## SCHOOL MEDICAL PANEL

Labor Code Section 4600 provides that any reasonably required medical treatment necessary to cure or relieve the effects of a work related injury or illness will be provided by the employer at no charge to the employee. For the first thirty (30) days from the date of injury, the employer has the right to select the physician(s) who will provide the mandated medical treatment. If the injured worker is not satisfied with the initial treating physician, he/she may elect to transfer treatment to a physician of his/her choosing after thirty (30) days.

To facilitate and promote compliance with the Labor Code, this Medical Panel is provided to readily identify those physicians and medical facilities which have received specific authorization to treat school district injured workers.

Additionally, any employee has the right to pre-designate a PERSONAL PHYSICIAN by submitting, in writing to the employer prior to any injury in question, the name, address, and phone number of the physician who has treated the employee in the past, possesses the employee's medical history, and some or all of the employee's medical records.

Whoever is selected to provide medical treatment for a work injury must adhere to all provisions of the mandates relating to the reporting of and billing for work injuries and illnesses.

The treating physician, inquiries, request for payment, medical reports, etc., should be directed to:
