## Celebrating the Class of 2020

The graduating class of 2020 from Cañada College, College of San Mateo, and Skyline College earned a total of 4,123 degrees and certificates this spring. As we know, they did this while facing the enormous challenge of studying during a pandemic. In many cases, our students stuck with it despite loss of jobs, childcare, and other critical support. They showed resolve, flexibility and grit.

Here is a snapshot of the incredible diversity and richness of this year's graduates. We applaud the Class of 2020 and wish them all of the very best in life.

## Federal CARES Act Emergency Funding for Students

The Coronavirus Aid, Relief and Economic Security (CARES) Act passed by Congress this spring provided \$5.6 million to the San Mateo County Community College District. While the legislation required a minimum of 50% of the funding to go to students, SMCCCD is directing a full 75% of these funds as direct emergency cash grants to students. SMCCCD students may use the funds for expenses such as food, housing, course materials, technology, healthcare, and childcare. The District is investing the remaining 25% of the funding in faculty and staff professional development and technology needs related to the transition to remote teaching and learning. See funding breakdown below:

Funds were disbursed to students for the Spring 2020 term, and the college Financial Aid officers are identifying students to receive funds for Fall 2020. The emergency grants are going to students who have Pell grant funding as well as other students identified by Financial Aid offices.

## How much in emergency funds are students receiving?

**Pell Grant Students** 

- 6-11 Units: \$800/student
- 12 + Units: \$1,100/student

## Non Pell Grant Students

- 6-11 Units: \$500/student
- 12 + Units: \$650/student

Originally, the CARES Act left out some of our most vulnerable student groups such as undocumented students. In June, a United States district court judge issued a preliminary injunction barring the Trump administration from restricting what students could receive the aid. To help address this gap, the San Mateo County Community College Foundation (SMCCCF) created an Undocumented Student Fund in support of these critical members of our campus communities. The fund made \$150,000 available for emergency scholarships to nearly 500 undocumented students in the District. All undocumented students, regardless of unit load, GPA, or other criteria, were awarded \$322.

To continue to support the Undocumented Student Fund, please give at the <u>Foundation website</u>.

## Cañada Students Recognized with Nationwide Film Awards

On June 27, Cañada College students participated in the Campus Movie Fest (CMF) Terminus Film Festival. Terminus is an online celebration of student films where the Golden Tripod Awards, CMF's top honor, are given. Cañada students were among the nominees and winners who were selected from all the films produced as part of CMF's nationwide festival over the last year.

This year, Cañada students Elizabeth Birdwell and Ivy Wooldridge won the Best Animation award for their film "<u>Hidden</u>." "<u>Hidden</u>" was also announced during the awards show as a nominee for Best Drama, Walt Disney Studio's Women in Film Award and Best Picture.

Two of the five total nominations in the Animation category included Cañada College students: Elizabeth Birdwell and

# JULY 22, 2020

Ivy Wooldridge for "<u>Hidden</u>" and Tabitha Liu for her movie "<u>Gacha</u>." Both films were named as part of the Top 25 films from hundreds created across the country this year.

In addition, Cañada student Alessandro Riva was nominated in the Cinematography category for his film "<u>Traveling</u>." The awards were streamed on CMF's Facebook page where the Cañada students watched the awards together via Zoom.

Last Fall, Cañada College hosted an annual event called Campus Movie Fest, which provided the students with the tools to create a film and then submit their films for awards. Cañada College is the only community college in the United States to participate in Campus Movie Fest. Congratulations to our students on their nationwide recognition!

## Student Spotlight: Anna Mokkapati

Anna Mokkapati is a studious Cañada College Concurrent Enrollment student who is on the pathway to greater academic success at her dream school, Massachusetts Institute of Technology (MIT). Her career ambition is to pursue a future in AI (Artificial Intelligence) and film. Anna

is currently learning about both passions, for her dream would be to find a way to combine both. Her goal is to develop behindthe-scenes technology for cinematography and to advance camera-mounted drones for better aerial shots.

In pursuing this scholastic endeavor, Anna was nervous about joining a competitive college environment while in high school and wondered if she would fit in with her peers. Anna says, "My worries soon passed after meeting the students, professors and faculty. I quickly learned that Cañada College was a welcoming and vibrant community full of opportunities for everyone." Anna appreciates the supportive environment and says, "Professors and peers are always happy to help. These wonderful interactions defined my experience at Cañada College."

JULY 22, 2020

Anna is grateful for Cañada's support throughout her college journey and thanks the College for giving her the opportunity to not only enrich her high school education as a Concurrent Enrollment student, but to also explore leadership as Co-President of Cañada's Phi Theta Kappa (PTK) honors chapter. Anna says, "I was able to partake in valuable learning experiences such as conducting honors research and serving my community." Anna is involved as Co-President of Cañada's PTK chapter, Beta Zeta Nu. Anna says, "Our chapter conducts research and community projects. We recently placed in the top five nationally!"

Anna attributes her success to Professor Roscelli and Professor Hall, her advisors from PTK. Anna says, "They both fed my academic hunger and supported me throughout my educational journey." Anna also thanks, "Professor Tong for inspiring me to pursue mathematics outside the classroom through honors research and job opportunities." Anna advises Concurrent Enrollment students with similar goals to, "Enjoy Cañada College, for it is a place of opportunity and growth! Cañada has great varied resources like tutoring and health services, so never be afraid to ask for help."

Anna says her education at Cañada College helped her to gain admission into her dream school, MIT, where she will be majoring in Computer Science in the Fall.

