

Title IX⁽¹⁾ requirements. In addition, this project will add a classroom dedicated to the advancement of the Kinesiology and Fitness Professional programs.

Total Project Cost: Total project cost is expected to be approximately \$115 million, to be funded by Measure A and H general obligation bond funds as well as local funds.

Status: Construction started January 2018. Occupancy is scheduled for mid-2020.

CAÑADA COLLEGE – BUILDING 23 MATH AND SCIENCE BUILDING

Project Description: The new approximately 50,000 square foot Math and Science Building will be constructed east of Building 22 and north of Building 18. The new building will also house general lecture facilities to meet the needs of various programs. Also included in this project is to install a new chiller in the central plant.

Total Project Cost: The total project cost is expected to be approximately \$70 million, to be funded by Measure H general obligation bond funds.

Status: Construction started March 2018. Occupancy is scheduled for mid-2019

COLLEGE OF SAN MATEO – BUILDING 17 LEARNING COMMUNITIES

Project Description: This project proposes to repurpose the majority of faculty offices located in Building 17 to provide support space for a number of Learning Communities. Learning Communities are cohort-based programs that link instructors across disciplines and connect people who share common academic goals and attitudes. CSM's learning communities offer an innovative and exciting approach to learning designed for student success. The CCCO analysis indicates the CSM campus is currently overbuilt in the office space category, and the Administration has identified alternate faculty office spaces elsewhere on the campus to house those displaced by this project.

Total Project Cost: The total project cost is expected to be approximately \$6.8 million, to be funded by Measure H general obligation bond funds.

Status: Currently being re-bid as Lease-Lease-Back. Construction is scheduled to start November 2018 with occupancy scheduled mid-2019.

COLLEGE OF SAN MATEO – EDISON PARKING LOT (DEMOLITION OF BUILDINGS 20 & 20A)

Project Description: Building 20 and the associated greenhouses are 52 years old, in great disrepair, non-ADA compliant and grossly underutilized (most programs that had been located there have moved to the new College Center). The Board of Trustees approved the discontinuance of the Horticulture program several years ago. In addition, the one classroom located in Building 20 is not needed due to the fact that the College has added approximately 41,750 square feet of new classroom, lab and office space over the past eight years. The District's facilities condition database indicates that all building systems in Building 20 are beyond their service life, except for the floor slab, exterior walls and roof. The Facilities Condition Index (FCI) for Building 20 is 68.36%, which indicates it is in very poor condition.
