

SECTION 10 00 00  
MISCELLANEOUS SPECIALTIES  
Design Standard

PART 1 GENERAL

1.1 PURPOSE

The learning and working environments at the colleges of the San Mateo County Community College District are enhanced by the inclusion of certain miscellaneous specialty items, which are delineated in this design standard.

San Mateo County Community College District is strongly committed to promoting sustainability throughout their campus projects. Section 01 81 13 Sustainability of the Design Standard provides guidelines and recommendations for implementing sustainability strategies. Where relevant, specific sustainability criteria is noted in this section; however; each project team should review and cross reference that front section while developing the specific project and its documentation. Each discipline shall conform that specific performance and manufacturer information provided in the specification section is in alignment with code requirements, LEED criteria, and any other goals for sustainability.

PART 2 PRODUCTS

2.1 PENCIL SHARPENERS

A. Manually operated, wall-mounted pencil sharpeners are required in classrooms.

1. Specify mounting near the classroom door, so that it will end up being near the trash receptacle for ease of emptying. If the classroom has multiple doors, specify the door closest to the teaching station.
2. Ensure that the mounting height specified is compliant with ADA requirements.
3. Specify right-handed mounting.
4. SMCCCD's preferred model is: Boston/X-Acto KS Series Manual Pencil Sharpener.

2.2 DOOR HOOKS ON OFFICES

A. Office doors should be specified to have coat hook(s) as follows.

1. The coat hook shall be installed at 66" AFF, centered on the office side of the door.
2. At DSPS offices, a second lower hook shall also be installed at 48" AFF.
3. SMCCCD's preferred model is: Ives 571 coat hook in polished aluminum finish.

2.3 APPROVED MANUFACTURERS

- A. Boston
- B. Ives

PART 3 EXECUTION

3.1 SUBSTITUTION ALLOWED?

A. Yes, if performance and quality equivalency can be evidenced.

3.2 ASSOCIATED DESIGN STANDARDS AND CONSTRUCTION SPECIFICATIONS

Administrative Spaces Design Standard
