1. Counseling services are essential to support students as they connect, enter, progress, and complete their educational goals that align with the educational mission of the District.

2. The College President or designee shall assure the provision of counseling services including academic, career, and personal counseling that is related to the student's education.

3. Counseling shall be required for all first time students seeking a degree, certificate, or transfer. In addition, students on academic or progress probation will be required to utilize counseling services.
