THE TENTATIVE BUDGET REPORT provides a summary of the 2015-16 State budget and District budget planning information. It focuses primarily on the Unrestricted General Fund; however, preliminary information is also included about other District funds shown in detail on Exhibits B through K.

The legislature passed the \$117.5 billion spending plan on time. After some changes, the Governor is expected to sign the main budget bill before July 1 with a second bill referred to as "Budget Bill, Jr." that includes provisions.

# May Revision

The Governor's Budget May Revise was released on May 14<sup>th</sup>. Reaction to the revised budget was mostly positive. Typically, the release of the May Revise marks the beginning of the final budget negotiations. It includes updated revenue projections including those received in April.

The State treasury reports that actual revenues accumulated in the current fiscal year have exceeded projections since the Governor's January budget proposal. The surge in revenues is largely due to a growing economy and to the Proposition 30 temporary tax increases approved in 2012. In particular, the higher-than-expected personal income tax collections and higher corporate income tax and sales tax receipts. General Fund revenues reflect a \$6.7 billion increase compared to the January budget.<sup>1</sup>

The May Revise focuses on the key elements of the January proposal including continuation of the Local Control Funding Formula, federal health care reform, public safety realignment, the Water Action Plan and the Cap and Trade expenditure plan.

Funding for California K-12 public schools and community colleges is set to increase by \$6 billion in the 2015-2016 fiscal year. The Governor's office made a point of saying that the proposed increase to education translates to 45% increase in funding over the last four years. Although this has won high praise from education groups, many are quick to mention that the increases are still below pre-recession levels.

In its review of the Governor's May Revise, the Legislative Analyst's Office (LAO) asserts that they "do *not* produce a new revenue or budget outlook. Rather, they consider the key factors that may affect May estimates— principally revenues, the Proposition 98 minimum guarantee for schools and community colleges, and Proposition 2, the debt payment and budget reserve measure passed by voters in November 2014." Prior to the release of the May Revision, the LAO published hypothetical budget scenarios to help the Legislature plan ahead.

In its analyses of the May Revise, School Services of California states that the increases for schools are not expected to continue. When the temporary taxes expire, State revenues are expected to flatten, and the revenue given to K-12 schools and community colleges will decline after next year to the standard 40 percent of the general budget after past obligations to Proposition 98 are fully paid off. This maintenance factor which was as high as \$11 billion because of cuts made during the recession will be under \$800 million after next year.

Following are the key highlights of the Governor's revised budget relevant to the California Community Colleges and the highlighted text indicates how this affects our District:

- \$49.7 million to increase access from 2 percent to 3 percent (\$156.5M total for 2015-16). This is for growth and we will not get this.
- A decrease of \$31.3 million to reflect a downward adjustment in the COLA from 1.58% to 1.02%. No impact on us financially, but makes our compensation settlement look even better.
- \$75 million to support an increase in full-time faculty hiring. Funding would be allocated per FTES, but districts with relatively low proportions of full-time faculty would be required to hire more than districts with relatively high proportions of full-time faculty. *Our share should be about \$1.15M*.
- \$141.7 million in additional funds for support of district general operating expenses, bringing the proposed total to \$266.7 million for the 2015-16 fiscal year. *This is on the base and we will not get this.*

