Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit, the Education Housing Corporation of San Mateo County Community College District (the District) as of and for the years ended June 30, 2013 and 2012, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities and the discretely presented component unit of the District as of June 30, 2013 and 2012, and the changes in net position and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Changes in Accounting Principles

As discussed in the Notes to the basic financial statements, the accompanying financial statements reflect certain changes required as a result of the implementation of GASB Statement No. 62 for the year ended June 30, 2013. These changes require a restatement of the beginning net position of the District as discussed in Note 16. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require the Management's Discussion and Analysis and the Schedule of Other Postemployment Benefits (OPEB) Funding Progress as listed in the Table of Contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information listed in the Table of Contents, including the Schedule of Expenditures of Federal Awards, as required by U.S. Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information, including the Schedule of Expenditures of Federal Awards, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2013, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2013

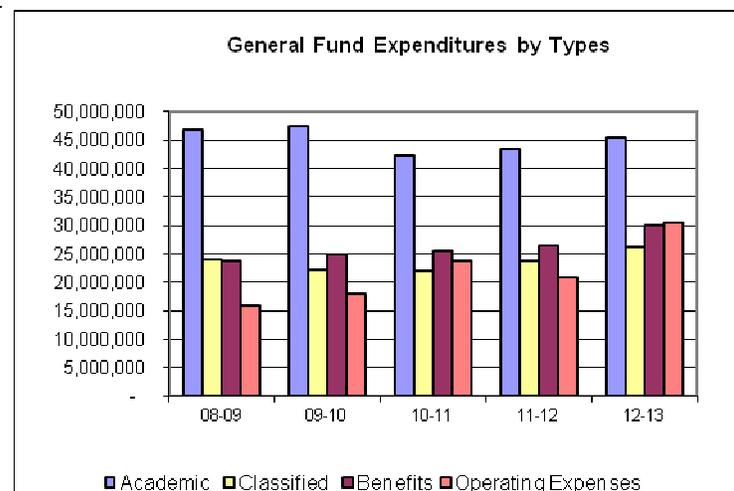

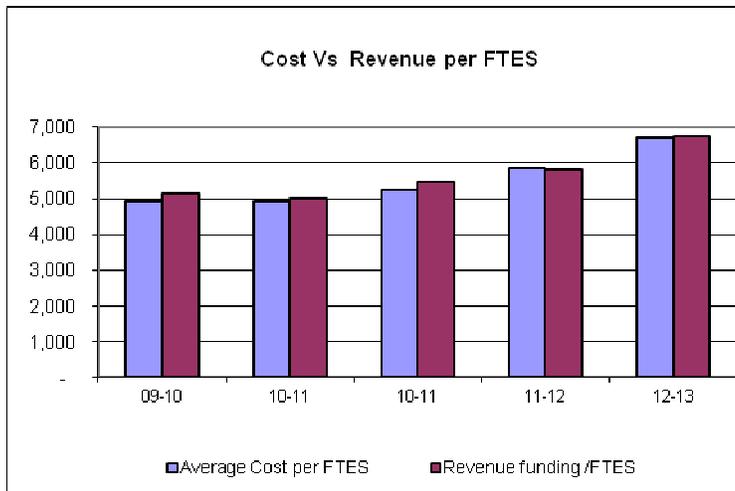

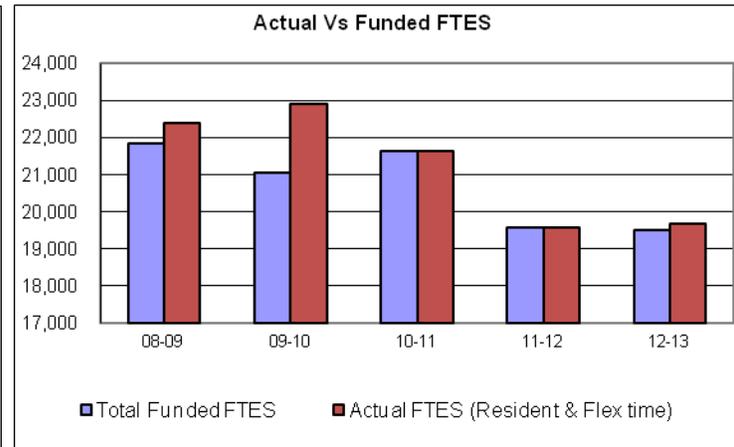

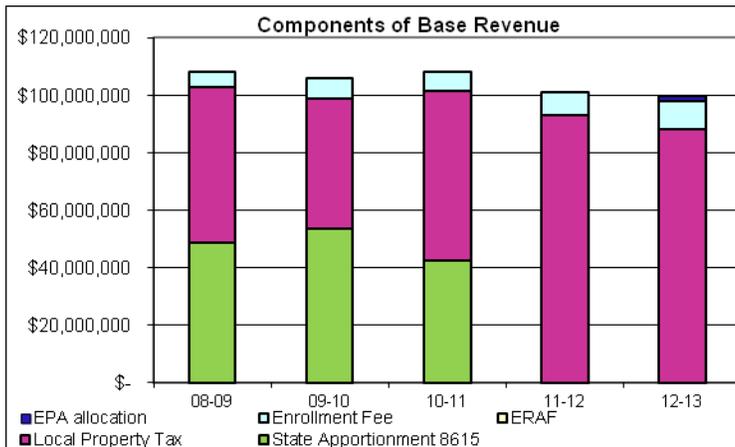

Introduction

The San Mateo County Community College District's (the District) Annual Financial Report presents management's discussion and analysis of the District's financial activities during the fiscal years ended June 30, 2013, June 30, 2012, and June 30, 2011. The discussion has been prepared by management and is best read in conjunction with the financial statements and the notes following this section.

There are three basic financial statements that provide information on the District's financial activities as a whole. These statements are:

- Statement of Net Position
- Statement of Revenues, Expenses and Changes in Net Position
- Statement of Cash Flows

Financial Highlights of 2012-13

SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2013

Financial Overview Summary

Total net position at June 30, 2013 increased by \$17 million over the prior fiscal year. The increase was primarily due to an increase in completed capital outlay assets.

- Assets exceeded liabilities for the fiscal year ended June 30, 2013 by \$128 million, and total net position increased by \$17 million over last year.
- Net noncurrent assets increased by \$16 million.
- Net operating loss was \$189 million.
- Net non-operating revenue was \$164 million.

Reporting for the District as a Whole

- Economic position of the District with the State

The District has obtained the enviable status of being community supported, formerly known as basic aid. This means that when the State sets the District's revenue limit (determining how many students we are funded to serve) and deducts from that revenue limit the local property taxes and student fees, there is no need for State apportionment to sum to our revenue limit. This has happened due to two main reasons: the State has cut districts' revenue limits statewide due to State funding cuts, and the dissolution of the redevelopment agencies has increased SMCCCD's local property taxes. While this does not mean that the District has significantly more resources, it does mean that the District is no longer subject to the state borrowing funds by delaying apportionment payments. Adding to this is the parcel tax (Measure G), which continues for one more year, ending in 2013/14. This funding, approximately \$7 million per year, has allowed the District to cut significantly fewer sections than would have been cut and also maintain some services to students. In addition, the District ended 2012/13 with a positive ending balance and has a balanced budget for 2013/14.

- Salaries and Benefits

The expenditure projection for salaries includes annual increases for movement on step and column placements and longevity service increments only. The District has not received a revenue COLA from the State since 2007-08. Since becoming community supported and benefitting from redevelopment funds, fiscal year 2012-13 reflects a modest salary adjustment (2.81%) for all employee groups. The budget includes January 1, 2013 increases (0 to 16%) in non-capped health premium rates for employees and retirees. Dental insurance premiums increased 10% overall and vision premiums remained unchanged. The PERS rate increased from 10.923% to 11.417%. The District's Unemployment Insurance Contribution Rate is 1.265%. Due to its favorable insured loss experience and current insurance market conditions, the District expects minimal changes to insurance rates for 2013-14. Workers' compensation costs decreased allowing the District to adjust the internal charge percentage from 2% to 1% of salaries. To comply with GASB 45, in 2009-10, the District began charging itself an amount to cover the future medical benefit costs for current employees. These charges appear as part of the benefit expenses in all funds.

- Bond construction

As of June 30, 2013, \$458 million of the \$486 million Measure A November 2005 general obligation (GO) bond (with interest) have been spent or encumbered by contract. The projects planned under the 2005 GO bond are substantially completed with students and staff occupying the new and renovated buildings at CSM, Skyline and Cañada College.