## Cañada College Launches Essential Water Treatment and Distribution Program

Cañada College has launched a new Water Treatment and Distribution Program through the Community, Continuing, and Corporate Education division at San Mateo County Community College District. This program is being sponsored by California Water Service (Cal Water), the largest regulated water utility in the state. The new program at Cañada College presents a direct opportunity for students to earn their Grade 2 Water Treatment and/or Distribution License through a 16-week preparation course for the California State Water T2 and D2 examinations. Water workers are considered essential workers.

Cal Water will sponsor 30 students to enroll in the Water Treatment and Distribution Program. Through the donation, students will have their tuition and books covered. Students need a high school diploma (or GED diploma), must complete a 36-hour water board-approved course, and receive a passing grade on the California State T2 or D2 examinations to be eligible for many water-industry employment opportunities.

"Water is what gives us life; we use water in everything from agriculture, forestry, inland fisheries, mining and resource extraction, power generation, water supply and sanitation, manufacturing, food, pharmaceuticals, and textiles," said Cañada College Director of Workforce Development Julian Branch. "We are proud to partner with Cal Water to train students who are looking to start a new career and be classified as an essential worker."

"Certification is key to entering many positions in the water industry," said Cal Water's Vice President of Human Resources Ron Webb. "That is why it is important as a leader in the water industry to invest in the education system and help provide potential workers with the training they need to become effective water system operators. We are pleased to partner with Cañada College to help make this program feasible for those who will be part of the future workforce."

Due to the coronavirus pandemic, this program will be offered completely online. Students will join the professor via Zoom every Wednesday from 6 to 8 p.m. to learn the material for that week. Dr. John Rowe, a former water treatment and distribution professor from Sacramento State University, will teach this course. Dr. Rowe will allow flexible "office hours" to enable students to fit this program into their schedules.

## **CSM Students Speak Truth to Power**

On Thursday, July 9, CSM students convened virtually in a first student-centered conversation on racial inequity. With almost 100 participants and 14 student panelists, this was a critical opportunity for CSM's administration and employees to hear directly from students on the myriad of challenges– academic, racial, emotional, and physical–they've been facing. To encourage open sharing among the students, the event was not recorded.

Interspersed in the panel were also some faculty and staff, who took turns asking the students questions. A bit intimidated at first, the students quickly began opening up about their experiences and thoughts, culminating in a list of 19 student requests to College administration.

This list is currently being shared throughout the College and with our students to begin action on the requests.

# CSM Hosts Two Recent Forums to Discuss the Obligation Gap at CSM

Building on the efforts of the co-authors behind the book Minding the Obligation Gap and the summer webinar series by the same name, CSM recently hosted two forums that brought the obligation gap teachings closer to home.

# Minding the Obligation Gap at CSM: An Opportunity for Reflection and Discussion

The first event took place on Wednesday, June 24 and drew approximately 80 participants to review, reflect, and discuss the first three sessions of the "Minding the Obligation Gap" series. The event was not recorded to encourage open and honest discussions.

Following an introduction by Acting President Kim Lopez, opening statements were made by panelists Dr. Jeremiah Sims, director of student equity; Dr. Tabitha Conaway, interim dean of enrollment services and support programs; and Jeramy Wallace, English professor.

Dr. Sims followed with a presentation that defined the obligation gap and how it differs from the achievement gap, identified ways to work towards educational equity, and advocated for community colleges to function as disruptive technologies. He finished the presentation by sharing an IMPACT Equity Evaluation Grid, a tool that individuals and departments can use to assess their operations through an equity lens.

JULY 22, 2020

# Minding the Obligation Gap: Charting Our Way Forward with CSM Leadership

The second event occurred on Wednesday, July 15, one day after the conclusion of the "Minding the Obligation Gap" webinar series. This event, titled "Charting Our Way Forward with CSM Leadership," drew about 60 participants. Moderated by Acting President Kim Lopez, the event featured 13 panelists from various levels of leadership at CSM, including Academic and Classified Senate presidents, directors, deans, and vice presidents.

Minding the Obligation Gap co-authors Dr. Tabitha Conaway and Jeramy Wallace began by sharing a recap of the five-part summer series and some key takeaways. From there, three questions were posed to the panel of leaders which included the following:

- What have been some of the key takeaways for you personally and how do you see them influencing your work as a leader at CSM?
- How can we ensure that our implementation of state initiatives are governed by an antiracist lens?
- Over the past six weeks we have had many staff, faculty and administrators respond swiftly to our State Chancellor's Call to Action. Can you share with us what your department/division has done to answer this call?

The responses shed light on the thoughts and feelings of CSM's leaders as they work toward confronting structural racism in their spheres of influence. The event concluded with Acting President Lopez sharing four steps as part of a collegewide call to action. These steps will be shared, discussed, and refined with the campus community to create a plan titled "A Call to Action: CSM Takes a Stand Against Racism."

## CSM Begins Antiracism Inquiry for Action

CSM has begun administering a series of three surveys designed to gather data on racism that will facilitate antiracism discussions and audits across the campus. The surveys will also help assess, identify, and build future professional development opportunities for staff, faculty, and administration. The surveys include:

- 1. Anti-racism climate survey for all CSM Faculty Staff and Administrators: In early July, CSM administered the first anti-racism climate survey to over 1,000 faculty, staff and administrators. Results will lead to focused discussions to for further inquiry and growth.
- 2. Faulty Survey around Curriculum and Instruction: In fall, a faculty survey designed in collaboration with the Academic Senate will delve deeper into our curriculum, instruction, and professional development needs.
- **3. Student antiracism survey**: A student survey that will assess the student experience of racism on campus. This will be designed and administered in conjunction with the Associated Students of CSM (ASCSM).

