

**Proposal for Section Reduction to Reflect the
Assigned 4500 FTES for Cañada College for 2010-2011 and
College Reductions Needs**

The following list of proposed section reductions reflects ongoing work the deans are doing with the faculty impacted in each of these areas. Scheduling of classes will occur as they have in the past with the deans working with the faculty to adjust the schedule throughout registration and the actual start of the classes.

This list is subject to change as needed and is meant as an overview not a definitive list. There has been a major restructuring of ESL courses which is difficult to reflect in this list. The ESL faculty have worked through consolidating courses to support student learning and student success. The Cañada Curriculum Committee has recently approved the changes in ESL.