- Enrollment

For SMCCCD, enrollment no longer drives funding, since property taxes and fees primarily determine funding. However, the Board has directed that the colleges keep their enrollment targets at or near the state-funded levels. As the economy recovers, we have seen minor changes in enrollment. The chart below shows the history of FTES in the District.

Net Position

The Statement of Net Position below includes all assets and liabilities of the District using the accrual basis of accounting, which is similar to the accounting basis used by private companies. Net Position, the difference between total assets and total liabilities, is one way to measure the financial condition of the District.

Following are explanatory remarks for the statement:

- Cash and cash equivalents consist of cash in the Treasury, Local Agency Investment Fund (LAIF) of the State Treasurer's Office, San Mateo County Pool Investment, Special Deposit Bond and with Wells Fargo Bank, proceeds from the District's general obligation construction bond, Institutional Investment Pool and certificates of deposit with various banks.
- Accounts receivable primarily consists of revenues from local, state, and federal sources from which the District had earnings but which were not received as of the fiscal year's closing date.
- Inventories and other assets include prepaid expenses and bookstore inventories.
- Capital assets, net of depreciation, are the net historical value of land, buildings, construction in progress and equipment less accumulated depreciation.
- Accounts payable and accrued liabilities consist of payables to the state, and federal governments for grants, as well as benefits, salaries and amounts owed to local vendors which the District incurred but for which payments were not issued as of the end of the fiscal year.
- Deferred revenues represent cash received during the fiscal year from state, federal grants, state apportionment and student fees; however, the funds were not earned as the end of the fiscal year.
- Long-term liabilities include obligations to be paid over a period longer than 1 year. The current portion represents payments due within the next 12 months. The District has compensated absences payable, and construction bond payable.
- According to GASB Statements, equity is reported as Net Position, rather than Fund Balance. The District's Net Position is classified as follows:
 - Net Investment in capital assets, represents the District's total investment in capital assets, net of outstanding debt obligations related to those capital assets.
 - Restricted Net Position consists of expendable and nonexpendable portions. Restricted expendable Net Position includes resources which the District is contractually obligated to expend in accordance with restrictions imposed by external third parties.
 - Unrestricted Net Position represents resources used for transactions relating to the educational and general operations of the District.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2013

Explanatory information for the statement is as follows:

- Tuition and Fees include enrollment, health, non-resident tuition, other student fees, less scholarship discount and allowance as defined by GASB statement No. 35.
- Auxiliary Enterprise Sales and Charges consist of bookstore and cafeteria sales and fitness center income, less discount allowances.
- Internal Services include self-insurance for General Liability and Workers Compensation.
- State apportionments, non-capital includes state apportionment, apprenticeship, and child development apportionment.
- Local property taxes and other non-operating revenues consist primarily of secured and unsecured taxes which are payable to the District in December and March of each year. The County of San Mateo collects the taxes on behalf of the District. Other non-operating revenues are State Lottery revenue and miscellaneous local income.
- Federal, and state grants and contract services are exchange transactions for which the District files applications, complies with individual spending restrictions, files expenditure reports, and/or signs contracts.
- Net investment income includes interest from the San Mateo County Investment Pool managed by the County Treasurer, certificates of deposit, bond proceeds, and Local Agency Investment Fund (LAIF), less interest expense on capital related debt.
- State and Local Revenues - Capital includes State scheduled maintenance funding and issuance of the General Bond. These revenues relate mainly to construction activities.

Below is an illustration of District revenues by source:

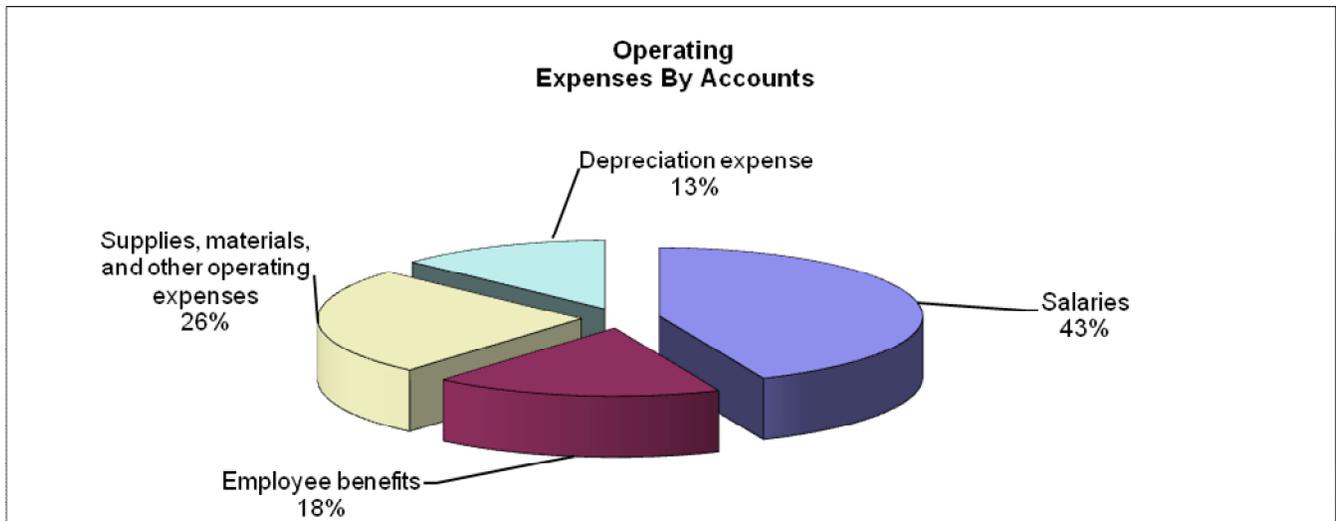

SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2013

Revenues and expenses changed mainly due to the following:

- Net Operating Revenue illustrated an increase due to an increase in tuition and fees.
- Net Non-operating Revenue increased mainly due to increase in local property tax and decrease in interest expense on capital related debt.

The District's operating expenses are shown below (with explanatory remarks) by account and by activity. Following are explanatory comments for the Statement of Operating Expenses by Account:

- Salaries and benefits expenses, which represent the largest percentage of the District operating expense.
- Supplies, materials, other operating expenses, services and utilities are the normal cost of operating expenses for exchange transactions.
- Depreciation of capital assets is computed and recorded using the straight-line method. The District maintains a capitalization threshold of \$5,000 for equipment and \$100,000 for building improvements. Useful lives of the assets are estimated as follows:
 - 5 to 10 years for equipment
 - 25 to 50 years for improvements
 - 25 to 50 years for buildings

Cash Flows

The Statement of Cash Flows shown below provides information about cash receipts and cash payments during the fiscal year. The statement also assists readers in understanding the District's ability to generate net cash flows, and its ability to meet obligations as they come due and the District's need for assistance via external financing. The District has adopted the direct method, and under this method, data for cash flow present operating activities by major categories of gross receipts and gross payments as well as the resulting net amount. Additional explanatory information for the statement is as follows:

- The main cash receipts from operating activities consist of tuition, student fees, and auxiliary enterprise sales. Cash outlays include payment of salaries, benefits, supplies and operating expenses.
- State apportionments and property taxes are the primary source of non-capital financing.
- For capital financing activities, the main sources are from special State Apportionments and General Obligation Bond and C.O.P. proceeds.
- Cash from investing activities consists of Interest from County Investment Pool, Institutional Investment Pool, Certificates of Deposits, Bond and Local Agency Investment Fund (LAIF).

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2013

Economic Factors and the 2013-14 Budget

Being community supported, the District's revenues primarily consist of property tax revenues and student fees and are relatively predictable. The County Assessor's Office has stated that property taxes will go up 6.3% county-wide in 2013-14. In addition, the District received over \$8 million of one-time and ongoing reallocated redevelopment funds in 2012/13 due to the demise of redevelopment agencies in 2011/12. The ongoing portion of these funds will continue to grow as property taxes grow, and also as the former redevelopment agencies pay off their debt. This puts the District on very solid financial footing. The District continues to build multi-year financial plans and has planned balanced budgets through 2015/16.