All surveys, discussions, audits, and actions for antiracism and equity will have oversight in our Education Master Plan. The oversight of this plan implementation is a collaboration among college leadership and senates reporting to the Institutional Planning Committee in fall and spring.

# Skyline College SEEED Committee Drafts Letter Addressing Racial Injustice

Dear Skyline College students & community,

We are furious about George Floyd's murder. For some of us, the fury is new, for others, it has been with us our entire lives. Intergenerational trauma has been passed down through Black communities since the beginning of American history–from slavery to segregation to mass incarceration–and in all those moments, it has been accompanied and exacerbated by racist laws and racist law enforcement. For too long this systemic oppression has been accepted & normalized throughout society and even within our communities.

JULY 22, 2020

Here are some thoughts we hope provide some sort of comfort, or source of contemplation, or dialogue:

## It is our responsibility to understand...

Many of us live this pain. It is an inter-generational trauma, systemically perpetrated over the course of 400 years, and currently being expressed by a wider community because of a now deepened awareness that the social contract has not been applied equally for all.

## We can judge...

If the founding ideals of this country is rooted in a system for, by, and of the people, then we can judge:

- the behavior, policies, and actions of the institutions that make up the system.
- the police for their behavior because they are supposed to serve as a human resource, paid for by the people to serve, not harass, intimidate, and kill certain groups of people.
- the reaction of our government to these killings of black & brown folk.

If the foundational ideals of this country are based on a "selfevident truth that all men are created equal" then we have a responsibility to judge the system when it is not upholding them

If the country's identity rests on the belief in life, liberty, and pursuit of happiness, and we live in a system that disproportionately robs certain racial groups of life, actively patrols, profiles, and incarcerates them to rob them of their liberty and peace of mind through practices rooted in inequality, then we can judge the system.

The contradictions between the ideals and realities of this country need to be judged, but not the pain and suffering of people who have been unjustly made the target of the system. Rather than judge, we must love, respect, and listen to them when they communicate, and most importantly resolve the contradiction in order to resolve the source of the pain.

## We cannot get distracted...

Every time someone brings up "violence" or "looting," we have to bring it back to what causes the "violence" and "looting"--in this case, excessive force and police brutality rooted in a history of white supremacy and dominance. If we resolve the cause, then we resolve the symptom. The actions are symptomatic of a larger disease--the system of white superiority. If you have an ear infection that causes headaches, what do you need to deal with, the headache or the infection?

Those that benefit from a system of capitalist white supremacy want you to lose focus of the cause of the pain and trauma by focusing on its expression. However, we must focus on the cause rather than the symptom.

## We feel hopeful...

Our students are communicating with us and that gives us hope. The fact that the entire country is talking about this is a sign of hope. When the abolitionists were able to make slavery a national conversation, change started to happen, eventually leading to the civil war and the ratification of the 13th, 14th, and 15th amendments. It was when the civil rights movement--with its various organizing activities that ranged from demonstrations and marches, to sit-ins and boycotts--were able to make segregation a national discussion, that change took place in the form of the Civil Rights Act of 1964, Voter Rights Act of 1965, and Fair Housing Act of 1968.

In previous police shootings, we have seen people grow more aware, with some small changes and reforms resulting. Though police brutality keeps happening, change has come out of each one of these tragic moments because people like you increasingly cannot live with the tragedy, trauma, and contradiction between the ideals and reality of the American system.

In memory of George Floyd, Tony McDade, Breonna Taylor, Ahmaud Arbery, Oscar Grant, Michael Brown, Philando Castile, Amadou Diallo, Trayvon Martin, Sandra Bland, Nia Wilson, Tamir Rice, Walter Scott, Alex Nieto, Amilcar Perez-Lopez, Luis Demetrio Góngora Pat, Mario Woods, Jessica Williams and all the others

JULY 22, 2020

that have been victim to some form of white dominance and superiority we have to:

- continue learning about the world we live in and how we can impact it. This will take time, patience, creativity, imagination and teamwork.
- remain informed, focused, and diligent in caring, especially for those who are suffering.
- be the counter-narrative when we hear people defend the actions rooted in a system of white supremacy and/ or demean and disrespect the pain of those victimized by white supremacy.
- actively participate in organizing or support the organizing others are doing.
- always do what we do from a space of love and empathy. Rooting our justifiable anger in hope and love will get us to the place we need to get to.

This is a call to consciousness, a call to care–for ourselves & each other. We are in this together...

With heavy hearts filled with pain, yet also hope & love,

~Your Skyline College allies

## APPROVEL OF THE ALLOCATION OF TOTAL COMPENSATION AND ADOPTION OF NEW SALARY SCHEDULE FOR EMPLOYEES IN THE AMERICAN FEDERATION OF STATE, COUNTY AND MUNICIPAL EMPLOYEES (AFSCME), AFL-CIO, LOCAL 829, COUNCIL 57 BARGAINING UNIT

It is the time of year when employee compensation adjustments are presented for Board consideration. Per the District's total compensation formula, the District's employee groups are notified of their respective available funds to collectively allocate within their group. Per the AFSCME's group (Salary Schedule 70), compensation amount for fiscal year 2020-2021 is in accordance with the "total compensation" formula in the collective bargaining agreement effective July 1, 2019 through June 30, 2022.

