- From: Educational Master Plan Steering Committee: *Tom Mohr, Sarah Perkins, Byron Ramey, Robin Richards, Eliazer Ayala-Austin, Greg Stoup, Martin Partlan, Roberta Chock*
- Date: May 5, 2011
- Re: Educational Master Plan

We are continuing to work on the development of the Educational Master Plan and following the timeline established by the College Planning Council in February 2011 (Step 1). This memo is to outline where we are in the process and to let you know where we need input from the campus.

|      | -           | -                            |   |
|------|-------------|------------------------------|---|
| Step | When        | Step                         | Description   |
| 1    | February 3, | Establish Process            | CPC reviews and approved the Educational Master           |
|      | 2011        |                              | Planning Timeline and Steering Committee. Steering        |
|      |             |                              | Committee is a subcommittee of CPC to include the         |
|      |             |                              | President, VPI, VPSS, Academic Senate President,          |
|      |             |                              | Classified Senate President, Co-Chair IPC, Co-Chair SSPC  |
| 2    | February    | Background Information       | Environmental scanning information and college            |
|      | 2011        |                              | information developed for review                          |
| 3    | March 7-10, | Gather Input                 | Conduct a "Week of Listening" for the campus              |

| 4    | March 31,   | Retreat                      | The Educational Master Plan Steering Committee will       |
|      | 2011        |                              | meet to review all of the input and develop draft         |
|      |             |                              | information.  |
| 5    | April/May   | Circulate Drafts             | The drafts developed by the Steering Committee will be    |
|      | 2011        |                              | circulated throughout campus.                             |
|      |             |                              |   |
| 6    | Summer 2011 | Draft the Final EMP          | The final Educational Master Plan will be drafted for     |
|      |             | Document                     | review by the campus community in the Fall.               |
| 7    | Fall 2011   | <b>Review Final Document</b> | Circulate the final draft document on campus and obtain   |
|      |             |                              | feedback.   |
|      |             |                              |   |

Background Information (Step 2): As background information, the Research Office created a PowerPoint presentation which outlined the trends in 1) Higher Education, 2) San Mateo County, and 3) Cañada College. This document is posted on our Educational Master Plan website.

Listening Forums (Step 3): There were ten (10) Listening Forums conducted during March 2011. A total of 134 students, faculty and staff participated and six (6) pages of input were obtained for our use in developing the EMP. (*Note: The comments from the "Week of Listening" are included at the end of this document.*)

Develop Drafts (Step 4): A review of all of the input received was made in April and a draft including the Table of Contents, Vision, Mission, Values, GE SLOs, and Strategic Directions for the Educational Master Plan was developed. *Please Note: During this process, the Vision, Mission and Values have been revised from what we had included previously.* 

Review Drafts (Step 5): We are circulating this draft to the Planning Councils (SSPC, IPC) and to the Academic and Classified Senates. Once they complete their review and make their comments, these will be forwarded to the College Planning Council for review and approval in late May.

Draft EMP (Step 6): Over the summer and using the input received from the "Listening Forums", we will begin drafting the long and short range objectives and activities to implement our Strategic Directions. These drafts will be reviewed by campus in the fall (Step 7).

The request for the Planning Councils and Senates:

- 1. Review the Table of Contents, Vision, Mission, Values, SLOs and Strategic Directions
- 2. Provide feedback on recommended changes to the document
- 3. The feedback will be incorporated into the document and will be sent to the College Planning Council

# Cañada College EDUCATIONAL MASTER PLAN

### **Table of Contents**

- 1. An Overview
- 2. Relationship to the District
- 3. The Planning Process
  - Planning Drivers/Guidelines
  - Planning Calendar
  - Planning Structure
- 4. The Environment
  - Emerging Trends
  - San Mateo County
  - Cañada College
- 5. The Guiding Principles
  - Vision
  - Mission
  - Values
  - Student Learning Outcomes
- 6. The Strategic Directions
- 7. The Implementation: The Strategic Plan
- 8. The Evaluation
- 9. Interconnected Plans:
  - Student Equity Plan
  - Facilities Plan
  - Distance Education Plan
  - Technology Plan
  - Basic Skills Plan
  - Annual Program Plans, Program Reviews and SLOs

# The Guiding Principles

# <u>Vision</u>

Cañada College is the college of choice in the Bay Area, renowned for its quality of academic life, its diverse culture and practice of personal support and development, extraordinary student success and completion, and its dynamic, innovative programs that prepare students for the university and the modern workplace.

### Mission :

Cañada College is a learning-centered college, providing career and technical, foundational academic and life skills development, and transfer programs which give students the ability to think critically and creatively, communicate effectively, reason quantitatively to make analytical judgments, and understand and appreciate different points of view within a diverse community.

# <u>Values</u>

- Inclusive Environment
- Respect Diversity
- High Standards
- Superior Success
- Significant Partnerships
- Meaningful Student Engagement
- Open Communication
- Collaborative Planning
- Evidence-informed Decision-making

#### DRAFT General Education Student Learning Outcomes:

Not Yet Approved by Curriculum Committee or Academic Senate; Under Review & Discussion

Critical and Creative Thinking

- 1A. Demonstrate ability to apply creative thinking to problem solving.
- 1B. Demonstrate ability to select & use information to investigate a point of view or conclusion.

**Communication Skills** 

2A. Demonstrate ability to use language to effectively convey an idea or set of facts.

2B. Demonstrate ability to use source material & other evidence to support the main ideas in a body of work.

**Understanding Society & Culture** 

3A. Demonstrate ability to appreciate & fully understand the different points of view that emerge from a diverse community of people and cultures.

3B. Demonstrate a knowledge of a cultural world view and diverse frameworks.

Scientific & Quantitative Reasoning

4A. Demonstrate ability to make judgments and draw appropriate conclusions based on the quantitative analysis of data, while recognizing the limits of this analysis.

4B. Demonstrate ability to convert relevant information into various mathematical forms (e.g. equations, graphs, diagrams, tables, words)

#### The Strategic Directions

1. Teaching and Learning

Equip students with the knowledge and transferable skills so they can become productive citizens in our global community; provide clear pathways for students to achieve educational goals in foundational academic, career and technical, and transfer; invest in opportunities to promote engagement among students, staff and faculty throughout the campus; conduct provocative professional development; and create innovative and flexible learning systems for our students, staff and faculty.

2. Completion

Demonstrate commitment to student completion of certificates, degrees, and transfer; and create pathways which support the success, retention and persistence of students in their coursework.

#### 3. Community Connections

Build and strengthen collaborative relationships and partnerships to better serve our community; and support the workforce needs of our area.

#### 4. Global and Green

Promote social responsibility for our environment and create a diverse and inclusive learning community of global citizens.