C.I.P. Planning 2013-14 and Beyond

Staff continues to revise and update the master schedule and the master budget of the Capital Improvement Program to coincide with the funding and programming requirements. However, the District has experienced a decline in State Capital Outlay funds for projects on all three campuses due to the fact that the State failed to approve an educational facilities bond in 2006, 2008, 2010, and 2012.

Compilations of site-specific activities, which are currently in design or construction phase, are listed below:

San Mateo County Community College District is fortunate in having legislative authority to use a variety of construction delivery methods to best suit each project's character and bring best value to the Colleges and our taxpayers, including design-build, multiple-prime contracting, as well as the traditional design-bid-build delivery method.

Staff and Faculty Housing

In response to the very high cost of housing in San Mateo County, the College District built two apartment projects for faculty and staff, namely College Vista and Cañada Vista. The College District has a total of 104 units—60 at Cañada Vista and 44 at College Vista. Rents for these units are significantly below market, which allows residents to save for a down payment on a home. To date, 22 residents have moved out of the faculty and staff housing and purchased their own home.

Cañada Vista opened in August, 2010 and College Vista has been open for more than 6 ½ years. Interior amenities at both projects include 9 foot ceilings, wood entryways, individual patios or decks; individual garages, large windows and sliding glass doors. The College District believes that provision of this housing has helped the District increase its retention of employees.

SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013

NOTE 1 – ORGANIZATION

Organization

The San Mateo County Community College District (the District) was established in 1922 as a political subdivision of the State of California and is a comprehensive, public, two-year institution offering post secondary educational services to residents of San Mateo County and surrounding areas. The District operates under a locally elected five-member Board of Trustees form of government, which establishes the policies and procedures by which the District operates. The Board must approve the annual budgets for the General Fund, special revenue funds, and capital project funds, but these budgets are managed at the department level. Currently, the District operates three college campuses located in the cities of San Mateo, San Bruno, and Redwood City, California. While the District is a political subdivision of the State of California, it is not a component unit of the State in accordance with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 61.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

The District has adopted GASB Statement No. 61, *Determining Whether Certain Organizations are Component Units*. This statement amends GASB Statement No. 14, *The Financial Reporting Entity*, to provide additional guidance to determine whether certain organizations, for which the District is not financially accountable, should be reported as component units based on the nature and significance of their relationship with the District. The three components used to determine the presentation are: providing a “direct benefit”, the “environment and ability to access/influence reporting”, and the “significance” criterion. As defined by accounting principles generally accepted in the United States of America and established by the Governmental Accounting Standards Board, the financial reporting entity consists of the primary government, the District, and the following component units:

San Mateo County Community College District Financing Corporation
San Mateo County Community Colleges Educational Housing Corporation

The *San Mateo County Community College District Financing Corporation* (the Corporation) is a legally separate organization component unit of the District. The Corporation was formed to issue debt specifically for the acquisition and construction of capital assets for the District. The Board of Trustees of the Corporation is the same as the Board of Trustees of the District. The financial activity has been “blended” or consolidated within the financial statements as of the District as if the activity was the District’s. This activity is accounted for in the District’s COP Payment Fund and COP Construction Fund. Individually-prepared financial statements are not prepared for the Corporation.

The *San Mateo County Community Colleges Educational Housing Corporation* (the Housing Corp.) is a non-profit organization under IRS Code Section 510(c)(3). The Board of the Housing Corp. is the same as the District’s. The Housing Corp. meets the criteria of the governing authority’s ability to significantly influence operations and accountability for fiscal matters and the criteria for inclusion in the District’s reporting entity. Its purpose is to operate staff and faculty housing. The financial activity of the Housing Corp. is reported as a separate discretely presented component unit. Individually-prepared financial statements are not prepared for the Housing Corp.

SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013

The *San Mateo County Community Colleges Foundation* (the Foundation) is a non-profit organization under IRS Code Section 501(c)(3). The District has determined that the Foundation does not meet the criteria of the governing authority's ability to significantly influence operations and accountability for fiscal matters and the criteria for inclusion in the District's report entity. It is dedicated to providing assistance to the students, teachers, and programs of the Colleges. The financial activity of the Foundation is not included in this report. Individually-prepared financial statements can be obtained from the District Business Office.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

For financial reporting purposes, the District is considered a special-purpose government engaged only in business-type activities as defined by GASB Statements No. 34 and No. 35 as amended by GASB Statements No. 37 and No. 38. This presentation provides a comprehensive entity-wide perspective of the District's assets, liabilities, activities, and cash flows and replaces the fund group perspective previously required. Accordingly, the District's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. The significant accounting policies followed by the District in preparing these financial statements are in accordance with accounting principles generally accepted in the United States of America as prescribed by GASB. Additionally, the District's policies comply with the California Community Colleges Chancellor's Office *Budget and Accounting Manual*. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All material intra-agency and intra-fund transactions have been eliminated.

Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, are classified as operating revenues. These transactions are recorded on the accrual basis when the exchange takes place. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, operating revenues consist primarily of student fees and auxiliary activities through the bookstore, cafeteria, and fitness center.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include State apportionments, property taxes, certain Federal and State grants, entitlements, and donations. Property tax revenue is recognized in the fiscal year received. State apportionment revenue is earned based upon criteria set forth from the Community Colleges Chancellor's Office and includes reporting of full-time equivalent student (FTES) attendance. The corresponding apportionment revenue is recognized in the period the FTES are generated. Revenue from Federal and State grants and entitlements are recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements may include time and/or purpose requirements.

Operating expenses are costs incurred to provide instructional services including support costs, auxiliary services, and depreciation of capital assets. All other expenses not meeting this definition are reported as nonoperating. Expenses are recorded on the accrual basis as they are incurred, when goods are received, or services are rendered.

The District reports are based on all applicable GASB pronouncements, as well as applicable Financial Accounting Standards Board (FASB) pronouncements. The District has elected not to apply FASB pronouncements issued after November 30, 1989.

SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013

The financial statements are presented in accordance with the reporting model as prescribed in GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, and GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*, as amended by GASB Statements No. 37 and No. 38. The business-type activities model followed by the District requires the following components of the District's financial statements:

Management's Discussion and Analysis

- Basic Financial Statements for the District as a whole including:
 - Statement of Net Position – Primary Government
 - Statement of Revenues, Expenses, and Changes in Net Position – Primary Government
 - Statement of Cash Flows – Primary Government
 - Financial Statements for the Fiduciary Funds including:
 - Statements of Fiduciary Net Position
- Notes to the Financial Statements

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be unrestricted cash on hand, demand deposits, and short-term unrestricted investments with original maturities of three months or less from the date of acquisition. Cash equivalents also include unrestricted cash with county treasury balances for purposes of the Statement of Cash Flows. Restricted cash and cash equivalents represent balances restricted by external sources such as grants and contracts or specifically restricted for the repayment of capital debt.

Investments

In accordance with GASB Statement No. 31 *Accounting and Financial Reporting for Certain Investments and External Investment Pools*. Investments held at June 30, 2013 and 2012, are stated at fair value. Fair value is estimated based on quoted market prices at year-end. Short-term investments have an original maturity date greater than three months, but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase.

Restricted Assets

Restricted assets arise when restrictions on their use change the normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, or laws of other governments or imposed by enabling legislation. Restricted assets represent investments required by debt covenants to be set aside by the District for the purpose of satisfying certain requirements of the bonded debt issuance.

Accounts Receivable

Accounts receivable include amounts due from the Federal, State and/or local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the District's grants and contracts. Accounts receivable also consist of tuition and fee charges to students and auxiliary enterprise services provided to students, faculty, and staff, the majority of each residing in the State of California. The District provides for an allowance for uncollectible accounts as an estimation of amounts that may not be received. This allowance is based upon a five-year average ratio over actual revenues. The allowance was estimated at \$2,846,671 and \$3,122,537 for the years ended June 30, 2013 and 2012, respectively.

SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013

Prepaid Expenditures

Prepaid expenses represent payments made to vendors and others for services that will benefit periods beyond June 30.

Inventory

Inventory consists primarily of bookstore merchandise and supplies held for resale to the students and faculty of the colleges. Inventories are stated at lower of cost or market, utilizing the first in, first out method. The cost is recorded as an expense as the inventory is consumed.