AFSCME has decided to allocate the available compensation to salary and employer-paid medical premium cap resulting in: (1) an increase in the employer-paid medical premium cap by \$50.00 for the single party plan, \$166.00 for the two party plan, and \$209.00 for the family plan, and (2) the remaining available funds allocated to salary resulting in a 3.98% increase.

## San Mateo County Community College District Buildings and Grounds Salary Schedule (70) Effective Date: 01-JUL-2020

San Mateo County Community College District

#### **BOARD REPORT 20-7-5A**

TO:
TO:

FROM: Michael Claire, Chancellor

PREPARED BY: David Feune, Director, Human Resources, (650) 358-6775

## APPROVAL OF THE ALLOCATION OF TOTAL COMPENSATION AND ADOPTION OF SALARY SCHEDULES FOR NON-REPRESENTED EMPLOYEES ON SALARY SCHEDULES 35 (ACADEMIC-CLASSIFIED EXEMPT SUPERVISORY), 40 (CLASSIFIED PROFESSIONAL/SUPERVISOR), AND 50 (CONFIDENTIAL)

It is the time of year when employee compensation adjustments are presented for Board consideration. Per the District's total compensation formula, the District's employee groups are notified of their respective available funds to collectively allocate within their group. The non-represented employees, including Academic Supervisors (Salary Schedule 35), Classified Supervisors (Exempt) (Salary Schedule 35), Classified Professionals/Supervisors (non-exempt) employees (Salary Schedule 40), and Classified Confidential employees (Salary Schedule 50) receive a compensation amount for fiscal year 2020-2021 according to the same total compensation formula offered to other employee groups.

Non-represented employees were consulted (via a survey) to determine how they collectively wanted to allocate the available compensation funds for their group. The group determined that they wanted to (1) increase the employer-paid medical premium cap by \$150 for the single party plan, \$300 for the two party plan, and \$450 for the family plan, and (2) apply the remaining available funds to salary resulting in a 4.66% increase.

The allocation of available compensation to the non-represented employees listed above is recommended to the Board of Trustees for approval. This recommendation does not include administrators on Salary Schedule 10 (Executives) or Salary Schedule 20 (Management).

### RECOMMENDATION

It is recommended that the Board of Trustees approve the allocation of available compensation for the following non-represented employees and adopt the attached salary schedules for: Academic Supervisors (Salary Schedule 35), Classified Supervisors (Exempt) (both on Salary Schedule 35), Classified Professionals/Supervisors (non-exempt) employees (Salary Schedule 40), and Classified Confidential employees (Salary Schedule 50) as described above and adopt the attached salary schedules.

Section 58307 of Title 5 Regulations requires that the Board approve all transfers between expenditure classifications made after final adoption of the annual budget. The changes to the final adopted budget are submitted to the Board semi-annually.

The 2019-20 final budget (adopted by the Board in September 2019), mid-year changes approved by the Board in February 2020, and the revisions and transfers shown below are summarized as follows:

#### APPROVAL OF 2022-2026 FIVE-YEAR CAPITAL CONSTRUCTION PLAN

On June 26, 2019 (Board Report No. 19-6-101B), the Board authorized submittal of the District's 2021-2025 Five-Year Capital Construction Plan (5YCP), the related Initial Project Proposals (IPPs) and Final Project Proposals (FPPs) to the California Community Colleges Chancellor's Office (CCCCO). The authorization was in accordance with the Community College Construction Act and both the Education Code Section 81800, *et seq.*, and State Administrative Manual 6610. The plan constitutes the first part of the capital outlay proposal process and was prepared according to current guidelines.

The CCCCO reviews and evaluates submitted plans for conformance to existing guidelines and potential for funding. In May, CCCCO announced that additional new capital outlay projects were added to the fiscal year (FY) 2021-2022 budget which included, Cañada College Performing Arts Center Technology & Environmental Modernization (Bldg. 3) and College of San Mateo Library Modernization (Bldg. 9).

In preparing and submitting the 2022-2026 plan, the District maintains its priorities with regard to funding improvements for (1) buildings and facilities, (2) improvements and modifications to meet the needs of the physically limited, and (3) response to safety concerns.

This report is broken down into five (5) categories:

- I. FY 2019-2020 FPPs (CCCCO Approved in progress)
- II. FY 2021-2022 FPPs (CCCCO Approved to be considered in the Governor's budget)
- III. FY 2022-2023 FPPs (Subject to CCCCO approval and future funding)
- IV. FY 2023-2024 IPPs (Subject to CCCCO approval and future funding)
- V. Locally Funded Current and Future Projects

Each project is described under these sections and this report is meant to give the Board and community an understanding of the projects anticipated to be implemented in the 2022-2026 timeframe.

#### CAÑADA COLLEGE – BUILDING 13 MULTIPLE PROGRAM INSTRUCTIONAL CENTER MODERNIZATION

**Project Description:** This project involves the modernization of the academic classroom building. The building was one of the original instructional buildings built on the Cañada campus in 1968. The project proposes code upgrades to restroom facilities, corridors and vertical circulation systems. The modernization provide more flexible classroom layouts and new distance-learning classrooms. It addresses problems associated with facility accessibility for ADA compliance. As part of the mechanical work, BMS controls and existing AC units serving computer labs are replaced. Modernization of faculty offices is also part of this proposed project. A total of 29 offices will receive basic improvements including lights, mechanical, telephone/data and finishes. Shared office space for adjunct faculty and meeting room capacity are also part of this project. The renovation of the building-wide infrastructure systems improves the functionality of all 22,711 assignable square feet (asf) in the building including 6,059 asf lecture; 10,301 asf instructional laboratory; 3,604 asf office and 730 asf AV space.

