primary transition areas:

Student-Centered Approach

The new SMAC model includes a student-centered approach and is being developed with input from key stakeholders including faculty, students, and Kinesiology, Athletics, and Dance (KAD) Deans. Target areas include academic goals and the development of new programs for students. Other areas prioritizing academic programs and students include facility scheduling, equipment placement, and equipment procurement.

Planning efforts are underway to further develop and promote student-community interactions, student-guest usages, and incentivized quarterly promotional events that focus on increasing student participation through community fitness events. The focus is a creation of an upward spiral of positive personal results, with encouragement towards the student population to live in health through the pursuit of passionate fitness endeavors.

Pricing

Staff recommends that pricing not be increased on January 1, 2022. This includes the existing rates for external members, discounted rates for students, and pricing for various training and group programs. The intent of the pricing strategy is to have a seamless transition for all members and to remain affordable, especially for students.

Fitness Training Programs / Group Exercise / Aquatics

Fitness Training programs include personal training, semi-private group training, and pilates. Group Exercise programs include exercise and dance and are offered in-person and virtually. Aquatics includes
Youth Swim and Masters. Under the new model, these programs will be comparable to existing programs with format and frequency based on demand.

**Staffing Plan**

The District has developed an initial staffing plan that supports internal operations of SMAC. The staffing plan supports maintaining a clean and safe environment for students and members of the public while maintaining quality of service and existing hours of operation (Monday – Friday: 6:00 am – 7:00 pm, Saturday – Sunday: 7:00 am – 2:00 pm).

To support operations, a minimum of 12 staff members will be on-site at any given time. This base level of staffing will increase during busier periods to support operations. The staffing plan calls for five (5) management / supervisory positions, six (6) CSEA positions, two (2) AFSCME positions, and operational staff in various positions such as front desk associates, lifeguards, fitness instructors. While the total number of management / supervisory staff is fixed at five (5), the number of operational staff will be approximately 75 as a majority of the positions are part-time (see attached organizational chart). All new positions will be presented to the Board for approval prior to hiring.

**Budget**

SMAC is required by law to operate as a self-funded enterprise. This requires operations to break even with total expenses equal to or less than total revenue. From a revenue standpoint, the goal is to maintain and grow the member base to sustain revenue levels that are sufficient to cover ongoing expenses, including reserves for expenditures such as equipment replacements. From an expense standpoint, the challenge will be controlling costs while maintaining services. As the largest expense item is staffing and related employee benefits, a well-managed team is critical to ensuring long-term financial solvency. Savings will be gained from no longer having ongoing management fees paid to the external operator. A detailed analysis of different scenarios and assumptions demonstrates an optimistic outlook for financial solvency, barring unforeseen circumstances. It is important to note that under the external-operator model, surpluses were generated sufficient to contribute to other Board priorities. While the initial projections of the District-operated model are self-supporting, they are not initially providing surpluses to support other Board priorities at the same level as the external-operator model. Staff has prepared best-case, worst-case, and most probable scenarios for the first six months of District operations as noted below:

SMAC
Projected Surplus (Deficit) under District-Operated Model
Six Months Ended June 30, 2022
Insurance

Insurance is required to protect the District from loss, injuries and damages. Insurance is currently obtained by the external operator. The District has secured insurance with a start date of January 1, 2022.

Software System

SMAC utilizes a membership software system for billing, accounting, reporting, and maintaining member information. The system is cloud-based and provided through a licensing agreement with an external software firm. Arrangements have been made to transition the licensing of the software from the external operator to the District with an effective date of January 1, 2022.

Operating Procedures

Operating procedures are being developed to ensure safe and effective operations of SMAC. The procedures will serve as a resource for employees and will be relied upon during training and ongoing operations.

Branding

Branding is being developed with a student-centered focus while including the individuality of each College. Branding development includes the pride of each individual college and provides a connection to community involvement and education.