Capital Assets and Depreciation

Capital assets are long-lived assets of the District as a whole and include land, construction-in-progress, buildings, leasehold improvements, and equipment. The District maintains an initial unit cost capitalization threshold of \$5,000 for equipment and \$100,000 for land, buildings and improvements. Assets are recorded at historical cost, or estimated historical cost, when purchased or constructed. The District does not possess any infrastructure. Donated capital assets are recorded at estimated fair market value at the date of donation. Improvements to buildings and land that significantly increase the value or extend the useful life of the asset are capitalized; the costs of routine maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are charged as an operating expense in the year in which the expense was incurred. Major outlays for capital improvements are capitalized as construction-in-progress as the projects are constructed.

Depreciation of capital assets is computed and recorded utilizing the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 25 to 50 years; improvements, 25 to 50 years; equipment, 5 to 10 years.

Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the entity-wide financial statements.

Deferred Issuance Costs, Premiums, and Discounts

Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method.

Compensated Absences

Accumulated unpaid employee vacation benefits are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the entity-wide financial statements. The amounts have been recorded in the fund from which the employees, who have accumulated the leave, are paid. The District also participates in "load-banking" with eligible academic employees whereby the employee may teach extra courses in one period in exchange for time off in another period.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013

Sick leave is accumulated without limit for each employee based upon negotiated contracts. Leave with pay is provided when employees are absent for health reasons; however, the employees do not gain a vested right to accumulated sick leave. Employees are never paid for any sick leave balance at termination of employment or any other time. Therefore, the value of accumulated sick leave is not recognized as a liability in the District's financial statements. However, retirement credit for unused sick leave is applicable to all classified school members who retire after January 1, 1999. At retirement, each member will receive .004 year of service credit for each day of unused sick leave. Retirement credit for unused sick leave is applicable to all academic employees and is determined by dividing the number of unused sick days by the number of base service days required to complete the last school year, if employed full time.

Deferred Revenue

Deferred revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized. Deferred revenues include (1) amounts received for tuition and fees prior to the end of the fiscal year that are related to the subsequent fiscal year and (2) amounts received from Federal and State grants received before the eligibility requirements are met are recorded as deferred revenue.

Noncurrent Liabilities

Noncurrent liabilities include bonds payable and compensated absences with maturities greater than one year.

Net Position

GASB Statements No. 34 and No. 35 report equity as "Net Position." and represent the difference between assets and liabilities. The net position are classified according to imposed restrictions or availability of assets for satisfaction of District obligations according to the following net position categories:

Net Investments in Capital Assets: consist of capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets. To the extent debt has been incurred, but not yet expended for capital assets, such are not included as a component invested in capital assets – net of related debt.

Net position is reported as restricted when there are limitations imposed on their use, either through enabling legislation adopted by the District, or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted resources are available.

None of the District's restricted net position has resulted from enabling legislation adopted by the District.

Unrestricted: Net position that is not subject to externally imposed constraints. Unrestricted net position may be designated for specific purposes by action of the Board of Trustees or may otherwise be limited by contractual agreements with outside parties. Substantially all unrestricted net position is designated for educational and general operations of the District.

When both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first and the unrestricted resources when they are needed.

State Apportionments

Certain current year apportionments from the State are based on financial and statistical information of the previous year. Any corrections due to the recalculation of the apportionment are made in February of the subsequent year. When known and measurable, these calculations and corrections are accrued in the year in which the FTES are generated.

Property Taxes

Secured property taxes attach as an enforceable lien on property as of January 1. The County Assessor is responsible for assessment of all taxable real property. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County of San Mateo bills and collects the taxes on behalf of the District. Local property tax revenues are recorded when received.

The voters of the District passed General Obligation Bonds in 2001 and 2005 for the acquisition, construction, and remodeling of certain District property. As a result of the passage of the Bond, property taxes are assessed on the property within the District specifically for the repayment of the debt incurred. The taxes are billed and collected as noted above and remitted to the District when collected.

The voters of the District passed a Parcel Tax in 2010 for the general revenue of the District. The parcel tax levy \$34 per parcel for four years to provide for core academic programs, training, and education of students attending the District and transferring to universities. The taxes are assessed, billed, and collected as noted above and remitted to the District when collected.

Board of Governors Grants (BOGG) and Fee Waivers

Student tuition and fee revenue is reported net of allowances and fee waivers approved by the Governors through BOGG fee waivers in the Statement of Revenues, Expenditures, and Changes in Net Position. Scholarship discounts and allowances represent the difference between stated charges for enrollment fees and the amount that is paid by students or third parties making payments on the students' behalf. To the extent that fee waivers and discounts have been used to satisfy tuition and fee charges, the District has recorded a scholarship discount and allowance.

Federal Financial Assistance Programs

The District participates in federally funded Pell Grants, SEOG Grants, Federal Work-Study, and Stafford Loan programs, as well as other programs funded by the Federal government. Financial aid to students is either reported as operating expenses or scholarship allowances, which reduce revenues. The amount reported as operating expense represents the portion of aid that was provided to the student in the form of cash. These programs are audited in accordance with the Single Audit Act Amendments of 1996, and the U.S. Office of Management and Budget's revised Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and the related *Compliance Supplement*.

On-Behalf Payments

GASB Statement No. 24 requires direct on-behalf payments for fringe benefits and salaries made by one entity to a third party recipient for the employees for another legally separate entity be recognized as revenues and expenditures by the employer entity. The State of California makes direct on-behalf payments to the California State Teachers' Retirement System (CalSTRS) and the California Public Employees' Retirement System (CalPERS) on behalf of all community colleges in California. The California Department of Education has issued a fiscal advisory instructing districts not to record the revenue and expenditures for the on behalf payments within the funds and accounts of a district. The amount of the on behalf payments made for the District of the year ended June 30, 2013, was \$1,903,158 for CalSTRS and \$0 for CalPERS. These amounts are reflected in the District's audited financial statements.

Estimates

The preparation of the financial statement in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Interfund Activity

Interfund transfers and interfund receivables and payables are eliminated during the consolidation process in the entity-wide financial statements.

Component Unit - Educational Housing Corporation Financial Statement Presentation

The Educational Housing Corporation (the Housing Corp.) presents its financial statements in accordance with Statement of Financial Accounting Codifications. Under these reporting requirements, the Corporation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. As permitted by the codification, the Housing Corp. does not use fund accounting.

The assets, liabilities, and fund balance of the Housing Corp. are reported as unrestricted funds, which represent the portion of resources that are available for general purpose of the Housing Corp.'s operations.

Revenues and expenses are recorded when incurred in accordance with the accrual basis of accounting. Revenues are reported as increases in the unrestricted net assets classification unless use of the related assets is limited by donor-imposed restrictions.

Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law.

Investments are reported at fair value in accordance with FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*.

The Corporation is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and related California Franchise Tax Codes.

Changes in Accounting Principles

In March 2012, GASB issued Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre November 30, 1989 FASB and AICPA Pronouncements*. GASB Statement No. 62 establishes standards of financial accounting and reporting for capitalizing interest cost as a part of the historical cost of acquiring certain assets. For the purposes of applying this Statement, interest cost includes interest recognized on obligations having explicit interest rates and interest imputed on certain types of payables, as well as interest related to capital leases.

The District has implemented the provisions of this Statement for the year ended June 30, 2013. See Note 16 for more information.

In June 2011, the GASB issued Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. This Statement provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources. Concepts Statement No. 4, *Elements of Financial Statements*, introduced and defined those elements as a consumption of net assets by the government that is applicable to a future reporting period, and an acquisition of net assets by the government that is applicable to a future reporting period, respectively. Previous financial reporting standards do not include guidance for reporting those financial statement elements, which are distinct from assets and liabilities.

Concepts Statement No. 4 also identifies net position as the residual of all other elements presented in a statement of financial position. This Statement amends the net asset reporting requirements in Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*, and other pronouncements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets.

The District has implemented the provisions of this Statement for the year ended June 30, 2013.

New Accounting Pronouncements

In March 2012, the GASB issued Statement No. 65, *Items Previously Reported as Assets and Liabilities*. This Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013

Concepts Statement No. 4, *Elements of Financial Statements*, introduced and defined the elements included in financial statements, including deferred outflows of resources and deferred inflows of resources. In addition, Concepts Statement No. 4 provides that reporting a deferred outflow of resources or a deferred inflow of resources should be limited to those instances identified by the Board in authoritative pronouncements that are established after applicable due process. Prior to the issuance of this Statement, only two such pronouncements have been issued. Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*, requires the reporting of a deferred outflow of resources or a deferred inflow of resources for the changes in fair value of hedging derivative instruments, and Statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements*, requires a deferred inflow of resources to be reported by a transferor government in a qualifying service concession arrangement. This Statement amends the financial statement element classification of certain items previously reported as assets and liabilities to be consistent with the definitions in Concepts Statement No. 4. This Statement also provides other financial reporting guidance related to the impact of the financial statement elements deferred outflows of resources and deferred inflows of resources, such as changes in the determination of the major fund calculations and limiting the use of the term *deferred* in financial statement presentations.

