**Strategic Planning Values Statement – DRAFT**

As a student-centered community college, Cañada is committed to the following core values:

- creating an inclusive environment for teaching and learning by honoring, respecting, and embracing the diversity of cultures within our College and surrounding community;
- providing a personal, caring atmosphere that promotes student access, success, and efficacy;
- encouraging a passion for learning;
- demanding and insuring excellence in teaching and serving our students;
- incorporating ethical approaches into all aspects of the educational process;
- striving to be a model college by responding innovatively to the changing needs of students, community, and industry;
- practicing the inclusion of shared governance processes in all appropriate aspects of College life.
