Thank you for the clear overview of the services A&R offers and some recent legislation that is impacting your program. That part was very clear, but there is not an explicit connection between your program and the mission/vision/values of the college. I would like to see you quote one or two aspects of the mission/vision/values and explain how A&R supports that work.

a. 2a) Describe the results of your previous Program Review's action plan and identified equity gaps. Includes: previous goals, results achieved, changes implemented, plans still in progress, any notable or surprising results and outcomes.

. 2c) Discipline-level and SLO (Student Learning Outcomes) assessment/Student Services and SAO (Service Area Outcomes) assessment: Describe learning or area assessment plans implemented since last Program Review, including any activities undertaken to address equity or delivery mode gaps. Your summary should explain:

- SLO/SAO: What did the assessment focus on? Was it discipline/program/service-specific or interdisciplinary/a collaboration between programs or services? Why was it prioritized (e.g., equity issue, key

disciplinary issue, etc.)?

- Assessment results: What was the activity or intervention? What were the outcomes?
- Program improvements implemented: What did you learn from it?

I see a nice description of some of the challenges your program faces here, but this section should really lay out the goals you set for yourself in your previous program review and give an update on where you are at reaching them.

. 3a) Student population equity: Discuss any gaps in student success, persistence, satisfaction, utilization or enrollment across student populations (statistics provided for ethnicity, first-generation, age, gender and total enrollment), or student population served.

- Findings: What has changed from the previous program review?
- Analysis: What factors do you feel contribute to these gaps?
- Resources: If you were granted a resource request, please note what that was and the impact it had.
- Plans to address opportunity gaps: What has your program done to address these gaps? Include information on interventions implemented, any successes in closing gaps, and ongoing challenges.

. 3b) Modes of Delivery equity: Discuss any gaps in student success, persistence, satisfaction, utilization or enrollment, and student population served across different delivery modes. Please comment on in person services/instruction vs hybrid services options/instruction vs completely online services/instruction.

- Changes since last Program Review: What has changed, in terms of gaps, since last program review?
- Analysis of gaps: What factors do you feel contribute to these gaps?
- Plans to address opportunity gaps: What has your program done to address these equity gaps? Include information on interventions implemented, any successes in closing gaps, and ongoing challenges

. 3c) Challenges and Opportunities: Describe any other particular challenges, opportunities, or other factors that impact the success of your program (e.g., natural or health disasters, assessing whether a degree program is meeting its learning outcomes, developing new degree programs or courses, adapting to a changing student population, keeping a flagging program alive, starting a learning community, resources, etc.).

3a) You mention, "Another step we took to not only provide better customer service to our identified student population was look at the language barriers our students encounter. Understanding that we were lacking a Spanish speaking staff person who would be able to assist our largest identified student population, A&R hired an Office Assistant who speaks English and Spanish fluently. We also have staff in the office who speak Hindi, Cantonese, and Vietnamese." sounds like it might have better belonged in Section 2. Was this a previous goal of yours? Then, this is how you addressed it. 3b) Some great information here. Some questions I have that you might want to explore: Do we have data about how many students we're serving in-person vs. online now (post-pandemic)? Do we have a sense that students prefer one modality over the other? Do you think students are getting better service one way or the other? SLOs: You may be using an old form as SLOs were moved to sections 2 and 4. When was this survey last administered (when is this data from?). Do you feel 13% needs improvement is a good result? Any plans to address that?

. 4a) Discipline-level and SLO (Student Learning Outcomes) assessment/Student Services and SAO (Service Area Outcomes) assessment for 2023-2025: Describe learning or area assessment plans for this Program Review cycle, including any activities planned to address equity or delivery mode gaps. Your summary should explain:

- SLO/SAO: What will your assessment focus on? Is it discipline/program/service-specific or will it be interdisciplinary/a collaboration between programs or services? Why is it prioritized (e.g., equity issue, key disciplinary issue, etc.)?
- Assessment plan: What is the planned activity or intervention? Describe next steps and the timeline for your SLO/SAO assessment
- Resources for SLO/SAO assessment: What resources will you need to assess changes (i.e., PRIE support in the form of specific data, surveys, etc.)?

SLO/SAO assessment focus and prioritization	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Resources for SLO/SAO assessment	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

. 4b) Program goals: Based on your current review of your program's equity gaps, learning assessments and challenges and opportunities, identify specific goals and plans. Please note that whereas SLOs/SAOs involve assessing and measuring a specific skill or knowledge students will be able to do/understand upon successful completion of a course, program, service, and/or degree/certificate, program goals reflect overall aspects of your program or service you hope to improve.

Please note that closing equity gaps is a College-wide priority. If there are significant equity gaps in student success, persistence, satisfaction, utilization or enrollment, and student population served in your program, these should be addressed in at least one of your goals (see 3a and 3b).

For each goal, you should include: A brief description of the issue being addressed (equity gap, etc.), What actions you plan to take, what measurable outcomes you hope to achieve, a timeline, who is responsible, and what support you anticipate needing in order to achieve your goals and plans.

Q28. Please elaborate on any of your responses above.

I see some great, specific goals here, like having two PSC degree auditors, but you're missing a timeline and action plan. Perhaps a little more context would be helpful, too, as I'm not familiar with how many PSCs we currently have.