The provisions of this Statement are effective for financial statements for periods beginning after December 15, 2012. Early implementation is encouraged.

In June 2012, the GASB issued Statement No. 68, *Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27*. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision-useful information, supporting assessments of accountability and inter-period equity, and creating additional transparency.

This Statement replaces the requirements of Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers*, as well as the requirements of Statement No. 50, *Pension Disclosures*, as they relate to pensions that are provided through pension plans administered as trusts or equivalent arrangements (hereafter jointly referred to as trusts) that meet certain criteria. The requirements of Statements No. 27 and No. 50 remain applicable for pensions that are not covered by the scope of this Statement.

The scope of this Statement addresses accounting and financial reporting for pensions that are provided to the employees of state and local governmental employers through pension plans that are administered through trusts that have the following characteristics:

- Contributions from employers and non-employer contributing entities to the pension plan and earnings on those contributions are irrevocable.
- Pension plan assets are dedicated to providing pensions to plan members in accordance with the benefit terms.
- Pension plan assets are legally protected from the creditors of employers, non-employer contributing entities, and the pension plan administrator. If the plan is a defined benefit pension plan, plan assets also are legally protected from creditors of the plan members.

SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013

This Statement establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures. For defined benefit pensions, this Statement identifies the methods and assumptions that should be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service.

Note disclosure and required supplementary information requirements about pensions also are addressed. Distinctions are made regarding the particular requirements for employers based on the number of employers whose employees are provided with pensions through the pension plan and whether pension obligations and pension plan assets are shared. Employers are classified in one of the following categories for purposes of this Statement:

- Single employers are those whose employees are provided with defined benefit pensions through single-employer pension plans—pension plans in which pensions are provided to the employees of only one employer (as defined in this Statement).
- Agent employers are those whose employees are provided with defined benefit pensions through agent multiple-employer pension plans—pension plans in which plan assets are pooled for investment purposes, but separate accounts are maintained for each individual employer so that each employer's share of the pooled assets is legally available to pay the benefits of only its employees.
- Cost-sharing employers are those whose employees are provided with defined benefit pensions through cost-sharing multiple-employer pension plans—pension plans in which the pension obligations to the employees of more than one employer are pooled and plan assets can be used to pay the benefits of the employees of any employer that provides pensions through the pension plan.

In addition, this Statement details the recognition and disclosure requirements for employers with liabilities (payables) to a defined benefit pension plan and for employers whose employees are provided with defined contribution pensions. This Statement also addresses circumstances in which a non-employer entity has a legal requirement to make contributions directly to a pension plan.

This Statement is effective for fiscal years beginning after June 15, 2014. Early implementation is encouraged.

Comparative Financial Information

Comparative financial information for the prior year has been presented for additional analysis; certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

NOTE 3 – DEPOSITS AND INVESTMENTS

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

Investment in County Treasury - The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (*Education Code* Section (ECS) 41001). The fair value of the District's investment in the pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

Investment in the State Investment Pool - The District is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The fair value of the District's investment in the pool is reported in the accompanying financial statement at amounts based upon the District's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which is recorded on the amortized cost basis.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District manages its exposure to interest rate risk by investing in the County pool and local agency investment fund (LAIF) and/or having a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013

Custodial Credit Risk - Deposits

This is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk. However, the California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit.) The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2013 and 2012, the District's bank balances of approximately \$1,096,000 and \$2,513,000, respectively, were exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the name of the District.

Custodial Credit Risk - Investments

This is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The California government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments.

NOTE 4 - ACCOUNTS RECEIVABLE

Accounts receivables for the District consisted primarily of intergovernmental grants, entitlements, interest, and other local sources. NOTE 9 – INTERFUND TRANSACTIONS

Interfund Receivables and Payable (Due To/Due From)

Interfund receivable and payable balances arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. Interfund activity within the governmental funds and fiduciary funds has been eliminated respectively in the consolidation process of the basic financial statements.

Interfund Operating Transfers

Operating transfers between funds of the District are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use restricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. Operating transfers within the funds of the District have been eliminated in the consolidated process.

Other Postemployment Benefits (OPEB) Obligation

The District’s actuarially determined annual required contribution (ARC) for the year ended June 30, 2013, was \$8,642,396. The District made a contribution of \$7,103,043 for premiums for current retirees. In addition, the District contributed \$10,000,000 to the San Mateo County Community College District Public Entity Investment Trust during the year. See Note 11 for additional information regarding the OPEB obligation and the postemployment benefits plan.

NOTE 11 - POSTEMPLOYMENT HEALTH CARE PLAN AND OTHER POSTEMPLOYMENT BENEFITS (OPEB) OBLIGATION

The District provides postemployment health care benefits for retired employees in accordance with negotiated contracts with the various bargaining units of the District.

Plan Description

The Other Postemployment Benefit Plan (the Plan) is a single-employer defined benefit healthcare plan administered by the San Mateo County Community College District. The Plan provides medical and dental insurance benefits to eligible retirees and their spouses. Membership of the Plan consists of 1001 retirees and beneficiaries currently receiving benefits and 825 active plan members. Separate financial statements are prepared for the Plan and may be obtained by contacting the San Mateo County Community College District.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013

Funding Policy

The contribution requirements of plan members and the District are established and may be amended by the District and the District's bargaining units. The required contribution is based on projected pay-as-you-go financing requirements with an additional amount to prefund benefits. During the year, the District contributed \$7,103,042 for the current retirees' medical premiums. Plan members receiving benefits contributed \$30,300, or approximately .43 percent of the total premiums. Contributions made by retirees, range between \$3 to \$414 per month. In addition to the current year premium, the District contributed \$10,000,000 to the San Mateo County Community College District Public Entity Investment Trust.

Annual OPEB Cost and Net OPEB Asset/Obligation

The District's annual OPEB cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial accrued liabilities or funding costs (UAAL) over a period not to exceed 30 years. The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the Plan, and changes in the District's net OPEB obligation to the Plan:

Annual required contribution (ARC)	\$ 8,642,396
Less : annual OPEB cost (expense) - District paid premiums	7,103,043
Less: current year contribution to the OPEB Trust	10,000,000
Contributions in excess of ARC	<u>8,460,647</u>
OPEB asset, beginning of year	<u>19,009,630</u>
OPEB asset, end of year	<u><u>\$ 27,470,277</u></u>

Trend Information

Trend information for the annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB asset/obligation for the past three years is as follows:

Year Ended June 30,	Annual OPEB Cost	Actual Contribution	Percentage Contributed	Net OPEB Assets
2011	\$ 7,702,017	\$ 17,100,154	222%	\$ 9,514,655
2012	7,702,017	17,196,992	223%	19,009,630

SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

Funding Status and Funding Progress

The funded status of the OPEB Plan as of June 30, 2013, is as follows:

Actuarial Accrued Liability (AAL)	\$ 125,352,953
Actuarial Value of Plan Assets	(39,442,631)
Unfunded Actuarial Accrued Liability (UAAL)	<u>\$ 85,910,322</u>
Funded Ratio (Actuarial Value of Plan Assets/AAL)	31%
Covered Payroll	<u>\$ 92,003,826</u>
UAAL as Percentage of Covered Payroll	<u>93%</u>

The above noted actuarial accrued liability was based on the February 1, 2013, actuarial valuation. Actuarial valuation of an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the Plan and the annual required contribution of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information, follow the notes to the financial statements, presents multi-year trend information about whether the actuarial value of Plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive Plan (the Plan as understood by the employer and the Plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and the Plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial values of assets, consistent with the long-term perspective of the calculations.