<sup>&</sup>lt;sup>1</sup> http://www.ebudget.ca.gov/FullBudgetSummary.pdf

- \$274.7 million in additional one-time funds to pay down prior mandate obligations, bringing the proposed total to \$626 million. These funds would be distributed on a per-FTES basis. Our share of these funds would be about \$9.75M, unrestricted one time funds.
- \$148 million for deferred maintenance and instructional equipment. Of this amount, \$48 million is attributable to the current fiscal year. No local match is required. Our share would be about \$2.30M. Assumes we will be able to decide locally how much would go to deferred maintenance and instructional equipment. Governor does not say but these are probably one time funds.
- \$60 million in one-time funds for the Basic Skills and Student Outcomes Transformation Program. These funds are intended to improve basic skills instruction through adoption and/or expansion of evidence-based models of placement, remediation, and student support that will aid the progress and success of basic skills students. More detail will be available in the forthcoming trailer bill. Unsure, but if this was allocated by FTES, we would get about \$900,000.
- \$15 million increase for Student Equity Plan funding, bringing the total proposed increase to \$115 million for the 2015-16 fiscal year. Concurrently, provisional language will require the implementation of SB 1023 (Liu, 2014), which authorizes a pilot program to provide additional support of foster youth who participate in EOPS. Again, not sure how this would be allocated. By FTES, our share would be about \$1.79M.
- \$15 million increase for the Institutional Effectiveness Partnership Initiative. Of this amount, \$3 million will go toward technical assistance and the remaining \$12 million is for the development and dissemination of effective practices. Provisional language would prioritize development of curriculum and practices for members of the California Conservation Corps and for inmates pursuant to SB 1391 (Hancock, 2014). There will also be language included in the budget encouraging districts to offer up funding to enhance inmate education efforts. *We probably would not see much of this.*
- \$2.5 million to fund the COLA for the EOPS, DSPS, CalWORKs, and the Childcare Tax Bailout programs. 1% COLA on these programs. It would not pay for the District COLA, but will help.
- \$2 million in one-time funds for a pilot program to foster collaboration between colleges and CSU campuses relating to basic skills instruction for incoming CSU students. Assuming RFP based.
- A decrease of \$825,000 in energy efficiency funding pursuant to the California Clean Energy Jobs Act (Proposition 39, 2012). This reduces the amount available in 2015-16 to \$38.7 million. We should have already received our share of this.
- \$25 million increase in Proposition 98 funds for the Awards in Innovation in Higher Education. This would bring the proposed total funding to \$50 million for the 2015-16 fiscal year (half Prop 98, half non-98). The May Revision would also reclassify \$23 million in current year awards as Proposition 98 funds, reflecting awards coordinated by community colleges. The May Revision further proposes to allow community colleges to be lead applicants for awards. *Application based*.
- The May Revision makes various other adjustments to the general apportionment, such as the inclusion of funding for projected FTES restoration and revised estimates concerning property taxes and fee revenues.
- Concerning the adult education proposal, the forthcoming trailer bill will propose various modifications, perhaps most notably the elimination of the allocation boards that were proposed in January. Each consortium will instead be required to propose a transparent governance structure for joint approval by the Superintendent of Public Instruction and by the Chancellor. It will no longer be required that each consortium have a fiscal agent, allowing for direct funding of member agencies if so desired. Language will also specify and clarify various reporting and funding deadlines. More information will be provided on these changes as details become available in the trailer bill. *Most of these funds are going locally to our K-12 partners.*

In his most recent update, State Vice Chancellor Dan Troy provided a summary of the Conference Committee actions as of June 9 cautioning that this does not reflect agreement with the Governor. Since the Committee based expenditures on the LAO's higher revenue estimates and not those provided by the Department of Finance, there will be more changes before reaching a final budget. The Conference Committee has approved funding for the California Community Colleges approximately \$80 million over the Governor's May Revise proposal, so it is very possible that some of these items will be reduced or deleted prior to the end of the process.

Key areas of agreement by the Conference Committee include:

- \$271 million in general operating expense funding (a compromise figure between the Senate and Assembly level)
- \$60 million in one-time funds for the Governor's Basic Skills and Student Outcomes Transformation Program - a grant program aimed at improving and expanding evidence-based practices in basic skills education. The Senate had previously rejected this proposal.
- \$148 million total for deferred maintenance and instructional equipment (the Senate had approved a higher amount)
- \$15 million in one-time funds approved for Professional Development, of which \$6 million is for Professional Development related to the SB 850 Bachelor pilot programs
- \$39 million for financial aid support for Cal Grant B recipients taking 12 or more units (the Senate had not approved this proposal)
- \$10 million increase financial aid administration (the Senate had not approved this proposal)
- Increases for certain categorical programs, including \$250,000 increase for the Academic Senate, \$24 million for the Fund for Student Success, and \$2.23 million to fund COLAs for various programs.
- Reduces the one-time pot of mandate reimbursement payments by about \$22 million (the total amount would decrease from \$626 million to about \$604 million)

The committee agreed to fund the \$75 million Full Time Faculty proposal, but narrowed the tiers to a range of \$73,000 to \$125,000 (the Governor had proposed a range of \$70,000 to \$190,000) and included intent language urging districts to spend funds that would not be required to be spent on FT hires to support FT/PT faculty in ways that foster student success. The State Chancellor's Office would be required to provide a report on the Faculty Obligation Number (FON). However, the Chancellor's Office has informed us that community supported districts will face an increased FON but not receive any of the funding.

