

The Great California ShakeOut

Annual Statewide Earthquake Drill

Register today at **ShakeOut.org**

At 10:21 a.m. on October 21, 2010, millions of Californians will "Drop, Cover, and Hold On" in *The Great California ShakeOut*, the largest earthquake drill ever! All colleges and universities are encouraged to participate in the drill (or plan a more extensive exercise).

Major earthquakes may happen anywhere you work, live, or travel in California. The ShakeOut is our chance to practice how to protect ourselves, and for everyone to become prepared. The goal is to prevent disasters from becoming catastrophes.

Why is having a "Drop, Cover, and Hold On" drill important? As with anything, to act quickly you must practice often. You may only have seconds to protect yourself in an

earthquake before strong shaking knocks you down, or before something falls on you.