In the February 1, 2013 actuarial valuation, the Entry Age Normal Actuarial Cost Method was used. The actuarial assumptions included a 7 percent investment rate of return (net of administrative expenses), based on the Plan being funded in an irrevocable employee benefit trust fund invested in a long-term fixed income portfolio. Healthcare cost trend rates assumed 4 percent per year. The UAAL is being amortized at a level percentage of payroll method. The remaining amortization period at February 1, 2013, was 30 years. The actuarial value of assets of \$34,870,628 was determined in this actuarial valuation. At June 30, 2013, the Trust held net assets in the amount of \$39,442,631 in investments with Benefit Trust.

NOTE 12 - RISK MANAGEMENT

Insurance Coverage

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the year ending June 30, 2013, the District contracted with MacCorkle Inc., an insurance broker to manage the District's insurance claims. The District is self-insured for the first \$150,000. Settled claims have not exceeded this commercial coverage.

SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013

Workers' Compensation

For the fiscal year, the District contracted with Andreini and Company for placement of excess workers' compensation insurance program. The District is self-insured for the first \$350,000.

Employee Medical Benefits

The District has contracted with the Cal PERS to provide employee medical and surgical benefits. CalPERS is a shared risk pool comprised of nearly 2,500 employers and covers five regions (Bay Area, Other Northern California, Southern California, Other Southern California, and Out of State). Rates are set through an annual calculation process. The District pays a monthly contribution, which is placed in a common fund from which claim payments are made for all participating Districts. Claims are paid for all participants regardless of claims flow. The CalPERS Board of Directors has a right to return monies to a district subsequent to the settlement of all expenses and claims if a district withdraws from the pool. CalPERS requires the District to have a post retirement medical benefit plan for CalPERS members.

The District also contributed towards the medical plan premiums of CalPERS and CalSTRS retirees who did not meet the District eligibility requirements for retiree benefits when they retired. This contribution is required by CalPERS and is called the "Employer Share" and was established in order to provide retirees, regardless of District eligibility, with continuation of group medical insurance coverage at a reduced monthly premium. There are currently 72 retirees that fall under this categorical and the District's share for the fiscal year was \$408,668.

The District records an estimated liability for indemnity torts and other claims against the District. Claims liabilities are based on estimates of the ultimate costs of reported claims (including future claim adjustment expenses) and an estimate for claims incurred, but not reported based on historical experience.

Claim Liabilities

The District establishes a liability for both reported and unreported events, which includes estimates of both future payments of losses and related claim adjustment expenses. The following represent the changes in approximate aggregate liabilities for the District from July 1, 2011 to June 30, 2013:

	<u>Workers' Compensation</u>	<u>Property and Liability</u>

NOTE 13 - EMPLOYEE RETIREMENT SYSTEMS

Qualified employees are covered under multiple-employer contributory retirement plans maintained by agencies of the State of California. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS) and classified employees are members of the California Public Employees' Retirement System (CalPERS).

CalSTRS

Plan Description

The District contributes to CalSTRS, a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalSTRS. The plan provides retirement and disability benefits and survivor benefits to beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalSTRS annual financial report may be obtained from CalSTRS, 100 Waterfront Place, West Sacramento, CA 95605.

Funding Policy

Active members are required to contribute 8.0 percent of their salary while the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalSTRS Teachers' Retirement Board. The required employer contribution rate for fiscal year 2012-2013 was 8.25 percent of annual payroll. The contribution requirements of the plan members are established by State statute. The District's total contributions to CalSTRS for the fiscal years ended June 30, 2013, 2012, and 2011, were \$3,292,883, \$3,185,617, and \$3,043,000, respectively, and equal 100 percent of the required contributions for each year.

CalPERS

Plan Description

The District contributes to the School Employer Pool under the California Public Employees' Retirement System (CalPERS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Laws. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS' annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, California 95811.

Funding Policy

Active plan members are required to contribute 7.0 percent of their salary (7.0 percent of monthly salary over \$133.33 if the member participates in Social Security), and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalPERS Board of Administration. The District's contribution rate to CalPERS for fiscal year 2012-2013 was 11.417 percent of covered payroll. The District's contributions to CalPERS for fiscal years ending June 30, 2013, 2012, and 2011, were \$4,035,956, \$3,693,915, and \$3,458,509, respectively, and equaled 100 percent of the required contributions for each year.

SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013

On-Behalf Payments

The State of California makes contributions to CalSTRS on behalf of the District. These payments consist of State General Fund contributions to CalSTRS. The State of California made contributions to CalSTRS on behalf of the District for fiscal year ending June 30, 2013, 2012, and 2011 amounted to \$1,903,158, \$1,821,547, and \$1,569,077, respectively, and equaled 5.176 percent of salaries subject to CalSTRS. Contributions are no longer appropriated in the annual Budget Act for the legislatively mandated benefits to CalPERS. Therefore, there is no on behalf contribution reate for CalPERS. These amounts have been reflected in the basic financial statements as a component of nonoperating revenue and employee benefit expense.

Deferred Compensation

The District offers its employees 47 457 and 278 403 (b) tax deferred compensation plans. The plans, available to all employees, permits them to defer a portion of their pre-tax salary into investment(s) provided by the plans. The deferred compensation will become available once a qualifying event, as defined by the IRS, has been met. The District oversees the administrative functions of these plans. The District makes employer contributions for six of its employees, otherwise, these plans are strictly for employee contributions only.

NOTE 14 - COMMITMENTS AND CONTINGENCIES

Grants

The District receives financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2013.

The California State Controller's Office audited the District's mandated costs claims in 2003-2004. As the result of the audit, the District has set aside a reserve for the liability. However, the District is in the process of disputing this liability with the State.

Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the District at June 30, 2013.

Early Retirement

The District offered an early incentive retirement plan to all bargaining units who elect early retirement in prior year. All incentives were paid in fiscal year 2012-2013.

SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013

Operating leases

The District has entered into various operating leases for equipment with no lease terms in excess of one year. None of these agreements contain purchase options. All agreements contain a termination clause providing for cancellation after a specified number of days written notice to lessors, but it is unlikely that the District will cancel any of the agreements prior to the expiration date.

Construction Commitments

As of June 30, 2013, the District had the following commitments with respect to the unfinished capital projects:

CAPITAL PROJECT	Remaining Construction Commitment	Expected Date of Completion
District funded facility improvement projects	\$ 670,292	within 1 year
State funded capital outlay projects	3,705,571	within 1 year
2005 G.O. Bond (Measure A) construction projects	4,498,444	within 1 year
	<u>\$ 8,874,307</u>	

The projects are funded through a combination of general obligation bonds and capital project apportionments from the State Chancellor's Office.

NOTE 15 - PARTICIPATION IN PUBLIC ENTITY RISK POOLS AND JOINT POWERS AUTHORITIES

The District is self-insured for the workers' compensation and property and liability up to \$150,000. The District contracts with MacCorkle Inc., an insurance broker to manage the District's insurance claims. The District pays an annual premium to MacCorkle for their services. The relationships between the District and the risk management company are such that they are not component units of the District for financial reporting purposes.

These entities have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, fund transactions between the entities and the District are included in these statements. Audited financial statements are generally available from the respective entities.

During the year ended June 30, 2013, the District made total payment of \$933,924 to MacCorkle Inc. for the insurance related services. The District also paid \$42,388 and \$233,815 to School Excess Liability Fund and Princeton Excess and Surplus for excess liability program.

The District is a member of South Bay Regional Public Safety Training Consortium JPA. No payments were made to South Bay Regional Public Safety Training Consortium JPA during the year.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013

NOTE 16 - RESTATEMENT OF PRIOR YEAR FUND BALANCES

The District's prior year beginning net position has been restated as of June 30, 2013.

Effective in fiscal year 2012-2013, the District was required to capitalize interest as part of the historical cost of constructing certain business-type activity assets. The implementation of this standard required a change in accounting principle and restatement of the beginning net position of the District by \$38,177,572.

NOTE 17 - SUBSEQUENT EVENTS

The District issued \$20,000,000 of Tax and Revenue Anticipation Notes dated July 15, 2013. The notes mature on June 2, 2014, and yield 0.200 percent interest. The notes were sold to supplement cash flow. Repayment requirements are that a percentage of principal and interest be deposited with the Fiscal Agent each month beginning January 1, 2014, until 100 percent of principal and interest due is on account on April 30, 2014.

NOTE 1 - PURPOSE OF SCHEDULES

District Organization

This schedule provides information about the District's governing board members and administration members.

Schedule of Expenditures of Federal Awards

The accompanying schedule of expenditures of Federal awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the United States Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

The following schedule provides reconciliation between revenues reported on the Statement of Revenues, Expenses, and Changes in Net Position - Primary Government and the related expenditures reported on the Schedule of Expenditures of Federal Awards.

