

SECTION 10 75 00  
DESIGN STANDARD FLAGPOLES  
Design Standard

PART 1 GENERAL

1.1 PURPOSE

The purpose of this design standard is to ensure consistency in the provision of flagpoles at each campus, which are functionally and aesthetically appropriate to each college's environment.

PART 2 PRODUCT

2.1 FLAGPOLE SPECIFICATIONS

- A. Flagpoles shall be aluminum, unpainted.
- B. Flagpole heights shall be appropriate to the site, generally 30'.
- C. Flagpoles shall have a round gold finial at the top.
- D. Flagpoles shall have light fixtures at the base, for nighttime illumination. This ensures that the flags can be displayed at night, negating the need for staff to raise and lower the flags on a daily basis.
- E. Flags shall be weatherproof material, appropriate for 24/7/365 exposure.
- F. Comply with rules for use and display of the flag (36 United States Code 173-178)

PART 3 EXECUTION

3.1 SUBSTITUTES ALLOWED?

These District Standards have been approved by SMCCCD as Guidelines. Any deviation from the Standard must be approved by the District Project Manager.

3.2 ASSOCIATED DESIGN STANDARDS AND CONSTRUCTION SPECIFICATIONS:

San Mateo County Community College District is strongly committed to promoting sustainability throughout their campus projects. Section 01 81 13 Sustainability of the Design Standard provides guidelines and recommendations for implementing sustainability strategies. Where relevant, specific sustainability criteria is noted in this section; however, each project team should review and cross reference that front section while developing the specific project and its documentation. Each discipline shall confirm that specific performance and manufacturer information provided in the specification section is in alignment with code requirements, LEED criteria, and any other goals for sustainability.
