. 2c) Discipline-level and SLO (Student Learning Outcomes) assessment/Student Services and SAO (Service Area Outcomes) assessment: Describe learning or area assessment plans implemented since last Program Review, including any activities undertaken to address equity or delivery mode gaps. Your summary should explain:

• SLO/SAO: What did the assessment focus on? Was it discipline/program/service-specific or interdisciplinary/a collaboration between programs or services? Why was it prioritized (e.g., equity issue, key

disciplinary issue, etc.)?
• Assessment results: What was the activity or intervention? What were the outcomes?
• Program improvements implemented: What did you learn from it?
• What changed?

MANA in recent years has observed a gradual decline in enrollment since 2020, prompting a concentrated effort to reverse this trend. Some of the strategies that should not go without mention include: Recognizing the unique challenges and barriers faced by NHPI students, the program has tailored its strategies to better meet their needs and aspirations. Identifying the importance of understanding trends and identifying areas for improvement. With a thorough analysis of enrollment figures, the program has gained valuable insights into the factors influencing student participation. This ongoing monitoring allows for informed decision-making and targeted interventions to improve recruitment efforts. Holding monthly Advisory Board Meetings to review progress, discuss challenges, and strategize ways to enhance enrollment. Providing weekly High School Outreach and recognizing the importance of early engagement. Recognizing the increasing needs of the program and requesting a 100% program Services coordinator.

. 3a) Student population equity: Discuss any gaps in student success, persistence, satisfaction, utilization or enrollment across student populations (statistics provided for ethnicity, first-generation, age, gender and total enrollment), or student population served.

• Findings: What has changed from the previous program review?
• Analysis: What factors do you feel contribute to these gaps?
• Resources: If you were granted a resource request, please note what that was and the impact it had.
• Plans to address opportunity gaps: What has your program done to address these gaps? Include information on interventions implemented, any successes in closing gaps, and ongoing challenges.

. 3b) Modes of Delivery equity: Discuss any gaps in student success, persistence, satisfaction, utilization or enrollment, and student population served across different delivery modes. Please comment on in person services/instruction vs hybrid services options/instruction vs completely online services/instruction.

• Changes since last Program Review: What has changed, in terms of gaps, since last program review?
• Analysis of gaps: What factors do you feel contribute to these gaps?
• Plans to address opportunity gaps: What has your program done to address these equity gaps? Include information on interventions implemented, any successes in closing gaps, and ongoing challenges

. 3c) Challenges and Opportunities: Describe any other particular challenges, opportunities, or other factors that impact the success of your program (e.g., natural or health disasters, assessing whether a degree program is meeting its learning outcomes, developing new degree programs or courses, adapting to a changing student population, keeping a flagging program alive, starting a learning community, resources, etc.).

Recognizing the data showing the increase of multi-racial students and how the program and CSM can better support this demographic is an important discussion for us all to have.

. 4a) Discipline-level and SLO (Student Learning Outcomes) assessment/Student Services and SAO (Service Area Outcomes) assessment for 2023-2025: Describe learning or area assessment plans for this Program Review cycle, including any activities planned to address equity or delivery mode gaps. Your summary should explain:

• SLO/SAO: What will your assessment focus on? Is it discipline/program/service-specific or will it be interdisciplinary/a collaboration between programs or services? Why is it prioritized (e.g., equity issue, key disciplinary issue, etc.)?
• Assessment plan: What is the planned activity or intervention? Describe next steps and the timeline for your SLO/SAO assessment
• Resources for SLO/SAO assessment: What resources will you need to assess changes (i.e., PRIE support in the form of specific data, surveys, etc.)?

. 4b) Program goals: Based on your current review of your program's equity gaps, learning assessments and challenges and opportunities, identify specific goals and plans. Please note that whereas SLOs/SAOs involve assessing and measuring a specific skill or knowledge students will be able to do/understand upon successful completion of a course, program, service, and/or degree/certificate, program goals reflect overall aspects of your program or service you hope to improve.

Please note that closing equity gaps is a College-wide priority. If there are significant equity gaps in student success, persistence, satisfaction, utilization or enrollment, and student population served in your program, these should be addressed in at least one of your goals (see 3a and 3b).

For each goal, you should include: A brief description of the issue being addressed (equity gap, etc.), What actions you plan to take, what measurable outcomes you hope to achieve, a timeline, who is responsible, and what support you anticipate needing in order to achieve your goals and plans.

Q28. Please elaborate on any of your responses above.

The Program Review documentation for MANA shows that there is a pressing need for a new Program Services Coordinator. The information provided highlights the critical tasks and responsibilities that remain unfinished or require urgent attention. From managing program logistics to coordinating outreach efforts in the high schools and working with the advisory boards monthly, the workload appears extensive and demanding. A Program Services Coordinator would play a pivotal role in streamlining operations, alleviating the burden on existing staff, and ensuring that essential programmatic goals are met effectively.

. 5a) CE Only: Review the program's available labor market data, as applicable, and explain how the program meets a documented labor market demand.