Description	CFDA Number	Amount
Total Federal Revenues per Statement of Revenues, Expenses, and Changes in Net Assets:		\$ 26,669,123
Fish & Wildlife	none	(2,661)
Total Expenditures of Federal Awards		<u>\$ 26,666,462</u>

Schedule of Expenditures of State Awards

The accompanying schedule of expenditures of State awards includes the State grant activity of the District and is presented on the modified accrual basis of accounting. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements. The information in this schedule is presented to comply with reporting requirements of the California State Chancellor's Office.

Schedule of Workload Measures for State General Apportionment – Annual (Actual) Attendance

Full-Time Equivalent Students (FTES) is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds, including restricted categorical funding, are made to community college districts. This schedule provides information regarding the annual attendance measurements of students throughout the District.

Reconciliation of Education Code Section 84362 (50 Percent Law) Calculation

ECS 84362 requires the District to expend a minimum of 50 percent of the unrestricted General Fund monies on salaries of classroom instructors. This is reported annually to the State Chancellor's Office. This schedule provides a reconciliation of the amount reported to the State Chancellor's Office and the impact of any audit adjustments and/or corrections noted during the audit.

***INDEPENDENT AUDITORS’
REPORTS***

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Trustees
San Mateo County Community College District
San Mateo, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of the business-type activities of San Mateo County Community College District (the District) and its discretely presented component unit as of and for the years ended June 30, 2013 and 2012, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 18, 2013.

As discussed in the Notes to the basic financial statements, the accompanying financial statements reflect certain changes required as a result of the implementation of GASB Statement No. 62 for the year ended June 30, 2013. These changes require a restatement of the beginning net position of the District as discussed in Note 16. Our opinion is not modified with respect to this matter.

Internal Control Over Financial Reporting

In planning and performing our audits of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audits, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audits and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the District in a separate letter dated December 18, 2013.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

Board of Trustees
San Mateo County Community College District
San Mateo, California

Report on Compliance for Each Major Federal Program

We have audited San Mateo County Community College District's (the District) compliance with the types of compliance requirements described in OMB Circular A-133 *Compliance Supplement* that could have a direct and material effect on each of the District's major Federal programs for the year ended June 30, 2013. The District's major Federal programs are identified in the Summary of Auditors' Results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its Federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major Federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of State, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we consider necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the year ended June 30, 2013.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major Federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major Federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE

Board of Trustees
San Mateo County Community College District
San Mateo, California

Report on State Compliance

We have audited San Mateo County Community College District's (the District) compliance with the types of compliance requirements as identified in the California Community Colleges Chancellor's Office *District Audit Manual* issued in April 2013 that could have a direct and material effect on each of the District's programs as noted below for the year ended June 30, 2013.

Management's Responsibility

Management is responsible for compliance with the requirements identified in the California Community Colleges Chancellor's Office *District Audit Manual* issued in April 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance of each of the District's programs based on our audit of the types of compliance requirements referred to above. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. These standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above could have a material effect on the applicable programs noted below. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such procedures as we consider necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the District's compliance with those requirements.

Opinion

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that are applicable to the programs noted below that were audited for the year ended June 30, 2013, except as described in the State Awards Findings and Questioned Costs section of the accompanying Schedule of Findings and Questioned Costs.

Other Matters

We noted certain matters that we reported to management of the District in a separate letter dated December 18, 2013.

In connection with the audit referred to above, we selected and tested transactions and records to determine the District's compliance with State laws and regulations applicable to the following:

Section 421	Salaries of Classroom Instructors (50 Percent Law)
Section 423	Apportionment for Instructional Service Agreements/Contracts
Section 424	State General Apportionment Funding System
Section 425	Residency Determination for Credit Courses
Section 426	Students Actively Enrolled
Section 427	Concurrent Enrollment of K-12 Students in Community College Credit Courses
Section 431	Gann Limit Calculation
Section 433	CalWORKS
Section 435	Open Enrollment
Section 437	Student Fees – Instructional and Other Materials
Section 438	Student Fees – Health Fees and Use of Health Fee Funds
Section 474	Extended Opportunity Programs and Services (EOPS) and Cooperative Agencies Resources for Education (CARE)
Section 475	Disabled Student Programs and Services (DSPS)
Section 479	To Be Arranged (TBA) Hours
Section 490	Proposition 1D State Bond Funded Projects
Section 491	Proposition 30 Education Protection Account Funds

The District reports no Instructional Service Agreements/Contracts for Apportionment Funding; therefore, the compliance tests within this section were not applicable. In addition, the District did not spend Proposition Education Protection Account Funds during the year, therefore, the compliance test within this section were not applicable.

The District's responses to the finding identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. We did not audit the District's responses and, accordingly, we express no opinion on the responses.

STATE AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2013

The following findings represent instances of noncompliance and/or questioned costs relating to State program laws and regulations.

2013-1 Finding - To Be Arranged Hours (TBA)

Criteria or Specific Requirement

Legal Advisory 08-02

To Be Arranged (TBA) Definition: Some courses with regular scheduled hours of instruction have "hours to be arranged" (TBA) as part of the total contact hours for the course. The TBA portion of the course uses an alternate method for regularly scheduling a credit course for purposes of applying either the Weekly or Daily Census Attendance Accounting Procedures. In other words, TBA hours are only an option for credit courses that apply the Weekly or Daily Attendance Accounting Procedures and not to those that apply the Alternative Attendance Accounting Procedure pursuant to CCR, title 5, section 58003.1(f).

Section 58102 Course Description states that the description of each course shall be clear and understandable to the prospective student. All enrolled students must be informed of TBA instructional activities and expectations for completion in the class syllabus or other document.

Legal Advisory 08-02 To Be Arranged (TBA) Hour Compliance Advice indicates that documentation is required to substantiate that each student has completed the TBA requirements as appropriate for either the Weekly or Daily census attendance accounting procedures.

Condition

During our audit of the compliance requirements for the TBA programs, we noted the following:

- 7 of the 60 courses tested had TBA hours generated from Independent Study courses
- 14 of the 60 courses tested did not have documentation required to substantiate that each student has completed the TBA requirements. In addition, 11 of the 14 courses noted did not have description informing enrolled students about the TBA instructional activities and the expectations for completion in the class syllabus.

Questioned Costs

39.68 FTES were overstated. Extrapolated FTES would be 229.

Effect

The District is not in compliance with requirements for TBA courses.

Cause

Unknown.

Recommendation

We recommend the District review the State compliance requirements for TBA courses and provide necessary trainings to the individuals having these responsibilities to ensure that the District is in compliance with the State requirements.

SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT

STATE AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2013

Management's Response and Corrective Action Plan

We have instituted a process to deans to make specific reviews of syllabi with TBAs associated and training will be provided to faculty on TBA regulations. Additionally, division offices will oversee the attendance documentation to ensure they are in compliance.

2013-2 Finding - General Apportionment Funding System

Criteria or Specific Requirement

Title 5, Section 58003.1 requires that the District use the appropriate attendance accounting procedure to calculate the contact hours and FTES for each type of the courses and properly classifying the courses in the attendance reports.

According to Student Attendance Accounting Manual, attendance is based on an actual count of enrolled students present at each class meeting. In other words, the total student contact hours reported for each class should be the sum of the individual attendance hour totals for each student in the class as reported by the instructor.

Title 5, Section 55002 states that the course outline of record shall specify the number of contact hours for the course as a whole. Contact hours claimed for apportionment must be consistent with the number of contact hours specified in the course outline of record. (55002(a)(3), 55002(b)(3), 58050(a)(5).)

Condition

During our audit of the State General Apportionment Funding System, we noted the following:

Actual Hours of Attendance (Commonly referred to as Positive Attendance)

- 2 out of 60 courses tested, we were not able to determine the accuracy of the classification of these courses in accordance with Title 5, Section 58003.1 because these courses were not listed in the Schedule of Classes.
- Of the 60 courses tested, 20 of them had FTES discrepancies between the Annual 320 report and the supporting course detail.

Weekly Contact Hours

- 5 out of 60 courses, the total contact hour per session does not agree with the total contact hour reported on the 320 report.

Questioned Costs

17.61 FTES were overstated for Actual Hours of Attendance (extrapolated FTES would be 19.74) and 0.85 FTES were overstated for the Weekly Contact Hours (extrapolated FTES would be 50.66).

