

SAN MATEO COUNTY
COMMUNITY
COLLEGE DISTRICT

WHERE PEOPLE ARE WORTH
MORE THAN MONEY.™

In our efforts to expand our wellness program, we are pleased to introduce the following credit unions:

- [Provident Credit Union](#)
- [San Mateo Credit Union](#)
- [Technology Credit Union](#)

These credit unions are not-for-profit and can provide low interest rates on loans for housing, auto, credit cards, and education. There are a variety of accounts available for your lifestyle. Some of these credit unions will provide incentives for opening an account. Here are some additional benefits of having an account with a credit union:

- On-line/Mobile banking
- Convenient locations/ATM
- Federally insured banking (limited amount)
- Financial planning/counseling
- Exclusive member discounts

The District will work with these credit unions to provide financial seminars throughout the year. In addition, you can visit their website to find upcoming workshops to be offered at their branches.

Additional information can be found in our [District Downloads](#):