**Total Project Cost:** Total project cost for the renovation of this facility \$26.2 million, with \$9.4 million State Capital Outlay funding, supplemented by \$16.8 million in local funds.

Status: Currently in DSA for review. Facility would be ready for use in Fall 2022.

#### **COLLEGE OF SAN MATEO – WATER SUPPLY TANK REPLACEMENT**

**Project Description:** During a scheduled cleaning and inspection of the existing 500,000-gallon campus water storage tank performed in April 2017, inspection divers discovered degradation of the interior tank liner. This water storage tank supplies domestic, irrigation and fire water for the entire campus through a triplex booster pump system and dedicated fire pumps (electric-normal operations, diesel direct drive-emergency operations). The tank is supplied water from a public water system (California Water Company), but due to the location and topography of the campus the large storage tank is required to supply and maintain flow rate and pressure for domestic and fire water demands.

The degraded liner condition put the water quality and usage at risk. Unlined areas of the tank are subject to biofilm and algae growth, which use up the free disinfectant residual, creating water quality issues. Additionally, the degraded liner is breaking up into pieces that could lodge in the domestic or firewater outlets and/or pumps limiting available water. Replacement of the liner is possible, but would take the tank offline for two to three months to complete. The tank age of almost 60 years makes capital investment into the liner replacement questionable. The tank is reaching its useful life and replacement is warranted.

A replacement tank could be completed while the existing tank remains online with only short periods of system downtime for cutover. The campus FTE population, size of campus building, and current fire code require a replacement tank approximately 120% greater in volume than the existing tank.

This project replaces the existing tank considering the new design standards of the American Waterworks Association (AWWA) used in the design of steel and concrete water storage tanks, American Society of Civil Engineers (ASCE) used in the design of non-building and utility infrastructure, California Fire Code, as well as those standards used in the structural design review by the DSA.

**Total Project Cost:** Total replacement cost of this facility \$6.1 million, with \$5.5 million State Capital Outlay funding, supplemented by \$614,000 in local funds.

Status: Currently in DSA for review. Facility would be ready for use in Summer 2021.

# SKYLINE COLLEGE – BUILDING 2 WORKFORCE AND ECONOMIC DEVELOPMENT PROSPERITY CENTER MODERNIZATION

**Project Description:** This project provides a readily accessible integrated service center that responds to the need to link services, benefits, opportunities, and instruction to build on the State's investment in workforce and economic development and to strengthen the connections of the public to benefits and opportunities that help build personal and community economic sustainability. In particular, it addresses the specific needs of students by linking their educational experience with the job market and long-term careers. The services consist of three strands: employment/career services, income/work supports, and financial services/asset building.

This 31,061 asf facility includes a job placement center, resource libraries, international trade and development center, center for workforce development, and an English language institute. Project includes activating 7,897 asf of unassigned space. Improvements also include upgrades to base building utility systems such as power, lighting, data, security, hvac and plumbing.

**Total Project Cost:** Total project cost for the renovation of this facility \$42.2 million, with \$19.3 million State Capital Outlay funding, supplemented by \$22.9 million in local funds.

Status: Currently in DSA for review. Facility would be ready for use in Fall 2022.

#### II. 2021-2022 FPPs (CCCCO Approved to be considered in the Governor's budget)

# CAÑADA COLLEGE – BUILDING 3 PERFORMING ARTS CENTER TECHNOLOGY AND ENVIRONMENTAL MODERNIZATION

**Project Description:** This project will modernize the 48-year old Fine Arts facility so that the visual arts, music and theater programs can be reconfigured for operational efficiencies, and be equipped with the appropriate technology, electrical, data, and mechanical systems required for comfortable, safe environments that increase student performance and learning. The rest of the Humanities and Social Sciences division also use the classrooms, computer labs and offices in the building which require the same upgrades. Programmatically the music program spaces will be consolidated to be next to one another, facilitating the creation of dressing rooms adjacent to the stage for the theater. A similar consolidation of art spaces facilitates a needed expansion for the Fashion program and the relocation of the theater sound/light control room to the second floor.

Technology and environmental upgrades addressed in the modernization include: upgrades to the theater systems (lighting, sound, rigging, etc.), the replacement and increase in capacity for the aged telecommunications, electrical, mechanical, security and lighting systems, and the removal of hazardous substances. The re-routing of all data cabling inside the building in lieu of the roof, which will also be replaced. New waterproofing at below grade concrete areas to address reoccurring water intrusion issues; and replacement of single-pane glazing for energy efficiency and reduced glare. Building Code upgrades include minor seismic strengthening, upgrades/replacements to stairs, elevator, wheelchair lift, fire alarm and restrooms, automatic entry doors and signage.

The project will result in a total of 39,400 assignable square feet (asf) in the building including 4,200 ASF lecture space; 8,050 asf instructional laboratory; 3,300 asf office; and 23,850 other space.

**Total Project Cost:** The renovation of this facility has an estimated total project cost of \$38.4 million, with \$19.4 million requested from State Capital Outlay funding, supplemented by \$19 million in local funds. *The District currently does not have local District funding identified for this project.* 

**Status:** Based on the assumption that the project is approved, design would commence in 2021 with construction starting in 2023. Assuming State Capital Outlay funding is secured, the facility would be ready for use in Spring 2025.