Effect

FTES reported on the Annual 320 report may be overstated.

Cause

Unknown.

SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT

STATE AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2013

Recommendation

We recommend the District review the State compliance requirements for General Apportionment funding System and provide necessary trainings to the individuals having these responsibilities to ensure that the District is in compliance with the State requirements.

Management's Response and Corrective Action Plan

We are instituting additional training for faculty members to ensure that back-up is assembled and entered correctly. In addition, the Office of Instruction will require that each division's staff check and confirm accuracy and consistency of supporting course detail and instructor's data entered in WebSmart. If class section offered is not in the printed schedule then it must appear on the New Classes report (SQRNCRN) on WebSchedule. A lecture/lab combination course, the procedure has already been implemented with a minimum 10 minute break before the beginning start time of the lab session.

SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT

SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS JUNE 30, 2013

Except as specified in previous sections of this report, summarized below is the current status of all audit findings reported in the prior year's Schedule of Findings and Questioned Costs.

2012-1 Finding – To Be Arranged Hours (TBA)

Criteria or Specific Requirements

Title 5 CCR Section 55002(a)(3) Course Outline of Record indicates that the course is described in a course outline of record that shall be maintained in the official college files and made available to each instructor. The course outline of record shall specify the unit value the expected number of contact hours for the course as a whole, the prerequisites, corequisites or advisories on recommended preparation (if any) for the course, the catalog description, objectives, and content in terms of a specific body of knowledge. The course outline shall also specify types or provide examples of required reading and writing assignments, other outside-of-class assignments, instructional, methodology, and methods of evaluation for determining whether the stated objectives have been met by students.

Legal Advisory 08-02 To Be Arranged (TBA) Hours Compliance Advice indicates that documentation is required to substantiate that each student has completed the TBA requirements as appropriate for either the Weekly or Daily census attendance accounting procedures.

Condition

We noted 28 out of 30 TBA courses reviewed did not have adequate documentation to support TBA hours reported as required.

Questioned Costs

None. The District revised and resubmitted the annual 320 report by reducing approximately 30 FTES.

Effect

The District reported FTES at P1 and P2 that were not properly documented.

Cause

Documentation was not always maintained to support TBA hours claimed.

Recommendation

We recommend the District review the TBA documentation and remove undocumented hours from the 320 report at P1, P2, and the annual report.

Current Status

Not Implemented, see current year finding #2013-1

SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT

SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS JUNE 30, 2013

2012-2 Finding – Calculation of Contact Hours for Positive Attendance

Criteria or Specific Requirements

According to Student Attendance Accounting Manual, Chapter 3 Attendance Accounting Application for Actual Hours of Attendance Procedure, Positive attendance is based on an actual count of enrolled students present at each class meeting. In other word, the total student contact hours reported for each class reported under the Actual Hours of Attendance Procedure should be the sum of the individual attendance hour totals for each student in the class as reported by the instructor.

Condition

For the 25 Positive attendance courses reviewed, we noted 14 of them had student total contact hours noted on the roster did not agree to the total contact hours reported on the Banner report (SVRCALD).

Questioned Costs

None. (revised 320 report submitted has reduced 6.66 FTES in question)

Effect

The District was not in compliance with the Positive Attendance contact hours reporting.

Cause

Not all faculty members followed the proper procedures to maintain adequate documentation to support the contact hours reported.

Recommendation

Faculty members should be reminded with the importance of documenting and maintaining accurate attendance rosters to support the hours claimed.

Current Status

Not implemented, see current year finding #2013-2.

2012-3 Finding – Curriculum and Instruction

Criteria or Specific Requirements

Title 5 Section 58007 states that contact hours of enrollment in noncredit courses, except for noncredit courses using the Alternative attendance accounting procedure described in subdivision (f)(2) of Section 58003.1, shall be based upon the count of students present at each course meeting. Full-time equivalent student in noncredit courses shall be computed by dividing the sum of contact hours of enrollment by 525, except for noncredit courses using the alternative attendance accounting procedure described in Section 59003.1(f)(2).

Condition

We noted the 2 noncredit courses reviewed did not have documentation to support the hours claimed.

Questioned Costs

None (Annual 320 report was revised by reducing the 2.04 FTES in question).

SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT

SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS

JUNE 30, 2013

Effect

The District was not in compliance with noncredit course documentation requirements.

Cause

Hours claimed for noncredit courses were not supported by documentation.

Recommendation

Faculty members should be reminded with the importance of maintaining adequate documentation to support the attendance hours claimed.

Current Status

This program was not tested in 2012-13 fiscal year as it was not required by the Contracted District Audit Manual for the audit of fiscal year 2012-13.

2012-4 Finding – Concurrent Enrollment of K-12 Students In Community College Credit Courses

Criteria or Specific Requirements

Title 5, section 53410 sets the basic minimum qualifications for credit instructors which include either a master's degree "in the discipline of the faculty member's assignment" or a master's degree "in a discipline reasonably related" to the assignment and a bachelor's degree "in the discipline of the faculty member's assignment."

Education Code section 87359 requires the Board of Governors to adopt regulations setting forth a process to allow local districts to employ faculty members who do not meet the minimum qualifications adopted by the Board of Governors. The section provides that a person may be hired to serve as a faculty member if the district governing board determines that the individual "possesses qualifications that are at least equivalent to the minimum qualifications specified in regulations of the board of governors adopted pursuant to Section 87356." The section requires a process to ensure that "each individual faculty member employed under the authority granted by the regulations possesses minimum qualification specified in regulations adopted by the board of governors."

Per the District Policy for Minimum Qualifications, in order for faculty to teach in a particular discipline, they must either meet the state minimum qualifications or they must pass an equivalency process. A committee consisting of faculty discipline experts determines if the faculty member has sufficient education or professional achievement to warrant equivalency to the required degree, as stated in the state minimum qualifications for faculty and administrators. Each equivalency is approved by committee, by the Academic Senate, by the appropriate Vice President of the campus, and by the College President. Finally, the equivalency is Board approved before the faculty member is given an FSA (faculty service area certification).

Condition

We noted 1 out of 25 teachers reviewed did not have evidence on file to show that the teacher had met the minimum qualifications or passed the District's equivalency review process.

Questioned Costs

None.

SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT

SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS JUNE 30, 2013

Effect

The District was not in compliance with credit instructors' minimum qualification or pass equivalency review process.

Cause

The College failed to complete the minimum qualification equivalency review process for the instructor.

Recommendation

Individuals having hiring responsibilities should be reminded the importance of following the appropriate policy and procedures established by governing board and the requirements indicated in CCR Title 5, section 53410.

Current Status

Implemented.

2012-5 **Finding – Disable Student Program and Services (DSPS)**

Criteria or Specific Requirements

Title 5 Section 56006 requires a verification of disability form be maintained in each student's file. The verification should identify and describe the student's disability and the educational limitations which inhibit the educational process. The form should be signed by the appropriate professional or representative from an agency participating in interagency agreements with the State Chancellor's Office.

Title 5 Section 56004 states that documentation for services and accommodations directly related to the student's educational limitation should be available in the student's file.

Title 5 Section 56022 states that a Student Educational Contract (SEC) should be reviewed and updated each year to determine the student's progress toward their stated instructional and educational goal(s).

Title 5 Section 56026 states that colleges should maintain records of the services provided to students with disabilities.

SAN MATEO COUNTY COMMUNITY COLLEGE DISTRICT

SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS

JUNE 30, 2013

Condition

We noted 12 out of 40 student files reviewed did not have a current Student Education Plan (SEP) or Student Education Contract (SEC) on file. For the SEP or SEC carried forward from the prior year, there were no indication that an annual review for the student's status was performed. In addition, 1 student did not have a disability verification form on file.

Questioned Costs

None.

Effect

The District was not in compliance with the Disable Student Program and Services documentation requirement.

Cause

The Colleges did not perform the required annual student file reviews or did not maintain documentation to evidence that such review was performed. In addition, students no longer registered with Disability Resource Center were not removed from the list of students served.

Recommendation

We recommend the District annually review the students files and evidence such review by a notation to show the name of the person reviewed, date of review, and whether there are changes to the student's status. If status changed, a current SEP or SEC should be completed. Students who are no longer registered for the services should be removed from the list reported.

Current Status

Implemented.