Regarding Adult Education, the K-12 maintenance of effort (MOE) would extend to all categories of adult education expenditure for the 2012-13 year, not just the five categories spelled out in AB 86, but would cap the total MOE at \$375 million. Also, \$25 million is provided (K-12 funds) to support data management related to Adult Education.

The items highlighted above only reference areas of disagreement between the houses that need to be resolved. Both houses have already agreed to fund a COLA of 1.02%, growth of 3%, significant increases to Student Success and Support Programs (SSSP) and Student Equity Plans, and to restore EOPS and CalWORKs to pre-recession levels. These items have not changed.

### **District Budget Planning**

As a community supported district, the District is funded almost entirely through local sources. This means the standard non-categorical allocations for public education – such as apportionment, growth and State funded COLA – do not apply to us. The majority of increases to higher education in the State budget in large part do not affect us.

After many months of discussion, the District is implementing a modified resource allocation model for 2015-16. It was approved after several presentations to constituent groups throughout the District during the spring.

Various scenarios and iterations of the model based on historical trends that considered allocation of resources such as FTES, FTE and other productivity factors were presented to the District Committee on Budget and Finance. Other concepts that were considered during development include consistency with SB361, growth funding, international program growth and new program development and innovation. Additionally, the new model aligns with available District resources and priorities identified in the District Strategic Plan.

The model addresses the need for innovation funds expressed by the Colleges. This would allow the Colleges to fund projects that meet the goals identified in the College and District Strategic and Educational Master Plans.

# **District Cash Flow and Investments**

The issuance of Tax and Revenue Anticipation Notes (TRANs) not to exceed \$30 million was approved by the District Board of Trustees on April 29, 2015, to provide the necessary cash flow to fund District operations from July to December prior to the receipt of property tax revenues.

At the May 27<sup>th</sup> Board meeting, Executive Vice Chancellor Kathy Blackwood presented the Board of Trustees with three options for bond investments which included the County Pool, Guaranteed Investment Contracts (GIC) and Actively Managed Portfolios. Based on the discussion, more information will be provided regarding GICs and Actively Managed Portfolios. The Board would review the District's investment policy before recommending how to proceed with investing bond money.

# Measure G

At a time of great need during the recession, the Colleges benefitted immensely from the parcel tax ballot measure passed by San Mateo County voters in June 2010. This tax ended in June 2014 and funds were fully expended in 2014-15.

The impact to our District was significant in stemming the cuts we had to make. The funding afforded the Colleges resources to provide adequate levels of course offerings, continue to serve students in the Library, Learning and Tutoring Centers during expanded evening and weekend hours as well as allow the Colleges to offer additional academic counseling and provide staffing support in high-priority instructional and student support areas. It also helped support innovative activities and programs.

### 2015-16 Revenue Projection

The revenue estimates are based primarily upon local property taxes, redevelopment funds, and student fees. The District has prepared an estimate of its base revenue taking into consideration a set of factors that include enrollment and higher property tax assessed valuation. The District's total revenue projection is \$150,589,659. The Proposition 30 (Educational Protection Account or EPA) funding is expected to total \$1.8 million in 2015-16.

For 2015-16, the assumptions include:

- 1. Community supported status continues in 2015-16.
- 2. 2015-16 FTES based on zero growth over 2014-15 FTES goals.
- 3. 2015-16 Non-resident FTES grows, International FTES based on College goals.
- 4. COLA based on salary compensation settlement.
- 5. 3.0% State funded growth which does not apply to community supported districts.
- 6. The deficit factor on State revenue projected does not apply to community supported districts.
- 7. 3.1% inflation on certain expenses.
- 8. Utilities and benefits are based on Facilities best estimates.
- 9. No increase for full time faculty outside of what Colleges fund from their site allocations.
- 10. Fixed costs are based on best estimates.
- 11. No student fee increase (currently at \$46 per unit).
- 12. Current property tax increase.