#### **COLLEGE OF SAN MATEO – BUILDING 9 LIBRARY MODERNIZATION**

**Project Description:** This project will modernize the 53-year old Library so that it can be reconfigured as a one-stop place for information needs, technology needs, and related services that support modern teaching pedagogies that have evolved over the last fifty years since the library was built. The reconfiguration of the top two floors will integrate the current media-technology-internet based learning systems throughout, provide a diversity of learning environments for study, collaboration and making, robust wired and wireless network and connection points, as well as comfortable flexible furniture. The project will also modernize the first floor to downsize TV/Radio spaces and convert the balance of the floor into two Academic Technology Support services: Center for Transformative Teaching and Learning (CTTL) for faculty and staff, and an Information Technology Help Center for students.

To provide the necessary infrastructure and environmental conditions to support these programs, to improve energy efficiency and reduce maintenance costs, the modernization includes the replacement and increase in capacity for the aged mechanical, electrical, telecommunications, fire alarm, security and lighting systems, as well as the removal of hazardous substances. The deteriorated roof and single pane glazing will also be replaced, and stairs, elevators, restrooms, doors and signage will be upgraded for accessibility and other code related changes. The modernization will also require some seismic strengthening.

The project will result in a total of 36,495 assignable square feet (asf) in the building including 3,501 asf office; 22,190 asf library space; 6,290 asf AV/TV space; and 6,804 other space.

**Total Project Cost:** The renovation of this facility has an estimated total project cost of \$35.6 million, with \$18 million requested from State Capital Outlay funding, supplemented by \$17.6 million in local funds. *The District currently does not have local District funding identified for this project.* 

**Status:** Based on the assumption that the project is approved, design would commence in 2021 with construction starting in 2023. Assuming State Capital Outlay funding is secured, the facility would be ready for use in Spring 2025.

#### **III.** FY 2022-2023 FPPs (Subject to CCCCO approval and future funding)

#### **SKYLINE COLLEGE – BUILDING 5 LIBRARY/LEARNING RESOURCE CENTER**

**Project Description:** This project will modernize the Library/LRC facility so that it can be reconfigured appropriately to deliver the support services needed for student success. The current building arrangement and infrastructure hinder the ability for these services to meet these goals effectively. The Learning Center (Tutoring, Supplemental Instruction, TRIO, BAM) will be expanded by locating it on the second floor where there is more space and daylighting, while the library stacks will be reduced and relocated downstairs, along with the circulation desk, library offices and some quieter areas to study. The second floor will also increase the number of group study rooms, and create diverse, comfortable and flexible study spaces. The modernization will expand the Disability Resource Center and the Center for Transformative Teaching and Learning (CTTL) on the first floor.

To provide the necessary infrastructure and environmental conditions to support these programs, to improve energy efficiency and reduce maintenance costs, the modernization includes the replacement and increase in capacity for the aged mechanical, electrical, telecommunications, fire alarm, security and lighting systems, as well as the addition of cooling. The deteriorated roof and glazing will also be replaced, and stairs, elevators, restrooms, doors and signage will be upgraded for accessibility and other code related changes. The modernization will also require some seismic strengthening.

The project will result in a total of 36,495 assignable square feet (asf) in the building including 1,200 asf instructional laboratory; 5,860 asf office; 24,725 library space; 1,300 asf AV/TV space and 3,410 other space.

**Total Project Cost:** The renovation of this facility has an estimated total project cost of \$27.5 million, with \$13.8 million requested from State Capital Outlay funding, supplemented by \$13.7 million in local funds. *The District currently does not have local District funding identified for this project.* 

**Status:** Based on the assumption that the project is approved, design would commence in 2022 with construction starting in 2024. Assuming State Capital Outlay funding is secured, the facility would be ready for use in FY 2025-2026. The District currently does not have local District funding for this project.

#### IV. FY 2023-2024 IPPs (Subject to CCCCO approval and future funding)

#### **COLLEGE OF SAN MATEO – BUILDING 19 EMERGING TECHNOLOGIES MODERNIZATION**

**Project Description:** Building 19 was constructed in 1963 and has outlived its capabilities to effectively deliver the high-tech programs of today. The modernization of Buildings 19 will allow for the construction of new state-of-the-art building for consolidation and centralization of highly active technology programs in Computer Information Science (CIS), Electronics, Engineering, Architecture, Building Technology, and Computer Aided Drafting. The existing building cannot support the mission of integrative learning wherein departments actively blend curricula and faculty to bring different disciplines together to work on projects. The Emerging Technology building will be home to Engineering, Architecture, Drafting, Electronics, Computer Information Sciences, and Building Inspection. The proximity of these disciplines will provide a unique opportunity to

simulate industry's "Architecture, Engineering, and Construction" (A/E/C) process model for both large and small projects.

Students enrolled in programs in this facility will be trained to transfer to more advanced programs in architecture, engineering and building technology at the university level or will be able to join the local Bay Area job market in advanced computer technology, electronics, engineering and building technology fields. It is the desire of the College and the District to form partnerships with local industry to develop more directed areas of study that fit the needs of the local employers and better develop the student's capability toward skilled and professional advancement.

The opportunities this modernization will offer to the reconfigured instructional spaces in support of the new pedagogies will be maximized daylight control, interior lighting and acoustics designed to provide a comfortable environment minimizing competition to the education process. Reduction of glare and control of reverberation will release the student's energies for the task at hand – learning.

