Category	12. NEW BUSINESS
Type	Action
Recommended Action	It is recommended that the Miscellaneous Pay Rates Salary Schedule be revised, effective January 1, 2025, as indicated on the attached salary schedule.

TO: Members of the Board of Trustees

FROM: Melissa Moreno, Chancellor

PREPARED BY: Julie Johnson, Chief Human Resources Officer
David Feune, Director, Human Resources

APPROVAL OF REVISION TO MISCELLANEOUS PAY RATES SALARY SCHEDULE

The Miscellaneous Pay Rates Salary Schedule was originally established by the Board of Trustees in 1989 (Board Report No. 89-7-3A) for selected services not covered by other District salary schedules. The classifications are

designed to supplement current staff services on a short-term basis, and constitute temporary, at-will employment for special District services and projects.

College units worked with Human Resources to establish a new classification and revise an existing classification to support new and existing District programs and services.

Staff recommends revising the Miscellaneous Pay Rates Salary Schedule as follows:

1. Establishment of a New Classification: Intern

- **Hourly Pay:** \$20.00
- **Description:** Designated for individuals completing a graduate program. Interns will be expected to participate in activities such as engaging in individual and group mentorship sessions, participating in training sessions, participating in workshops, collaborating with other campus programs and initiatives as needed, and maintaining documentation of activities and progress throughout a program. Interns will perform work under the direct supervision of academic staff. Assignments are limited to one (1) semester and must be directly related to their graduate program.

2. Revision to the Description of the Counseling Intern Classification

The following revision ties the Counseling Intern classification to a graduate program, or hours required for licensure. The proposed changes are highlighted in bold:

- **Description:** Provides individual, couple and group personal counseling to students, provides consultation with faculty and staff, attends outreach activities (in-class presentation, workshops, tabling, etc.), collaborates with on-campus programs, provides referrals to off-campus resources, attends weekly group supervision/training and individual supervision, maintains clinical records, **and performs work under the direct supervision of academic staff. The assignment must be related to their graduate program or hours required for licensure.**

RECOMMENDATION

It is recommended that the Miscellaneous Pay Rates Salary Schedule be revised, effective January 1, 2025, as indicated on the attached salary schedule.

ACCEPTANCE OF CALIFORNIA COMMUNITY COLLEGE CHANCELLOR'S OFFICE APPRENTICESHIP PATHWAY DEMONSTRATION PROJECT GRANT

Cañada College has been selected to participate in the California Community Colleges Chancellor's Office Apprenticeship Pathways Demonstration Project (APDP), a statewide initiative designed to integrate apprenticeship opportunities into academic programs. Through the APDP, Cañada College will work with industry partners to create apprenticeship pathways that enable students to earn college credit for both classroom instruction and hands-on job training. This integration of academic and practical experience will allow students to advance through certificate and degree programs, preparing them for high-demand careers that require both theoretical knowledge and practical skills.

As part of Cañada College's efforts under the APDP, the college's Extended Reality (XR) Apprenticeship Program is restructuring and revising all apprenticeship standards with the Department of Apprenticeship Standards (DAS) to shift from a time-based to a competency-based approach. This adjustment will focus on students demonstrating key skills and competencies rather than logging specific hours, aligning with industry needs and ensuring that graduates are fully prepared to meet job requirements. Additionally, the college is evaluating the steps necessary to transition all apprenticeship coursework into the for-credit space, providing students with more structured academic progression and allowing them to apply their learning toward degrees and certifications.

The APDP’s focus on equity, diversity, and inclusion aligns with Cañada College’s mission to promote accessible education and support student success. This initiative will open doors for students from diverse backgrounds, enhancing career pathways and building a skilled local workforce. Through these efforts, Cañada College supports economic mobility and provides students with essential opportunities for lifelong learning and career advancement in California’s growing economy.

It is recommended that the Board of Trustees approve the acceptance of the \$99,000 Apprenticeship Pathways Demonstration Project (APDP) funding opportunity provided by the California Community College Chancellor’s Office.

CURRICULAR ADDITIONS, DELETIONS AND MODIFICATIONS - COLLEGE OF SAN MATEO

The addition of two courses and four programs to, and the inactivation of two courses from the College catalog is proposed by College of San Mateo at this time. Additionally, two courses are proposed to be offered in the distance education mode.

Furthermore, eighty-seven courses and twenty-five programs were modified, and one course was reactivated.

Each of the proposed courses and programs has been reviewed by the appropriate Division Dean and approved by the College Curriculum Committee, acting on behalf of the local Academic Senate. In addition, the Academic Senate President provides oversight with respect to the necessary role of the local Senate in the review and approval process. The rigor of the approval process assures that each new course has substance and integrity in relation to its discipline and that it fills a clear student need not being served by existing course offerings.

RECOMMENDATION

It is recommended that the Board approve the attached curricular changes for the College of San Mateo catalog.

UPDATE ON THE WORKPLACE VIOLENCE PREVENTION PLAN

As a result of California Senate Bill 553 (SB 553), all employers that fall within the scope of California Labor Code (LC) 6401.7 and LC 6401.9, are required to establish, implement, and maintain an effective, written Workplace Violence Prevention Plan (WVPP). and maintain an effective WVPP; (2) provide a safe working environment; (3) establish policies, training, and communications to improve workplace violence prevention; and (4) provide written records of workplace violence incidents and investigations, in accordance with the WVPP.

SMCCCD is committed to a culture of safety and violence prevention. The Workplace Violence Prevention Plan and the associated policies and procedures will bring positive changes to the workflow, business operations, and overall health and safety of SMCCCD's employees.

TO: Members of the Board of Trustees

PREPARED BY: David McLain, Executive Director of Community & Government Relations

INTRODUCTION OF MUNICIPAL ADVISOR: ISOM ADVISORS

As part of an ongoing discussion around the district's capital improvement and scheduled maintenance fiscal strategy, district staff recently contacted municipal advisors to discuss assisting the district with exploring the potential of putting a general obligation bond on the ballot in 2026. Staff solicited proposals from and conducted multiple interviews with four highly qualified firms: Dale Scott & Company; KNN Public Finance; Fieldman, Rolapp & Associates, Inc.; and Isom Advisors (part of Urban Futures, Inc.). After carefully reviewing each company's proposal and record of successful bond measures, staff has invited Isom Advisors to present information about their firm, the current district bond program, and a potential new bond measure to the board.

Isom Advisors is a highly experienced firm with a proven track record in California, particularly with K-14 school districts. They have been the leading financial advisor to these districts for over 15 years, managing more bond transactions than any other firm. For the March 2024 election cycle, Isom Advisors served as the municipal advisor on 14 successful bond measures totaling over \$1.5 billion in new voter-approved capital facilities funding for K-14 districts throughout the state. For the November 2024 election cycle, Isom Advisors served as the municipal advisor on more than 70 successful bond measures totaling over \$7.0 billion in new voter-approved capital facilities funding for K-14 districts throughout the state.

The firm's proposal below outlines its qualifications, experience, scope of services, and fees, which would be contingent on the success of a general obligation bond election.