Revenue estimates are based on the assumptions listed above and expenditures include costs to continue ongoing operations. The following tables summarize projected revenues and expenditures. In addition to annual inflationary cost increases, costs include those associated with providing health and medical benefits to active and retired employees, increases in insurance premiums, technology upgrades and maintenance as well as utilities.

Revenues	2014-15 Final Budget	2015-16 Tentative	\$ Change
Total Base Revenue:	\$121,885,887	\$130,135,283	\$8,249,395

Total	\$134,673,374	\$145,595,371	\$10,921,997

The Tentative Budget reflects a surplus where projected revenues are more than estimated expenditures. The Tentative Budget will be revised to include any changes resulting from the enacted State budget and the 2015-16 fiscal year-end numbers along with existing fund balances.

### **2014-15 Ending Balance Estimates**

The current projections of 2014-15 ending balances submitted by the Budget Offices at each site for the Tentative Budget are as follows:

Cañada College	\$517,434
College of San Mateo	\$348,220
Skyline College	\$1,143,035
District Office	\$85,650
Facilities	\$675,200

### 2015-16 Estimated Beginning Balance

The beginning balance is estimated at \$21,315,577 and includes reserves of 9%. Details of the Unrestricted General Fund are detailed in Exhibit A. The remaining balance originates from specific projects and activities in 2014-15 and will be carried over into the new fiscal year as committed to these purposes. The current estimate is subject to change when final amounts become available following year-end close of the District's financial records.

### 2015-16 Site Allocations

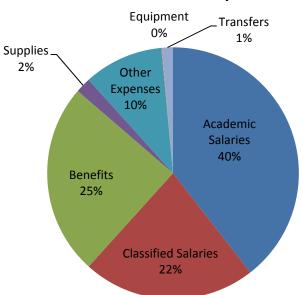

The site allocations for the Tentative Budget will be adjusted for step, column, and longevity increases according to the resource allocation model. Benefits are managed at each of the sites. Any additional adjustments to the allocations will be made to the adopted budget.

Site	Allocation total with benefits
Cañada College	\$20,142,711
College of San Mateo	32,150,278
Skyline College	33,114,767
District Office	13,016,665
Facilities	11,171,409

The major functional uses of the unrestricted general fund budget are illustrated below by major account category.

Account Category	2014-15 Final Budget	2015-16 Tentative	\$ Change
Certificated Salaries	\$55,307,959	\$57,469,923	2,161,964
<b>Classified Salaries</b>	32,394,037	32,353,077	(40,960)
<b>Employee Benefits</b>	34,910,023	35,866,602	956,579
Supplies/Materials	7,205,354	2,874,680	(4,330,673)
Operating Expenses	13,442,418	14,874,408	1,431,991
Capital Outlay	140,730	101,900	(38,830)
Transfers/Other	1,969,841	2,054,780	84,939
Total	\$145,370,362	*\$145,595,370	\$225,008

\*Does not include beginning balance/carryover as final figures will not be known until after the 2014-15 books are closed.

# California Community Colleges Sound Fiscal Management 2015-16 Self-Assessment Checklist

# 1. Deficit Spending - Is this area acceptable? Yes / No

- Is the district spending within their revenue budget in the current year?
- $\circ$  Yes, the district will have a surplus in 14/15 and a surplus in 15/16.
- Has the district controlled deficit spending over multiple years?
  - Yes, the District's unrestricted GF Net Change in Fund Balance for 2011/12 was (\$1,024,052), 2012/13 was \$102,185 and 2013/14 was 420,363. The unrestricted GF Net Change in Fund Balance for 2014/15 is projected to be a surplus, and the ending fund balance continues to be above the 15% level.
- Is deficit spending addressed by fund balance, ongoing revenue increases, or expenditure reductions?
  - Yes, by fund balance, revenue increases (growth) and expenditure reductions.
- Are district revenue estimates based upon past history?
  - District revenue estimates are based upon a combination of past history as well as projections for local property tax growth in assessed valuation and changes to redevelopment agency funding.
- Does the district automatically build in growth revenue estimates?
  - The District is now building in changes in assessed valuation and consequent changes in property taxes received. State growth funding no longer affects the District.