**Total Project Cost:** The cost is expected to be approximately \$13 million, with \$6.5 million requested State Capital Outlay funding, supplemented by \$6.5 million in local funds. *The District currently does not have local District funding identified for this project.* 

Status: If the CCCCO approves this IPP, an FPP will be developed and submitted.

#### **COLLEGE OF SAN MATEO – BUILDING 8 MODERNIZATION FOR KINESIOLOGY**

**Project Description:** This 55,813 GSF building was constructed in 1963. It provides instructional space for the kinesiology program. The program and the instructional delivery methods have experienced significant changes over the last decade. The existing facilities are inadequate in addressing these changes in an effective and efficient manner. Areas have been carved out in a piecemeal fashion to address new programs in health and wellness. The locker/shower rooms consume large amounts of space that are no longer in high demand while important new programs are taking place in spaces that limit effective delivery. In some cases, enrollments have been limited by the inability of the spaces to provide safe and healthy physical activity. The program provides students with a learning environment that enhances health and wellness.

**Total Project Cost:** The cost is expected to be approximately \$19 million, with \$9.5 million requested State Capital Outlay funding, supplemented by \$9.5 million in local funds. *The District currently does not have local District funding identified for this project.* 

Status: If the CCCCO approves this IPP, an FPP will be developed and submitted.

#### SKYLINE COLLEGE – BUILDING 1 VISUAL AND PERFORMING ARTS MODERNIZATION

**Project Description:** Building 1, constructed in 1969, is a 77,827 GSF building This project modernizes Building 1 interior spaces and upgrades equipment of the teaching/learning spaces and the theater to meet program needs of the social science and creative arts programs. The social sciences and creative arts are integral part of many student's academic programs. The building provides instructional spaces for Administration of Justice, Anthropology, Art (Drawing, Painting, Ceramics and Sculpture), Digital Arts, Economics, Film, Geography, History, International Studies, Music, Paralegal Studies, Philosophy, Political Science, Psychology, and Sociology. Courses utilizing space in this building facilitate the success of students in attaining transfer status as well as career opportunities in digital arts, Music and the legal professions. A 500-seat theater provides the

only large assembly space on the campus and supplements the learning experience with cultural, drama, and lecture events.

**Total Project Cost:** The cost is expected to be approximately \$30 million, with \$15 million requested State Capital Outlay funding, supplemented by \$15 million in local funds. *The District currently does not have local District funding identified for this project.* 

Status: If the CCCCO approves this IPP, an FPP will be developed and submitted.

#### **SKYLINE COLLEGE – BUILDING 19 PACIFIC HEIGHTS MODERNIZATION**

**Project Description:** Bldg 19, a 38,842 GSF facility constructed in 1978, has served a number of purposes over the last 10 years often used as swing space during the modernization of other buildings on campus. This project provides for permanent space for a number of services and programs that enhance student access and success. Spaces are provided for the Global Learning/Passport service, graphic arts production for student use, NETX for computer repair instruction, and renovated classrooms. The NETX program that requires expanded space is moved from Bldg 2. California Community Colleges are all undergoing a much-needed focus to Student Learning Outcomes (SLOs). The projected changes for Building 19 with regard to providing spaces for the Network Engineering Technology program, a program with high demand in career technology occupations. Furthermore, the Global Learning Center and the graphic production for student projects aid in student success in the learning processes. This provides for additional laboratory space for the CTE programs remaining in Bldg 2. The project also includes space for IT services and shipping/receiving. Restrooms are brought up to code.

**Total Project Cost:** The cost is expected to be approximately \$13.8 million, with \$6.9 million requested State Capital Outlay funding, supplemented by \$6.9 million in local funds. *The District currently does not have local District funding identified for this project.* 

Status: If the CCCCO approves this IPP, an FPP will be developed and submitted.

#### V. Locally Funded Current and New Projects

#### CAÑADA COLLEGE – BUILDING 1 KINESIOLOGY AND WELLNESS CENTER

**Project Description:** The existing 43-year-old gymnasium contains hazardous materials, does not meet current structural, accessibility or energy efficiency codes, is constructed of cast-in-place concrete and does not lend itself to reconfiguration. Therefore, the structure will be demolished and replaced. The new structure will serve certificate programs and transfers in Kinesiology, Fitness Professional, and Dance, provide a new state-of-the-art gymnasium and health club to serve the community, along with two 25-meter pools, envisioned as part of the original campus master plan. The project will include appropriate locker rooms to meet accessibility codes and to comply with Title IX<sup>[1]</sup> requirements. In addition, this project will add a classroom dedicated to the advancement of the Kinesiology and Fitness Professional programs.

<sup>&</sup>lt;sup>[1]</sup> Title IX is a 1972 federal civil rights law prohibiting discrimination in education programs and activities receiving federal funds. It was the first comprehensive federal law to prohibit sex discrimination in these institutions.

**Total Project Cost:** Total project cost is expected to be approximately \$120 million, funded by Measure A and H general obligation bond funds as well as local funds.

Status: Construction in progress. Occupancy is scheduled for mid-2021.

#### CAÑADA COLLEGE – BUILDING 22 CLASSROOM UPGRADES AND PUBLIC SAFETY DEPT RELOCATION

Status: Programming in progress. Target completion January 2022.

