Form Instructions

The purpose of this time record is to collect information on employee time spent working on programs mandated by the State. *Do not report activity time on this form if you have already reported the same activity time on the form 1.6 A-2.*

Employee Information

Your name, exact job title, time spent, and description of the activity is required by the State Controller to support the annual claim for reimbursement. The department and location information is used to obtain payroll information when necessary for determining the cost of the time spent on the program.

On the back of this sheet is a time sheet to report your participation in the mandated program activities. This form is “historical” in nature and is used to reconstruct the total amount of time spent throughout the year on the mandate reimbursable activities.

Activity Description

To assist you in determining the amount of time spent on the program, descriptions of possible items required for this mandate are listed under the relevant reimbursable activity. Indicate the total amount of time, if any, spent for the entire fiscal year on each of the reimbursable activities. If your activity generates work product such as new policy statements, new forms, brochures, meeting agenda materials, please send them along with these forms for our files.

Other Reimbursable Costs

Printing, stationary, postage, and other supply costs are usually reimbursable. Please attach to this form copies of invoices for any expenses incurred.