# 2. Fund Balance – Is this area acceptable? Yes / No

- Is the district's fund balance stable or consistently increasing?
  - The District's fund balance is fairly stable, increasing over the last 3 years to partially account for increases in spending and a conservative approach to budgeting revenue. The fund balances were \$19,601,578 in 2011/12, \$19,703,765 in 2012/13 and \$20,124,128 in 2013/14.
- Is the fund balance increasing due to on-going revenue increases and/or expenditure reductions?
   The fund balance is relatively stable.

# 3. Enrollment - Is this area acceptable? Yes / No

- Has the district's enrollment been increasing or stable for multiple years?
  - Yes. The District's enrollment had increased every year since 2005/06, but in 2009/10, due to state workload reductions, the District was over the funded enrollment cap, so enrollment was reduced in succeeding years.
- Are the district's enrollment projections updated at least semiannually?
  - The District's enrollment projections are updated at P-1 and P-2.
- Are staffing adjustments consistent with the enrollment trends?
  - The Colleges adjust their adjunct faculty budgets to match their enrollment projections.
  - Does the district analyze enrollment and full time equivalent students (FTES) data?
    - Yes. The CBO works with the VPIs to review the enrollment estimates and compare the trends to historical data.
- Does the District track historical data to establish future trends between P-1 and annual for projection purposes?
  - Yes. The historical data includes P-1, P-2 and P-Annual and includes a review of the estimates after P-A.

- Has the District avoided stabilization funding?
  - Yes. The District has achieved its funded enrollment cap every year from 2005/06 through 2010/11. With the advent of Community-Supported status, the District is no longer eligible for stabilization funding.

### 4. Unrestricted General Fund Balance – Is this area acceptable? Yes / No

- Is the District's unrestricted general fund balance consistently maintained at or above the recommended minimum prudent level (5% of the total unrestricted general fund expenditures)?
  - The District's unrestricted GF balance has consistently been 9%-18% for the last several years. In 2014/15, the District budget for a 7% reserve.
- Is the District's unrestricted fund balance maintained throughout the year?
  - Mostly, although the District does not do mid-year accruals of revenue and some sources of revenue lag, such as lottery. If the accruals were done, the balance would be fairly consistent.

### 5. Cash Flow Borrowing - Is this area acceptable? Yes / No

- Can the district manage its cash flow without interfund borrowing?
  - With the advent of Community-Supported status, the District relies on both TRANS and interfund borrowing to maintain adequate cash.
- Is the district repaying TRANS and/or borrowed funds within the required statutory period?
   Yes.

### 6. Bargaining Agreements - Is this area acceptable? Yes / No

- Has the district settled bargaining agreements within new revenue sources during the past three years?
  - The District reached agreement with all 3 unions for 3 year agreements for 2013/14 through 2015/16. The agreements called for reopeners for the District medical cap which CSEA and AFSCME settled for in 2014/15. However, AFT is in impasse.
- Did the district conduct a pre-settlement analysis identifying an ongoing revenue source to support the agreement?
  - The analyses have been ongoing.
- Did the district correctly identify the related costs?
  - Yes, increases in statutory, as well as health and welfare benefits, are included in the total cost when any analysis is done.
- Did the district address budget reductions necessary to sustain the total compensation increase?
  - Budget reductions have not been necessary in the past and are not necessary for these settlements.

### 7. Unrestricted General Fund Staffing - Is this area acceptable? Yes / No

- Is the district ensuring it is not using one-time funds to pay for permanent staff or other ongoing expenses?
  - Permanent staff are controlled through position control and are budgeted out of each entity's site allocation, which is derived in the budgeting process from ongoing revenues.
- Is the percentage of district general fund budget allocated to salaries and benefits at or less than the statewide average (i.e. the statewide average for 2003-04 is 85%)?
  - According to the Chancellor's Office Trend Analysis, in 2011/12 the District was at 81.8%, in 2012/13 the District was at 77% and in 2013/14, the District was at 77.7%.