# COLLEGE OF SAN MATEO – EDISON PARKING LOT (DEMOLITION OF BUILDINGS 20 & 20A)

**Project Description**: Building 20 and the associated greenhouses are 52 years old, in great disrepair, and non-ADA compliant. The District's facilities condition database indicates that all building systems in Building 20 are beyond their service life. The Facilities Condition Index (FCI) for Building 20 is 68.36%, which indicates it is in very poor condition.

As a result, the Administration determined that it would be best to demolish Building 20 and the associated greenhouses; then construct 206 parking spaces, 13 EV charging stations and 7 disabled person parking stalls (replacing the existing 30-40 spaces). Due to the opening of Building 10, new parking spaces on the east side of campus are definitely needed.

**Total Project Cost:** This project has an estimated cost of approximately \$6 million, funded by Measure H general obligation bond funds and local funds.

Status: Construction in progress. Target completion December 2020.

#### UPDATE ON EFFECT OF THE TITLE IX FINAL RULE AND NEW REGULATIONS

This report provides a general overview of changes relating to recent Title IX regulations issued by the U.S. Department of Education (DOE) on May 6, 2020, with implementation on August 14, 2020. The final regulations govern campus sexual assault under Title IX, the law prohibiting sex discrimination at federally-funded institutions. Due to the complexity and number of changes of the new regulations, District staff will present a full study session on this topic, with the assistance of outside counsel, at a time agendized by the Board in the coming months.

These regulations will be the first Title IX guidance published by DOE's Office of Civil Rights (OCR) to go through a formal notice and comment process since 1997, and will have the force of law, whereas guidance issued by the previous administration in 2011 and 2014 did not.

Under this new guidance, major changes include:

- Narrowing definition of sexual harassment; (a) Unwelcome conduct on the basis of sex that a
  reasonable person would determine is so "severe, pervasive and objectively offensive" that it
  effectively denies a person equal access to the recipient's education program or activity; (b) Quid
  pro quo harassment, which includes teacher and student but excludes student and student; or (c)
  Sexual assault, dating violence, domestic violence, or stalking as defined in the Clery Act/Violence
  Against Women Act ("VAWA").
- 2. Live Hearings that include schools providing an advisor to each party for cross-examination.
- 3. Clear and distinct roles of each person on the Title IX Team; at the hearing, the decision maker(s) cannot be the investigator of the complaint or the Title IX Coordinator. The decision maker(s), cannot be the appeals officer.
- 4. Both parties have a right to appeal a determination regarding responsibility on the following bases: (a) Procedural irregularity that affected the outcome of the matter; (b) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and (c) The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.
- 5. No Title IX jurisdiction for conduct that occurs off campus via social media if not tied to an educational program or activity; no Title IX jurisdiction for study abroad programs.

- 6. A school must make all materials used to train Title IX Coordinators, investigators, decisionmakers, and any person who facilitates an informal resolution process publicly available on its website, or if the recipient does not maintain a website the recipient must make these materials available upon request for inspection by members of the public.
- 7. Shift from Mandatory Reporter to Responsible Employee with actual knowledge.

The District's Title IX Team has been working to comply with these new regulations. The team currently consists of each of the campuses' Title IX Coordinators and the District Director of Policy, Training and Compliance as the District Investigator. In planning and preparing for the new regulations, the Title IX team has been expanded to include the campuses' Student Conduct Disciplinary Officers and District Human Resources Director.

Because all colleges and universities will be responsible for implementing these new regulations, the District is meeting with colleagues in the Bay 10 Area Human Resources and Region Eight Title IX groups to discuss best practices and sharing plans for implementation. Further, the District team is participating in statewide trainings and workshops to better understand the impact of the regulations and to design necessary revisions to District policies, practices, procedures and training.

The District is diligently working on completing the following tasks by August 14, 2020, to be in compliance with the new regulations:

#### UPDATE ON THE CRYSTAL SPRINGS CROSS COUNTRY COURSE

The District holds a use permit on land owned by the San Francisco Public Utilities Commission (SFPUC). The land is located just west of the boundary with the City of Belmont and is accessible via Hallmark Drive. The College of San Mateo has used this land as their home cross-country course since the early 1970s. The College also makes the course available to high schools and middle schools for cross-country meets. The College charges fees for the meets and these fees are used to maintain the course. In addition, the course is open to the public and members of the public enjoy access to the space when it is not used for cross-country events.

The CSM cross country team does not use the course on a regular basis. At the same time, the course has grown in popularity for high school and middle school events. The College finds itself in a situation where it is fully responsible for managing the course but uses the course sporadically. Neither the College nor the District have the personnel resources necessary to actively manage the scheduling of the course. While the College has limited interest in the course, the District and the College recognize the importance of this resource both to K-12 cross-country programs and to the community at-large.

District staff will engage in a conversation with the Board regarding possible solutions to respond to community stakeholder needs while also reducing the increasing administrative burden associated with scheduling non-college meets and responding to community concerns.

#### DISCUSSION OF CONCEPT OF NEW BOARD POLICY REGARDING SOLICITATION OF AND DIRECT CONTRIBUTIONS FROM CONTRACTORS AND VENDORS FOR TRUSTEE ELECTIONS

At the Board's July 8, 2020 meeting, Trustee Holober asked – and the Board agreed – to agendize a discussion of the concept of having Board policy relating to direct contribution from contractors and vendors and solicitations of contractors and vendors by administrators required to file Form 700 as it relates to trustee elections.

The Board will discuss the item described above and provide staff with specific policy principles and any concepts to be researched should the Board desire to prepare a new policy.