### 8. Internal Controls - Is this area acceptable? Yes / No

- Does the district have adequate internal controls to insure the integrity of the general ledger?
   Yes. The District has had no audit findings for internal controls.
  - Does the district have adequate internal controls to safeguard the district's assets?
    - Yes. The District has had no audit findings for internal controls.

### 9. Management Information Systems - Is this area acceptable? Yes / No

• Is the district data accurate and timely?

•

- Banner is real time and information is updated automatically in a variety of instances.
- Are the county and state reports filed in a timely manner?
- All reports are filed on time.
- Are key fiscal reports readily available and understandable?
  - Banner reports are readily available and managers are trained in Banner.

### 10. Position Control – Is this area acceptable? Yes / No

- Is position control integrated with payroll?
  - Position control was integrated with payroll when Banner payroll was implemented in January, 2007.
- Does the district control unauthorized hiring?
  - With the implementation of Banner payroll, all positions are approved in advance and no person can receive a paycheck without having his or her paperwork entered into Banner by HR staff and being assigned to an approved position.
- Does the district have controls over part-time academic staff hiring?
  - Part-time academic staff hiring is controlled by the College Instruction Offices and reviewed by Human Resources.

# 11. Budget Monitoring - Is this area acceptable? Yes / No

- Is there sufficient consideration to the budget, related to long-term bargaining agreements?
   All District proposals are costed out for at least 3 years prior to finalizing the proposals.
- Are budget revisions completed in a timely manner?
  - Budget revisions are taken to the Board twice a year.
- Does the district openly discuss the impact of budget revisions at the board level?
  - The Board approves all budget revisions. Any use of contingency funds must be approved by a 2/3 majority of the Board.
- Are budget revisions made or confirmed by the board in a timely manner after the collective bargaining agreements are ratified?
  - Since the District has a history of multi-year agreements, the budget has not had to be revised, but can be planned in advance.
- Has the district's long-term debt decreased from the prior fiscal year?
  - No. Pursuant to the voters' approval of Measure H, the District issued \$127 million in bonds in May 2015.
- Has the district identified the repayment sources for the long-term debt?
  - General Obligation Bonds are paid through property taxes.
- Does the district compile annualized revenue and expenditure projections throughout the year?
  - The District Committee on Budget and Finance reviews revenue projections for the current and three future years.

# 12. Retiree Health Benefits - Is this area acceptable? Yes / No

- Has the district completed an actuarial calculation to determine the unfunded liability?
  - The District completes an actuarial study every two years and last completed a study in April 2015.
- Does the district have a plan for addressing the retiree benefits liabilities?
  - The District is on a pay as you go plan for current retirees, but also established a selfassessment for future OPEB benefits in line with the actuarial study. The District established an OPEB Trust and is in the process of funding the District's long term liabilities for post-employment health benefits. In addition, the District capped lifetime benefits in the 1990's.

### 13. Leadership/Stability - Is this area acceptable? Yes / No

- Has the district experienced recent turnover in its management team (including the Chief Executive Officer, Chief Business Officer and Board of Trustees)?
  - The District hired a new president for Cañada College in January 2013. The position was vacated due to retirement. One Board member retired in May 2013 and was replaced in the following November election. There has been no turnover in the CEO or CBO.

### 14. District Liability – Is this area acceptable? Yes / No

- Has the district performed the proper legal analysis regarding potential lawsuits that may require the district to maintain increased reserve levels?
  - Yes, this is done as part of the year-end close every year.
- Has the district set up contingent liabilities for anticipated settlements, legal fees, etc?
   None are currently needed.

### 15. **Reporting** – Is this area acceptable? **Yes** / **No**

- Has the district filed the annual audit report with the System Office on a timely basis?
  - The audit was filed in December 2014 for 2013/14. The current contract with the auditors specifies that the audit must be complete and filed by December 31.
- Has the district taken appropriate actions to address material findings cited in their annual audit report?
  - There have been no material findings. The District has addressed the State compliance findings.
- Has the district met the requirements of the 50 percent law?
  - o Yes.
- Have the Quarterly Financial Status Reports (CCFS-311Q), Annual Financial and Budget Reports (CCFS-311), and Apportionment Attendance Reports (CCFS-320) been submitted to the System Office on or before the stated deadlines?
  - Yes, all have been timely.
